Park & Recreation Management

IS THIS YOU?

Find your work personality type with this free assessment at truity.com:

Holland's Model of Occupational Themes – graphic courtesy of the University of Tennessee.

Investigative | Realistic

Investigative personality types are “thinkers;” they like working with ideas and theories. They prefer working with data and are action oriented. They are intellectual, inquisitive and enjoy solving complex problems. Thinkers with a secondary personality type of “realistic” like to solve practical problems and enjoy being outdoors, operating machinery or working with their hands.
