# Thirty Years of Magic

On the night of September 10, 1993 three decades of Whitley graduates gathered to reminisce over good friends, good times, and the moments they shared together. Approximately five thousand people attended the gala event. Not only was it an opportunity for many to relive their high school days, but it also gave the alumnus a chance to view the expansion of our campus.

Perhaps our Assistant Principal, Bobby Terrell, said it best, "The Thirty Year Reunion was a very exciting time of fellowship with friends and former classmates."

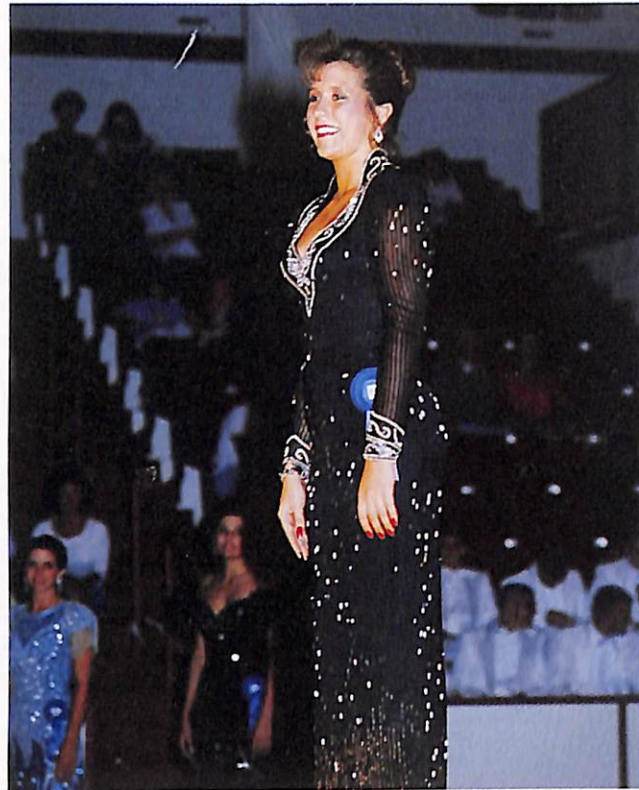

It was truly a chance for the past to mingle with the present. A time for the old to combine with the new. It was thirty years of magic come true!

# A Magical Dream Come True

Jackie Siler showing off one of her many musical talents.

July 31, 1993 was the night of the 27th annual Miss Whitley County Fair Pageant. Four young women were chosen to proudly represent Whitley County High School.

The four representatives were Jodie Foley, Jackie McCulley, Michelle McKee, and Jackie Siler. Jackie Siler commented, "It was nerve racking until I got out there."

Whitley County was beautifully represented. Jackie Siler was chosen as Miss Congeniality, and Michelle McKee won the title of Miss Photogenic.

This year's pageant was a very special event, topped off by a guest appearance by the reigning Miss Kentucky, Tonya Virgin. It was a magical night to remember for all. Yet it was a dream come true for four young ladies from Whitley County High School.

# Taking a Turn for the Better

Whitley County High School has undergone many changes since it first opened its doors in 1964. Students now have access to many new facilities such as an updated library with a computer lab, a nature trail, and a new football stadium. Also, we have a new Colonel mascot.

Many good things are coming out of these changes. Grade point averages are higher, sports programs are expanding, and students are developing a greater respect for their school.

In the words of history teacher Betty Richardson, "In the last few years W.C.H.S. has changed tremendously. The change is reflected not only in the way the school looks, but also in the attitude of the students and faculty."

# All Work and No Play

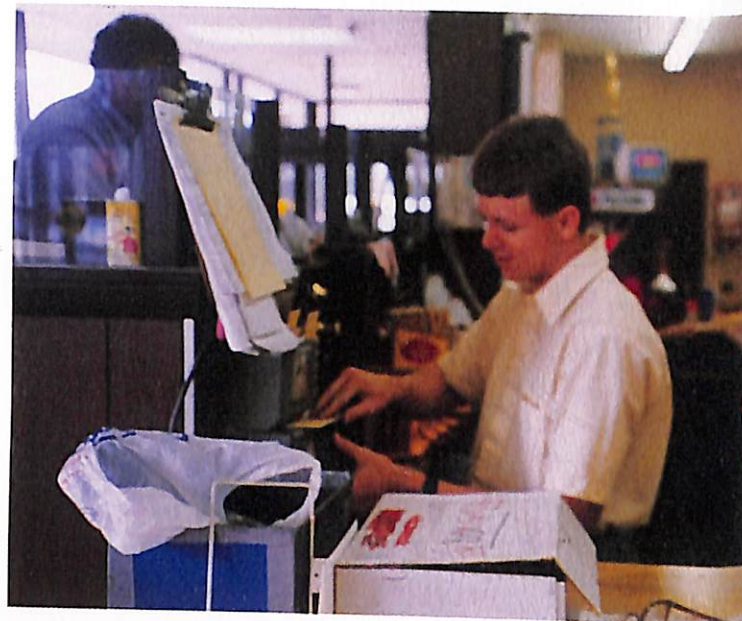

All work and no play, seems to be the case for most W.C.H.S. students. With an excellent co-op program 5% of the senior calss has some type of job. Generally, most students work at fast food restaurants or supermarkets.

Having a job not only teaches respnsibility, but it also helps students learn how to manage money and work well with others. Most students work for fun money, but some work to save for college. Whatever the reason, students at W.C.H.S. realize that their lives must not be all work and no play .

# SAY "CHEESE"

Here at Whitley County High School, we often get caught up in the hectic activities of everyday student life. Whether opening a locker, or merely enjoying an ice cream at break, we are often startled to look up and find ourselves staring into the lens of an awaiting camera. When that happens, Junior Shannon Couch says, "The first thing I think about is what my hair and makeup looks like, and who all I'm with at the time." Situations do occur when the unexpected happens. As these pictures show, we are not always at our best! Almost everyone has had a picture in which they've had unruly hair or a blank stupified look. So the next time that you find yourself in this surprising position, take some advice. Gracefully look up, flash a brilliant smile and say, "Cheese!!"

Right: Geneva Hall says, "Want to be my nutty buddy?"

# You Are My Inspiration

The encouraging atmosphere here at Whitley County High is a reminder that there are no limitations to prevent us from having a "Yes, I can!" attitude. People helping people is the key to making dreams turn into reality.

As Shannon Perkins says, "A candle loses nothing when it lights another candle."

A friend's encouragement is a big part of all of our lives. We need a little push every now and then. After all, what would we do without our friends?

Above: Joseph Powers says, "Just try and get up Dave!"

# Clowning Around

Friendship means having somebody you care about to share both good times and bad. Here at W.C.H.S., we enjoy laughing even though at times we must be serious. Whether it's at school, a ballgame, a movie, or just cruising, good friends will always find a way to be together.

Lora Young says, "Friends are great for having fun; a true friend will always be there when you need her."

What could be better than clowning around with a group of friends!

Left: Nancy Sutton and Kim Roberts share a good time with Leisha Roberts.

Above: Velvet Sulfridge says, "See how much Alex Carter loves this class?"

# When We Get Together

**Together** [te-'geth'er] In or into one group or place.

Whitley County High School certainly fits the definition of together! By being part of a group, you can often find individuality. Students at Whitley have found that the more you hang together, the much more fun you will have!

When we all get together to join or watch an activity, we realize that being together is an activity in itself. Creating activity is what together is all about.

When friends get together, who knows what may transpire? Perhaps a little MAGIC?

Right: Shalon Kruis, Matt Stines, Tonya Smith, and David Lanham know the art of Hangin' together!!!!

Above: Gettin' down with the HOT circle of HIP HOP is always a TOGETHER "kinda" thing! A circular conversation!

# Don't Say the "P" Word

What's the "P" word, you may ask. Portfolios, of course!! Every year, students get caught up in the hectic activities of portfolio entry writing. Opinions vary about the usefulness of portfolios in the classroom, with 40% of the students agreeing with portfolio work and 60% disagreeing.

It seems as if it would take a miracle to satisfy all of the guidelines and due dates set forth by KERA. Sometimes tempers flare up and patience runs thin while working on portfolios. It's easy to see why people disagree about the importance of writing and mathematics portfolios. Whatever their view, teachers and students alike agree that portfolios "spell" out a lot of trouble.

# Love, Magic In The Making

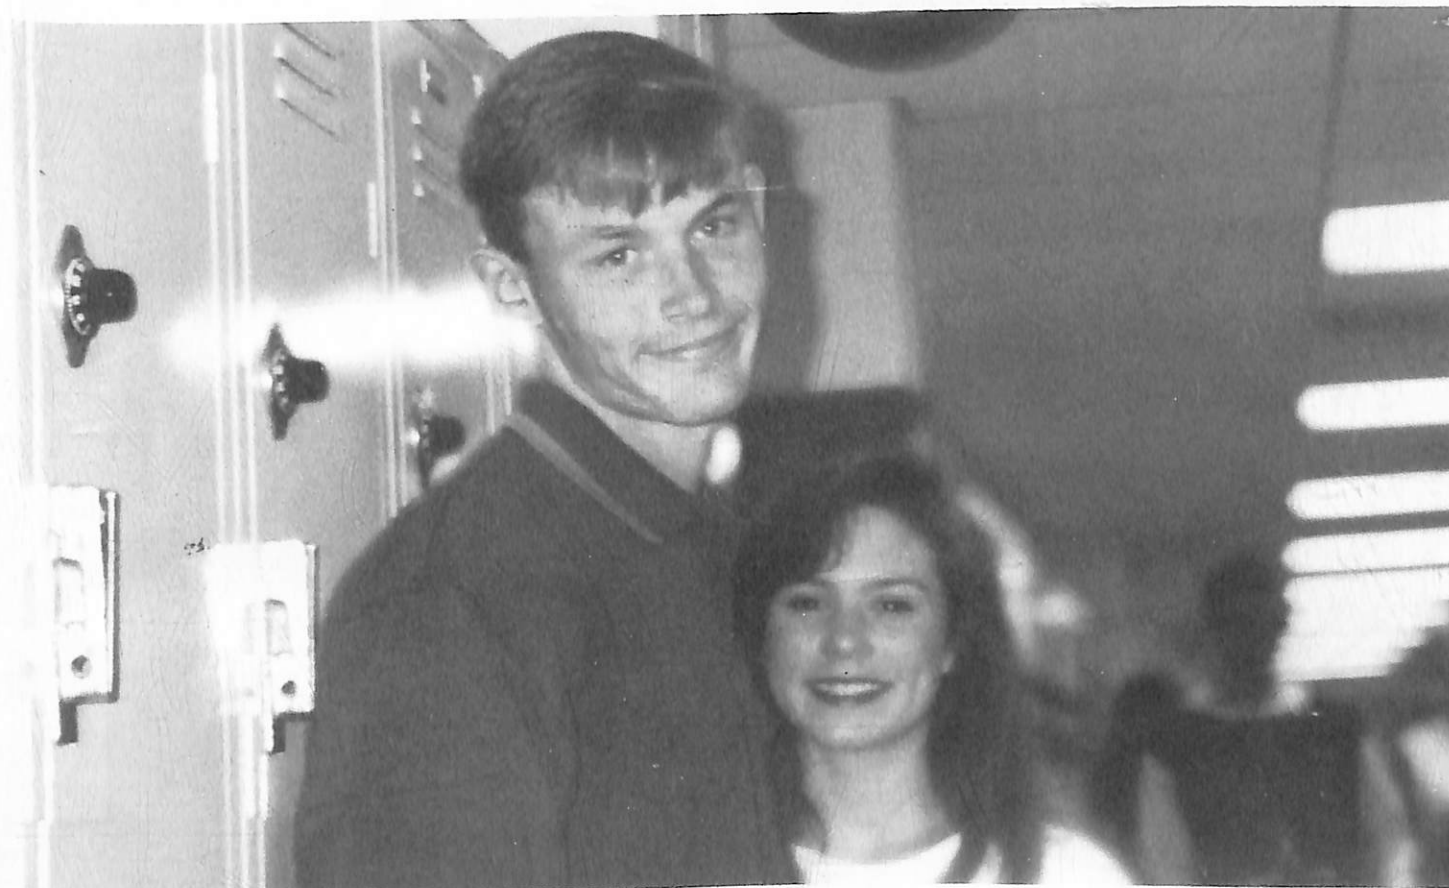

Above: The things I do for love!! Sunshine & Brian

Love is in the air at Whitley County High School. Couples can be found at their lockers or at the classroom doors. Wherever the location they feel it's special. No matter where you go at our school couples can be seen cuddling, just spending time together. This creates a "loveable" atmosphere and makes us wonder if life will always stay this fabulous?

Angela Monhollen says, "It's so nice to see people in love at Whitley County High."

For each and every couple love is "magical" and helps to make each day a day to remember.

Above: Sophomores, Mathew Stines and Shalan Kruis spending time together as always.

# Busy, Busy, Busy

Clear the hallway. Get to class on time. Do your work. Did you ever notice how everybody seems to be on the run?

Most of the magic at Whitley County High School begins in the hallways and continues in the classrooms. From essays to portfolios, Whitley County students are working hectically.

Travis Fox says, "The hallways are a mess, and we need to do something about it."

After the serious "busy" ness ends, however, . . . monkey "busy" ness begins. Freshmen, Sophomores, Juniors, and Seniors - we are all just busy, busy, busy.

Above: Shirley asks, "Tabitha, don't you think you've taken 'clipping' a little too far?"

# ADMINISTRATION

## 30 YEARS OF EXCELLENCE

The Whitley County school system is celebrating *30 Years of Excellence* this year. Through outstanding leadership, our school has grown into a monument of success. We have accomplished this through a distinguished group of personnel. Who have been working extremely hard toward implementing the new Kentucky Education Reform Act (KERA). We are extremely proud of our administration and expect the next thirty years to be as magical and exciting as the first thirty have been.

# COLONEL CLUBS

John says, "Uh, ask me that question again."

At W.C.H.S, we take great pride in the accomplishments of our 27 clubs and organizations. Sponsors are always busy preparing members for a variety of activities. These activities include hands on projects that help and support our community, such as doing landscape for our school system or just visiting a local nursing home to entertain the senior citizens. Other events offer students the opportunity to compete at regional, state, and national levels.

This year at W.C.H.S. we have added a new club, M.A.S.C., which is an acronym for Making A Stand for Christ.

When asked about participating in clubs, Billy Brummett says, "I think clubs are good for the student body . . . they give the students an opportunity to get involved."

Right: Courtney Long says, "This is what school would be like without clubs."

Above: Tracy White and Amy Lewis express their true feelings about clubs.

# Junior ROTC

One of the newest organizations at Whitley County High School is the Junior Reserved Officer Training Corps (J.R.O.T.C.) program. This program's mission is to motivate young Americans to become better citizens. J.R.O.T.C. students, who are also called cadets, can learn military customs and traditions by participating in drills and by wearing the uniforms correctly following the traditions of the U.S. Armed Forces. Students may also participate in the extracurricular activities including the Rifle Team, Ranger Team, Honorguard, and Colorguard. The Senior Army Instructor is Lieutenant Colonel Sherrill Owens. His assistants are Sergeant Major Billy Young and Sergeant First Class Starling Powers.

# SENIOR WILLS

I, Jason Douglas, will my parking space behind the gym to, "The Dummy's Brother."

I, Christy Frazier, will my braces to anyone with crooked teeth because everyone deserves to have a beautiful smile.

I, Brent Angel, will my "good looks" and charming personality to Jacob Carpenter, the "Dummy's Brother."

I, Sandra Morgan, will my heart to God and Leon because they are the people I love the most.

I, Shelly Cox, will my dirty socks and worn out shoes to Leslie Mayne, and my ability to tell good jokes to Jamie Meney.

I, Courtney Long, will my ability to sleep in class to Carolyn Webb, because she needs the rest.

I, Donna Huddleston, will my notebooks to Edward and all my memories to the freshmen so they can enjoy this school as much as I have.

I, Daniel Coyt, will my fake hall pass, snoop posters, stolen street signs, and a bottle of Visine, for the crud in his eyes, to Jody Dabney.

I, Jackie Siler will my drum major position to Jana Cox because she will do a good job and my flute to Molly Estes because she needs one.

I, Donald Bargo, will my intelligence and great woman sensitivity to Louie Sigereth, because he needs these things if he wants to be like me.

I, Priscilla Leach, will my parking spot and clock to my darling sister Jackie so that she'll have a place to park and will get to school on time.

I, Joyce Rhoades, will my Assistant Drum Major position to Serena Lawson, a hanky for "Booger," and my extra racing ticket to Denver.

I, Kenneth Veach, will my lucky underwear, shop tools, locker #747, and awesome attitude to Travis Fore. He needs a lot of help trying to fill my shoes.

I, Dana Junker, will my Section Leader position to Kirby Hall and my bass clarinet to someone who will have it fixed many times.

# In Loving Memory

## In Memory Of RICHARD LEE PETREY

*Richard Lee Petrey*  
It's a mystery  
Can't figure it out, O how everyone tries.  
How do we explain something that took  
us by surprise?  
A shot rang down like thunder.  
Reflections of a face, I'm seeing from down under.  
Death of the innocent.

*Like a movie scene.*  
Eyes closed together  
Expressed thoughts of forever.

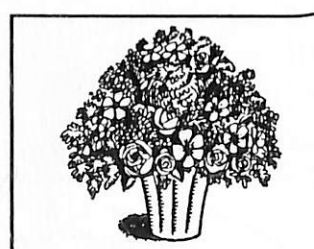

*Pouring our heart and soul out to you.*  
Everyone standing worlds apart, hearts broken in  
two.  
The secret is about to unfold, as the world spins  
Recklessly out of control.  
Even now that  
Your life is over the story doesn't end..

# Memories and Reflections

Left: The yearbook is the way everybody likes to remember their friends. I feel great about helping to create that memory.

--Candy Harp

Left: I think this is the most challenging class I've had. It's fun and exciting, and I've learned something new and interesting each day.

--Angle Monhollen

Right: This is one of my favorite classes because it teaches me the responsibilities that I will need in the future.

--Melissa Perkins

Right: I've really enjoyed creating this yearbook and I think it will turn out really well.

--Lavinda Hatfield

Left: I think this year's yearbook is going to be the best ever. It's been a lot of fun and a real learning experience.

--Stacy Bennett

Left: I feel really proud to have been a part of creating this yearbook. I feel that it has helped me learn skills and responsibilities necessary in the real world.

--Staci Gray

Right: The creation of "30 Years of Magic" has truly symbolized a turning point in the growth of W.C.H.S. We're getting better, and this yearbook expresses our change.

--Lora Young

Right: I feel all of our hard work will pay off. It'll be nice to know that I was part of creating this yearbook.

--Evie Usher

Left: It was a lot of hard work, but I've enjoyed it. And I finally know how to use a computer.

--Joyce Rhoades

Left: I think this yearbook is going to be one of Whitley's best because everyone has such good ideas. We've all worked so hard on this...it has to be good!

--Jacinda Griffiths

# of the Yearbook Staff

Left: This has to be the best yearbook ever! A lot of time and effort has gone into preserving the memorable moments of 1994.

--Christy Frazier

Right: This will be my final year on staff, and each year has been a unique experience.

--Kim Jarboe

Above: I think the yearbook we have created will be cherished by Whitley Countians for years to come.

--Sandra Morgan

Above: When asked what this yearbook means to me, my first impression was DEADLINES! However, being a part of this publication staff has been more than that. It has taught me to have more patience, and perhaps most importantly, to allow teenagers the room they need to create and contribute. Thank you yearbookers!

--Mrs. Lisa Osborne, Yearbook Sponsor

Above: Helping to create this yearbook has simply been, the very best.

--Jason Douglas

Left: I feel the students in this class have dedicated themselves and have given a tremendous effort for the book to go out.

--Brent Angel

Right: I was glad to have an opportunity to create something that my friends would be keeping for a long time.

--Courtney Long

# Editors' Note

*The 1993-94 Colonel, '30 Years of Magic,' commemorates the thirtieth edition of the Whitley County High School annual. In honor of this special event the Colonel Staff tried to capture all the magical memories of 1994, along with recalling some memorable moments of the past. Please note that this edition is no longer in full color but black and white as well.*

*Fellow Seniors:*

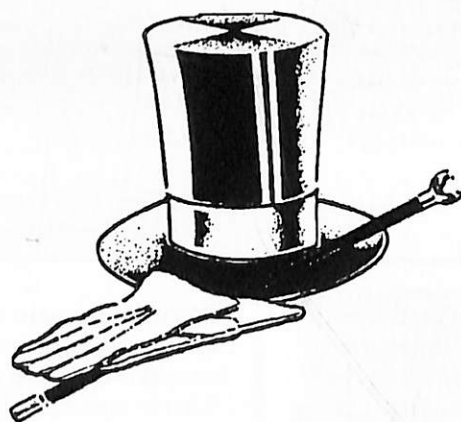

*In addition to all of the senior related articles, we've included an exclusive spread, Senior Wills. Hope that you enjoy it. We like to think that this yearbook is the way in which the senior class will be remembered. Until our next reunion, thanks for all the memories!*

*Colonel Staff:*

*You guys have been the best yearbook staff ever. As three-year veterans, we should know. Through all the deadlines we thought we would never make, somehow we became a team. Special thanks go to Mrs. Osborne for all the hard work, time, and effort she put into making '30 Years of Magic' truly magical.*
