# The CRDC Resource Center website was updated in November 2024.

The screenshot shows the homepage of the CRDC Resource Center. At the top left is the logo of the Department of Education, featuring a tree and the text 'DEPARTMENT OF EDUCATION' and 'CIVIL RIGHTS DATA COLLECTION'. To the right of the logo is the text 'CIVIL RIGHTS DATA COLLECTION' and 'CRDC Resource Center'. A search bar is located in the top right corner. The Civil Rights Data Collection (CRDC) collects data from more than 17,700 public local educational agencies and over 98k schools, including justice facilities, charter schools, alternative schools, and schools serving only students with disabilities.

The collection helps the U.S. Department of Education better monitor key education and civil rights issues, including student enrollment and educational programs and services, disaggregated by factors such as race/ethnicity, sex, English Learner status, and disability status.

The available Resources are trimmed down, but still searchable by time frame (bottom of page):
