Re: ITB # 25-00-16

Martin,

Please consider this as a notice of intent to award your firm the above-mentioned project. Upon return of the signed contract and receipt of your Performance & Payment/Materials Bonds, we will issue you a purchase order for the Halo Detector Installation project in the amount of \$31,300.00. You will also need to provide proof of insurance, your company drug testing policy, and a list of the employees that will be working on site.

In the meantime, someone from our Network Services Department will be contacting you to arrange a preconstruction meeting.

We look forward to working with your firm and bringing this project to a successful conclusion.

Thank you,

Jonathan Brabham
Infrastructure & Network Service Manager
Medford School District 549C
