

Eastern Lebanon County School District

Volunteer Handbook

Welcome!

Thank you for your interest in serving the ELCO School District as a volunteer. We appreciate your decision to volunteer your time and talents to the students of ELCO.

School volunteers enhance the educational experience in so many ways:

- By helping to ensure that vital programs like music, sports and the arts are available in the school
- By working as the extra hands, ears, and hearts of teachers whose responsibilities extend to many students
- By working to ensure student safety during educational field trips
- By working to ensure the smooth operation of many school activities, we sometimes take for granted – for example, concessions at sporting events, or equipment management at band competitions
- By listening, caring, and supporting the most important person in any school – the student.

This booklet was designed to help ensure that your volunteer experience at ELCO School District is positive. It contains a lot of information about district procedures and policies that affect you in your volunteer role, as well as tips and ideas that might make your experience more valuable.

Please let us know if there is anything we can do to help you as you give of yourself to our number one priority – our students!

Who is a Volunteer?

Volunteers fall into two categories. If you have any questions about whether or not you are considered a volunteer, please contact the building principal. A volunteer must be at least eighteen years of age.

Direct Contact	Routine	Not Volunteer
Direct contact volunteers include any volunteer who has direct contact with students. Direct contact is defined as the care, supervision, guidance, or control of children . Even if a volunteer is asked to have direct contact with a student(s) one time, he/she must meet the volunteer requirements.	Routine volunteers may or may not be having direct contact with students, but this person volunteers in the district more than once each year. Volunteering with Students

- Be sure the students know your name – establish in the beginning how they are to address you. (You may want to check with the classroom teacher as to what is normally done in the school.)
- A student's name is VERY important. Make every effort to remember the names of the students you work with.
- Remember that you are volunteering to support all students, not just your student.
- Demonstrate your interest in the students by asking them about their activities and LISTENING!
- Help build students' self-confidence by pointing out the improvement you see in their work, etc.
- Even when helping to correct a student's work, try to start the conversation by praising their hard work!
- Discuss student behavior and/or progress ONLY with the teacher.
