December, 2024

Dear Incoming PreK Families,

We are excited to announce our PreK program applications are now open for students who will be 4 years old by December 1, 2025. Our comprehensive program in the Red Hook Central School District offers three full-day sections, five days per week, providing a rich early learning experience at Mill Road Elementary School.

Our curriculum-based program blends play, socialization, and structured learning. Students will enjoy engaging activities including art, music, physical education, our Imagination Station, and exploration of the school garden and nature trail.

We are committed to offering our PreK program to as many eligible students and families as possible. To apply, please visit our website and complete the application at: [www.redhookcentralschools.org](http://www.redhookcentralschools.org) by February 28, 2025.

Happy Holidays,

Dr. Boyd- Principal  
Mrs. Strothmann- Assistant Principal
