COUNSELORS TIP

Mindset Reminder:

Remember to avoid power struggles

-Human Emotions can 'Tip the scale' in a crisis situation

-Present yourself as an ally and assess your body language and tone as

-QTIP- Quit taking it personally

-CAR - Always remain Calm, Aware and Respectful

CELEBRATIONS AND CLASSROOM NEWS!

Sources of Strength with Huskies

Sources of Strength is a best practice youth mental health promotion and suicide prevention program designed to harness the power of peer social networks to create healthy norms and culture, ultimately preventing suicide, violence, bullying, and substance misuse. The mission of Sources of Strength is to prevent adverse outcomes by increasing wellbeing, help-seeking, resiliency, healthy coping, and belonging. Sources of Strength moves beyond a singular focus on risk factors by utilizing an upstream approach for youth suicide prevention. This upstream model strengthens multiple sources of support, or protective factors, for young people so that when times get hard, they have strengths to rely on. Thank you school counselors Ms. Evans, Mr. Franklin, and Ms. Harrison for sharing Sources of Strength with our students!

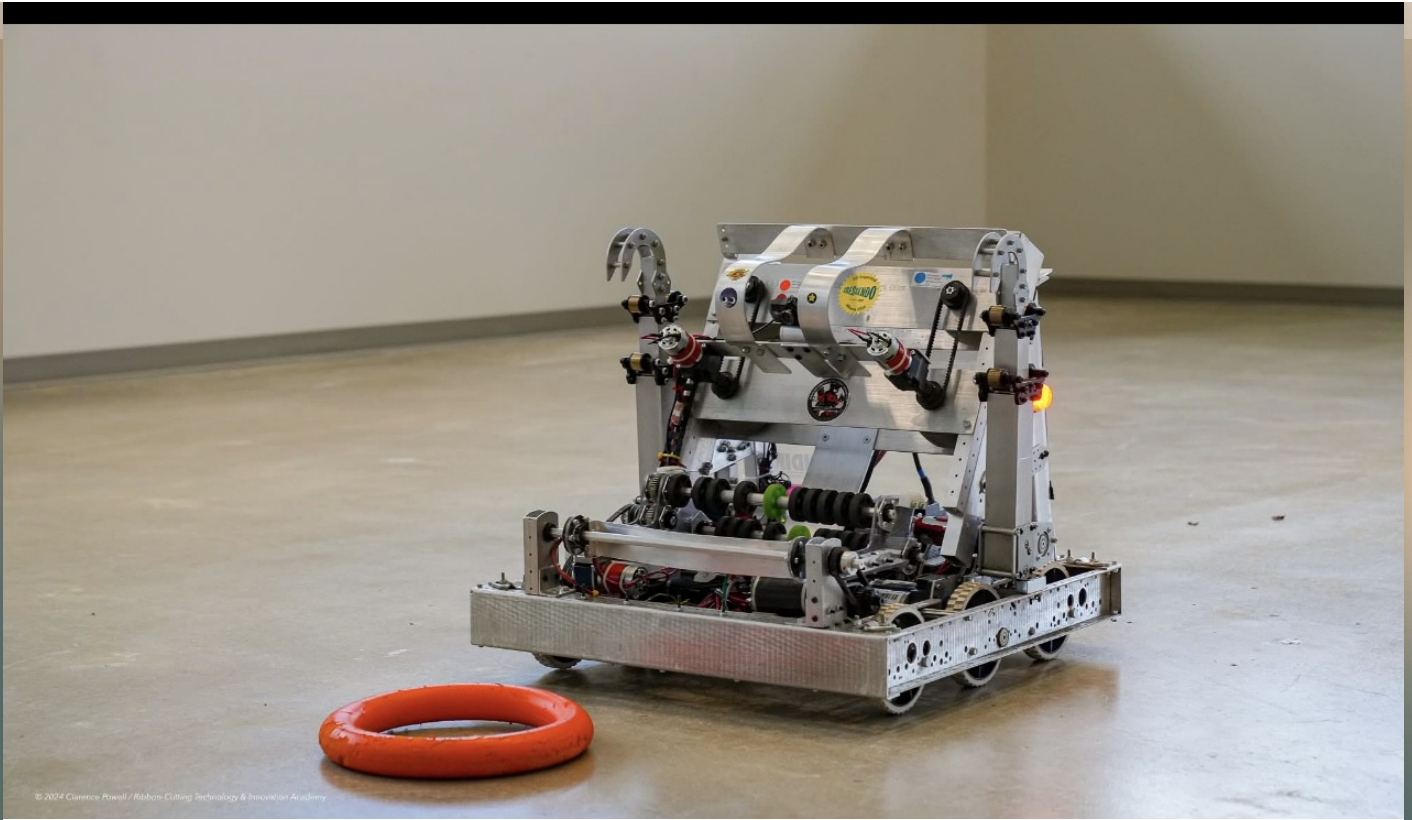

Huskies Attend Ribbon-Cutting Ceremony for the Innovation and Technology Academy

Seniors, D. Williams and H. Blankenship attended the Ribbon-Cutting Ceremony for the Innovation and Technology Academy. D. Williams had the honor of speaking at the ribbon-cutting ceremony for the Innovation and Technology Academy, which was established on Eisenhower Parkway. As a student who has a passion and is dedicated to being in the STEM field, he was able to discuss how the building will be an insight into the growth of student knowledge of technological innovations. Mr. Williams is also a member of Robotics he also had the pleasure to share how the building will help the club itself reach the world championship as it has in the past. The building will allow the district to expand its existing programs and pathways for robotics, cybersecurity, AI, and electric vehicles.

THE MEDIA CENTER ALSO WELCOMES STUDENTS
DURING EACH LUNCH PERIOD, BUT THERE IS NO
EATING OR DRINKING WHILE IN THE MEDIA CENTER.
PLEASE GO TO THE CAFETERIA IF YOU NEED TO EAT.

MEDIA LITERACY AND YOU

How to Build a Positive Digital Footprint

- Consider how you want to be perceived Think about how you prefer to be perceived online. Try to be mindful of who might view your digital footprint.
 - Delete your cookies Cookies are pieces of data a website uses to track your movement during, and after you visit a website.
 - Check your privacy settings ... Search your name ... Post positively ...
-

A digital citizen is a person who develops the skills and knowledge to effectively use the internet and other **digital** technology, especially in order to participate responsibly in social and civic activities.

Why It Matters

Being a good digital citizen is important because our online actions can have real-world consequences. As technology continues to evolve, understanding digital citizenship helps us contribute positively to the digital community and prepares us for future opportunities in an increasingly digital world. Practicing digital citizenship ensures we are respectful, informed, and responsible users of technology.

<https://www.iste.org/explore/digital-and-media-literacy/5-things-students-should-do-stay-safe-and-secure-online>

View this video!

<https://youtu.be/Z2Bpq7x9xK4>

•Students are not allowed to use personal devices at school. All students must use a school issued device during the school to complete assignments. Visit the media center to check out a laptop if you do not have a school issued device.

***Remember to bring your charged laptop to school daily and keep up with your charger!**

Lost student chargers are not replaced until student pays \$45 fine to the bookkeeper, Mrs. Z. Curry in the front office. If laptops are not brought to school daily, a few loaner laptops are available. Once all loaner laptops are checked out, students may use one of the 3 (three) desktops available in the media center with their teacher's permission.

***Always keep your laptop closed when you need to walk with your laptop and it's not in the carrying case.**

•Never carry your laptop while open or lift the laptop by the screen/monitor! Handling your laptop in this manner can damage your screen.

•Do not place paper/objects between your keyboard and monitor, it will crack your screen!

•Keep drinks and liquids away from your computer. A spill can damage the hard drive and the motherboard. These type of damages may cost the same price as a new laptop to replace, Please be careful!
