# The evil chicken?

by Elsa Becker

Once there was a little black chicken that was much smaller than the others. She was nocturnal unlike the others. She was very different. She hated seeds but liked to eat meat. The farmers were very confused and decided to get rid of the chicken by just throwing her out. But the chicken wandered away from the farm and into the forest but over time she grew bigger until she was the size of a deer, and slowly the farmers noticed the animals disappearing. The weird chicken brought all the other chickens to a hidden cave near a mountain. She brought the chickens seeds every day until there were no seeds left

But one day the chicken decided to eat everything living at the farm, even the farmers. There the huge chicken ate and ate until it fell asleep. It was hunted down by people in a village nearby; nobody survived the chicken until one day it was taken down. The chicken lived on.

## **THE DARK NIGHT** By Rowan Ashley

On a halloween night three middle schoolers were in the graveyard telling dares and terrifying stories. Their names were Max, Kya, and Adam. "Max, truth or dare?" asked Adam. "Hmmm... Dare!" said Max. "I dare you to camp in here for a week!" said Adam. "Okay... you're staying with me though." Max said. "Guys, please don't scare yourselves to death" Kya said. "Why do you care?" Max asked. "Because you're my brother and my brother's friend, and I don't want to get in trouble with mom" she replied. "Will mom get worried when we're in a country town that we've lived in our whole lives? No," Max said aggressively. "But what about Sky, our kitten if you forgot?" She said back. The Haunted School (spooky story for shure) by: Anthony

It all started when there was a lockdown drill so we all shoved in the corner but I was in college so it was night time but I didn't think any thing of it until the lights went off so we all got scared, then the door opened randomly with a head sticking out of it. The head had long hair and had a smile on his face. Some kid was brave enough to go see who it was then got dragged out of the classroom and the head appeared again and he was chewing! He ran into the class room and took the teacher and then he walked over to us and picked someone up and ran with them and we did not know who it was and then the lights keep on flickering then we saw some one walking closer to us with a smile was it the same guy will he take one of us again then the lights went off again we did not see him but when we looked up we saw him with a kid when he jumped down he was walking on all four legs! When he left the class we all heard screaming: was the kid getting eaten? Then we saw that the window cracked so we all panicked then we saw someone come in thru the window and popped onto the floor and ran after us so we ran but the smiling guy stopped us from leaving the classroom and did not say anything they closed in on us and took the rest of my friends and I was the only one there in that class I tried to get out of the window but it was locked then they appeared behind me and then they took me. They had a bag over my head and took me somewhere I think it was their lair or something and when they took the bag off of my head I saw so many of the smiling guy then one of them jumped scared me and it scared the sole out of me that I flew back in the chair I was sitting in then they took me to there boss and that thing is ugly and way to scary for me to look at it then I woke up and I said "okay it was only a bad dream".then when I rolled over saw the head of the smiling guy in my bathroom then came running at me.

THE END

Veronica lived in Hawaii and hated Halloween more than anyone she knew. She did know someone else that did not like Halloween but for a way different reason. They didn't like Halloween because they thought it was scary but Veronica had a pretty good reason to not like it. A sad event had happened on halloween. Veronica ' s mother had died that day, and to make it even worse she had only been twelve years old when it happened. her mother ' s name was Emily, and Emily died in a car crash. The driver that crashed into Emily ' s car was high, and as soon as the police arrived he was arrested and three weeks after the car crash he admitted that he had been taking drugs for a while. His name was Mikel Flurr and he cashed into Emily on purpose because Emily owned a company called "No Questions asked Engineering." Mikel tried to get a job in Emily ' s company but there was only one spot. Mikel was going against his sister and emily chose his sister instead of him. That made him horribly angry. Mikel was crazy when he had crashed into Emily ' s car. the only way he knew it was Emily was a dent in the bumper and the scratched paint on the side. When his sister got the job instead of him was about two years before the car crash. But he still remembered the time he dented the bumper. he only knew about the car because when Mikel and his sister were trying to get the job Emily invited both of them to her house. He didn't make a very good first impression. When he was driving into Emily ' s driveway he hit the bumper and scratched the paint on her car. So the two ways he knew it was Emily was: the dent on the bumper and the scratched paint on the side. Mikel was arrested and went to jail. Veronica was devastated when she heard the news of the crash. At her mother's funeral she promised to never like or be friends with anyone related to Mikel. He had two children, one three years younger and one five years younger than Veronica. Veronica had never actually met them so she didn't know who they are and who not to be friends with but she did know this: She will never forgive Mikel. So there she was on Halloween in her bed as birds on her windowcill tweeted a song. She had been dreading this day for months, this was the day she was reminded every little bit of her mom. So she got up, got dressed, and ate breakfast, soon after she was done she started her walk to the grave yard. When she was there she cried over her mom's grave stone as usual, put flowers on it and left in tears. As she was walking back it felt like her mother was right there next to her. Veronica smelled her mom ' s flower perfume she felt her hand slip into her mom's but it didn't feel solid. Emily had fallowed Veronica home as a ghost. Veronica felt a warmth in her heart when she witnessed all of these things that reminded her of her mom, but they also made her sad. When Veronica got home it was time for lunch so she made herself a peanut butter and jelly sandwich. Emily wished she could eat again but knew that wasn't a option for her. Veronica finished her lunch and went outside with her mom next to her, Veronica sat on the navy blue steps of her house and began to sing. She sang a song that her mom used to sing to her when she was a baby before the car crash. Veronica ' s eyes filled with tears as she sang and was soon crying on her porch. After a few minutes of crying she went back in the house. this time Emily stayed. Emily debated whether to be visible to Veronica or to stay as she was. Eventually she decided to be visible to Veronica and to make a grand entrance. Emily swung open the door and said "I'm home!" Like she did when she got home work fourteen years ago. Veronica dashed to the door and gasped.

## Dead Of Night

Lily walked along the path looking out across the water that was eating up the sun. She had walked along this particular path multiple times before when she had walked home from school. This would be the last time as she was moving to the other side of New Jersey in two days, and she had to help pack tomorrow.

Just then a rustle sounded from the forest. Lily stopped dead in her tracks as she heard a low growl start between the trees. She swung her head around as an ear splitting screech sounded out. Lily sprinted forward as a strange figure with glowing red eyes leapt out of the trees giving chase. She had no choice but to go into the forest. After traversing trees for a little while she felt the gravel path become stone under her feet.

Suddenly she burst through the trees as she saw an old run down house covered in fog. She realized she had to go in it if she wanted to escape this creature. She leapt onto the front porch and grabbed the door knob. *No.* she thought. The door was locked. She turned toward the forest as another screech rang out and the creature burst out of the trees, slowly creeping closer snarling. The creature looked like a wolf with a plated scorpion tail. Then Lily heard the creak of a door as black long hands grabbed her covering her eyes and mouth and dragged her inside...

**One night I was at the cafe getting food with my friend and this weird black and white clown with a weird shaped face walked in with a big black trash bag. There were tons of butter knives in the trash bag and I was getting a little scared. Then my friend started making fun of me and she was taking pictures with the clown and started grabbing his face and I could tell he was getting madder by the second. The clown took my friend when i wasn't looking. I really had to go to the bathroom and I saw the worker outside of my car so I went up to him and I asked, "hey do you have a bathroom inside." The worker said, "unfortunately i can't let anyone in after hours im really sorry." I got really mad because i've been holding it for 2 hours already because i couldn't find anywhere to go. " Please just do this once I won't tell anyone." And then he finally let me go because I was begging him and he just had to get his job done so he could go home. He led me to the bathroom and it looked very sketchy but I still went because I had to. Then i started to get dragged from underneath from the stall. "WHAT ARE YOU DOING IN THE WOMEN'S BATHROOM LEAVE ME ALONE." I said yelling at him while i'm getting dragged in the place and i'm getting lots of scrapes and cuts. "Shut up tara" and I got terrified because i've**

# THE Killer Creeper

## Part two

After the mayor went missing, all of the villagers locked all doors and boarded up all the windows. They did not come out. One of the families kept Steve's dog. Michael, Dominic's Twin heard of his brother and his friends going missing. He wanted to check at Steve's house, when he got there it was a mess: broken armor was scattered on the floor, items missing. But the worst part was that there was something on the wall, it looked like Dominic's handwriting! It said that he had left to go find the killer creeper and that he went south. Of course Michael wanted to check the village before he went and searched for his brother, he took Steve's old dog with him and together they traveled south in search of Dominic. Michael and the dog eventually found the emerald mines and since Dominic loved mining, they checked there. They found a pickaxe next to some more words engraved in the wall of the mine. It said Dominic found Steve and that they wanted to set up camp on the top of the mountain that the mines were in. Michael knew that Dominic would want to stay at camp for a week, so he still had time. But before he could leave the cave, Steve's dog started to growl and he heard a hissing sound behind him. So he ran as fast as he could and stopped to get a quick glimpse at the killer creeper, then he saw it a creeper with purple ooze all over its body. In a blink of an eye it was gone, Michael was so scared of what he just saw. But that didn't matter; he had to be at the top of that mountain as soon as possible. Him and Steve's dog went up the mountain, by dawn they had made it up there they saw a campfire. They had met up with Dominic and Steve, together they made a plan to kill the killer creeper. All four of them traveled back to the village, they told all the villagers about the plan. They got all the villagers geared up, and ready for a fight they hid all of the younger ones in the houses. And waited, until they heard the hissing sound. The sound that caused so many people to go missing. But then, they heard more sounds of the undead and skeletons. Then they saw an army of mobs, not just any mobs the mobs were covered in purple ooze. Just like the killer creeper, they all went to war. Steve stayed with the kids just in case. They could hear the sounds of war, Steve didn't want the kids to be scared he comforted them. Suddenly, they heard footsteps, Steve went to look outside of the building they were hiding then he heard a zombie moan. He ran back inside, but when he got inside the kids were gone... Steve ran out of the bunker as fast as he could, when he got out nobody was there. He saw the heads of villagers on the ground but no bodies...

Bob and them went to the gate and the gate was open. They got out of there but got suked right back in there. They just went back in and then said we are stuck. And then the nun killed both on the spot.

## Chapter 1

It was a dark and stormy night! Zack, Kinley, mom, and dad were watching tv in the living room. Suddenly, the phone began ringing. Zack said, "I will get it!" A strange man on the other end of the line said, "Hi, my name is!" Before the stranger could finish Zack hung up. He said, "that was stupid!" His dad yelled, "Who was it Zack?" "Oh, just a spam call", Zack said. But it was not a spam call at all.

## Chapter 2

The next day Kinley and her mom were driving to school while Zack rode the bus. Riding the bus was rough, however his best friends AJ and Chris were on the bus too. Long story short he survived the bus ride to school.

The lunch bell rang loudly when they learned the school killer was at their school. Kinley was in the bathroom scared for her life. Zack was in his math class when he got so scared that he passed out. Kinley, however, walked out of the bathroom when she heard the man. He sounded just like the man Zack described on the phone the night before. She was confused, why, why, why would the killer want to hurt our family? Then she remembered that Zack had called the caller, "stupid!" Was the man still on the phone? Had he heard what Zack had said?

Kinley ran into Zack's class. She told him that the killer did not want to kill anybody but he wanted their family.

## Chapter 3

And little did they know it was the school killer's house. He was just in the shower. As soon as he got out of the shower he was shocked, because why would they be at his house, so mom Asked him. Excuse me sir, do you know where I can find any pastries? I am very hungry, and do you know where I can find some more tea? The man was Furious because when the mom said do you know where I can find some more pastries and some more tea and that's when he found out that they were eating there. So he decided to kidnap the whole family even though his original plan was just to kidnap the kids. he gave them blindfolds to put on and told them they were going to an amusement park. mom said oh my God I love amusement parks can I get in the truck first. kinley oh my God Mom shut up, I don't know if you can ever do that, like Mom it's not that hard to shut up, dad and Zack we're so mad at the girls. Zack just said you know what I'm done with you guys how about you both just shut up. The Killer was ready to tell them all to shut up, so that's what he did. The killer put tape all over their mouths, ropes around their hands and decided to lock them in a basement.

His best friend died and he was really sad because they used to play with each other all the time. Until one day he was kicking his ball against the fence until he heard someone saying "john, come to me john." He was confused because there was nobody there. So he followed the voices all the way down to the graveyard. Then I went up to his friend's grave and then suddenly the ground below him started to shake. Then he woke up but he was floating! He looked down and saw that his body was on the ground. But then his body started to move then he heard his voice talking to him "Ha! I finally am free from this graveyard!" But then he looked in front of him and saw his friend's soul! John tried to hug him but he remembered their ghosts and it was kind of awkward. "Jack! It's so nice to see you!" but we need to stop me from destroying the town! That's Jeff Petterson! The most evil person in the world!" So the two boys rushed over to town square and it was on fire!" # The Wifi's Out and Zombies are Trying to Get Me Chapter 2: The Frights of the Freaky Farting Zombies!

So about a week ago, my town got infested with zombies. And the wifi was out the majority of the time. Huh. Wonder what'll be next, as long as it's not zombies. I went up to my room, and turned on my phone and saw the news pop up. It read, "IMPORTANT! Stay indoors and watch this news report! Fatty McChubbywubbins reports live!" "Okay." I clicked the link. " Sup? I'm Fatty McChubbywubbins and this is my report." "Just get to the point!" I screamed. "In Alaska, there is another invasion by.." It can't be, it wouldn't be. Although I already knew the answer, it still hit me like a brick getting thrown at my head. "... zombies that fart apparently." Okay, that's not much of an upgrade! They're still zombies! "PFFT!" Oh no. Is that them? How do they travel so fast? The news had a label under it that said "3 days ago." "PFFT!" All of a sudden I'm having flashbacks, "GROAN!" "What the-" "GROAN!" "Again?" Yep, that was about a week ago. Oh gosh, I think they broke in...my... dishwasher? Oh it's still on! "SSSSS!" The dishwasher burgled. "SCREEEEEEEECH!!" OH, OH, OKAY, okay." I opened it. He's gone! THAT'S IT! They actually WANT to smell bad to survive, and the dishwasher was CLEANING him. I've got an idea. Let me call Raxton(the guy who saved us all last week when zombies invaded and now it's farting zombies!) and get some help. Hey HEY! The wifi works this time. "Yo." He said. "Hey, uh, there is-" I tried to reply. "Let me guess. Farting zombies." "Uh huh." "You need my help, don't you?" Before I could answer, I saw him pull up in my driveway. "Let's make a ray gun that cleans stuff." I said. "Why?" Raxton asked. "Because, get this, farting and smelling bad helps them survive, and cleaning kills them." I explained. "Then let's get to work." He replied. After 2 hours and 36 seconds, which is surprisingly the same exact time as the last ray gun Raxton made, we finished. "Okay, the dirty test dummy is set up, and..FIRE!" I exclaimed. PEW! BLAST! "He's gone!" Raxton yelled. "That's what I said!" I

shouted back. We went outside and hid behind bushes. "Alrighty, there's 1, 2, 3, 4, 5, 6, seven of them." Raxton counted. "Ready, and FIRE!" I screamed. PEW PEW PEW PEW PEW PEW! BLAST BLAST BLAST BLAST BLAST BLAST BLAST! Sure enough, they were gone. "Hey, guess what?" He asked. "What?" I said back. "I actually put a supernova in here and you've only got one shot, so ya gotta make it count!" He said. I was SO excited. I asked where they were now. "The tracker says they're in south Braxalaxa." Raxton said. We headed over to south Braxalaxa park, and we found them. "Okay, YOU are going to take the shot." I said. "No, YOU have to." He responded.

## The Wifi's Out and Zombies are Trying to Get Me

### Chapter 3: Humanity's Last Hope

The world was in our hands, and here was the one and only, Raxton Briehl, relying on ME to save the universe. "NO! I'll screw it all up and I'll ruin everyone's life and people are going to die and I can't do this and humanity's relying on me and I'm probably gonna miss-" I exclaimed before getting interrupted. "No you are not. Just take deep breaths." He said. I did so and I felt better. "So you're gonna shoot it, or what?" He asked. "Yes. Yes I will." I said. "3...2...1... FIRE!" Raxton gave the signal. FWOOSH FWOOSH! ZzzzZZZZZZzzzzZz KA-BLAMMO!!!! That was it. I just saved the world.

## The Wifi's Out and Zombies are Trying to Get Me

### Chapter 4: The End of it All, Right?

After saving the world, the class bully, Buster, came up and said, "Sup' dweeb?" "I'm not a dweeb, Buster. I just saved you and your family when I didn't have to. I could've let you die. But I didn't, I wanted to do it just because it was life or death for you. I chose life. For YOU." "Meh, loser." He said as he walked away. I did not see Raxton anywhere, which was weird. All that was there was just a ray gun that didn't even work anymore. I headed to Raxton's house, but his parents hadn't seen him either. Then I caught something in the corner of my eye. It was Raxton! Getting grabbed by a zombie! He tried to fend him off, but couldn't. I had to save my friend. I had to do something. I ran to my house as fast as I could, and got the dishwasher. I pushed it out of the house. Aw man, this is gonna take WAY too long. He could become a zombie any second now! Oh yes! Some FeBreeze to solve my problems! I don't need the dishwasher anymore. Wait, let me remember something. "...portal...gun...Raxton...space...zombies..." That's it! But I don't know what to do, use FeBreeze or the gun? I'm gonna say, the gun.

Because there's only like, 2 spritzers left in here. And if I use the gun first and miss, I can try FeBreeze. There's just one problem. Does Raxton still have the gun he used in chapter one? It's at his house, right? Let's hope it is. "Hi Mr and Mrs Briehl! Can I borrow your son's gun from chapter one?" "S-Sure, okay." They replied. I got the gun and all I needed to do was another perfect shot. I went and found them as they were still wrestling. KRAKOW!! I teleported BOTH of them by accident, so I had to teleport myself to whatchamacallit.

### Chapter 5: Extra Terrestrial Zombies

Jeez Louise, that actually hurt me. Raxton? Buddy? Where are you? "MMMPH! MMMPHHH!" There was a weird sound. Is it Raxton? OH! That is him! Thank goodness I still have FeBreeze on me. SPRITZ! "Cough, what MMPH was MMPH that MMPH for?! Oh no for two things. Oh no number one, I hit Raxton and only one shot left, oh no number two, there's a hoard of zombies chasing me! How on Earth(even though we aren't on Earth) are we going to get back home? My parents could come home from their flight any minute and not know where I am! I'm not letting that happen. "UH, CAN SOMEONE HELP ME PLEASE?!" Yelled Raxton. "Uh, soon!" I said. Argh, it's so hard when you're getting pressurized by zombies. One more shot. SPRITZ! SCREEEEEEEECH!! "Raxton! We've gotta go." "Why?" He asked. "Because look! The zombies from chapter one are here! How are we ever going to get back without getting finished by the zombies?" And for the first time ever, I heard this from Raxton. "I don't know."

## The Wifi's Out and Zombies are Trying to Get Me

### Chapter 6: The Escape

If Raxton doesn't know, we might not make it out alive. "Wait a sec, is that an escape pod?" Raxton asked, and it was. We couldn't believe our luck! Maybe we actually have a chance! But it was broken, and our chances dropped down a little. "Raxton! You can fix and make stuff right?" I asked. "Yeah." "Then you can fix this escape pod. I'll distract the zombies." After that, he got to work. And I swear, I almost got bit by one of those zombies. I was getting exhausted from running, but I could not stop now. Raxton was almost done. "DONE!" He shouted. We quickly ran over to it and got in and closed the door.

"BLJGTHFASRTYHDFYUGUKNUINNIK." "Translate to English!" I said. "CHOOSE YOUR DESTINATION." The pod said. "Earth, please." I said. "BUCKLE UP AND

ENJOY THE BUMPY RIDE. 3...2...1..." FWOOSH! We saw the zombies trying to make a tower, while we were almost out of the atmosphere. They somehow latched on to the pod. "AHHHHH!" I opened the window and tried to kick him off but I got grabbed. If the zombie held on long enough, I would freeze and die in space, and so would Raxton. Raxton pulled and pulled, but it was no good. But I had an idea. "Dippy doy doy, duh where brain?" I thought that if I pretended to be the opposite of smart, they wouldn't want me. I got another idea. "Raxton! Can I have your deodorant?" I asked. "Uhh, sure?" I put it on. It worked! The zombies let go because I smelled good. But we were about to go into space. "Get in, hurry!" Raxton said. He pulled me back in and closed the window. "Phew! That was close!" I said. We were almost on Earth. We looked at stars until we got to Earth. CRASH! "Is that an alien ship?" Asked Mr. Grow. "No, it's just me and Raxton." I said. "Okay." He responded.

## The Wifi's Out and Zombies are Trying to Get Me

### Chapter 7: Home at Last

I ran to my house and Raxton ran to his and just as I got there, Mom and Dad pulled into the driveway. "Mario Turbo! We told you to stay inside!" Mom yelled. "Sorry, uh, I was hanging out with Raxton, my friend." I lied, as if I wasn't just in space. "Okay, well, at least you're not playing video games." Dad said. "We told you to stay here. No video games for a week for not listening." Mom said. Gollee! A week! I was about to tell her that I saved the world, but I would be in more trouble.

### THE BULLIE'S WITH THE DEAD

Once there was a graveyard worker named Marla. She knew lots of the dead because she could talk to them. Usually they were really nice! Marla was talking to a guy that was in the war. He was rude, but nice sometimes. He said to her " Hey that shirt is really nice on you but..." then she thought " well he's going to say the bad thing about my shirt in 3... 2... 1..." Then he says " the bats are just, super weird like who likes bats." Then he leaves rudely. And then she just did some things around the cemetery. She never really talked to the ghosts a lot when she was away or in a mid life crisis like being chased by a zombie or werewolf that used to be bullies but that's like a 1 in a 70,001,007,07 chance!

One day she was talking to one of the sweetest couples that was dead as you guessed. They talked about how it was in the 60's and then they just walked around the town for a bit while holding hands. Then Marla looked at something there was a vampire and a witch but then she forgot it was the Central Town halloween parade. It was the first one because people think it was haunted but then the mayor is saying "it's not!" So that's why everyone is doing it. Marla was very confused "HOW! IT IS HAUNTED!!" The library woman in a ladybug outfit looked at her in confusion and said "uhh do you need help?" "Nope...." Marla was super embarrassed. Then she ran far far away then she stopped and walked around.

Then when Marla was walking around and she had seen a kid getting bullied And then a kid said " what you going to do!" And then the kid said "nothing..." and the bullies walked away to a haunted house far from the parade and Marla followed them- -but they did not notice and then the kids got swept into the house by a green and old hand. And they came out as a werewolf or a zombie! Marla ran as far as she could and she stopped and went to the kid and said "RUN!!!!!!!" And then the kid said "why?" " A ZOMBIE AND WEREWOLF IS COMING!"

Then they both ran and went to the cemetery to hide. They jumped into a digged hole for a while. And waited for 5 minutes and then climbed out. "Are we ok Miss?" says the kid that's petrified now. "Yes we are, now let's go and get those kids back to humans!" Marla and the kid go to the werewolf, and zombie.

Then they turn the kids back to humans by a piece of candy for some reason because they really wanted candy. And the bullies said sorry to the kid because they got picked on during Halloween so they felt like they had to. And then they with a grin and a gruesome voice said "MUAHAHAHA did you think we were sorry?!" " We weren't, we are the dead that will never be unrisen again!" And then they got hit by a hard piece of candy by the librarian. Then they went back to the haunted house in their true form as a werewolf and zombie. Marla went to the boy's house and she left him with his family .Marla and the boy were petrified after that night and they will always be.

### Missing

Luck didn't know although he was a smart kid that this was gonna give him nightmares and tarazed him for the rest of his life.

This experience made him shy and made him sleep with the lights on from 10 years old to 50 years old.

I am warning you this might do the same! Once upon a time there was a kid named luck. Nothing ever happened until a couple leading up to Halloween, nothing ever happened because luck applied to him. He was playing with his friend Russ at the park. "I am moving to las because of rent." said Russ "wait what!" "what about halloween!" said luck " we were gonna dress up as the ghost busters!" "Sorry" said Russ sadly. Luck hopped on his bike angrily. He turned around on his bike he saw him swinging by himself tearing up. He turned back around went home. he slammed open the door. WWAAMM! His mom said "what's wrong?" as she was cooking dinner. He said ""nothing." he walked up stairs and went to bed. In the morning [which was a saturday] was eating breakfast but his mom was taking a shower dad was still sleeping as he heard a knock on the door his mom yelled "open it luck" "Ok" said luck he opened it it was Russes mom, April she said with bags under her eyes with used tissue in her hands "have you seen Russ!?" said april "No!" "why?" "because he is missing and you were the last one to see him." She said as his mom came down stairs. "RUSS IS GONE!!!" Luck hopped on his bike and rolled it out of the garage. he pedaled as fast as she could. He looked for him at the park. He saw a note that read

Trick street 1638

Get your friend here he has been kidnaped He went home and the moms said "did you see him?" "did you get clues?" "NO" said luck he wasn't gonna tell them about him being kidnapped so he rushed upstairs and said I am gonna head there tonight as he layed in bed.

10;40 pm

Abandoned for 50 years, it had dead grass and what looked to be a dead mouse on the porch. The door was cracked open. Luck parked his bike by the blue house right by it. As he approached the house he suddenly felt like someone was watching him, he looked around, no one was there besides the old granny taking a stroll, at midnight, what a weird granny he thought to himself. He approached the house slowly, suddenly he heard screaming From the

house”That sounds like Ruses!”said luck.He sprinted in,As he sprinted in he heard a Grandfather clock ticking louder,Louder,and LOUDER,and it stopped when he was inside.The door slammed behind him.He tried to open it but it was locked.then he heard a granny walk across the room inside the houses,he spun around it was the shadow of the granny he saw across the street.The shadow said”never disrespect your elders.”It said,as it turrend form of a 2d shape, to a 3d monster,with claws,and it road!He ran up the stairs as fast as he could.It felt like the monster was running right behind him.He ran into a bedroom there was a message on the wall in red spray paint.It said If you can answer this riddell you will find your friend.Here is your riddell, what runs around the house but cannot move?He thought to himself this is hard.Lets see what runs around the house but cannot move?hmmm.....a fence!So he went down the stairs, the lights were on,no monsters,interesting.Luck said.He heard Russes screaming he ran into the backyard there was a board from the fence in the middle of the yard he picked it up.

Then ... .bam!!!!!!There was a trap door luck slid in the dark tunnel he heard the screaming getting louder,LOUDER,AND LOUDER.Until he stopped at the beginning of a maze The monster appeared from earlier,” not again!” He saw a sing as he was running through the Maze at the first turn,it said remember where you are going he though this guy likes riddles I better remember it.as he was running he noticed that each turn had a name so he took nuisance street,Otter street,crow street,key street,and 2 street.”I got to the end of the maze first try!”[it doesn't matter if you made it, it matters if you paid attention to the streets]the monster stopped chasing him and walked away.I wonder why he stopped he thought to himself.He looked around there was a wall,a table,on it a piece of paper and a pencil.He walked over to the door to try to open it it was locked,but their was a note that said wright down were you went on the piece were you went,on one line and on the line, do the same until you are done.You might figure it out!

It said

Nuisance street  
Otter street  
Crow street  
Key street  
2 street

He figured out that it spelled NOCK 2 so he knocked on the door twice.The door opened!Inside was Russ he was unconscious.He put him on his back and saw a stair case.As he was walking up the stairs he thought to himself,what a

day!He said as his legs were shaking,trembling in fear.He walked upstairs.All of a sudden he was outside in the front of the house,it was daylight.I AM NEVER TELLING MY MOM!Said Luck.He went inside his houses.He shouted”I found Russ.His mom and April surprisingly rushed over.Grabbed him and laid him on the couch.”where did you find him!”mom said.”At the park on the play structure.”Said Luck.Out of the window was a shadow that said “smart one he is”.

Sarah and Lily  
And  
The disappearing besties  
By Fern Blanchard

Ms. Harris - WESA

One evening and not any ordinary evening it was Halloween evening and five friends were having a sleepover the house they were at was Sarahs. Sarah is known for her halloween house but know one knew what was coming all she knew was that she was having her friends over for a spooky slumber party. Now we all know that halloween has many unexpected scary things who knows what will come up and this is a story of mayhem where the most unexpected things will happen now I present a scary halloween sleepover of madness: Sarah! Are you finished cleaning?" her mom asked. Yes" she replied, "Good, your friends are here." Just then Sarah opened the door to four eleven year old girls standing at the door, Lily, Hannah, Nadia, and Joy. Sarah smiled and let them in. Lilly, Sarah's best friend said, " It's good to see you picked the haunting house." It was in a sweet teasing voice though. "Can we go get some s'mores?" asked Nadia. And they did.

Later that night, they were all huddled in the basement living room trying to summon spirits and all of a sudden they heard a noise like a witches cackle, Hannah shivered and asked, "What was that?" probably just the parents trying to scare us." Replied Lily. Just then Hannah laughed and huddled under the blankets then stood up pretending to be a ghost, " I'm imagining your mom doing this." she said giggling her head of. Just then she was shrieking in fear. Hannah are you okay!? HANNAH!?" Sarah was asking urgently but when they looked under the covers she was gone, all that was left was a little strand of golden hair. Joy was stunned she told Sarah, "Sarahh.. I...I think w..w...we summoned spirits b.. but we woke them an...and now they're angry." Sarah shuffled her feet and then said as if she was not gonna get scared, "Its okay Joy, I think the sleepovers just getting started and finally some excitement will happen!" Yeah! Shouted Nadia, "We're not giving in without a fight!" She exclaimed. Lily laughed and then Joy cheered up as if nothing happened.

The basement was quiet and all the girls had split up on a ghost/Hannah hunt. Now readers the first person we will look at is Nadia who was ordered to look in the kitchen: as Nadia walked through the kitchen she stopped to look in the freezer in case the ghost had stuffed her in there to freeze. Man, this place can be really scary in the dark," she said as she walked over to check the fridge and she saw a skull fake probably but then it spoke find you friend and you'll be fine and Nadia poofed out of nowhere and she was actually watching her friends. Meanwhile Sarah was trying to talk to Nadia through the walkie talkie but know answer. So she went to the kitchen to see what was going on and all she found was a clue it was Nadia's walkie talkie and some sort of christmas decor but that wouldn't make sense so she called a meeting up in her bedroom. Hello this is Sarah please come to my bedroom immediately for a meeting no time to explain." When Lilly heard that she knew something was up Joy, on the other hand just nodded her head and went straight up stairs to the top floor, even though she was very confused. The girls had all huddled up in the furniture of Sarah's room had been discussing the incident that had happened to Nadia.

Sara had just finished explaining that Nadia disappeared and she was now discussing clues. Ok, we all know that something is up according to the recent disappearances of Hannah and Nadia, but that can't stop us so, I want us to discuss any clues that we found."Exclaimed Sarah, "For instance I just found out that the imposter likes christmas due to this small christmas tree ornament."She said and pulled out a small reindeer shaped ornament.Joy started talking, "I think I found a clue, I was exploring the living room and I found this."She pulled out a small plastic pumpkin with a smile printed on the front of it, "I don't know what this ghost is up to but maybe it's trying to mix halloween and christmas."she exclaimed.Preposterous why would a ghost ever want to do that!"Sarah snapped and Joy shivered and laughed then they all started laughing then out of nowhere a scream echoed across the whole house.Joy fainted. Joy, wake up!" Lilly whispered and Joy got up immediately stammered and said, "I'm sleeping!"Lilly got up confused, "How can you sleep I think I'll be up all night at this rate."She said.Sarah got up and said, " We have to continue the search so let's not waste time and we will quickly put together these clues and find more clues to put together and unlock this mystery!"She exclaimed in triumph.So they split in search for more clues to put together and soon find their friends dead or alive.

Joy was in the living room again heading to the spa room.Man I wish this wasn't happening that way we could just have fun and take a bubble bath."She exclaimed looking in the hot tub she walked over and peered over the rim of the hot tub suddenly a weird thing popped up in the water she picked it up and reported it to Sarah through the walkie talkie, "Sarah I think I found a clue but I don't know what it is but meet me in the spa room and not the restroom."But seconds later a green, black, and brownish hand with skulls, bones, and twigs sticking out of it and it was huge it grabbed the young girl of her feet and pulled her into the tub leaving the clue and the walkie talkie on the ground. The tub was teeming with weird swamp water.Joy? Joy!? Are you okay, do you read me Joy?!But no answer.We have to go investigate."The girls met up in the swamped spa room.Look at this!"exclaimed Lily picking up the walkie talkie. "She left her walkie." I don't think it was on purpose."Sarah said grimly. "If I know Joy she would keep it."She exclaimed, "And look at this, a relic!"She shouted picking up the purple blue moon shaped gemstone.These are supposed to be buried deep underground so deep in fact that no one could ever get to it their meant to keep spirits and monsters from coming out of the underworld."Explained Lily examining the gemstone.The girls went up back to the bedroom to discuss.Wait a minute,I think I know exactly what to do."Said Lily.She went into her closet and pulled out a small box.My dog Massie brought this to me and I never knew what it was until now."She opened the box it had three molds in it.She put each clue into the molds and she closed the box it started to shake it glowed bright orange and a scream came from somewhere and the floor opened up to a stairway.Ready?"Asked Sarah.Ready."said Lily and they held hands and stepped in.

When they got down the stairs there they were, three scared girls Hannah, Nadia, and Joy all quivering in fear trapped in a cage.I'm glad you came to join your friends."said an eerie voice and a figure walked in he was a mummy with a pumpkin on his head a monster was following him.We will never give up in fact were here to claim our friends!"Growled Sarah.Oh is that now gloop please put them with the others.The giant swamp monster grabbed them Lily kicked him in the face and he let go of them Sarah had grabbed the key from the back of the monster.Get them screamed the mummy and a bunch of zombies popped up out of the ground.Sarah found a small safe opened it with her key just before a zombie lunged at her she whipped out of the way

with a small gemstone that she found in the safe and realized that it was the shape of the key hole on the cage quickly she sprinted to the cage and unlocked it and the zombies went to there side almost immediately. Looks like your out numbered mummy man.”laughed Lily. The swamp monster had turned to goo on the ground then the mummy slugged through and tried running away. Get him and lock him up for eternity throw out the key for goodness sake.” Ordered Nadia and gave the key to one of the zombies. The zombies grabbed the mummy and threw him into the cage locked it and slammed the key into the ground so hard in fact that the key shattered into a million pieces. The girls thanked them and walked back up the staircase. Well that was—”awesome! Nadia interrupted Joy. They all laughed and hugged each other. Wait!”said Hannah “what will we do with this?”she said holding up the box of relics. I know!”exclaimed Lily. She whispered her idea. Soon enough the girls were standing in the backyard the sunrise had started and Nadia had just finished digging the deepest hole in existence they mixed and matched the key’s. Ready girls?”asked Sarah. READY!”they shouted and Sarah closed the case and dropped it into the hole. No one know where it dropped some people say it was found in the underworld floating in the lava others say it dropped inside a groundhog burrow and was kept as a decoration in that groundhog family tree but I think the real explanation of where it went was probably in a lava shoot and ended up in the store and you bought it and it might be in your garage inside a box labeled holiday decorations.

### A Ghostly Appearance

34 year old Carie(MOM),36 year old Brandon (DAD),12 year old Susie,10 year old Tom and 7 year old Josh were outside, waiting for their parents. They are exploring an open house, but they don't know that they will be murdered. They are exhausted from sitting outside, so they go inside. The door slowly shuts behind them.

Tom, Susie, and Josh are inside the open house as they are on the stairs but with one thing in it ...a teddy bear with a knife in its chest, eyes gouged out, with cotton all over the floor."That's pretty creepy" says Tom. "Yeah. Why not put a living teddy bear or something in there instead of a teddy bear with its guts, well cotton spilling everywhere?" said Susie. "I'm scared. I don't like this." says Josh, as tears trickle down his cheeks. "I mean, you've got to at least give them some credit .This is kinda scary." says Susie. As they go into the next room, they fumble into their parents. "You guys are supposed to be waiting outside !" Carie and Brandon say as they exchange disappointed looks at each other. "Ummmmm..... Hi.." Susie, Josh and Tom say simultaneously. "Fine... come with us." Carie says. " Well...we kinda already saw it. It's a nice house isn't it?" As Carie is trying to yell at her kids, they hear a loud *Thud ... .THUD ... .THUD!!!*

"What on earth was that?!" They all say. "It came from the door next to us. I'm going to go check it out." Bradon says as he stands there. "Go!!! What are you waiting for?!" all but Brandon say. "Brandon opens the door and figures out that there is a person! Or... a bathrobe? Brandon picks up the robe and wraps it around his chest. "It's comfy." He says. They all thought...*wait. If that was a robe, then what made that utterly terrible sound?* When they slowly turn back away from the room, there is a man doing a creepy smile, tilting his head downwards." AHHHHH!!!!!!!!!" They all scream. Then, suddenly the lights go pitch black." Lucky thing I brought a flashlight. " says Carie as she turns it on. Carie's flashlight flickers, then turns off. "Oh no." says Josh.

"Ok kids, what's the safest place in a modern house?" says Brandon. "Eruka! Tom says waiting for an idea to pop into his head so he can surprise his parents with his brilliant idea. "The master bedroom!" he shouts. "Good idea

Tom. So... let's head up there now." says Brandon. *As they all run upstairs, they hear footsteps closely following after them.* When they get into the room, they lock it behind them. Then, they hear banging on the door. Brandon has a wrench in his hand, unsure what to do with it. The door breaks down, and the person starts climbing all over the walls, their head upside down, almost as if he were possessed by the devil. Brandon throws the wrench on the button labeled "Fan" The fan turns on, and he is sliced like a bagel.

"Oh..my god!" says Susie. "Ok...What was That?!!!" "Daddy? What was wrong with that man?" Says Josh, hyperventilating and somehow crying at the same time, boogers running down his nose. "Umm ... .Just a murderer. Or a devil from the depths of hell." Says Bradon. They all walk out of the haunted house, eyes flashed before their eyes."Was that part of your guys's haunted house?" asks Josh. "Ummmmmm ... .NO..." says Brandon. "So...that was a real murderer?" says Josh. "Well, this is pretty scary to admit..... But...yes." Josh, Susie, and Tom shriek in terror. "AHHHHHHHHHHHHHHHHHHH!!!!!!" Susie wakes up in her room, thinking about how that was just a dream. Susie looks in between her feet to realize that the teddy bear with the knife in its chest is there.. The next day, they were all found murdered, hanging themselves in the forest, blood all over the trees, with a message: *Leave now, all that comes forward is death....*

*The end... for now.....*

probably only for scaring people. ""They probably only give it to people throughout the park."" Then why did they not give us one. "Okay! So maybe this book might be real. "Zoey said. They kept walking until for some weird reason the moon quickly changed from half circle to full circle, and it was white but when the moon was full it changed into blue! All of a sudden they heard howling.AAAAAaaaaa OOOOOOOOOOOOOO! WHAT WAS THAT! "I don't know but I think we should run!!!" After running because they heard a sound they stopped but then the warwolf began to follow them. They runned and runned and they finally got out of the maze and when they got out they looked behind them and nothing was there. "I am glad we made it out of there!" "Yeah me too! I think we should go home!" "Agreed." Chloe said with joy. "Let's go." They were far far away from home, but good thing Zoey drove her car. All of a sudden they hear something jump on their car. They realized that it was a vampire because of the way the vampire fangs came down in the car.

Chloe said with joy. "Let's go." They were far far away from home, but good thing Zoey drove her car. All of a sudden they hear something jump on their car. They realized that it was a vampire because of the way the vampire fangs came down in the car.They started going so fast that they were going a hundred miles per hour. They finally get home and they see the zombies, werewolves,vampires,and Frankenstein running after them. They get inside their house closing the door but the haunted creatures were all pushing the door they finally get it closed and lock it. Then they go up stairs. "Come on, let's go to my room!" Zoey said. I have a huge room and closet we can hide in there. Little do they know there is a ghost in their room. They come out and think it's fine but then the ghost scares them. What was that? I don't know. The ghost closes the door. They start screaming. "Is that a ghost?" " Probably. Let's vacuum like ghostbusters and suck up the ghost." " Umm okay" Zoey said. They vacuumed up the ghost and finally went to bed. After that they learned they should listen to their parents.

## NIGHTMARES

*On Halloween night there is a little girl named Mila and also a little boy named Levi went trick or treating. Then they went to all of the houses in their neighborhood and then after they went to all of the houses they looked in their bags and their bags were filled all the way to the top. So then they kept walking until they saw a big mysterious house on top of a very big hill so they ran up the hill and it took them 5 mins so then when they went inside the house the door slammed very hard.*

*Then when the door slammed they went and explored the house until they heard a big bang again so then they ran and tried to find each other but then what happened is that all the lights shutted down so then they ran in the same direction then they bonked heads but that's at least what they thought but the little boy and the little girl hit their heads on someone else. So then the little girl said "Levi is that you?" then the little boy said "Mila is that you?". But then something answered both of them and they said "NO I AM NOT MILA NEITHER AM I LEVI" so then they got scared and they ran for the door but it didn't open! 😬*

*So then when they figured out that they couldn't get out of the house they were terrified so then they stayed there for about over two weeks so then the parents were very worried so then what happened is that the parents went looking for them and then they still couldn't find them so they assumed they were at a friends house because it was summer vacation until one night from the house they hear both Levi and Mila scream with there heart so then they thought they were laughing but they found out that they were actually laughing. But then the kids were so hungry but they got lucky because someone randomly ordered pizza. so then the door finally opened when the pizza arrived so they tried to make a run for it but the door slammed again. 😬*

After the door slammed again they heard a big screech from upstairs so then ran upstairs and there was a big tall man standing at the top of the stairs and then he said "COME TO MY ROOM!". So then they got scared and they walked behind the old, scary, creepy, tall man. So then when they got to the room the tall man said "SIT DOWN NOW LITTLE GIRL AND BOY" (so they did so). Then the old, scary, creepy, tall man walked towards them and he said "WHY ARE YOU GUYS IN MY HOUSE?" and the little kids said "we were going trick or treating!!!!". Then the scary man shut the kids mouths and he said "YOU DO NOT YELL AT A OLD, SCARY, CREEPY, TALL MAN EVER IN YOUR LIFE AGAIN" but he did it in a very scary voice because you don't want to make him mad. So then the man got mad and then he got really really tall so then the kids ran out of the room and finally the door opened. 😬

Title : I told you not to go to the basement...

It was a chilly October afternoon, when something horrible happened. It around 10:00 at night, I was watching a scary movie when all of a sudden.. " KABOOM" I heard a loud boom coming from the basement.

I didn't think much of it until I heard something call my name, I freaked out and went to my room. I tried to fall asleep but, I heard a kid's voice say, " Maggie.... wanna play..?"

I ran to the basement, and knocked, the door opened but I didn't see anyone/ anything, so I ran upstairs, and fell asleep. \*The next Morning \* I woke up and ate breakfast. My mom and dad were at work so I was alone. I went to check the basement and then I saw a 12ft doll come towards me.

I just stayed there and didn't think anything of it. Until it grabbed me.

I never saw my parents again...

# The Haunted Pumpkin

On Halloween night there was a boy named Aiden. His favorite part about Halloween was dressing up. This year he was going to be the haunted pumpkin. The story of the haunted pumpkin is that if you get close to the haunted pumpkin it will steal your costume. No one knows why he does it. The haunted pumpkin is orange with black stripes. It is small, and its face has a big mouth that looks like a monster's mouth.

Aiden has never actually seen the haunted pumpkin, but tonight the pumpkin is in his front yard. He gets ready for the costume competition. When he walked out the door he saw the haunted pumpkin take his friend, Jovian's costume. Jovian screamed! He felt scared and Aiden felt nervous. Aiden asked Jovian "are you okay? Should we go after the pumpkin?" Jovian said "yes!" So they both went after him. When the haunted pumpkin reached a dead end they asked him "why do you keep stealing people's costumes?" The haunted pumpkin said "because I don't have any costumes except for an old shoe costume and I never win the costume competition, so I try to steal a better costume."

Aiden felt sad for the haunted pumpkin. Aiden told the haunted pumpkin "we will help you find the perfect costume for the contest." The haunted pumpkin looked happy. They found the perfect costume for the haunted pumpkin, an alien. They all entered the contest and the haunted pumpkin won! Aiden, the haunted pumpkin and Jovian had the best Halloween ever!

Once there was a cat that loved this boy so the cat went to his house waiting for the little boy but the boy never did return. The cat checked every room in the house. The cat kept searching day and night looking for the little boy. Then one day the cat was so tired of searching he fell asleep hoping to see the little boy once more. The cat slept but then it was awoken by a strange looking creature the cat didn't really care because it was halloween and people always dress up so the cat just went on a little walk but there were no people anywhere at all the cat checked everywhere nothing the cat thought this was strange but thought the people already trick or treated. Days went by and the cat kept on seeing the creature everywhere the cat went it was there. But one night something changed. The cat went up to the creature this time the creature did not move until the cat started purring the creature grabbed the cat with a tight grip not letting go the creature took it to a bakery and there the creature opened a closet and slammed the cat in there and locked the door the cat was limping and whimpering in pain. The cat waited days and months, nothing the cat meowed whimpered, no one came until one freezing night the cat heard life outside the cat meowed in hope someone would let it out so it could eat. No one heard the cat. In the morning the cat heard the shocking news. It actually had a really bad disease that it hallucinates and it can spread so the whole town went to a different country to have the cat locked up. And the weird looking creature was actually a person in a suit so they couldn't get the sickness. The cat finally heard someone opening the door. The cat had so much hope and when the door opened the cat woke up. The cat was a kitten again it seemed so peaceful the cat finally

Once there was a friendly ghost that would go and scare little children on halloween for fun and everyone loved seeing the friendly ghost because he would hand out candy from the 1800s that is somehow not moldy and fresh. Then one night on halloween the friendly ghost was nowhere to be seen people went on a search finding nothing there was a little boy so upset he couldn't see the friendly ghost because he just moved there and really wanted to see the ghost so he went to the house the ghost stays at and checked the rooms but one was locked and the boy went back to his car and got a paper clip and unlocked it what he found was the ghost standing in fear not moving a muscle so still he looks like a painting when the boy looked at the thing the ghost was looking at but then the boy was so scared he froze but then he he found consciousness and started running screaming terrified pleading for someone to get help he ran home looking for his mom for comfort but he remembered he was home alone he hid but then he heard a light breathing and ooooo so the boy peeked outside and there was a huge ghost he screamed for help no one heard. The next day the boy was gone no one knew where he was but no one noticed he was missing so he was stuck as a friendly ghost forever.

there were no sounds and no voices. I slowly unlock the door just before I step out of the room "CRASH" the window glass is broken. I start sprinting down the hallway taking sharp turns to get around the turns. I glance back behind me "No one?" I mumble "Ok I guess I can walk to catch my breath" so I start walking. Just then I hear "You're next!" they say in a low deep voice "AHHH!" back to running so then I am sprinting again taking sharp turns. "I'm so out of breath" I mumble while still running. I'm at the front door so I check if it's locked then glance behind me "No one again!?! Am I going crazy" I crack open the door no one so then I open the door all the way I lock the door before I step out the house I turn to start sprinting out the door "AHHHHHHH" There's a kid with an adult. They are both holding a bloody knife... so then that's why I ran the other way there was no back door so I hid under a table and pulled all the chairs in. I glanced behind me, no one so then I sprint so fast out the door and then I stopped outside on the sidewalk no houses, no people, no buildings, nothing. I check my pockets for my phone. I have it "Phew" I said so I go to Google maps and search up my address 642 Warrior St (fake) then I hit enter. "WHAT?! 2 DAYS?! WHERE THE HECK AM I!!!" I yell. I gasp "I'm in my bed that makes zero sense" I check the time on my phone it's 7:47 am the date is 22nd of November, Friday. It was just a dream thank god! But then.....

TW: Tiny bits of gore (mention of blood)

I heard someone screaming over and over then realized that it was me. I gasp, I look around my surroundings to get information about where I am, nothing just a room with barely anything in it just flickering lights and random cables hooked up to me but there's no machines, just this "hospital bed" and random tools that have blood on them. I'm thinking he is going to use these on me. "WHERE AM I" I yell nothing, just my echo. I'm thinking this is so weird so I get out of bed. I take a few steps about 10 then I see a door "An escape from this.. Place" I went up the stairs and they were loudly squeaking, and some of them felt weak. So I went up the weak stairs quickly so I couldn't fall through them. As soon as I touch the handle, the handle turns "I didn't do that" I mumble to myself. The door opens and I yell "AHHHHHHH!" Then I fell down the stairs I start imagining bad scenarios then I just close my eyes. I felt a gust of wind push me down the stairs but like I levitated down. I wake up, I'm bleeding badly then I look around but then I realize I'm not in the same space.. it's in a bedroom I get up to explore there's a closet "Ooh new clothes so I can get out of this atrocious gown!" I say excitedly. I'm thinking the closet smells awful! But I opened the closet just then a big gust of a rotten flesh smell. Kind of weird so I go closer to get close but what do I see? No clothes just.... "AHHHHH A DEAD BODY!!" Oh no I alerted the person "STOMP STOMP" I saw the door handle turn then I had nothing to think about so then I sprint to the door and lock it just then there was banging on the door "Breathe breathe" I say to myself mumbling under my breath. I slowly walked away from the door looking for a weapon to protect myself from this psychopath. I found a knife and a baseball bat. They both had lots of blood. If the blood wasn't dried out I would've been dripping on the floor. Just then the banging stops "Hello?" I had said

# THE STALKERS

By Jake Foley

Once upon a time there was this kid who was riding his skateboard. He didn't know that disaster was going to happen. Ghost face sneaked up on him then pennywise popped his red balloon then popped out of the sewers then grabbed his skateboard and broke it! But the ghost face didn't know that Henry was a 5 time national weapon winner so ghost face tried to go for the stab. But Henry felt it coming then he put up the uno reverse card. Then he dumped the ghost face.

But next thing you know Pennywise jumped out with Henry's broken skateboard then Pennywise started chasing then Henry broke Pennywise's ankles. (literally) Then Henry knew that he was on a jiu jitsu team and he was the best on it. So he beat Pennywise up to death.

But next thing you know they both popped up again Henry ran home. He searched up "are Pennywise and ghost face a team and the internet said yes they are" Then he searched up what is their name and the internet said THE STALKERS. Henry got scared he forgot that his father was a billionaire and he had a f-35 lightning.

So he went into the garage and somehow he knew how to fly it. When he saw them he dropped a laser guided missile and it hit them. When Henry landed the plane he thought they were down but they weren't.

When he got out they were so mad but when he grabbed his ak-47 and his glock he put them in the hospital. And he said no more stalkers. At the end Henry got aggressive but he hated them. He watched too many videos of them and Henry was on the hunt and finally he put them in the hospital. But when he got notifications who was under the masks they were 10 time killers who broke out of jail.

# The sleep experiment survival by Ryker Dieterle

It was a normal day at school until a kid was running down the hall and kept saying sleep experiment sleep experiment sleep experiment sleep experiment sleep experiment and as he kept saying it i ran! # The Ghost Ship by Avery Lidell

I was walking at **3AM** then I saw a ship in the ocean. It said *The Ghost Ship* so I found a boat on land and followed the *The Ghost Ship*. When I went on The Ghost Ship it went the other way.

I was confused when it went the other way. Then I said, "Is there anyone here because if it is a joke it is a bad one," then I went around the place and saw a ghost! Then I thought I was in a dream but when it got cold around the place I knew it was not a dream then I started running as fast as I could then another ghost came so I turned to the left. Then I went outside and the ghosts didn't come.

I thought, "If they don't come outside they must have a weakness out here but what is it," then I came back inside then a huge ghost appeared then I said, "What is your weakness?" The ghost pushed me outside *The Ghost Ship* that hurted a lot so I had an idea.

My idea was to run to the big ghost and hit it but instead I went through the ghost so I wonder how I will know what their weakness is. Then I went flipping through *The Ghost Ship* and saw a sign saying basement only ghosts allowed then I thought maybe there weakness is in there. When I made it outside it was hot as a desert.

Then I ran back inside looking in front of me then a ghost went in front of me ready to attack me I slid right between the ghost legs. I stood up and kept running. I was so close to the door. Then a ghost came so I jumped as high as I could. Then I went into the basement and saw a button and clicked it. Then everything went back to normal. I tried to tell people but of course they didn't believe me. Then I thought it would happen again another day. So I just forgot about that and thought of it another day. So I gave up trying to tell people there was a *Ghost Ship*. That is the end of *The Ghost Ship*.

October, 13 1772 2:30 AM i had just woken up to the sound of a glass shattering to houses away it kind of felt like it was in my house for a little for it being so loud, as i sit on my bed and listen for any more noises i suddenly see a black a hint of gray figure stare into my soul as i sit there in shock i run to my closet... As the tall black figure comes down the loud creaking stairs then all i can hear is " THUMP THUMP THUMP" and then it stops as i can hear its loud breathing i try to stay still and quiet he stops he is right outside of the closet d door as i sit there more quiet than a snow leopard it turns my direction and even though i cant see its face or what it looks like i can see it very clearly. As it stares right into my eyes i try to scream but i cant it tilts its head like its trying to get a better view at me, as i try to think of ways i will get out of the house but i can't move scream or even look around as he opens the closet door that i'm in, and it's like he just grew 8 more feet as he slowly tilts his head back up. Then suddenly I heard a scream and I woke up... i felt is was a dream i looked around and found out it was never a dream but this time i could do things like move and talk i looked the figure wasn't there I didnt know what to do and I just wanted this to be over and i got out of the closet and started yelling for my parents no one answered i yelled louder and louder no one responded i finally get the courage to go upstairs as i walk up the stairs i look around nothing was different like i was in a dream I go outside and the second i step out on the the porch all of the street lights are flickering and they just get brighter and brighter every second i look in to them. As the lights got brighter there was one spot where there was no light even though there was no light. I jog over there as I see a black figure like before but there is not just one. As I can see them all there is more than I can count. My heart beat is going 1000 beats a minute. I run RUN AS FAST AS I CAN into the deep dark forest. I ran so fast and deeper and deeper into the forest by the time I caught my breath I knew it was already too late and too dangerous to keep going through the perilous forest. I began to worry they were still following me and having no shelter for the night when almost luckily enough, I stumbled across a broken down cabin. It was dark and seemed like no one had been there for years, but I knew it was the only place I could rest until daylight.

The night of Halloween SUZIE and TOM were in the neighborhood but they didn't notice that they were being watched by ME. I had to make sure that my experiment worked just for them and that's why I called it the evaluation 106. I hid cameras and micro-speakers to hear what they would say (TOD and SUZIE) "Hey Tom do you think that we're actually being watched by someone?" "Nah! I feel like we are being awesome out here." (knocks, thumbs, screams) "Hey Suzie do you hear those sounds over here?" "No? Why?" "nevermind probably my imagination or something else. Ok?" "Ok" (a monster creeps out of the wooden floor and breaks all the floors) They were scared and I loved it so much, because it's the best scare of all time.

My problems were that I was out of toxic acid to scare their souls out, "(laughs) slit up goo and them show you how scary we are~" experiment 10000576699 was a entity, with sharp claws in the right and a rounder sharp spiky hand in the left

It can shape shift itself and can turn into h-(smiles bigger and in a strangest way) humans. Here how it looks like : 10 ft and 11 inch, black and blue scribbles, it is like a liquid, which means it can melt and split up, and divide itself into more tiny version of itself, has a scribble dark hole in the middle, with one eye in the top middle (to suzie and tom) "what the- what in the world is that thing?" "Todd I'm scared it's looking towards me", "I will show you ho- how scary it is to smell fear"(laughs at them) it will be the end of the story for them.(mind of me) I love the freakness, the scariness, the tears. I love it so much that it is deliouses to me. My creation still works. my face I smiled and smiled, watching, waiting to say something because i'd always know what i smell and what i smell is fear. >:)

### **BACKSTORY(I'M THE ONE TELLING THE STORY)**

When I was a young kid, my parents told me that I'm dark and weird. After they kicked me out, I found a way to a tunnel that leads to a laboratory under

the sewers. I found a popper with 100005766999 on the desk. I knew all about him, took care of him and we loved each other like siblings but we both knew what to do for good...I put a toxic acid on him and he had the energy to split himself and divide himself, I looked and smiled as my evilness grew. When I was 13, 100005766999 saw my eyes turning blue and red  
I smiled and I wore an outfit that best fits me.

### The Mysterious Tilted Man

Do you like Halloween? Because Sainora definitely does not. There is this abandoned village around the corner of Damanama park. Nobody has gone there for 2,000,000,000,000 (I can't even pronounce it) years. But, one day, Sainora and her brother, Dan, and sister, Gabby, found it.

"Sainora, why is today so co-old?" Dan said, shivering. "Don't ask," Sainora said. "It's just how the weather works, So it's not my problem." They kept on walking. No one said anything, until they hit Damanama park. "Hey, Sainora," Gabby said, tugging on Sainora's leg. "What is that?" she said, pointing at the Abandoned Village. Sainora squinted very hard. "B,lm,r str...t." she said, still squinting. After a little while, she figured out what it said. "Balmer Street," she told Gabby. "Lemme guess, you wanna go, right?" Sainora said. "Yep," Gabby said. "You got me."

After about a 1 mile walk straight, they hit Balmer street. "F-First ho-ouse," Dan said, still shivering. They walked up to the first house. Sainora held Gabby up to ring the doorbell. No one answered. Gabby rang it again. Still, nothing. One more. Still, nothing. "How will we get candy then?" Gabby asked, while Sainora put her down. "Bust in? Maybe, If we have to." Sainora said. "May-ybe," Dan said. Sainora shrugged with one arm. "Let's leave," Sainora said. "No one's here." They start to leave, and they notice a gate. Suddenly, It slams on them, with this mysterious man to the side.

"Let us out! NOW! NOW NOW NN OO WW!!!" Sainora demands, pounding on the metal gate. Suddenly, a trio of zombies and skeletons and stuff like that pops out of nowhere, and Sainora does not see them. "SAINORA!!! SAINORA!!! SSSS AAAA IIII NNNN OOOO RRRR AAAA!!!!!" Gabby screams. Sainora spotted the stuff.. Sainora slaps the zombie with her hand, and kicks the skeleton, and slaps the other stuff. "Phew," Sainora says. She continues. "Ew," Gabby says. "When we get home, wash your hands." A random man pops out of nowhere, his head tilted 30 degrees to the left. Sainora says, "Hello?" The man does not answer. It will be boring to tell, but I'll put it to you this way. She tries to make him talk for about 10 more minutes until he walks into this house. "What?" Sainora asked, puzzled. Dan looked

puzzled, too. Gabby starts walking to the man, tugging Sainora's leg. "What?" Sainora asks, once more. They walk into the house. The man is not there. "What?"

They walk to the second story. "Gabby," Sainora says, "Stay here, I will check the house with Dan." "Ok." Gabby says. Sainora and Dan leave. "Hmm," Gabby thinks. *Maybe I can play and slide down the stairs,* Gabby thought. "No," Gabby said. Then, The man popped up. "Hey," Gabby echoed, "Who-o ar-re yo-ou?" she said, scared. The man replied with a muttering sound. Gabby sat there, trying to get the man to talk for about 12 more minutes until Dan and Sainora came back. That moment, the man disappeared. "Hey, Sainora," Gabby said, "What did you figure out?" "The man has some cree-eeepy stuff in hee-eere," Sainora said in a low monotone. "Yeah," Dan said. "There was this creepy doll, That was alive!" "I learned," Gabby said, "That the man mutters-" She stopped. The man was right behind her. She whispered, "Be Quiet," "What-" Dan said. Turns out, Gabby put her hand over his mouth. He stops talking with Gabby. Larry follows what they are doing... .. The man got Gabby!!!!!!!!!! Sainora runs and jumps over the man in an accident, and gets home without Dan. She told her mom and said,

"Poor Gabby, Poor Dan, Why did I leave them?" "I don't feel bad."

## *The spooky series by Zendaya Reynolds*

Ahhh! A small girl rushed down the hall screaming at the top of her lungs, saying "bloody bloody bunny help." Nobody knew why she said that stuff, no one believed her of course. Until one day she told her mom to come into her room so she did. The little girl saw her mother lying on the floor perished before she could blink, she ran out the room to the phone as fast as ...uh oh, the power went out. A shadow why does it look like that, that bunny, no no no no no no... I'm just I'm just ... What was that?

### CAUTION!

To go on with the story make sure you are with an adult before it gets spooky.

I can't see it's dark. Ahhh! Thud... that's the fourth this week gone. Family's are worried and too afraid to even get out of their homes. We need police, security, and cops in all corners of the neighborhood, to be as safe as possible. The next day Tina went to a farm with her cousin Sofia. They went to pet the pigs and the sheep. When they were working they saw the bunnies, so they went to pet them. They saw the cutest one with a reddish looking tail. Tina didn't want to pet it because she thought it looked like blood so she went to pet the sheep but their mom told them to stay together.

Sofia asked the worker if she could hold the bunny with the red tail but he said that he's never seen that bunny before. Sofia just thought that they brought it in today so she held it. Tina was far away from the bunnies. The bunny just started biting Sofia until she was lying perished. Tina rushed over to Sofia, Tina was already lying down dead when the farmer got out of the bathroom.

The next day there were police everywhere, even at the park. On the news it showed everyone who died lately. Then there were some people seeing things and yelling, someone even passed out. I don't know what they were seeing but it must have been creepy. The bunny was back soon after the people that had died came back for revenge for the bunny, although there was no one to be found, it's like the evil bunny turned them all into him.

Thud... We all know that ...wait is that a blood art why does it say i'll be back and then there's a blood splatter shaped as a bunny. Is that red balloon out the window why is there a head dangling from a rope who's that why is there a knife. Ahhhhh!

## —Corpse Witches—

By Alexis Farmer

One cold, scary, starless night, two young British women named Carol Kendriz and Layla Kendriz wandered in the forest. "Of course it just has to be this dark tonight..." Carol whispers to Layla. "I agree. Shouldn't we go back to mother and father?" "No! Of course not, you muppet!" Carol says. "That's not nice, Carol! If you're going to call me a muppet, then you're a little twat!" Layla shouts back, while Carol scoffs in offense.

"Don't call me a little twat, wanker!" Layla scoffs back, turning her back to Carol.

A few nights later, they were eating dinner, when the tattletale of forever, Carol, suddenly yelled across the ginormous dining room table, "LAYLA CALLED ME A TWAAAT!" Their mother looks at her angrily. "Silence, Carol! All you do is tell lies when they're not even true!" Carol shot a glare at her. Carol and Layla's father, the king, spoke up, his voice mid-pitch. "Now now, Scarlet. Please calm down." The queen, Scarlet, spoke up. "Don't you tell a queen what to do!" Scarlet shouts. Suddenly, the bell of the servant rings. "My apologies for the interruption, but something unsettling has occurred." Scarlet calms down, looking a bit concerned. "And what would that be?" She asks. "I'm not sure," the servant says. "But it sure is a big—" ROAAAAR!!!! A loud roar suddenly burst throughout the sturdy castle. "Oh my heavens! What was that?" Scarlet screeches. A ginormous dragon appeared, taller than the clouds. The dragon started attacking the woods, searching for something. "More like someone!!" Claire, the cousin, shouts at the narrator. "Let's get out of here!" The guards were attacking the dragon, keeping it away from the castle. The dragon suddenly took both the sisters, Carol and Layla. Later, they woke up, in a new castle. "Welcome, new corpse witches!" They were shocked and scared. "Where are we?" they asked. "In the underground! You're dead!" Soon enough, they all became friends and hung out happily. Fun fact; this happened on halloween!

Malachi in just three seconds. The hot dog skeleton said to Malachi, "You will get my ultimate revenge!" I screamed, "No, not my cousin!" Just then, jet pack Tegan, my younger sister, scoops Malachi and me up and takes us back home. We laid in bed laughing about the amazing adventure.

One rainy night I was in bed sleeping, only my pink night light was on and then I heard a crash coming from the hallway window and my pink night light started flickering. I sat up terrified, noticed that my room was now foggy too. I looked around the dark room and I saw...I saw.... I saw a skeleton in a hot dog costume! Ahhhhh! "Why is he in a hot dog costume and why is he in my room?!" I tried to run but he grabbed me with ketchup covered bony fingers. He said, "do you like hot dogs?" I just screamed. I punched him in the face but the hot dog costume protected him. He said in an angry voice, "I asked if you like hot dogs?" Not please punch me in the face. Then I said, "Why are you even here?" He yelled, "I WANT TO KNOW IF YOU LIKE HOT DOGS!" So, I answered him, "Eh, not really." He cried, "but I thought you did." I asked him, "Why do you want to know if I like them?" He replied, "a kid stole all my hot dogs from underground and I'm searching for that kid so that I can give the ultimate revenge...." To be stuck underground forever. I replied, I'm not the kid that stole them, so not my problem. GO AWAY DUDE!"

Then I stared at his sad face for a moment and then I said, "fine, I'll help find your hot dogs." But this is the only time I'm helping a skeleton.

We walked to the cemetery through the cold foggy night. He pushed a hidden button that made the ground under us disappear. I screamed and we landed on an underground slide. There were thousands of skeletons all dressed up in food costumes. My favorite one was the one wearing a delicious cheeseburger with a crown. The skeleton from my room bowed down to the cheeseburger skeleton. I asked, "Why are you bowing down to the cheeseburger skeleton?" Hot dog skeleton replied, "He is the king of all skeletons." Does he have any special magic that can help us find who stole all your hot dogs? The king does have magical cameras that captured the kid who stole all the hot dogs and the king has a magical mirror that shows where that kid is now.

We saw my cousin Malachi in the mirror. He was laying on a huge pile of hot dogs in his bedroom, saying "I wonder if the legend of the hot dog skeleton giving ultimate revenge is true?" The hot dog skeleton screamed as Malachi got closer to the golden hot dog. We jumped into a special portal that took us to Malachi in just three seconds. The hot dog skeleton said to Malachi, "You will get my ultimate revenge!" I screamed, "No, not my cousin!" Just then, jet pack Tegan, my younger sister, scoops Malachi and me up and takes us back home. We laid in bed laughing about the amazing adventure.

Title: NEVER Go Trick Or Treating Alone

By Macy Redinbo

It was Halloween night. I was cheerful because it was the first night on halloween that me and my friends were allowed to go trick or treating alone. I skipped as I went ahead of my friends wanting to be the first one to ring the next doorbell. As I got to the house my friends caught up with me and panting dashed up the steps behind me. I pushed my finger onto the little button *ding-dong*. The door opened and somebody pushed out a note that said *NO CANDY TODAY - SORRY KIDS*. 'Oh well' said Aurora, "At least we tried." "Oh look" Eliana whispers, pointing to a cat. She runs over and starts cooing at it. The cat starts walking away. Eliana runs after it, me and Aurora have no choice but to run after her.

The cat led us around corners and curves and brought us to an old Oak tree. Then the wind blew and dust fell off the cat. It turned out to be black. "Great" I heard Eliana mutter under her breath. I turn to her and ask, "Why is seeing a black cat so bad?" "Why is it so bad!!!!!!," she shrieks. Aurora wearisomely states, "Black cats are bad luck and since Eliana saw the cat first she has the bad luck," While we were talking the cat had silently slipped away. "Great, now we are lost." Eliana whispers

"Not quite" I answer as I point to a trail of candy leading towards a house that looks like Aurora's. We ran to the house and burst inside. "I think we have enough candy to last until Christmas." I say glancing in my bag. But then the door shuts and the hallway twists and swirls changing from a light and warm welcome hallway to a tight and small hallway with an eerie red glow. . We silently creep through the hallway and argue over what to do next. "I think we should try and get back outside," Aurora says. "No way" Eliana argues, "That door is shut tight we should keep going and break out through the back door." "But we don't know where the back door is," Aurora states. "Guys stop" I say "We can't just sit here and argue we have got to do something" "Your right" Eliana says "Now let us continue on our journey through this creepy house" with a voice of confidence like that me and Aurora can't help but giggle.

As we make our way through the house with Eliana leading me and Aurora lag behind being careful about where we step. Eliana is not though as we are racing each other through one of the hallways Eliana's foot hits a bump and she stumbles to the ground. As she gets back up again we hear a groan of pain as she hits the floor again. Me and Aurora run back to her and help her up as I say, "Maybe that is enough running" "Yeah" Eliana groans, but as me and Aurora start we hear a scream. We spin around just in time to see a flash of light and Eliana is gone.

"W-w-ww-what happened?" whispered Aurora in a terrified whisper. "I don't know," I whisper back. "Well I do" says a high cold voice. Me and Aurora are too terrified to turn around. We sprint up the hallway, but the carpet moves and creates a bump blocking our path. We both crash to the ground and a pale man with a dark cape walks up to us. "Evening" he says in a high, cold voice. "My name is Veneer and me and my wife Velvet are looking for someone named Eliana" he states smiling revealing sharp and pointy teeth.

"What do you want her for?" I ask as I help Aurora to her feet sounding braver than I actually felt. "Oh no reason really, we just need her" he coos softly. Aurora pinches me and then she steps on my foot, telling me in our secret language that this is a very dangerous conversation to be in. "Well" I say as I elbow her in the ribs and then slightly punch her asking her when to run. She stomps twice and then pinches me three times, and then twice, and on the third pinch both me and her turn around and dart down a corridor.

When we get to the end of the hallway and turn around Veneer is gone. "Look," Aurora yells suddenly. My eyes dart to where she is pointing and I see a piece of paper on the floor. As Aurora starts walking towards the paper I swish my hand out in front of her and point to the ceiling where a big cage is hanging. She nods and then out of her candy bag she pulls out a warhead and tosses it to where the note is lying.

**Crash!!!** The cage hits the floor with a bang. I act quickly, reaching my hand through the bars and pulling out the note just in time, before *poof* the floor along with the cage disappears into the dark basement below. "Got it," I whisper to Aurora. We both rip the note open and read the writing. "***Honey, where are you? I have the girl down in the basement and a cage fell through the roof but there was no one in it. Why do we need three girls? I think we can make do with one person.***"

"What is that all about?" Aurora whispers, her eyes full of fear. "I don't know, but we need to get down to the basement as soon as possible" I say as I lead the way toward the end of the hallway. We walk carefully trying not to make a sound. When we get to the end of the hallway there is a small kitchen. "Search the cabinets for anything that will help." I say quietly to Aurora. We rummage quietly through the cabinets and finally... "Look at this" Aurora whispers quietly. I dart over as she points to a small key hidden under lots of files. I pick the key up and turn it to face the moonlight trying to get a better view of it. There was a click and the fridge opened, but there was no food inside there was a door! Me and Aurora silently creep toward the door and open it...

Aurora gasped, sitting in an iron cage was Eliana! I dash over to her and pull on the bars as she gasps, "Macy, Aurora!" "Get out of the way!" Aurora yells suddenly. A net falls from the ceiling and lands where me and Aurora were standing seconds ago. Before I can move, Aurora

darts past me and jams the key she found into a hole in the cage, swings the door open, and sets Eliana free.

"Leaving so soon," says a voice from behind us, "We were just getting to know each other." All three of us spin around and see Veneer smiling at us. Me and Aurora start forward at the same time, but Eliana charges ahead of us and swings her foot right at Veneer's legs. Surprisingly Veneer crashes to the ground. Eliana grabs hold of his cloak and pins him to the wall. I grab a stapler and toss it to Eliana who then staples him to the wall. Aurora grabs another person who was hiding behind a cabinet and pins her to the wall next to her husband.

"Run!" I scream! We dart down the hall and head for the crazy hallway where Eliana disappeared. Eliana hesitated for a moment but a crash behind us made us look around to see the vampires chasing after us. One look at their faces and she darted ahead of us.

As we reach the end of the hallway we hear a loud **Bang!!!** We turn around to see Velvet and Veneer trapped in an iron cage. "Caught in their own trap" says a gleeful voice from behind me. I turn around and see Eliana jumping with joy!

We grab our bags of candy and then push on the door with all of our might, but it is locked tight. Then the black cat that leads us here comes back and meows at us. "Shoo," Eliana says to the cat. She starts forward to chase it down the hall but I flick her and walk toward the cat. "What are you doing?" Eliana says in an angry voice, "That thing trapped us here." I say nothing but silently point to a key tied to its collar.

"Dumb cat" I hear Veneer mutter under his breath. Eliana hears it too. She turns around and marches right back up the hall to Veneer and mutters right in his face, "I'm keeping your cat. I don't care if it is bad luck, she is trying to help us." Then she turns around and marches right back up the hall to us.

Eliana takes the key from the cat and unlocks the door, she leads the way out and the cat follows her. The cat leads the way back up the street around all of the twists and turns to where we were trick or treating.'

"Well should we continue or should we go home?" Aurora asks. "I don't care as long as we never see that house again," I answered. We laugh and turn to Eliana who looks at her watch and says, "It is pretty late. How about we hit a few more houses and then head home." "Fine by me" I say and turn around and start walking home.

Aurora turns around and pets the cat still following us, "And we learned never to trust you again." We all laugh and turn around racing each other up and down streets.

One stormy night with one 15 year old boy camping at elderwood springs, he heard a creepy noise in the distance. "Hello?!" "anyone there!?" he yelled out near his camper, he went out into the forest alone with no supplies to see what it was, but that just made a bigger mistake. When he went outside and checked he saw nothing but bushes and trees. So goes back home waiting for another call from the forest. "When I hear that call again I wi-" Jake gets pulled into the forest while his mouth is covered to where he cant scream. He passes out and ends up in a new place called, Freddy's Pizza Place. It turns out it was his old favorite arcade place, and he hears a call from the distance, " JAKE... WELCOME BACK...." the unknown creature said, calling Jake, "who a-are you..?" "AND WHERE AM I!" Jake said. He sees an animatronic from the distance, scared, he starts hiding like it was a killer in the room. Jake tries to catch his breath but then the animatronic comes closer, "JAKE.... NO NEED TO HIDE FROM ME....". Jake was terrified. He remembered that his little brother got lost in the same building and was never found. He gets startled. "I need to find my little brother who got lost here a long time ago!" Jake whispered. So he crawls out of his hiding spot, he remembers that "hide and seek" game in the corner in the vent. So he heads in

the vent, "shoot i forgot to press the "give up" button!" Jake whispered. Jake presses the "give up" button. When he looked in the spot his little brother hid, he was terrified. Jake saw a skeleton with skin still stuck on it. While Jake was sobbing it was 5am. A big bell rang and children were screaming happily as he got

out of the vent, looking at the robot that chased and kidnapped him. He tries to escape the place without getting caught but he gets stuck in a window he tried going through. Pop! He gets through the window but is lost. The next night. He gets lost in the woods, and he sees a strange figure in the distance, "dang it... I needed to grab some supplies at the pizza place!!" Jake said, "BUT IT'S TOO LATE NOW.... AINT IT, JAKE?" the figure said, "who are you... and why did you kidnap me.." Jake said terrified, "COME HERE. I'M YOUR BROTHER! I'M JUST A ROBOT THOUGH..." the creature said. Jake ran to hug him but right when he did.. \*CRUNCH\* "POOR JAKE..... WHAT A WOOS...." William said "WELL... LET'S GET BACK TO WORK." the end.

Once upon a time there was a girl whose name was Ava. Ava was walking her dog. It was a late night stroll. She thought she would be fine. While she was walking she saw a car, it was sketchy. She thought it was a normal car. It stopped and a guy came out. He grabbed Ava and she closed her eyes and thought of her last moments. The guy drove off with Ava and her dog. Ava was super scared because they arrived at the destination. She held on to her dog as tight as she could to make sure he was safe. The guy dragged her out and put her under a trampoline. She was allergic to the materials of nerf gun darts. She got out from under a trampoline and was shot by a nerf bullet. She had an allergic reaction. She was in pain trying to find a way out.

The guy saw Ava having an allergic reaction trying to escape. He grabbed the poor girl and put her in this dark room. She was frightened by the dark. She found the door and grabbed the handle and got out of the room. She was trying to look for the exit also trying not to be seen. Her family was very worried about her. She had her phone with her and they tried to track her on an app called Life360. It was an abandoned building. They drove to the building and saw cameras. They snuck around them. They saw their dog barking. They told the dog to come.

The dog didn't listen to their calls. They got in the building and the dog saw them. He led them to Ava. They picked her up and took her to the hospital. Years later Ava didn't go on walks without her parents and was much better.

One time I was trick-or-treating, and I saw a haunted house. I wanted to go into it. Once I got to the door, I fell down into a portal and appeared in what looked like a large basement.
