## Club Spotlights

### This week, we're excited to highlight the Youth In Government Club

YIG (Youth in Government) is a club designed for students who want to learn and experience more about how our system of government works. In this club, students will go to the Colorado State Capitol Building in Denver and participate in a mock government for 4 days. During this time, they will create a bill in order to change or create a new law and be assigned a role within the government (Ex: part of the senate, the supreme court, etc.). This is for the purpose of letting students experience how our system of government functions.
