## INTRODUCTION

The *CCSD Parent Resource and Student Code of Conduct Manual* is a resource guide for parents, students, and all other stakeholders. Our hope is that it will be a valuable resource to our community when the need for academic, social, emotional, behavioral, and district and school support arises for CCSD students and their families.

The manual is not intended to replace any policy and/or regulation approved by the Charleston County Board of Trustees.

### OUR MISSION

To educate and support every child in achieving college, career, and citizenship readiness

### OUR VISION

CCSD is a premier school system in which

- every child is supported in and out of school,

### OUR VALUES

- Service - We are selfless in support of our students and each other.

# STUDENT CODE OF CONDUCT

## **Student Attendance:**

Attendance will be taken each day of instruction. All state truancy guidelines will be followed to include: parent letters, truancy meetings (virtual or in person), and truancy hearings. Students who are willfully not attending school may face disciplinary consequences that may lead to removal from school (alternative placement).

## **Digital Citizenship:**

Proper behavior, as it relates to the use of technology, is no different than proper behavior in all other aspects of district activities. All users are expected to use the district technology resources in a legal, responsible, ethical, and polite manner. The digital citizenship guidelines are intended to clarify those expectations as they apply to computer and network usage and are consistent with CCSD Board Policy: JICJ - Electronic and Wireless Device.

A student who knowingly violates any portion of the digital citizenship expectations will be subject to suspension of access and/or revocation of privileges on the district's system and will be subject to disciplinary action in accordance with the PDP. (i.e., but not limited to, Cyberbullying, Bullying, Intimidation, and Threat).

Students will practice responsible use of digital information regarding intellectual property, including complying with software licenses, copyright laws, and all other state and federal laws governing intellectual property. Students who willfully damage or deface school property may face disciplinary actions to include restitution, suspension, and/or student disciplinary hearing.

Students will practice safe and appropriate online behavior including using professional etiquette while communicating online.

Improper use of district technology resources is prohibited including, but not limited to:

- using racist, profane, pornographic, sexually oriented, or obscene language or materials
- attempting to send or sending anonymous messages of any kind
- using the network to access inappropriate and/or harmful materials
- bypassing the district's security measures to access sites that are filtered on the district network
- encrypting communications so as to avoid security review or monitoring by the system administrator
- using the network to provide addresses or other personal information that others may use inappropriately
- purposely engaging in activity that may harass, threaten, defame, slander, libel, malign, or abuse another (individual or group)
- forgery or attempted forgery of electronic messages; attempts to read, delete, copy, or modify the electronic mail of other system users or deliberate interference with the ability of other system users to send/receive electronic mail
- using the network for illegal purposes, in support of illegal activities, or for any other activity prohibited by district policy or guidelines
- Cell Phone Expectations: South Carolina Legislation 1.103- Anti-Bullying/School Safety, prohibits cell phone access during the school day. This is a new ruling still requiring the state board of education to write a policy for all districts to adopt. At this time, all parents and students should continue to adhere to the CCSD Progressive Discipline Plan (PDP) and each school's handbook to ensure adherence to current behavior expectations for the use of a cell phone. Students found in violation of the CCSD PDP/school-wide expectations are subject to disciplinary actions as outlined in the PDP

## STUDENT CODE OF CONDUCT

Students will use the technology resources in a positive and responsible manner that promotes creativity, innovation, collaboration, communication, critical thinking, and problem solving. Improper use of the district's technology resources is prohibited including, but not limited to:

- using the network for political activity, financial gain, or commercial activity
- attempting to harm or harming equipment, materials, or data
- changing any computer configurations and/or settings
- installing software, including freeware and file-sharing services, without permission from the Executive Director of technology or his/her designee
- streaming media, such as radio, games, video, etc., for non-educational purposes
- proxy sites – bypassing or attempting to bypass the filtering device by using sites such as, but not limited to, proxy sites on the district's electronic communications system
- running security programs or utilities that reveal or exploit weaknesses in the security of a system such as password cracking programs, packet sniffers, or port scanners or any other non-approved programs on district technology resources
- otherwise engaging in acts against the aims and purposes of the district as specified in its governing documents or in rules, regulations, and procedures adopted from time to time

Students will understand the negative impact of inappropriate technology use including online bullying and harassment, hacking, intentional virus setting, invasion of privacy, and piracy of materials such as software, music, video, and other media.

Students will log in to the district network using their own login credentials. Account information and passwords, or similar information used for identification and authorization purposes, must be kept private. Passwords should not be written down and left in a location others may find it. The individual in whose name a system account is issued will be responsible at all times for its proper use. Students will use technology resources cautiously to prevent damage.

### **Academic Integrity Code:**

All students enrolled in CCSD schools, including CCSD Online Programs, or working virtually are held to the same standard when learning. Any dishonesty such as plagiarism, cheating, and/or providing false information is grounds for disciplinary action in accordance with the Progressive Discipline Plan (PDP).

The following acts are considered dishonest and a violation of the Academic Integrity Code:

- Plagiarism – using other people's work, ideas, or information without giving credit to the source.
- Work submission through another student's password – any assignments or projects posed while using another student's username and password is considered cheating.
- Cheating – using unauthorized material including outside materials or study aides for work completion. Copying another person's work and using it as your own is considered cheating.
- Performing work or taking a test for another student.
- False information or made up data – submission is considered misleading and dishonest.

## DISTRICT INFORMATION

### Framework for Positive School Climate

The Charleston County School District firmly believes positive school climates and consistent discipline policies and practices are critical to raising academic achievement and establishing safe learning environments. It is the responsibility of all school personnel, students, parents, external stakeholders and the greater community to ensure that the school environment encourages a climate conducive to learning through the use of Multi-Tiered System of Supports (MTSS).

1. Create positive climates and focus on prevention, through the use of Multi-Tiered System of Supports (MTSS)
2. Develop clear, appropriate, and consistent expectations and consequences to address disruptive student behaviors; and
3. Ensure fairness, equity, and continuous improvement.

Source: U.S. Department of Education, Guiding Principles: A Resource Guide for Improving School Climate and Discipline, Washington, D.C., 2014.

These guiding principles lay the foundation for creating safe, supportive, and engaging learning environments which ensure the highest level of academic, social, and emotional outcomes for all students.

CCSD's district framework includes establishing MTSS for academics, behavior, and social emotional wellness. Each school should incorporate Positive Behavior Interventions and Supports (PBIS) into their MTSS framework to provide universal expectations and a continuum of student supports.

1. Tier One/Universal (School-wide): High quality academic and behavioral instruction and equitable systems designed to meet the needs of all students across all settings, including differentiated instruction for all students and inclusive practices for students with disabilities.
2. Tier Two/Secondary (Strategic): Additional targeted academic and/or behavioral interventions and supports for groups of students who are not making adequate progress with Tier One/Universal supports alone.
3. Tier Three/Tertiary (Intensive): Intensive academic and/or behavioral interventions and supports for individual students based on response to interventions/supports at Tier 1 and Tier 2 levels.

Tiered instruction, intervention, and supports should take place school-wide, in classrooms, in small groups, and with individual students and families with collective ownership and continuous communication and collaboration. Strategic planning occurs at each individual school based on the needs of their students and should result in a positive school climate with a restorative philosophy.

# PARENT RESOURCES

## Social and Emotional Learning (SEL)

Social and emotional learning (SEL) is an integral part of education and human development. SEL is the process through which all young people and adults acquire and apply the knowledge, the skills, and attitudes to develop healthy identities, manage emotions and achieve personal and collective goals, feel and show empathy for others, establish and maintain supportive relationships, and make responsible and caring decisions. SEL advances educational equity and excellence through authentic school family-community partnerships to establish learning environments and experiences that feature trusting and collaborative relationships, rigorous and meaningful curriculum and instruction, and ongoing evaluation. (CASEL, 2020)

In CCSD we incorporate various SEL curricula and climate initiatives within the MTSS framework, to support the development of positive school culture and to actively develop social and emotional competencies in all students and adults. The SEL curriculum and lessons for CCSD are aligned to the Profile of the South Carolina Graduate (<https://www.eoc.sc.gov/news/2015-02/eoc-adopts-statewide-profile-graduate>), in which we work to promote critical thinking, collaboration, and problem solving.

## School Achievement Begins With Regular Attendance

**Parents/guardians** have the responsibility to ensure that all school-age children in their care are in school and on time every day.

**Students** have the responsibility to be on time and attend all classes. Students are expected to attend school 180 days.

**Lawful Absences** (excused) shall include but are not limited to:

- absences caused by a student's own illness and whose attendance in school would endanger his or her health and the health of others
- absences due to an illness or death in the student's immediate family; the principal shall require a physician's certificate from the parent/legal guardian of a student reported continuously absent for illness.
- absences due to a recognized religious holiday of the student's faith
- absences due to activities that are approved in advance by the principal
  - Approved activities include the following:
    - state and national competitions
    - ceremonies honoring outstanding students
- work approved or sponsored by the school, the school district or the state department of education, accepted by the associate superintendent or school principal or designee as reason for excusing the student
  - out of school suspension
  - in school suspension
  - field trips approved by the principal or designee
- absences for students whose parent/legal guardian (a) is an active duty member of the uniformed services, and (b) has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat support posting, upon presentation of appropriate military orders - student will be granted up to five days of excused absences to visit with his/her parents/legal guardians upon principal approval

### Absences Due to Illness (Fever, Diarrhea, and Vomiting)

- According to the SC Department of Health and Environment Control (DHEC) Exclusion Laws, if a student has a fever, that student must be fever free for 24 hours before returning to school (this means without the use of fever reducing medications). Fever is defined as a temperature of 100.0 or greater.
- If a student has diarrhea, that student must be diarrhea free for 24 hours before returning to school (this means without the use of diarrhea suppressing medication). Diarrhea is defined as 3 or more episodes of loose stools in a 24 hour period.
- A student must not come to school if vomiting 2 or more times in a 24 hour period.
- Therefore, attendance that was excused because the nurse sent a student home with one of the above reasons should be for the day of dismissal and the next day. However, after 24 hours, if symptoms of diarrhea, fever, or vomiting are still occurring, the student should see a physician. Only the day of dismissal and the next day are excused; days after that would require a physician or parent note.

Please refer to the following links from DHEC for additional information:

# STUDENT CODE OF CONDUCT

**Unlawful Absences** include but are not limited to:

- absences of a student without the knowledge of his or her parents
- absences of a student without acceptable cause with the knowledge of his or her parents
- absences due to out of town trips/vacations

Students who are willfully not attending school may face disciplinary consequences that may lead to removal from school (alternative placement).

## **Chronic Absenteeism**

As defined by the Office of Civil Rights (OCR), chronically absent students are those absent 10 percent or more school days during the school year. According to the OCR, an absent student is one who misses 50 percent of the instructional day for any reason and regardless of whether the absence is excused or unexcused. In other words, students who are absent for any reason - including suspension, illness, and death in the family - AND miss 10 percent or more of the school year will be considered chronically absent.

## Consequences of Missing School

- **Drop-out**—Students who are chronically absent are at greater risk falling behind in grade-level academics and dropping out of school.
- **Negative Behaviors**—Students who are chronically absent are at-risk for other behaviors, such as alcohol and drug abuse, teenage pregnancy, and violence.
- **Low Academic Performance**—Students who are chronically absent usually receive lower grades and perform poorly on standardized tests.

## **Documentation of Absences**

All absences require a written explanation from the parent/guardian within three (3) school days of return from the absence. Written explanation of absences must include the student's name, parent/guardian's full name, parent/guardian's signature, date(s) of absence(s), and documentation of the reason for absence(s). **Text messages and emails are not acceptable documentation for student absences.** All documentation required by the school is subject to review and must be approved by the principal. Absences in excess of ten days per year will not be considered excused with a parent/guardian note unless they are accompanied by official medical or legal documentation.

## **Tardiness**

A student who is tardy is defined as one who arrives after the start time of the instructional day or class period as based on the CCSD bell schedule. Schools must follow the school's tardy policy.

Parents of students ages 3-17 must come into the school to sign their children in if they are late to school.

**LAWFUL TARDIES:** In order for a tardy to be excused, written documentation must be provided.

1. Doctor or dentist appointment
2. Late bus arrival
3. Teacher, guidance or administrator conference
4. Observance of a religious holiday
5. Court appearance or court ordered activity

**UNLAWFUL TARDIES:**

1. Illness on part of the student without a written excuse
2. Oversleeping
3. Traffic / Car trouble
4. Personal reasons
5. Missed bus / Carpool trouble

Continued late pick ups will result in school-based and district level interventions and/or consequences.

## **Early Sign-Outs**

When students are signed out early on an ongoing basis, their academic performance may be negatively impacted. The school system strongly encourages parents to ensure their student is in school for the full school day every day.

Students shall not be released within the final 30 minutes of the school day unless the principal or designee determines that it is an emergency, or the student has a medical, dental, or court appointment that cannot be reasonably scheduled at another time.

## **Late Pick-Ups**

Students are required to leave campus at dismissal unless they have permission to stay for an official school activity.

## **South Carolina Compulsory Attendance Law**

### **South Carolina Code of Laws Section 59-65-10 (as amended) reads:**

All parents or guardians shall cause their children or wards to attend regularly a public or private school – of this State – from the school year in which the child or ward is five years of age before September 1st until the child or ward attains his seventeenth birthday or graduates from high school. All children are required to attend a public or private kindergarten beginning at age five. If parents choose not to send their children to kindergarten, they must sign a waiver, which may be obtained at the local school.

### **South Carolina Code of Laws of Section 59-65-20**

Any parent or guardian who neglects to enroll his child or ward or refuses to make such child or ward attend school shall, upon conviction, be fined not more than fifty dollars or be imprisoned not more than thirty days; each day's absence shall constitute a separate offense; provided, the court may in its discretion suspend the sentence of anyone convicted of the provisions of this article.

### **South Carolina Code of Laws of Section 59-65-70**

If the court determines that the reported absence occurred without the knowledge, consent, or connivance of the responsible parent or guardian or that a bona fide attempt has been made to control and keep the child in school, the court may declare such a child to be delinquent and subject the provisions of the law in such cases.

### **South Carolina Code of Laws of Section 16-17-510**

It is unlawful for a person to encourage, entice, or conspire to encourage or entice a child enrolled in any public or private elementary or secondary school of this State from attendance in the school or school program or transport or provide transportation in aid to encourage or entice a child from attendance in any public or private elementary or secondary school or school program. A person who violates the provisions of this section is guilty of a misdemeanor and, upon conviction, must be fined not more than one thousand dollars or imprisoned not more than two years, or both.

## **Truancy: Three Levels**

**Truant:** A child, at least 6 but not yet 17 years old, who has accumulated three consecutive unlawful absences or a total of five unlawful absences

**Habitual Truant:** A child, at least 12 but not yet 17 years old, who (1) fails to comply with the intervention plan developed by the school, the child, and the parents or guardians, and (2) accumulates two or more additional unlawful absences

**Chronic Truant:** A child, at least 12 but not yet 17 years old, who (1) has been through the school intervention process; (2) has reached the level of a habitual truant and has been referred to family court and placed under an order to attend school; and (3) continues to accumulate unlawful absences. Students who are willfully not attending school may face disciplinary consequences that may lead to removal from school (alternative placement).

## Truancy Intervention Procedures

1. The School Level Truancy Intervention Team must communicate positive attendance challenges to the parent/guardian beginning with the first unlawful absence. The school will notify the parent by telephone or mail.
2. When a student accumulates three (3) consecutive or a total of five (5) unlawful absences the principal or designee will complete a truancy investigation.
3. A conference is required with student and parent or guardian to develop a truancy intervention plan designed to improve student attendance and eliminate unlawful absences.
4. A written truancy intervention and attendance contract should be signed by all participants with a copy provided to the parent and student.
5. When a student accumulates 2 or more additional unlawful absences the school will update the truancy intervention plan, indicate why the plan was unsuccessful, and make amendments as needed.
6. If the student continues to accumulate unlawful absences and after exhaustive interventions, a referral will be made to the Department of School Support & Community Engagement.
7. The referral will be reviewed to determine if further interventions are needed or it will be forwarded to the district's truancy hearing panel. If the referral is forwarded to a truancy hearing, parent and student will be required to attend the hearing to remedy the attendance problem. If the unlawful absences continue following the meeting with the truancy hearing panel, the case may be referred to the Department of Social Services, the Ninth Judicial Circuit Solicitor's Office for participation in Family Court, or other actions.

Note: Suspensions are not counted as unlawful for truancy purposes. A deadline will be imposed for the work to be made-up and the responsibility for getting and completing assignments will be on the student. Students who are willfully not attending school may face disciplinary consequences that may lead to removal from school (alternative placement).

## Attendance Requirement for Promotion and/or Credit

All students previously enrolled in the District and those residing in the state who are entering for the first time shall be counted unlawfully absent for each day missed due to late enrollment.

All absences are defined as lawful or unlawful. Students having a lawful absence shall be permitted to make up work missed during the absence. Absences determined as unlawful will not entitle a student to make up work missed during the time of the absence. Principals may use discretion in permitting students to make up work.

High school students will be counted absent for a full period if they miss more than half of the class period. The principal may determine the lawful or unlawful nature of the absences. Students in grades nine through twelve must attend:

- Quarter Course                      42 out of 45 Days
- Semester or 4 x 4 Course        85 out of 90 Days
- Year Long Course                    170 out of 180 Days

**Appeal Process for Denial of Credit**

Consistent with state regulations, parents/legal guardians have the right to appeal attendance violation decisions and/or question the school records regarding attendance. The appeal should be made in writing to the school principal or designee. The decision of the principal or designee may be appealed to the associate superintendent or designee. The decision of the associate superintendent or designee may be appealed to the superintendent or designee by written request for appeal within 10 days of receipt of the decision of the associate superintendent or designee. The decision of the superintendent or designee is final.

**Bus Transportation**

CCSD students are afforded the privilege of bus transportation to and from their home schools daily. Appropriate behavior by students is essential to maintaining safe transportation. Students are expected to behave in a manner, similar to that of a classroom environment. Inappropriate conduct on the school bus or at school bus stop may result in a bus conduct referral. Said referral will be reviewed by school administrators for discipline based upon the CCSD Progressive Discipline Plan.

The student code of conduct is effective under the following circumstances.

- on the school grounds during and immediately before or immediately after school hours
- on the school grounds at any other time when the school is being used by a school group
- off the school grounds at a school activity, function or event
- en route to and from school, on a school bus, at the bus stop, or any other mode of transportation; to include whenever a behavior negatively impacts school climate, safety, and the well-being of students and staff

**SC Code of Laws: Section 59-67-415. Parental responsibility for safe and timely arrival of children to and from bus stop.**

Parents or guardians are responsible for the safety, conduct, and the timely arrival of their children to and from school and or the designated school bus stop before the arrival of the school bus for pickup and transport to school and the timely departure of the children after the school bus leaves the designated school bus stop after transporting the children from school. For purposes of this section, the phrase “arrival of the school bus” includes the time that the school bus assigned to the school bus stop activates the required pedestrian safety devices, stops, and loads or unloads students until the school bus deactivates all pedestrian safety devices.

**Students are expected to arrive at the bus stop 15 minutes prior to the assigned stop time to allow for traffic variances.**

Students are expected to comply with behavior expectations outlined in the CCSD Student Code of Conduct while on all CCSD buses, at the bus stop, and after exiting the bus for regularly scheduled and school-sponsored events.

These include, but are not limited to:

- Wait at the assigned bus stop in a safe and orderly manner, respectful and aware of traffic.
- Board the bus in a single file line, once the bus has completely stopped, proceeding directly to an available or assigned seat.
- Follow the directions of all bus personnel, maintain an appropriate voice level, and be respectful of all people and property.
- Keep all hands, feet, and objects to yourself and out of windows.
- Remain seated until the bus has come to a complete stop.
- Exit only at the assigned bus stop. Any changes to this must be presented in writing by the parent or guardian in advance to school principal or designee for approval.

Consequences for Code of Conduct violations on the school bus will be addressed by the school principal or designee, following the CCSD Progressive Discipline Plan. These include, but are not limited to, parent contact, student conference, assigned seat, and/or bus suspension. Serious or continuous Code of Conduct violations on the bus may result in bus suspension for the remainder of the year.

## Title IX Sexual Harassment

The district, as required by Title IX of the Education amendments of 1972 and its corresponding regulations (“Title IX”), does not discriminate on the basis of sex in its education programs or activities. Title IX prohibits gender-based harassment, which may include acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex even if those acts do not involve conduct of a sexual nature. The district prohibits discrimination and harassment on the basis of sex or gender in all of its programs and activities by its employees, students, or third parties.

The district will respond promptly to actual knowledge of sexual harassment in an education program or activity of the district against a person in the United States in a manner that is not deliberately indifferent. The response will treat complainants and respondents equitably.

Any allegations of inappropriate conduct of a sexual nature that fall outside of this policy will be handled consistent with other applicable board policies, including the Code of Conduct.

### Sexual harassment

Sexual harassment is conduct on the basis of sex that satisfies one or more of the following:

- an employee of the district conditioning the provision of an aid, benefit, or service of the district on an individual’s participation in unwelcome sexual conduct
- unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district’s education program or activity
- “sexual assault” as defined in 20 USC 1092(f)(6)(A)(v), “dating violence” as defined in 34 USC 12291(a)(10), “domestic violence” as defined in 34 USC 12291(a)(8), or “stalking” as defined in 34 USC 12291(a)(30)

*(Note: use of email, internet, or other technologies may constitute “sexual harassment” on a similar basis to use of in-person, postal mail, handwritten, or other communications)*

Any student who believes they have been sexually harassed by another student, teacher, administrator, adult or agent of the Charleston County School District should promptly report that fact to the designated school Title IX Contact, Principal or directly to the District Title IX Coordinator. If the student or parent is not satisfied with the handling of the complaint, an appeal may be submitted to the District Title IX Coordinator, Office at 75 Calhoun Street, Charleston, SC 29401.

Sexual harassment is a serious matter. Any student determined to have purposefully made a false report of harassment shall be disciplined for such conduct.

## Harassment, Intimidation, Bullying, and Cyberbullying

Harassment, intimidation or bullying is inclusive of any gesture, electronic communication, or a written, verbal, physical, emotional or sexual act reasonably perceived to have the effect of any of the following:

- harming a student physically or emotionally or damaging a student’s property, or placing a student in reasonable fear of personal harm or property damage.
- insulting or demeaning a student or group of students causing substantial disruption in, or substantial interference with, the orderly operation of the school.
- demonstrates motivation by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability or by any other distinguishing characteristics.

Harassment	Intimidation	Bullying	Cyber bullying
Any insulting, abusive or dehumanizing statement or action which negatively impacts another person’s (student or staff) emotional or mental well being. This could be in person or with technology (email, blogs, texting, social media, chat rooms, sexting, instant messaging, video voyeurism, etc)	Physical, verbal, written or electronic action which immediately creates fear of harm, without displaying weapons and without subjecting the victim to actual physical attack. (This category only includes verbal incidents that cause fear. It does not include insubordination, lack of respect, defiance of authority, etc.)	Bullying is defined as an unwanted, aggressive, deliberate and repeated act with intention to hurt, insult or threaten another person in school, on school grounds, in school vehicles, or at school events. Bullying consists of an imbalance of power when the person(s) doing the bullying has more physical, emotional, or social power than the target.	Cyberbullying is bullying that takes place over digital devices such as cell phones, computers, and tablets. Cyberbullying can occur through SMS, text, and apps, or online in social media, forums, or gaming where people can view, participate in, or share content. Cyberbullying includes sending, posting, or sharing negative, harmful, or false, content about someone else. It can include sharing personal or private information about someone else causing embarrassment or humiliation.
Multiple incidents of harassment and/or intimidation can be considered bullying.		If bullying and/or cyberbullying that occurs outside of school disrupts the educational environment, the district has the authority to intervene to provide intervention and/or consequences.	

## Assistance for Bullying

If you are being bullied, harassed, or intimidated:

- Tell someone you trust – a parent/guardian, a teacher, counselor, administrator or use your CCSD email account to report anonymously to [speakup@charleston.k12.sc.us](mailto:speakup@charleston.k12.sc.us) or call 1.877.250.2790.
- Calmly tell the student to stop or say nothing and walk away.
- Try to avoid situations where bullying is likely to happen.

If you know someone who is being bullied, harassed, or intimidated:

- Tell someone you trust – a parent/guardian, a teacher, counselor, or administrator or use your CCSD email account to report anonymously to [speakup@charleston.k12.sc.us](mailto:speakup@charleston.k12.sc.us) or call 1.877.250.2790.
- Don’t encourage the bully by laughing or joining in.
- Encourage the bullied student to talk to someone he/she trusts about what happened. Engaging in these behaviors or any online activities intended to harm (physically or emotionally) another person will result in disciplinary action. In some cases, cyberbullying may be considered a crime.

## Services Available for Students

Parent Notice Required By S.C. Code Ann. Section 59-63-90 (Supp. 2005)

Many health care services can be provided for students to keep them at school where they can learn and participate with other students. Our goal is to provide information to parents and legal guardians about some of the services and programs available for addressing the health care needs of students during the school day to help students succeed in school. It is important that the necessary health care information is shared with the appropriate people to ensure that the students' needs are met throughout the school day.

### **Individual Health Care Plans or Individual Health Plans (IHPs)**

Individual Health Care Plans are also called Individual Health Plan or IHPs. School nurses who are registered nurses write IHPs to guide how a student's health care needs will be met while at school. The nurse works with the student, the student's parents or legal guardians, the student's health care provider, and other school staff to write the plan. IHPs are written for students who have special health care needs that must be met by school staff during the school day. IHPs are also written for students who have been approved by the school district to self-medicate or self-monitor. To learn more about IHPs, talk with your child's school nurse or CCSD Office of Nursing Services at 843-745-2184.

### **Section 504 of the Rehabilitation Act of 1973 (Section 504)**

Section 504 is a federal law that requires public schools to make adjustments so that students with certain disabilities can learn and participate in settings like other students who do not have disabilities. To be eligible for services under Section 504, a student must have a condition that substantially limits one or more major life activities. A team decides if a student is eligible. The team should include the student's parent or legal guardian, the student (if able), and others who know the student or know about the student's disability, such as a teacher, a guidance counselor, a school nurse, and other school staff. If the student is eligible, the team develops an individual accommodation plan. The individual accommodation plan explains how the student's needs will be met while at school and may include health services for the student during the school day if needed. To learn more about Section 504, contact your child's school or the CCSD 504 Coordinator at 843-937-6500.

### **Individuals with Disabilities Education Act (IDEA)**

Students, ages 3 through 21 years, may receive services under the IDEA, if the student needs special education and related services to access his or her educational program. A team decides if a student qualifies for services under the IDEA. The team includes the student's parent or legal guardian, teachers, an administrator, and other school staff. The team develops an Individualized Education Program (IEP), if the student meets federal and state requirements. The IEP outlines a plan for helping the student receive a free appropriate public education to meet goals set by the team. The IEP may include health services for the student during the school day if needed. Contact the Department of Exceptional Children Services at 843-937-6500 to learn more about IDEA.

### **Medical Homebound Instruction**

South Carolina's mandates regarding medical homebound instruction appear in the State Board of Education Regulation 43-241. Regulation 43-241 states that students who cannot attend public school because of illness, accident or pregnancy (with complications), even with the aid of transportation, are eligible for medical homebound or hospitalized instruction. A physician, nurse practitioner, in compliance with the requirements of the Nurse Practice Act, or physician assistant in compliance with the requirements of Article 7 of the Medical Practice Act, must certify that the student is unable to attend school but may profit from instruction given in the home or hospital. Any student participating in a program of medical homebound instruction or hospitalized instruction must be approved by the district superintendent or his or her designee on standardized forms provided by the State Department of Education (Department). Medical homebound instruction may be approved for a maximum of 45 instructional days at a time. School districts are not required to automatically approve every request for medical homebound instruction. The superintendent of the school district, or his or her designee, must approve any medical homebound instruction request on an individual basis. If it is necessary for homebound instruction to continue beyond the approved period of time, a new medical homebound instruction form will be required. A school or district representative may contact the parent and doctor to request additional information and discuss strategies to maintain the student in the school environment. The school or district representative may ask for additional information regarding the student's individual health/treatment plan, progress towards treatment goals and specific plans to transition the student back to the school setting in order to justify the need for extended services. For questions or additional information, please reach out to [homebound@charleston.k12.sc.us](mailto:homebound@charleston.k12.sc.us).

A parent has the right to appeal the homebound decision made by the superintendent or designee and school team. The appeal must be made in writing to the Department of Alternative Programs and Services within 10 instructional days of receipt of the homebound denial letter from the school.

Homebound services are appropriate for short term intervention and should not be viewed as a long term placement for regular school attendance. Medical homebound instruction is designed so the student does not fall significantly behind during the period of confinement. The district's attendance (and truancy) policy does apply to homebound students. If a student misses 3 consecutive or 5 cumulative homebound sessions, the school is expected to follow the CCSD truancy protocol. Students receiving medical homebound instruction should return to schoolbased instruction as soon as physically possible.

## Health Services: Medication and Medical Procedures

No student shall carry medicine in school except for students given permission to do so by the Individualized Healthcare Plan (IHP) to guard against a life threatening condition. All medications must be brought to the school by a responsible adult and delivered to the school nurse, or in the absence of the nurse, to the school employee designated by the principal. The responsible adult delivering the medication may be required to count the medication with the nurse or school employee. Medication may not be transported to or from school by students. CCSD has established a policy (JLCD) identifying procedures for the safe administration of medications and/or medical procedures performed during school hours.

### Medications

1. When possible, medications should be given by parents/guardians before or after school hours.
2. Any prescription medication to be given at school or school related activities must be accompanied by written orders from a health care practitioner who is recognized by SC's Dept of Labor, Licensing, and Regulation as authorized to prescribe medications and accompanied by a completed CCSD Medication/ Procedure Doctor's Order form.
3. CCSD and its employees reserve the right to refuse to honor medication requests that are not consistent with professional standards and/or deemed unsafe for the school setting. If this occurs, alternatives for meeting the students' needs will be discussed.
4. Requests from parent/guardians for administration of herbal/alternative medicinal products, "off-label", or investigational medications will be evaluated on a case-by-case basis.

### Procedures

1. Medical Procedures require receipt of the completed CCSD Medication/ Procedure Doctor's Orders form and necessary equipment for the procedure.
2. The school nurse, in consultation with the parents/guardians, physician and student, will develop an IHP for the medical procedure.

### Parent/Guardian Responsibility

1. Deliver the completed CCSD Medication/ Procedure Doctor's Orders form along with medication in the original labeled prescription container and/or proper equipment for medical procedure to the school
2. Inform the school of any changes in the student's health condition, medical procedure, or medication
3. Update CCSD forms annually or when there is any change in the medication or medical procedure
4. Pick up any unused medication or medical supplies within one week of discontinuation or last day for students, whichever comes first, after which medications will be disposed
5. Provide no more than a thirty (30) day supply of medication to the school
6. Be responsible for medication/equipment until it is received by principal or his/her designee

### Self-Medicating and/or Self Monitoring

Certain students with special health care needs may self-administer and/or self-monitor provided that certain conditions are met.

For additional information regarding medications and medical procedures, please contact your child's school nurse or Nursing Services at 843-745-2184.

Students are allowed to self carry and self administer non aerosol sunscreen at school with parental consent.

## Alternative Educational Programs

### **Adult Education**

Charleston County School District's Office of Adult Education offers students who are officially withdrawn from the K-12 program the opportunity to complete their high school education. Students who are 17 years of age must have local school board (constituent) approval prior to enrolling.

State Board Regulation 43-259: Graduation Requirements: A student has two courses of study to earn their high school credential. Students must meet the current graduation requirements to receive a State of South Carolina High School Diploma or study to prepare for the State GED test and receive a State of South Carolina High School Equivalency Diploma.

### **Daniel Jenkins Academy (9th-12th)**

Daniel Jenkins Academy (DJA) serves students in grades 9-12 in lieu of expulsion. High school students have access to a full high school program of study, both through in-person and online learning. Students move through the DJA program by earning points in four areas: attendance/engagement, behavior, social emotional growth, and academics. DJA also operates CCSD's high school Day Treatment program, the most restrictive setting for students with disabilities in grades 9-12. Students are placed in the day treatment program by their IEP team to receive significant support for behavioral disabilities and mental health challenges. DJA serves as the Interim Alternative Educational Setting (IAES) for high school students in CCSD.

### **Liberty Hill Academy (K-8th)**

Liberty Hill Academy (LHA) provides academic and behavioral support for students in grades K-8. Students are assigned to Liberty Hill in lieu of expulsion. Students move through the LHA program by earning points in four areas: attendance/engagement, behavior, social emotional growth, and academics. LHA also operates CCSD's middle school Day Treatment program, the most restrictive setting for students with disabilities in grades K-8. Students are placed in the day treatment program by their IEP team to receive significant support for behavioral disabilities and mental health challenges. LHA serves as the Interim Alternative Educational Setting (IAES) for middle school students in CCSD.

Finally, Liberty Hill Academy provides educational services to students in grades K-12 on the campus of Windwood Farm in Awendaw.

## **Septima P. Clark Academy (8th-12th)**

Here are some facts about Septima P. Clark Academy:

- Septima P. Clark Academy is an academic alternative program for students in grades 8-12.
- Septima P. Clark Academy is not a discipline school or discipline alternative.
- The completion of an application and student/parent interview are a part of the enrollment process for Septima P. Clark Academy.
- Students may apply to attend Septima P. Clark Academy for a variety of academic and social-emotional reasons that have prevented them from being successful in a traditional school setting.
- The small class sizes and acceleration opportunities allow students who have fallen behind to get back on the path to graduation.
- The typical class size is 15 students or less.
- Potential overage 8th graders are allowed to apply based on their middle school principal's recommendations.
- High school students are allowed to participate in their home school extracurricular activities and sports.

- Students who are assigned to TPA as a result of an illicit substance violation, also receive additional support through CCSD's Alcohol Alternative Education Program where additional community programs may be offered or a digital curriculum may be used to reteach and prevent continued behaviors.

# STUDENT CODE OF CONDUCT

## CODE OF CONDUCT - Refer to Policy JICDA

**Purpose: To establish the basic structure and vision for a code of conduct and discipline for students.**

The board expects students to conduct themselves in an orderly, courteous, dignified and respectful manner. This requirement refers to their actions toward other students and all school district employees, their language, their dress and their manners. The board believes self-discipline is an interpersonal goal of public education.

The superintendent shall implement the district's code of conduct and discipline to achieve and maintain order in the schools. In the student code of conduct, the board and the administration offer a list of offenses along with the required or recommended dispositions for the information of students, parents/legal guardians and school personnel.

Students have a responsibility to know and respect the policies, rules and regulations, as defined in the student code of conduct of Charleston County School District. Violations of such policies, rules and regulations shall result in disciplinary actions.

The board directs the administration to establish a student code of conduct and progressive discipline plans to create and preserve conditions essential to orderly operation of the schools. The board authorizes its school authorities to employ probation and suspension and to recommend expulsion, if necessary, to enforce this policy (see policies JKD and JKE).

Disciplinary actions shall include appropriate hearings and review. The removal of a student from the learning environment shall occur only for just cause and in accordance with due process of law. The administration shall consider extenuating circumstances when taking disciplinary Action.

**The student code of conduct is effective under the following circumstances.**

- on the school grounds during and immediately before or immediately after school hours
- on the school grounds at any other time when the school is being used by a school group
- off the school grounds at a school activity, function or event
- en route to and from school, on a school bus, at the bus stop, or any other mode of transportation
- whenever a behavior negatively impacts school climate, safety, and the well-being of students and staff

## Code of South Carolina

Notice of Regulations: Upon admission to school, each student shall have access to the code of conduct and a form of acknowledgement to be signed by the student and parent/guardians and returned to school.

### Legal Authority

The Board of Trustees of the Charleston County School District is required by the State Statute (see Sections 59-15-40, 59-19-90 et. seq. and 59-63-210 et. seq. Code of Laws of South Carolina, 1976, and Act No. 340 of the Acts of 1967) to make and adopt rules setting forth standards of scholastic achievement and standards of conduct and behavior that must be met by all students as a condition to the right of such students to attend schools in this District. The rules shall take into account the necessity of proper conduct on the part of all students and the necessity for scholastic progress in order that the welfare of the greatest number of students shall be promoted, even though such rules may result in the ineligibility of students who fail to observe the required standards and may require the suspension or permanent dismissal of such students.

# STUDENT CODE OF CONDUCT

## Application of Code Jurisdiction

The Code of Conduct and its provisions are in effect during regularly scheduled school hours as well as at such other times and places, including, but not necessarily limited to: school-sponsored events, field trips and athletic functions where appropriate public school administrators have authority over students or the behavior has a direct effect on the order and general welfare of the school.

Provisions of this Code of Conduct regarding Vandalism and/or Destruction of School Property and Theft of School Property are applicable whether or not school is open or in session at the time the offense is committed.

## Progressive Discipline Plan (PDP)

The CCSD Progressive Discipline Plan (PDP) is a guide for all administrators to use when processing office discipline referrals. The PDP was created with the assistance of elementary, middle, and high school administrators, teachers, constituent board members, and parents. The middle and high school PDP was created with students, district staff, constituent board members, parents, and other community organizations. Meetings were held from February 2024-May 2024 to gather input and review data and feedback. The final draft was submitted to the Charleston County Board of Trustees for review and feedback.

The infraction title and codes listed in the PDP are assigned by the state. The majority of the behavior levels are directed by the state; however, behaviors considered more egregious towards adults may have been placed in a higher level (for example, profanity is a Level 1 offense based on the state's code, but profanity towards an adult is considered a Level 2 infraction for CCSD). Changes such as the example given, were approved by the planning committee and are outlined in the PDP with the proper interventions.

**Important to Know:** The PDP exists to ensure consistency and fairness when assigning interventions, support, and disciplinary consequences to students, but it is important to understand that administrators may elect to provide additional interventions or assign a lesser consequence based on extenuating circumstances. In addition, administrators may assign a more exclusionary consequence with approval from a level leader.

# STUDENT CODE OF CONDUCT

## 2024-2025 CCSD Progressive Discipline Plan

### TERMS TO KNOW

**Important to Know:** The CCSD Progressive Discipline Plan serves as a guide for all school administrators to use when coding incidents and applying consequences for the violated infraction. School administrators have the responsibility of ensuring all discipline referrals are coded correctly before processing; therefore, referrals incorrectly coded, will be edited by the school administrator to reflect the correct state coding (once an investigation has been completed). The consequences provided at each infraction level are the highest level of consequences recommended for each offense; however, the assignment of a consequence is at the discretion of the school administrator. To determine the appropriate consequence(s) that should be applied to the violated infraction, the administrator will collect all evidence, use the student's academic profile as it relates to Special Education services and other pertinent information, and the severity and impact of the violated infraction to determine the most appropriate recommended consequence to assign. Admins may elect to assign a lower consequence based on the information collected, but must seek Level Leader approval when assigning a higher than recommended consequence.

Terms to Know	Meaning
Progressive Discipline Plan (PDP)	Progressive Discipline Plan that outlines the maximum consequences that can be assigned for all violated infractions. The PDP serves as a recommended guide for all administrators to use when assigning consequences, but should not be used as "THE FINAL DETERMINATION" for addressing student discipline concerns.
Infraction/Code/ Definition	All infractions, codes, and definitions are assigned by the state and federal government and cannot be altered by a school district.
Admin/Parent Contact	Admin makes contact with the parent to ensure communication of an offense and consequence assigned. <i>For example: phone call, text, email, letter/parent note, etc.</i>
Admin/Parent Conference	Admin meets with the parent via in-person conference, zoom, or home visit.
Loss of Privilege(s)	A school related activity, event, or opportunity may be restricted, to include but not limited to, school related field trips or events, participation in an athletic sport, attendance at an athletic game, attendance to prom, or attendance at graduation, etc. The assignment of consequences will be based on the violated infraction and its impact to school climate and safety. This does not include the permanent removal of a student from any athletic or school team (please use your school's athletic handbook when making this decision).
Conditional Suspension	A mandated in-person parent conference must take place, but if missed, the student is assigned an out of school suspension and returns to school the following day.
District Restorative Refocus/ Reflection Form	A form that is completed by a student and discussed in a teacher/student conference whenever a first offense occurs. The form should be updated by the teacher anytime a student commits an additional violation for the same infraction, but it does not require the student to complete the form an additional time for the same offense.
Teacher Managed Referrals	Violations are handled by the teacher and communicated to the parent. All Teacher Managed Referrals require Teacher/Parent contact, all 1st Occurrence referrals require District Restorative Refocus/ Reflection Form, 4th teacher managed referral for the same infraction = an Office Managed Referral for 271 Failure to Comply with Disciplinary Action beginning at the 1st Occurrence. For Elementary Schools ONLY- all students will be allowed to reset their Teacher Managed Referral counts to 0 at the start of every nine weeks. This does not mean referrals will be removed from the discipline database. All referrals must remain on record.
Office Managed Referrals	A referral written by a teacher and processed by an administrator or a referral that has been written and processed directly by an administrator.
In-School Suspension (ISS) w/services	Student is removed from the general education environment for 30 min or more, but is still allowed to complete assignments and/or receive accommodations within the SpEd environment.
In-School Suspension (ISS)	Student is removed from the general education environment for 30 min or more, but is restricted from accessing school assignments or receiving accommodations.
Temporary Virtual Placement (TVP)	A school may consider placing the student on temporary virtual until the hearing has been conducted. If this option is applied, schools must use the temporary virtual placement guidelines and attendance coding that has been provided by DoSS. NOTE: For Special Education Students, the school administrator must first coordinate with the Department of Exceptional Children before changing a student's placement. TVP may not be the appropriate placement for a SpEducation student.
District Approved School Probation Contract	A contract developed by the school due to the disciplinary violation(s) a student has had at school or a behavior that has impacted the school while the student was off campus representing the school or community. The specific stipulation of the student's probation terms will be listed on the contract and reviewed with the student and parent. (Contract violation is specific to the behavior(s)/disciplinary violation(s) as outlined in the contract and cannot be violated for non-identified behavior(s) or disciplinary violation(s).

# STUDENT CODE OF CONDUCT

## Knd-5th Grades Progressive Discipline Plan Classroom/Teacher Managed

Behaviors which adversely affect a student's educational progress. Classroom/Teacher Managed infractions should be handled by the classroom teacher and are not processed through a formal referral for disciplinary actions from administration. However, these infractions are documented by the teacher. Cases of multiple or chronic offenses may require administrative/guidance action (assistance) and referral for interventions.

### IMPORTANT TO KNOW

Mandatory teacher/parent contact (phone call, text, email, letter/parent note, etc. with documentation in log entries) is required for ALL Teacher Managed Referrals. \*The 1st Occurrence of an Infraction (in each assigned class) requires the student to complete a District Refocus/Reflection Form (provided). NOTE: For middle and high school students, the reason(s) for the behavior may differ for each class.

### DISTRICT-WIDE EXPECTATIONS

Three Teacher Managed Referrals, with occurrences on different days for the same infraction, will result in the 4th infraction being coded as a Level 1-271 Failure to Comply with Disciplinary Action.

For Elementary Schools ONLY- all students will be allowed to reset their Teacher Managed Referral counts to 0 at the start of every nine weeks. This does not mean referrals will be removed from the discipline database. All referrals must remain on record.

## Suspension of Students – Refer to Policy JKD

### **Purpose: To establish the board's vision for the suspension of students.**

The superintendent must provide due process of law to students, parents/legal guardians and school personnel through procedures defined in the student code of conduct for the suspension of students which comply with federal and state law.

Under state law, a principal may suspend a student for committing a crime, gross immorality, gross misbehavior, persistent disobedience, for violating written rules and regulations or when the presence of the student is detrimental to the best interest of the school or disruptive to the educational process.

Suspension is the exclusion of a student from school and school activities for a period of time not to exceed five school days for any one offense as determined by the principal. The associate superintendent shall have the option to add days of suspension, not to exceed a total of 10 days, for any one offense.

A student may not be suspended without the approval of the associate superintendent during standardized testing periods or the last 10 days of school if the suspension will make the student ineligible to receive credit for the school year unless the presence of the student constitutes an actual threat to a class or a school.

Whenever a student who is classified as disabled commits a suspendible offense, the principal or his/her designee will confer with special education personnel before initiating suspension procedures.

\*The principal may delegate duties.

Refer to state codes 59-63-220 and 59-63-230

### **Parent/Guardian Conference**

When a pupil is suspended from a class or a school, the administrator shall notify, in writing, the parents or legal guardian of the pupil, giving the reason for such suspension and setting a time and place when the administrator will be available for a conference with the parents or guardian. The conference shall be set within three days of the date of the infraction. If a conference cannot be arranged or a satisfactory way cannot be found to deal with the student's infractions of school rules within three days, either the student or parent or guardian may appeal or the principal may request that the case be referred to the level leader.

### **Suspension Appeal Process**

When a student is suspended from a class or a school, the principal or building level administrator shall notify, in writing, the parents or legal guardians of the student, giving the reason for such suspension.

A parent may appeal a suspension by doing the following:

- In writing, within 10 school days, request a conference with the principal, if the student was suspended by the assistant principal.
- If there is still a disagreement or the student was disciplined by the principal, submit a written letter of appeal within 10 school days to the appropriate Level Leader (the principal's supervisor).
- The next level of appeal, if needed, would be to verbally request that the Level Leader forward the appeal documents to the Deputy Superintendent or his/her designee for review and decision-making.
- If further mediation is required, the constituent board for the assigned school will review the appeal documents and render a decision.
- A final review of all appeal documents, if needed, would be conducted by the CCSD Board of Trustees.

**A. Referral for Intervention:** A referral for intervention to the Department of Student Services may be completed by an administrator for varying reasons.

**EXAMPLES:**

- Directed by the Progressive Discipline Plan (PDP) to seek outside intervention
- School level behavioral interventions have been exhausted and student is in need of additional support
- A student is in need of support for a situational issue
- Student is in need of drug and/or alcohol counseling
- Truancy issues have not improved with school level interventions

**INTERVENTION REFERRAL PROCESS:**

- School official notifies (via phone, email, or in writing) the parent/guardian that an intervention referral is being initiated
- School compiles the necessary documentation and submits referral to the Department of Student Services
- Referral is reviewed by personnel in the Department of Student Services and is accepted or returned for further documentation/intervention
- If approved, a staff member from Department of Student Support Services will be assigned to support the school in developing an intervention plan of support
- Work with the school and parent to complete an intervention plan
- The assigned Department of Department of Student Support Services staff and the school team will provide monthly updates regarding the student's progress to all stakeholders

**B. Referral for Discipline:** A referral for a disciplinary issue can be made to the Department of School Support & Community Engagement by an administrator.

**EXAMPLES:**

- Student transferring into CCSD from an alternative program in another school district
- Student entering into CCSD with a pending expulsion in another school district
- Directed by the Progressive Discipline Plan
- Multiple Level 2 offenses (Consistent Offender)

**DISCIPLINE REFERRAL PROCESS:**

- School official notifies (via phone and in writing) the parent/guardian:
  - Infraction that occurred and school discipline
  - discipline referral is being submitted to the Department of School Support & Community Engagement
- School compiles necessary documentation and submits disciplinary referral.
- Referral is reviewed by personnel in the Department of School Support & Community Engagement and is accepted or returned for further documentation/intervention.
- If accepted, a disciplinary review hearing will be scheduled. The parent will be notified of the date, time, and location.
- Disciplinary hearing is held with the parent, student, school official and the Hearing Panel. (If the hearing is not held within the dates of a suspension, the student can return to school on a probationary status. If there is cause to believe the student's presence in school would constitute a threat to the safety of others, the level leader can approve additional suspension days.)
 

*Possible decisions:*

  - Enrollment in and successful completion of assigned program or an elected approved Drug and Alcohol Program by the family (CCSD will not incur the cost)

## STUDENT CODE OF CONDUCT

- Recommendation for counseling services (CCSD will not incur the cost)
- Assignment to an Alternative Program
- Restrictions from extra-curricular or school activities
- Recommendation for other interventions or community-based programs (CCSD will not incur cost)

**C. Referral for Expulsion:** A principal may make a referral for expulsion in the following situations:

- Majority of Level 3 infractions
- Other infractions as directed by the Progressive Discipline Plan
- Student attempting to enroll who is currently expelled from another school district

### EXPULSION REFERRAL PROCESS:

- School official notifies (via phone and in writing) the parent/guardian:
  - Infraction that occurred and school discipline
  - Expulsion referral is being submitted to the Department of School Support & Community Engagement
- School compiles necessary documentation and submits disciplinary referral (for expulsion) to the Department of School Support & Community Engagement.
- The packet is reviewed to ensure all components are present.
- If approved, the Department of School Support liaison will notify the parent of the scheduled hearing date, time, and location. If the hearing is scheduled on short notice (less than four days), the department liaison will confirm the date and time with the parent and guardian via phone. (If the hearing is not held within 10 days of the notice, the student can return to school on a probationary status. If there is cause to believe the student's presence in school would constitute a threat to the safety of others, the level leader can approve additional suspension days and/or assign a student to Temporary Virtually Placement.)
- The hearing is conducted by a Constituent Board in their designated area and must be heard in the presence of all parties: student, parent/guardian, school administration, and representative from the Department of School Support & Community Engagement.
- The Constituent Board can make the following decisions:
  - District probation
  - Additional suspension
  - Assignment to Alcohol and Other Drug Alternative Program for Teens (ADAPT) (CCSD does not incur cost)

3. The student/parent has the right to a neutral decision maker.
4. The student/parent has the right to examine the evidence (to include all videos, if applicable), present witnesses, and challenge the evidence against them. Parents have the right to view the video at the time of the incident, at a scheduled date and time agreed by all parties, or at least no later than 3 days before the scheduled hearing. (S.C. Code 59-63-240).
5. The student/parent or school administration have the right to appeal the decision made by the hearing and placement coordinator or constituent board within 10 SCHOOL days.

## Expulsion of Students - Refer to Policies JKE and JFAA

(See pages 59-60 for Disciplinary Proceedings for Students with Disabilities)

**Purpose: To provide for the expulsion of students.**

All hearings shall be conducted in accordance with state law and the district's code of student conduct.

Expulsion is the removal of a student from a school for the remainder of the school year or until readmitted by the constituent or, on appeal, the county board for a specified period of time as designated by the Constituent or the County Board. The Constituent Boards, subject to appeal to the County Board, may authorize or order the expulsion, suspension or transfer of any student for the commission of any crime, gross immorality, gross misbehavior, persistent disobedience or for violation of written rules and promulgated regulations established by the County Board or the State Board of Education or when the presence of the student is detrimental to the best interest of the school.

A Constituent Board may delegate its authority to initially hear a student's appeal to a hearing panel or a hearing officer. If the hearing is held by any authority other than the constituent board, either party has the right to appeal the decision to the constituent board. After the constituent board has rendered its written decision concerning the recommendation of expulsion, either party may appeal that decision to the county board. The decision of the county board may be appealed to the circuit court.

Note: Expulsion does not exclude students from enrollment in a CCSD Adult Education program with approval of the Constituent Board.

### **Notification of Disciplinary Action**

The district administration shall provide written notice of the recommendation for expulsion to the student or parent/legal guardian of the date of the infraction and the infraction code and title. The office referral should be included with the parent notification of the recommendation for expulsion. Once procedures for expulsion have been initiated, the district administration/designee shall notify the parents/legal guardians of the student in writing of the time and the place of the hearing either before the board or staff from the Department of School Support & Community Engagement. Hearings may be held "in absentia" of the parent/student.

### **Summer Program Discipline Code Violations**

In the event which the administrator recommends a summer program student for expulsion, the same procedure as for the regular school year shall be followed. The school hosting the summer program shall make the recommendation to the Department of School Support & Community Engagement. In the case of a Constituent Board hearing, the host district would conduct the expulsion hearing. The decision of the host board, the record of the alleged violation(s), and the ultimate decision on the student shall be forwarded to the student's home Constituent Board which shall decide whether or not to admit the student to his/her regular school for the regular term, and if admitted, under what conditions.

## Additional Expulsion/Appeal Information

### Restrictions for Expelled Students

- Students expelled from any CCSD Constituent District shall be ineligible to attend school in any other CCSD Constituent District.
- Students expelled from school are prohibited from coming onto CCSD property (unless prearranged by school/district officials), attending school functions, or riding a school bus.
- Students who withdraw from CCSD once the expulsion process is initiated must be referred to the Department of School Support & Community Engagement for appropriate action before being readmitted into CCSD.
- Per policy JFAA, students expelled from other schools (charter, private, online, etc) and school districts will not be considered for admission to a CCSD school until the student's expulsion period is served. After the expulsion period is served, the parent should contact the Department of School Support & Community Engagement for further guidance.

### Re-Admission Prerequisites (following completion of the expulsion period)

Every expelled student is required to petition the Constituent Board for readmission to school upon completion of the expulsion period unless permanently expelled. Any student expelled for a second time may be permanently expelled.

### Appeals

The parent/guardian of the student, principal, or level leader may submit a written request for appeal of the Constituent Board's decision to the Charleston County Board of Trustees within ten 10 CALENDAR days upon receipt of the disposition.

Any student, parent or guardian aggrieved by the order of the CCSD Board of Trustees has the statutory right to appeal to the Circuit Court within ten days of receipt of the decision.

If the student is reinstated by the Superintendent, Constituent Board, or County Board, he/she will be restored all privileges and allowed to make up all work while absent as a result of the procedures.

### Extraordinary Proceedings

When a majority of the Charleston County School Board shall agree that the action of a Constituent Board in readmitting a student to school or maintaining a student in school constitutes a reasonable chance of danger to persons or property, or that the student's admittance or maintenance so clearly undermines the goals of quality education that the integrity of the system is jeopardized, the CCSD Board of Trustees may then on its own motion require the matter to be brought before it for hearing de novo without regard to any decision formerly reached by a Constituent Board. To overturn an action of a Constituent Board under this Extraordinary Proceeding de novo hearing, a vote of six members of the County Board shall be required.

## Disciplinary Procedures for a Student with Disabilities

### **Disciplinary Procedures for a Student with a 504 Plan** 34 CFR Sec.104

Students with a disability served under Section 504 are subject to the same disciplinary action as a non-disabled student, provided that the student's behavior is not a manifestation of his or her qualifying disability. A 504 Team must conduct a Manifestation Determination Review (MDR) whenever a student with a disability is subject to out of school suspension for 10 consecutive school days or more. A series of suspensions that total more than 10 days may also trigger the manifestation determination requirement of Section 504. If the 504 Team concludes that the violation is a manifestation of the student's qualifying disability, the discipline process must end and the 504 Team should review the 504 Plan to determine if changes are appropriate. If the violation is not a manifestation, the student is subject to the same disciplinary action that any non-disabled student would receive for the same violation.

**Students shall be referred for expulsion if the behavior was found not to be a manifestation of the disability.**

If you have questions or concerns regarding 504 plans, please contact 843-937-6500.

### **Disciplinary Procedures for a Student with an Individual Education Plan (IEP)** 34 CFR Sec.300.530

Students with a disability who receive services through an IEP are subject to the same disciplinary action as a non-disabled student to a certain point. IDEA limits the number of disciplinary suspensions to 10 cumulative school days in any given school year. If a student has a violation that would normally result in additional removals, or a change of placement, IDEA requires a manifestation determination review (MDR) meeting be held within 10 school days of the disciplinary offense. The IEP team will meet to determine if the conduct in question was a manifestation of the student's disability.

If the IEP Team determines that the conduct in question IS related to the disability:

- The IEP team must determine appropriate placement and services to be provided in the current setting.
- Develop or review the implementation of the Functional Behavior Assessment (FBA) and Behavior Intervention Plan (BIP).
- Document any IEP amendments according to the Department of Exceptional Children Process Guide.

If the IEP Team determines that the conduct in question IS NOT a manifestation of the disability:

- The student may be subjected to regular disciplinary procedures and regular removals, as in the case of a similarly-situated, non-disabled student. If the discipline is additional out-of-school suspension days, past the 10 days, the IEP team has to determine how the student will receive a FAPE during the period of suspension.
- If the student is subjected to long-term removal, services must be provided to ensure progress on the IEP as determined by the IEP team.

### **Suspension and/or Removal from Placement in Excess of Ten Days**

In the event that a student with a disability is removed from his/her current placement in excess of ten school days during the course of the school year, the District shall ensure that services are provided to allow the student to participate in the general curriculum and progress toward meeting the goals of his/her Individual Education Plan (IEP). Removal of a student with disabilities outside of the school personnel's authority, for more than ten consecutive days, and/or for long-term removals which constitute a Change of Placement will be addressed by the IEP Team.

If the behavior is a manifestation of the disability, the student may not be suspended or expelled beyond the date of the meeting, but the IEP team may review the current IEP and make any revisions deemed necessary by the team with the parent's input.

**45 Day Removal**

School administration may remove a student to an Interim Alternative Educational Setting (IAES) for up to 45 school days without regard to whether the behavior is determined to be a manifestation of the student's disability, if the student:

- Carries a weapon to or possesses a weapon at school, on school premises, or at a school function
- Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function
- Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function

\*Section 1365 (h)(3) of title 18, United States Code: The term "serious bodily injury" means bodily injury which involves – (A) a substantial risk of death; (B) extreme physical pain; (C) protracted and obvious disfigurement; or (D) protracted loss or impairment of the function of a bodily member, organ, or mental faculty

Students shall be referred to the Department of School Support & Community Engagement in addition to the 45 day removal for the above mentioned behavior if the behavior was found not to be a manifestation of the disability. After the hearing decision is made, the 45 day Interim Alternative Educational Setting (IAES) ends.

**Recommendation for Long-Term Removal**

When a student with disabilities is recommended for long-term removal, the IEP Team must convene for a Manifestation Determination Review meeting within ten school days of the action. During the Manifestation Determination Review meeting, the IEP team will conduct a manifestation determination review to determine whether the conduct is a manifestation (related to) of the student's disability. If the team determines the conduct in question is NOT a manifestation of the student's disability, then the referral for expulsion/disciplinary hearing referral may be sent forward. If a student being provided services under IDEA is expelled, the IEP team will meet to determine how the student will continue to receive a Free and Appropriate Public Education (FAPE) during the duration of the expulsion.

If you have any questions or concerns regarding the discipline of students with disabilities (IEP or 504 plans), please contact the Department of Exceptional Children at 843-937-6500.

**If the IEP Team determines that the conduct in question IS related to the disability:**

- The IEP team must determine appropriate placement and services to be provided in the current setting.
- Develop or review the implementation of the Functional Behavior Assessment (FBA) and Behavior Intervention Plan (BIP).
- Document any IEP amendments according to the Department of Exceptional Children Process Guide.

**If the IEP Team determines that the conduct in question IS NOT a manifestation of the disability:**

- The student may be subjected to regular disciplinary procedures and regular removals, as in the case of a similarly-situated, non-disabled student. If the discipline has additional out-of-school suspension days, past the 10 days, the IEP team has to determine how the student will receive a FAPE during the period of suspension.
- If the student is subjected to long-term removal, services must be provided to ensure progress on the IEP as determined by the IEP team.

If you have questions or concerns regarding IEPs, please contact the Department of Exceptional Children at 843-937-6500.

## Risk Assessment and Intervention

At times, students may indicate either verbally, in writing, or through drawings, a threat to harm themselves or others. In order to ensure the safety of all of our students, the district takes these threats very seriously. As a result, whenever a threat to self or others is discovered, a risk assessment will be completed by trained professionals to determine the level of response and support needed. School based counselors and psychologists, as well as designated district level staff, are trained to conduct risk assessments. Risk assessments should be conducted as soon as possible once the threat is identified to address the safety of all students and staff. Parent/guardian permission is not required to conduct a risk assessment; however, a parent or guardian will be informed when a risk assessment is conducted. The assessment will guide the development of a plan of action to support the safety of the student, other students and the school personnel. Risk assessment determinations (low, moderate, high, imminent risk) determine the level of intervention needed to support the student.

If a risk assessment is conducted with your student, you will be notified and you may be asked to provide additional information. If the Risk Assessment Team makes a moderate risk determination, you may be asked to take your student for further clinical assessment. Students considered high risk will need to be seen immediately by a mental health professional. If an imminent determination is made, appropriate emergency personnel will be contacted immediately. School teams will follow up with families to collaborate around recommendations made by non school based mental health professionals. A re-entry meeting will be conducted prior to the student's return to school and an Intervention and Supervision Plan will be developed with the parent/guardian.

If parents/guardians, community members or students know of threats a student has made to harm others or of threats a student has made to harm him or herself, that threat should be reported. You can call the school or the district's anonymous tip line at 1-877-250-2790. **If there is immediate danger of harm, law enforcement should be contacted immediately.**

## Crisis Intervention

In the event that a school experiences a crisis (e.g., death of a student or faculty member, natural disaster), CCSD supports schools through the use of the PREPaRE curriculum:

- **P—Prevent** and prepare for crises
- **R—Reaffirm** physical health & welfare, and perceptions of safety & security
- **E—Evaluate** psychological trauma risk
- **P—Provide** interventions
- **a—and**
- **R—Respond** to mental health needs
- **E—Examine** the effectiveness of crisis preparedness

The PREPaRE curriculum provides current research and strategies for integrated school safety and crisis prevention, planning, response, and recovery efforts.

The curriculum incorporates basic principles articulated by the U.S. Departments of Education and Homeland Security, as well as the Incident Command System delineated by the National Incident Management System (NIMS).

## Restraint/Physical Force

Policy JKA: Restraint, Seclusion and Intentional Physical Contact explains when the use of restraint/intentional physical contact is appropriate. The complete policy can be accessed at [www.ccsdschools.com](http://www.ccsdschools.com).

- To quell a disturbance which threatens physical injury to persons, including those students involved
- To obtain possession of weapons or other dangerous objects upon the person or within the control of a student
- To defend one's self from physical harm
- To physically stop a student from engaging in behavior that presents an immediate threat to the safety of the student or others
- To provide medical intervention

In accordance with the South Carolina State Department of Education Guidelines, if a restraint occurs, the school administration should do the following:

- Provide a student's parent/legal guardian with written or oral notice on the same day that an incident necessitating the use of a restraint technique occurred, unless circumstances prevent same-day notification.
- Regardless of the initial notification method to parent / guardian, provide written notice to the parent /guardian within twenty-four (24) hours after the incident.
- In the case of a Safety Emergency the disciplinary referral can constitute the notification to the parent/guardian and will be provided within twenty-four (24) hours of the incident.

If a parent/guardian has a concern about an issue of physical force or restraint, they should contact the building Principal for a conference.

## Video Surveillance Cameras

Video surveillance cameras are used on school district campuses and school buses for instructional, safety, and security purposes. Cameras may be placed in common areas to include, but not limited to, classrooms, hallways, meeting rooms, parking lots, school buses, and other district property. Individuals on school district property are subject to being recorded. Cameras will be operated pursuant to the requirements of Board Policy ECAA

## Random Search Program

As a part of a comprehensive campus safety program, the Charleston County School District (CCSD) employs a Random Search Program. Although this program is primarily used in high schools, some components may also be seen in the middle schools. Random searches are conducted to deter individuals from bringing weapons and contraband to school or school-sponsored activities, curtail the threat of violence, and foster a safe learning environment. Schools have a responsibility to ensure that their students are safe. If a student feels that he/she may be subjected to a search while at school, he/she will hopefully be less likely to bring contraband, such as a weapon, to school. Prohibited items found during a random search will be handled pursuant to the Code of Conduct.

## School Resource Officers (SRO)

School Resource Officers (SRO) are provided by the Charleston County Sheriff's Office, Charleston Police Department, Mount Pleasant Police Department, and North Charleston Police Department in many of our schools. SROs assist students, parents/guardians, teachers, and administrators as well as other staff with sustaining a safe school environment. SROs also serve as active law enforcement officials on campus and at school sponsored events to assist with emergencies or crises which require police action. School Resource Officers do not work for CCSD; however, they may be requested to provide information or testimony for a student discipline proceeding. School personnel do not have jurisdiction over law enforcement decisions or actions.

## SC Code of Law Section 59-24-60 Contact Law Enforcement When Criminal Conduct Occurs

In addition to other provisions required by law or by regulation of the State Board of Education, school administrators must contact law enforcement authorities immediately upon notice that a person is engaging or has engaged in activities on school property or at a school sanctioned or sponsored activity which may result or results in injury or serious threat of injury to the person or to another person or his property as defined in local board policy.

For certain infractions, additional law enforcement contact may be made to ensure student safety (i.e. leaving school, threat assessments).
