Want to give a family member access to your child's grades and attendance? If so, following the instructions listed:

If you have an active PowerSchool Parent Portal account and you want another family member to view your child's grades and attendance, you can certainly make that happen. Following are instructions on how you can issue access to the Parent Portal to other family members.

Access can be granted two different ways:

1. Give the family member:
 - a. The **Access ID** and **Access Password** that you received from the registration process or from your child's school.
 - b. The Quick Reference Guide for Creating a PowerSchool Parent Account.
 - c. The PowerSchool Parent Portal web address: gcsnc.powerschool.com (do not enter www in the address).
 - d. A copy of these instructions is on pages 1-5.

OR

2. Follow instructions in the Quick Reference Guide for Creating a PowerSchool Parent Account, entering the family member's name and email address instead of your name and email address. Make sure you do the following:
 - a. Enter your child's name.
 - b. Enter your **Access ID** and **Access Password** that you received from the registration process or from your child's school.
 - c. Enter the family member's relationship to your child. Click Enter – do not click Enter from your keyboard as the system will not accept that function.
 - d. Provide the username and password you created for the family member.
 - e. Provide a copy of these instructions to the family member, letting him/her know you have created an account for them.

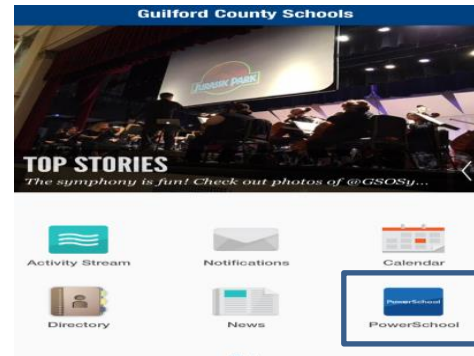

The family member can now see everything you see for your child within PowerSchool Parent Portal.

Keep in mind if the family member contacts the school regarding their PowerSchool Parent Portal account, the school will not be able to help them unless they are listed as parent or guardian to the student.
