## A CELEBRATION OF

Miss Judy Adams performs

### Whitley Countians React:

"The new atmosphere has created a more productive learning situation. There is a coalition between the atmosphere and the desire to learn."

— Mr. Ron Wilson, teacher

"My parents didn't know what to say about the changes. They were very impressed."

— Senior, Stephanie Ellis

"The remodeled schools will help the students be more interested in education and enjoy school much better."

— Parent, Joyce Brown

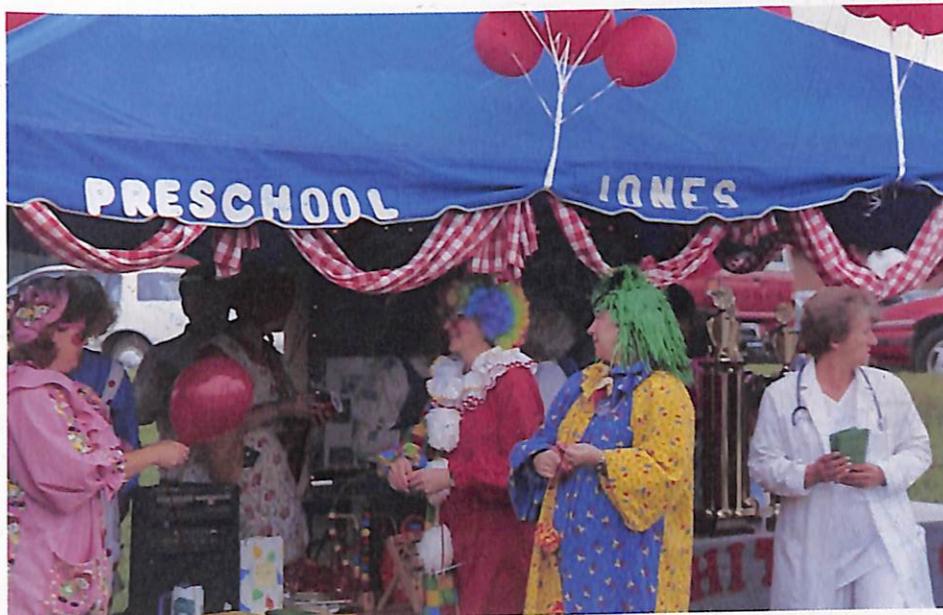

The dedication ceremony of the new Colonel Stadium

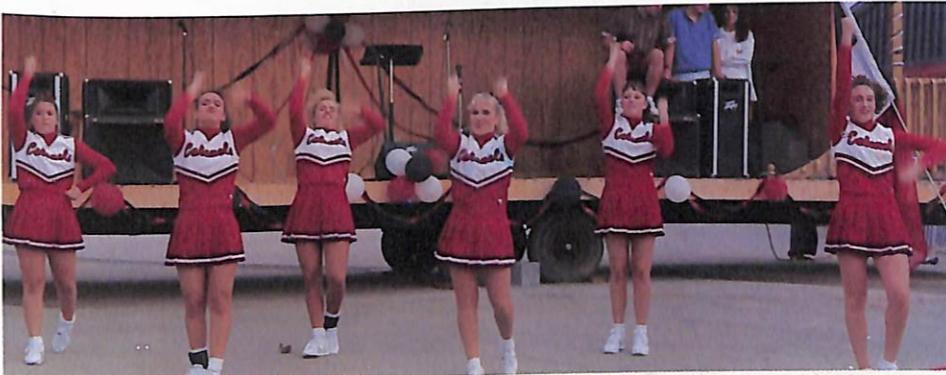

Superintendent Anderson and Mrs. Falin "puttin' on the dog"

## A NEW BEGINNING

You can't have a celebration without clowns!!

The cheerleaders put on a pep rally before the season opener.

A free dinner? Where?!

## OPEN HOUSE = SUCCESS

On the night of September 4, 1992, excitement filled the air on Whitley County High School campus. As far as the eye could see, there were students, fans, teachers, graduates, and parents. Overwhelming pride seemed to be the main sentiment of the crowd as they gathered for the "Open House" of the Whitley County District Schools.

Expectations were high and the results were amazing. The evening began with a tour of the newly renovated high school and a free dinner. Live music, a horse show, elementary display booths, and a pep rally were provided as entertainment before the kick-off of the first Varsity football game. Immediately following the game, students gathered in the high school cafeteria and "danced the night away."

End result? SUCCESS!!

Tammy White

A happy victory

## WHEN I GROW UP ...

What would you like to be when you grow up? A nurse, a fireman, an astronaut, or maybe even an NBA superstar? What you plan to do and what you actually end up doing may turn out to be completely different.

Andy Sutton, sophomore, plans to attend college after high school and pursue a career in engineering. "That's not the kind of engineer who drives a train," says Andy.

Clint Lawson, senior, plans to attend Eastern Kentucky University and become "the best electrician you will ever find."

On the other hand, senior Jamie Gambrell plans to go to Abraham-Baldwin College in Georgia. He has already signed to play basketball for the college, and is considering majoring in psychology.

Junior Tina Rose really plans, "to be a nurse so I can help nurture the unhealthy back to good health."

Crystal Carr really wants to become a physical therapist because she, "loves to work with people."

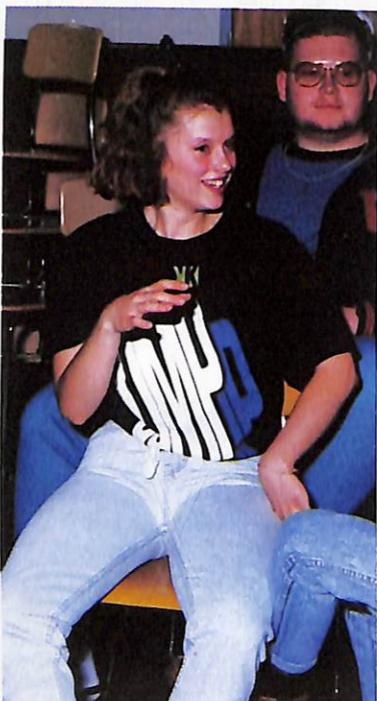

Your interests and talents are unique, and they are all your own. So, what do you want to do when you grow up?

I Wanna be in the circus.

Mr. Faulkner laughs, "Who? Me? Grow up? NOT!"

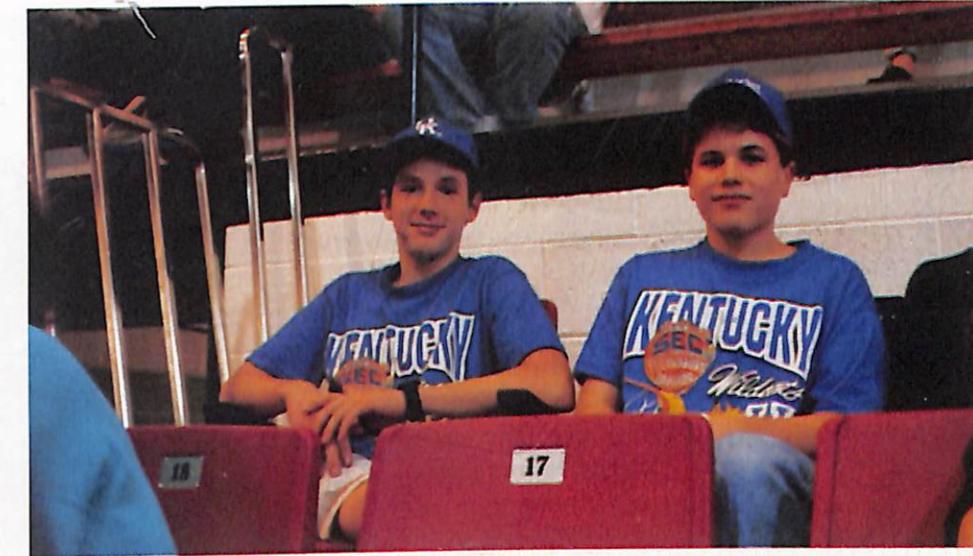

Tina Rose — "All I wanna do is RAP!"

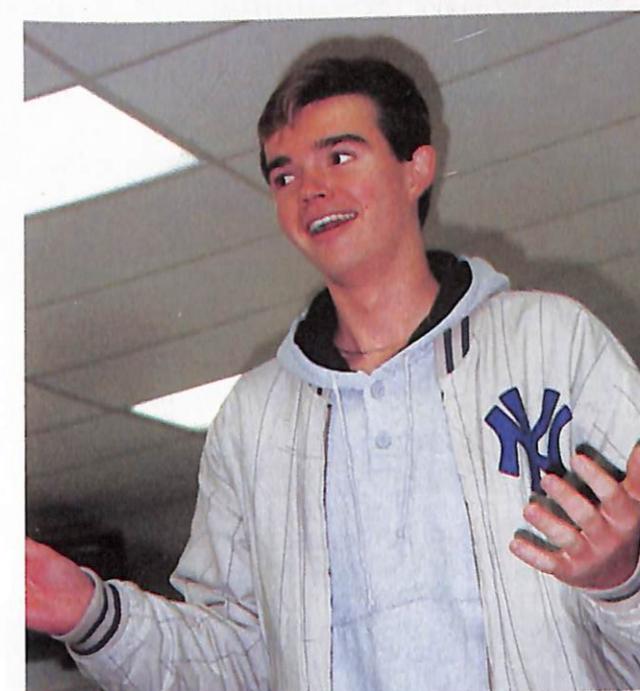

Kim Jarboe — "I wanna DANCE!"

Jodie wants to be a supermodel.

James Bryant and Dennis Hamilton — "Please don't tell us you can't figure it out!"

Tim Hill — "A politician! What else?"

Becky Lawson — "I wanna be a beautician."

Tracy Widner — "I wanna ride across the world."

Jamie Gambrell signs for his future.

## ON THE MOVE ....

The first day of school is one of the most anticipated days of the year. "What will my classes be? What will I wear?" and, "HOW IN THE HECK WILL I GET THERE?" are a few of the nauseating questions that cause you to wish for a safari hat and a butterfly net.

However, when that big, bright, yellow bus comes tug-a-lugging to your driveway, some magnetic force seems to hold you back. Suddenly, you begin to search for alternative ways of getting to school. For many, that means driving or having someone take you, but others come up with some truly unique modes of transportation.

Junior, Becky Lawson looked back on an embarrassing freshman moment, "I woke up late for school one morning. My mom had driven our car to work, so my dad brought me to school on our horse." Now she laughs at the memory, but at that time, it was funny to everyone except her.

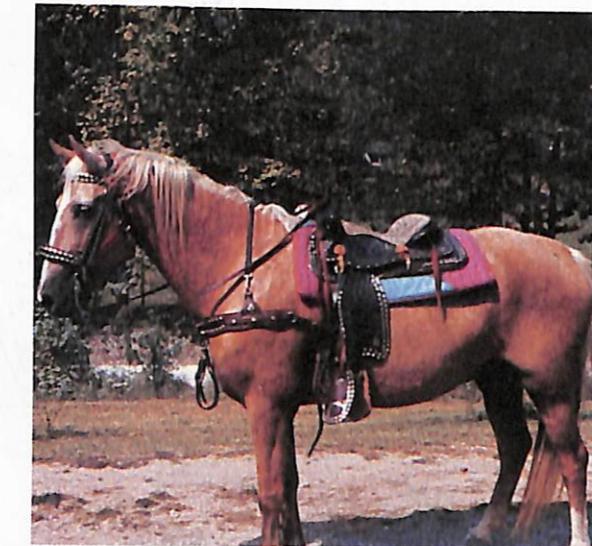

Sometimes we express ourselves by our choice of transportation. Danielle McKinny thought getting to school should be fun. She said, "One morning I woke up and felt very adventuresome. I jumped on my four-wheeler and headed to school."

However, many people appreciate peace and serenity during their ride to school. Shannon Perkins enjoys the ride to school with her father because it gives them the opportunity for father and daughter chats. Tina Miller likes the, "quiet, slow pace of driving to school."

No matter what mode of transportation you use to get to school, transportation will be a vital part of your high school memories.

Donnie Foley prefers walking to school.

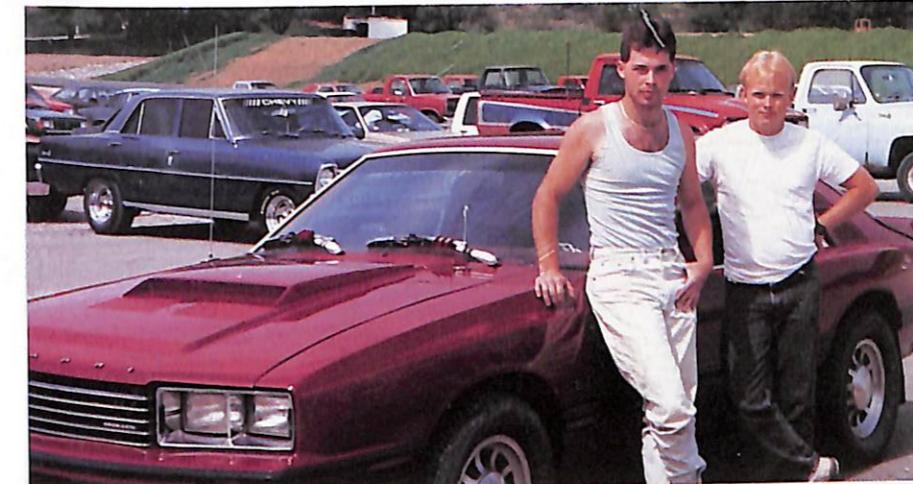

"Ready to go, Wilbur?"

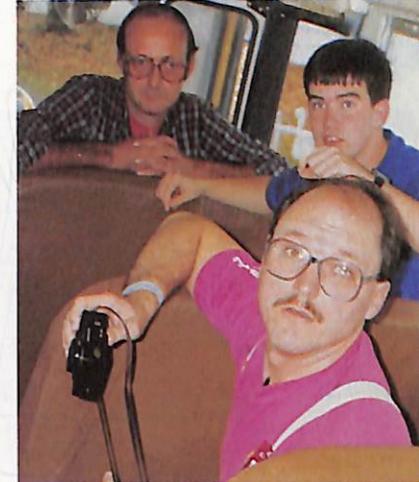

Peggy assures Serena,  
"The ride wasn't bad."

Becky Cox says, "I told you  
Jamie couldn't drive."

Robert Sulfridge and Ron Lanham pose with their dream car.

Mitch experiences the horror  
of riding the bus.

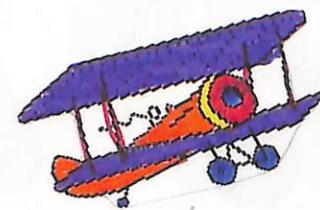

Amy Terrell believes getting to school should be a family affair.

Ben Taylor and Dave Marlow think riding  
the bus is cool.

Mr. Rose is trying to catch a ride.

**Whitley natives are restless** - They are chugging hard, flying high, and scooting their boots to get to school.

# LET THE

November 13, 1993 was a night of games, crazy mishaps, and rug cutting dancing at Whitley County High School. There was so much enthusiasm in the atmosphere that everyone seemed to be bouncing off the walls. There were a million things to do and only two hours in which to do them.

Junior Shelly Cox commented, "I think this year's festival was a bit more exciting than any I've ever been to."

Leandera Cadieux laughed, "I thought the Turkey Bowl was pretty neat but I felt sorry for the poor turkey."

However, after swinging at the Pinata, racing tricycles, and throwing pies in the teacher's faces, the evening reached its finality. People began to burn the last bit of fuel reserves by slam dancing and electric sliding.

Finally, the evening came to a regrettable end, leaving everyone who came, glad they did and looking forward to the next fall festival.

Keeping a close eye on things.

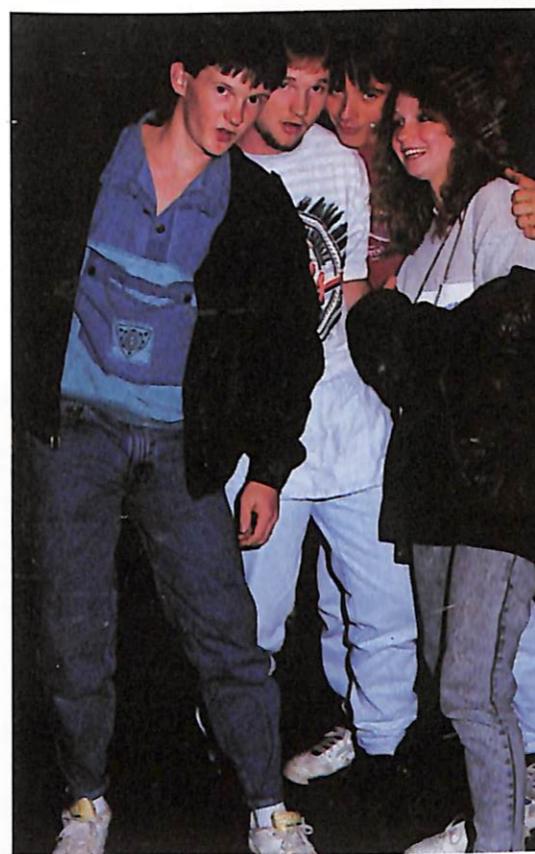

Doesn't that look good?

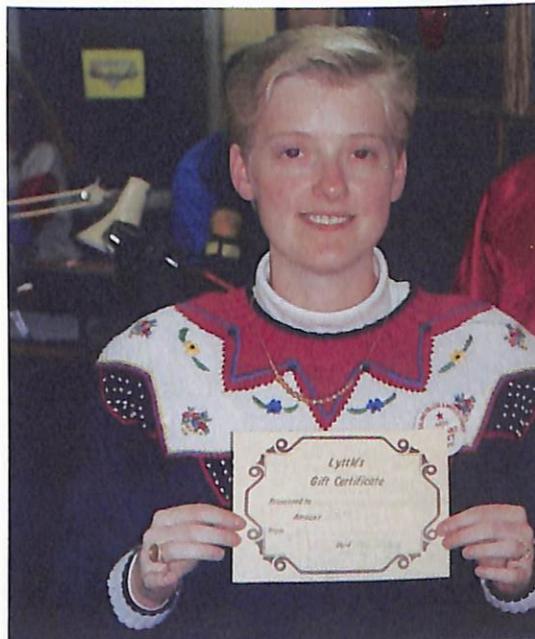

We're letting the good times roll!!!!

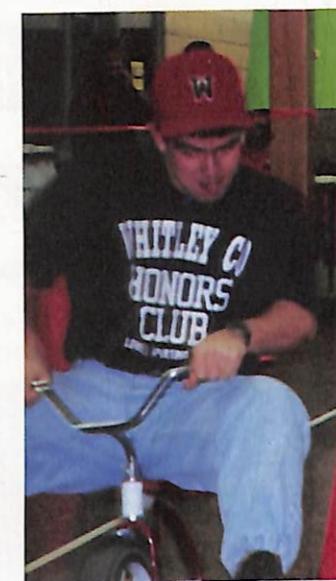

# GOOD TIMES

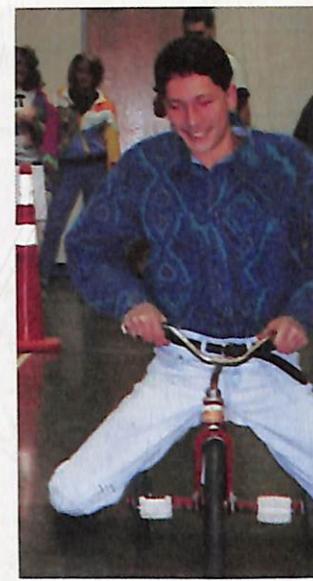

We are the party!

Ms. Adair exclaims, "I finally won a prize."

Tom Shelton thinks he can.

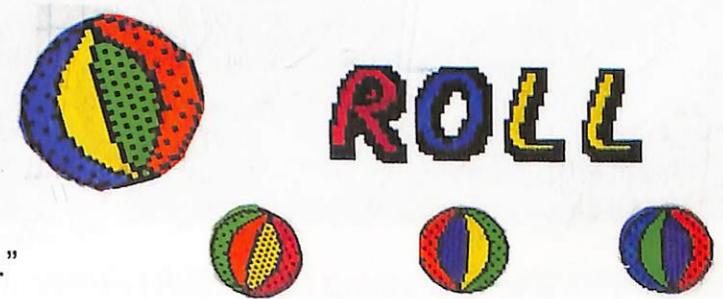

David Marlow, "Aw! Shucks."

Carmen sighs, "I thought my country was weird."

# ROLL

## 26TH ANNUAL MISS WHITLEY

July 25, 1992 was the night of the 26th annual Miss Whitley County Fair Pageant, a magical moment for five young women from Whitley County, Corbin, and Williamsburg High Schools. The five lovely ladies who represented Whitley County were Angela Kay Gibbs, Holly Leslie Brummett, Brandie Shawn Lankster, Tracy Lynn Prewitt and Sharon Renee Barnett.

As the winners were announced, Whitley County was well represented. Tracy Prewitt received second runner-up and Miss Photogenic. Sharon Barnett received fourth runner-up and the Smiley Face Award. Brandie Lankster received the Spirit Award.

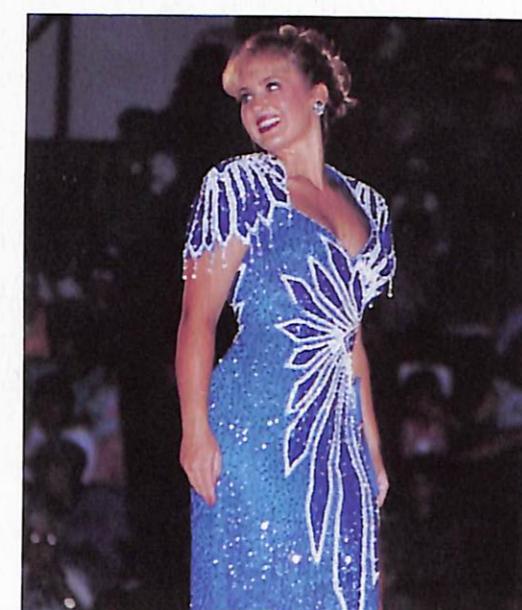

This year's pageant was in honor of the summer Olympics. The theme carried throughout the pageant was *Going for the Gold*.

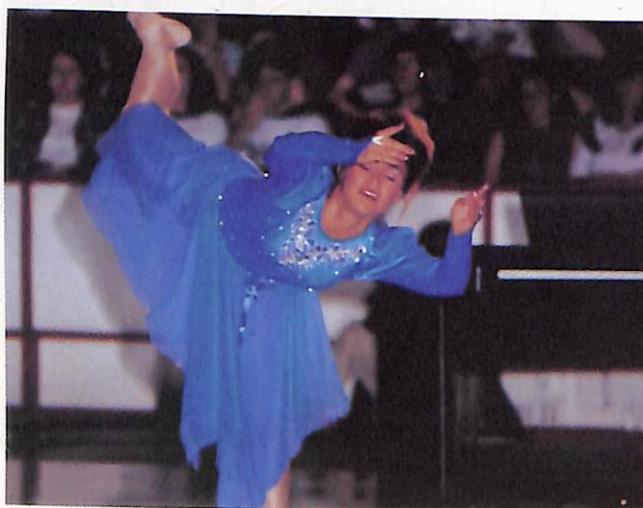

Angie anxiously awaiting

“Dreams to Dream”

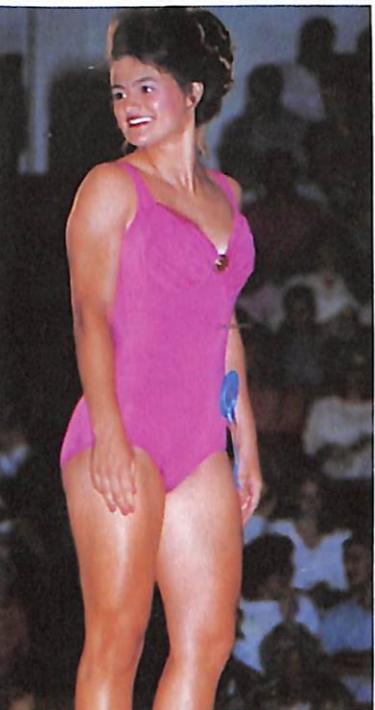

Tracy — “Dazzling in Blue”

Brandie performs to *Everything I Do, I Do It For You*.

Holly performs *Poet and Peasant*.

Pretty in Pink

Lady in Red

## COUNTY FAIR PAGEANT

### Miss Whitley County contestants respond:

“The Miss Whitley County Fair Pageant is a memory I will always cherish.”

— Holly Brummett

“I think all the girls from Whitley County represented our school well.”

— Brandie Lankster

“The best part of being in the pageant was meeting new people.”

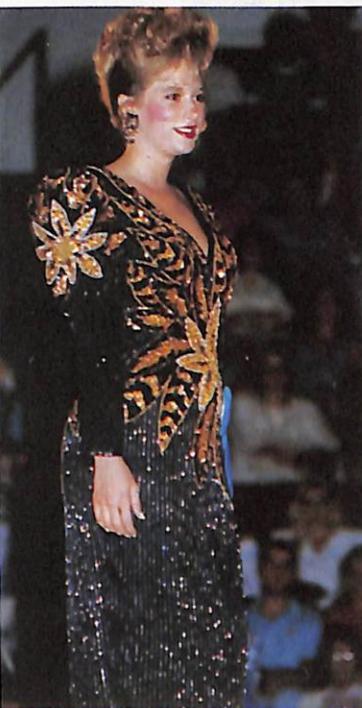

— Sharon Barnett

“It was an honor to represent my school in the Miss Whitley County Fair Pageant.”

— Angie Gibbs

“I was very happy when they called my name as second runner up.”

— Tracy Prewitt

Going for the Gold

## FOOTBALL HOMECOMING 1992-93

On the night of October 23, parents, students, and fellow supporters of the Whitley County Colonels gathered at the new Colonel Football Stadium to see the crowning of the 1992-93 Football Homecoming Queen.

Tension crackled in the cold night air as twelve beautiful girls stood anxiously on the football field. The crowd fell silent in anticipation when the announcer said, "And the New Football Homecoming Queen is ... Tonya K. Mahan!" Everyone cheered and applauded as Tonya smiled and modestly accepted the honor.

Tonya Mahan is a senior at W.C.H.S. She is a member of the girl's varsity basketball team, president of the S.A.D.D. club, and was voted best all around by her classmates. Tonya was escorted by Shane Moore.

To complete a perfect evening, the Colonels defeated McCreary Central by a score of forty-eight to six. Afterward, everyone enjoyed a post-game dance.

## 93' BASKETBALL HOMECOMING

On Friday, February 12, 1993 the stage was set for the 1992-93 Basketball Homecoming. Everyone in the gym was on the edge of their seat when they heard, "... The 1992-93 homecoming queen is number three, Ms. Kellie Manes."

"All of the girls looked very pretty. I didn't expect to win, but I was really happy when I did," said Kellie.

Kellie is a four year member of both S.A.D.D. and the Girls Varsity basketball team. She plans to attend Cumberland College in the fall.

## Jump Around!!!

It's Friday night and the ball game is over. The pumped Whitley Co. students race to the cafeteria to boogie till they drop. Jennifer Anderson says, "The dances are cool, but if I could change anything, I would play more country and less rap."

Another dancer, Jodie Fisher, states enthusiastically, "It's a rush and the adrenaline pumps when I walk in front of the 365 kilowatts of bass from the speakers."

Preston Lamdin says "I prefer slow dancing under the stars with the girl I love."

The dances at Whitley not only let the kids show off their best moves, but they also give kids that extra time to socialize. "I get to talk, dance, and just goof around," says Steve Hinkle, a sophomore at Whitley County.

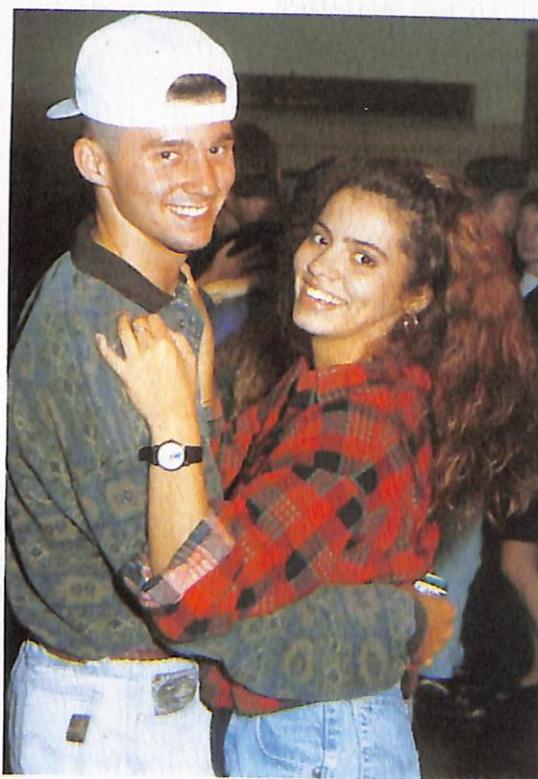

As you can see, our school dances are very popular with the HOTTEST SOUNDS and the coolest beat! We give all our thanks to our favorite DJ Barry Mays who gets our hearts thumping and makes us want to ... ... JUMP AROUND!!!!

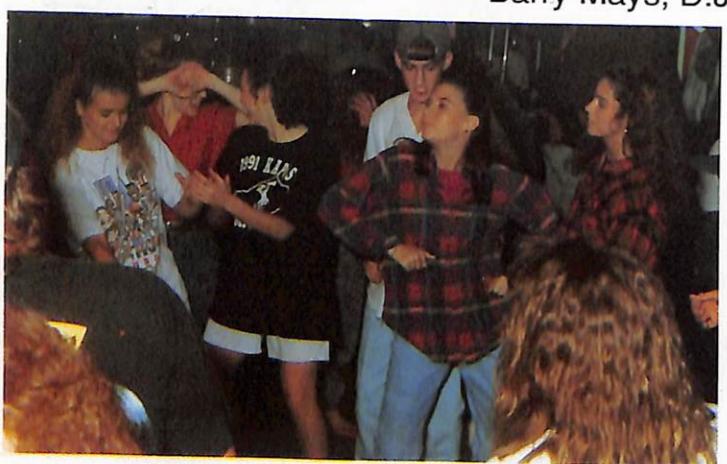

Yo party people in 'da house!

Barry Mays, D.J.

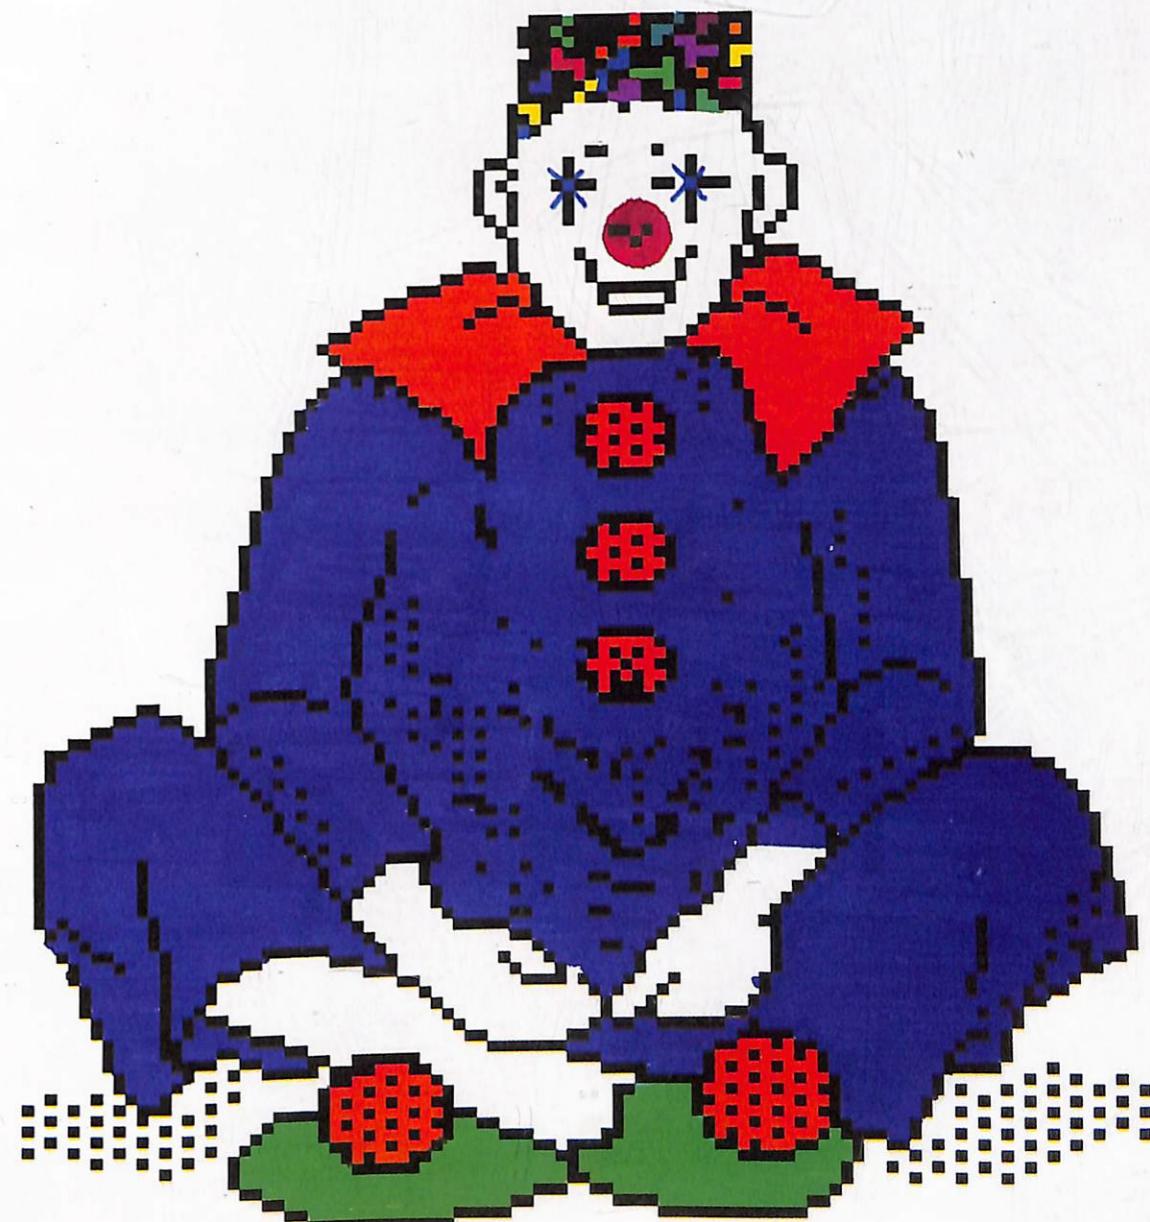

Jim Siler and Janet Coker: SMILE!

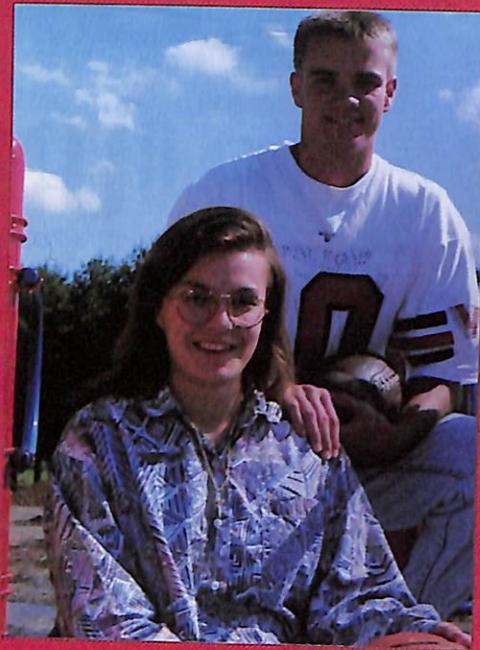

Do the "Funky Chicken" Shannon Byrd.

## WHO'S AFRAID OF???

Along with the glamour and pizzazz of being a senior there is, unfortunately, one big drawback ... FEAR. It lurks in the halls, filling the atmosphere with its ugly presence.

Your senior year of high school is filled with worries and frustration. Many questions begin to flood the seniors' minds. As a result of all these worries and frustrations, you may encounter that emotion no one wants to admit having .... FEAR.

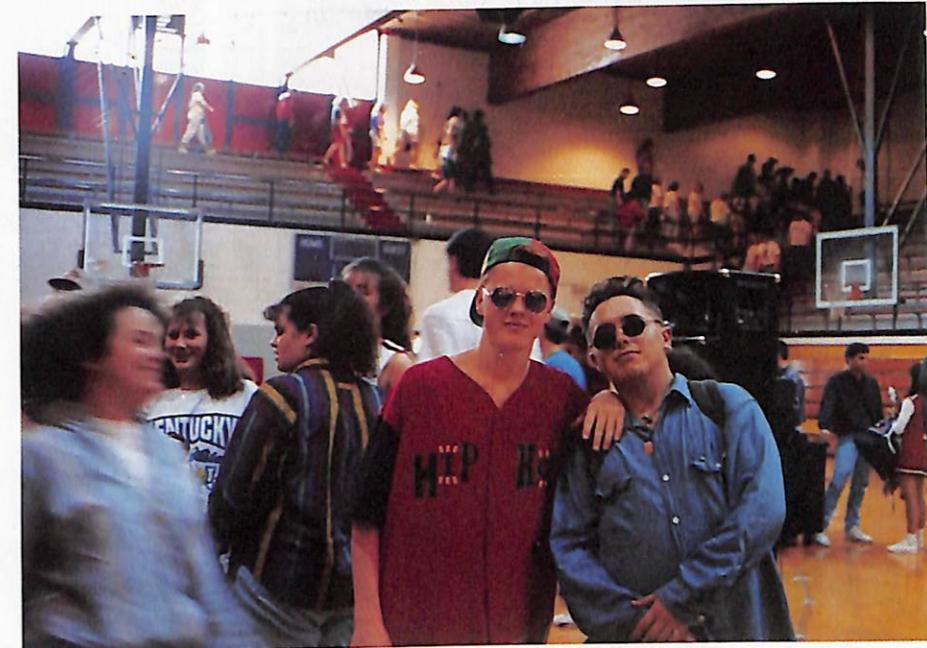

Senior Becky Canada said, "My biggest fear is losing contact with my friends after graduation. We've been together for so long; it's hard to imagine life without them."

Tammy Andrews stated, "Now that I'm having to leave, I don't want to go. I wish I could do it all over again, just to be an even bigger Chris Taylor fan!"

Seniors look hard to find the answers to their puzzles. They come up with new ideas that sometimes replace the dreams they started with. This seems to take them one step forward and two steps back. This is scary too.

Jeff Poe explained, "When I entered high school, I had high hopes of becoming a veterinarian. Since I've been in high school, I've found out there are all kinds of different things to do. Now I don't know what in the world I want to do."

Finally, when the day of graduation arrives the FEAR overtakes the thoughts of many seniors. Usually, however, by the end of the ceremony the fear is replaced by "I DID IT!!"

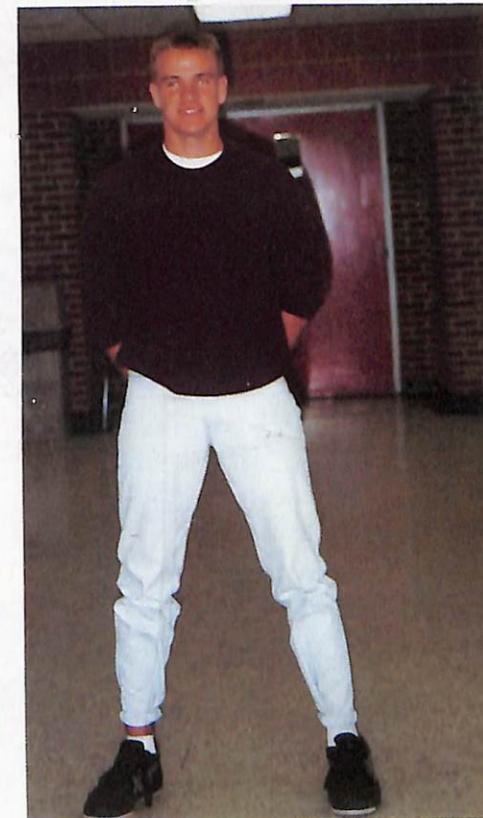

I have nothing to fear; my friend is here.

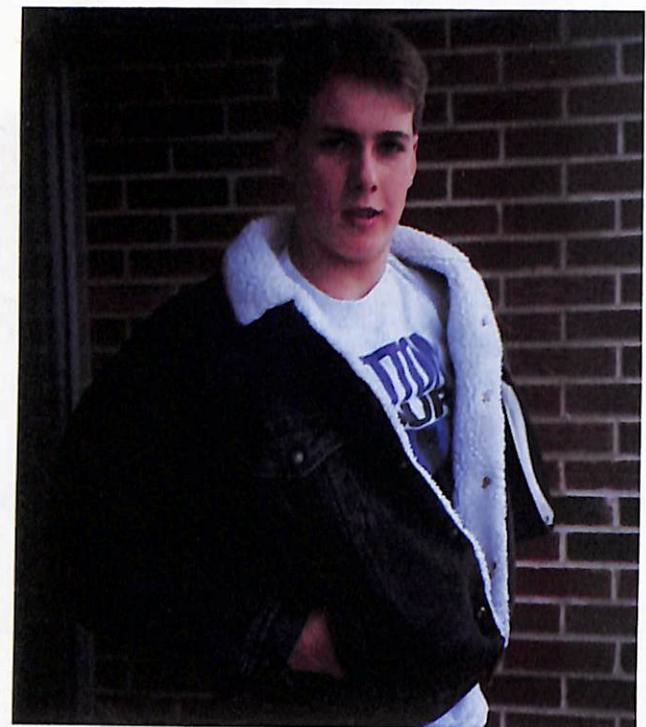

No problem, I'm the Bays-A-lope.

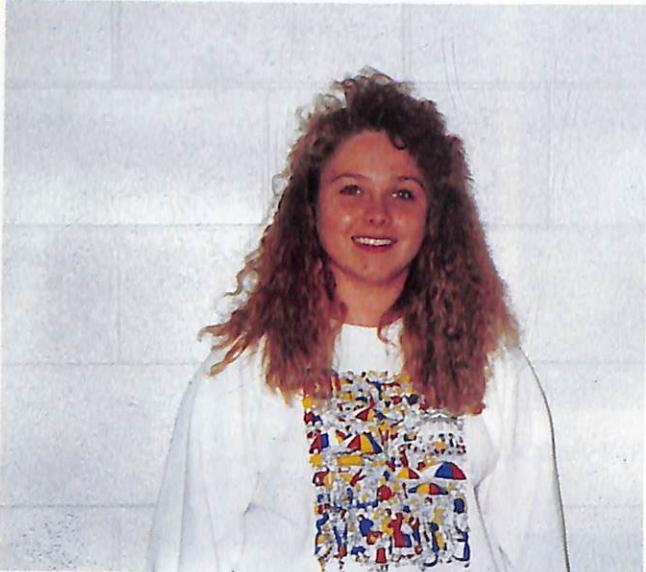

Who? Us? Scared? NOT!

Joe Adkins is fear.

Jeff Poe exclaims, "I'm not afraid of anything."

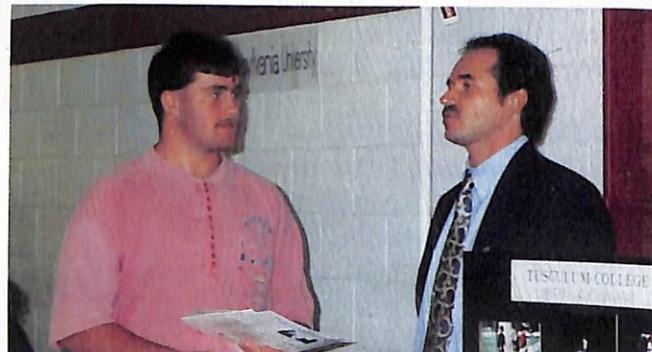

Karen Monday's theory is "grin and bear it."

Tammy Andrews isn't afraid of being different.

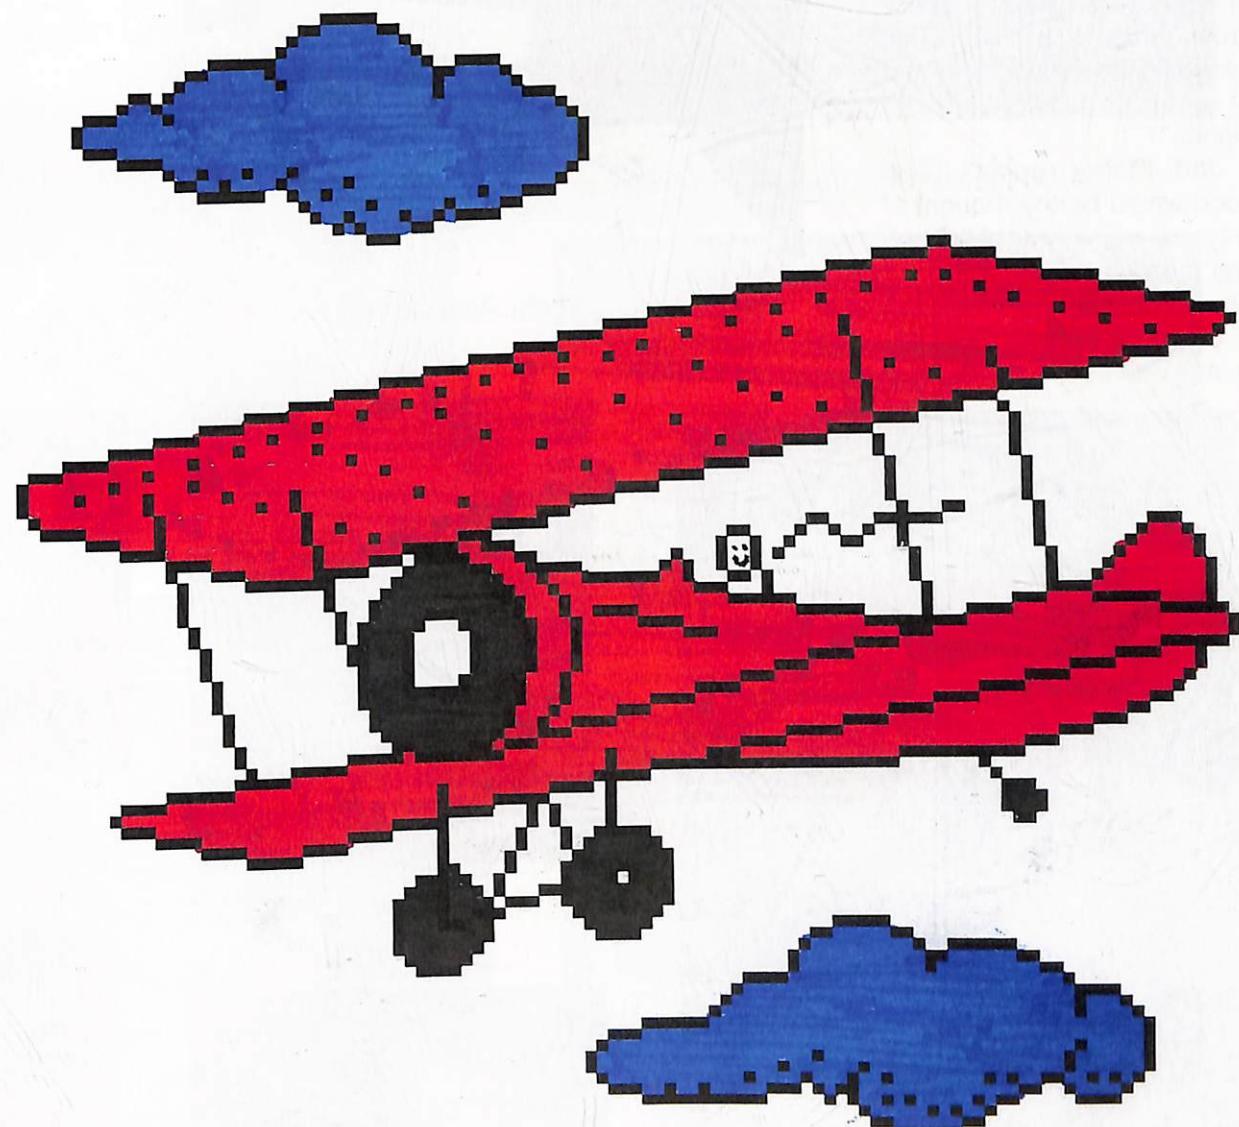

Nothing to fear, but fear itself!

J.P. says, "The heck with being afraid,  
I'm getting prepared."

# JUNIORS ARE FLYING HIGH

## LASTING ... ... MEMORIES!!

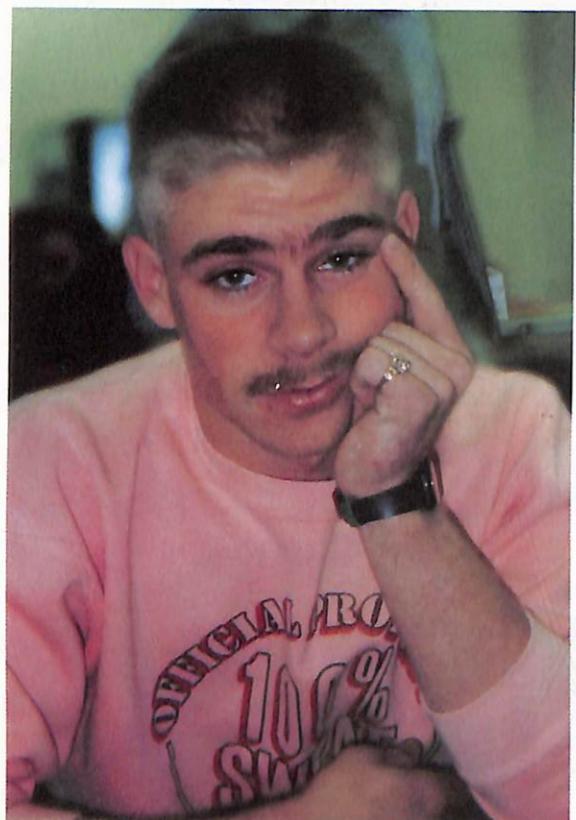

When you're a junior in high school you have a lot to look forward to. This is the year you usually get your class ring and your driver's license.

Some of the juniors were asked, "What was the best and the worst thing that happened to you during your junior year?"

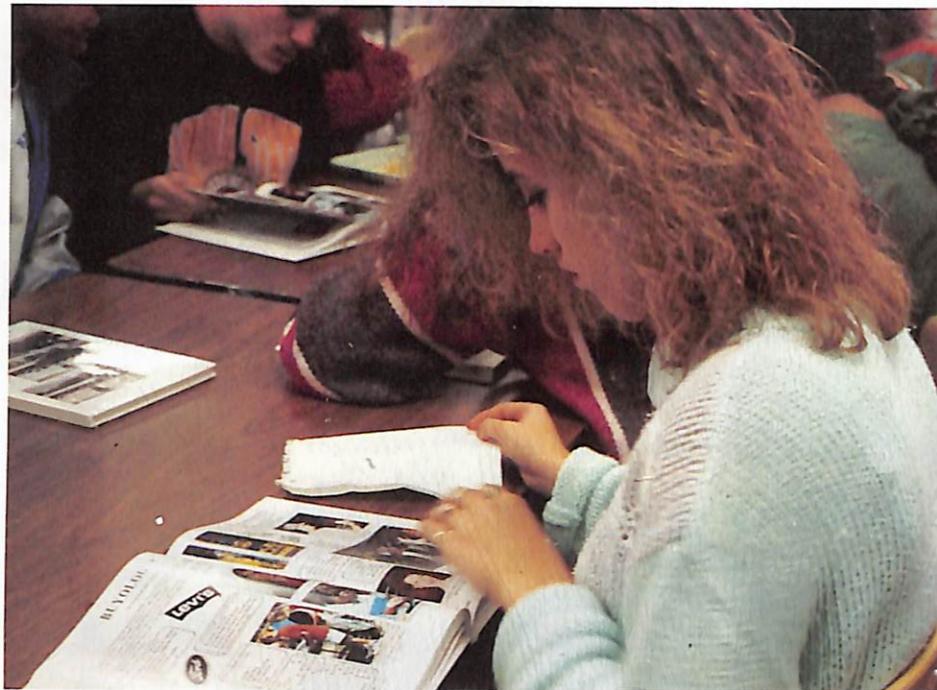

Kim Hamblin answered by saying, "The best thing was that we got nineteen inches of snow and got to make snow men, and the worst thing is that we don't get out of school until June the eighth."

Jodi Fisher replied, "The good would be the thought of only one more year of school, and the bad would be when I wrecked my almost new car."

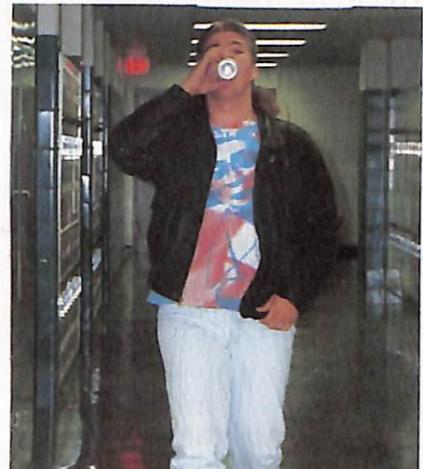

Good or bad, your junior year is one to remember.

Joe Carpenter just loves school.

Vicki Alsip loves her yearbook.

Andy Faulkner loves his Pepsi.

Tommy Shelton loves lab work.

Kim, Christy, and Courtney love clowning.

Classrings R'us.

Geneva Hall and Amy Lovitt — portfolio survivors.

Bruce Huddleston loves his hair.

**My most vivid memory of my junior year was the A.P. U.S. History exam. It was terrible.**

--Amy Lovitt

Geneva Hall said, "The best thing that has happened to me this year was that I won first place in Qualitative Analysis at Union College and the worst thing would be those awful portfolio's and that I only made a 23 on my A.C.T."

Michael, Garth and Al — friends till the end.

## SOPHOMORES ARE SITTING PRETTY

## FUTURE SHOCK

As you approach the end of your sophomore year, you may have begun to realize that high school is really going to end for you - and in just two years.

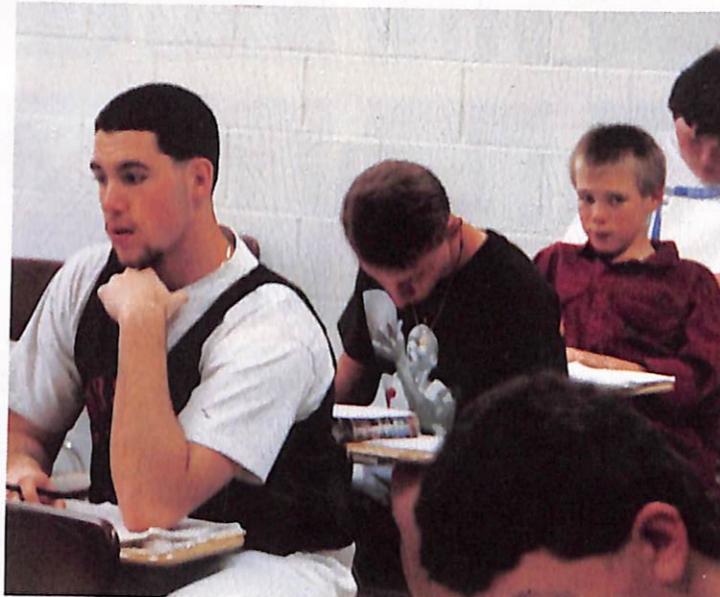

Consequently, your "future" becomes a real issue and you wonder - "Where will I be, and what will I be doing ten years from now?"

Sophomore Jody Dabney says he plans to be living in Boston, working with computers.

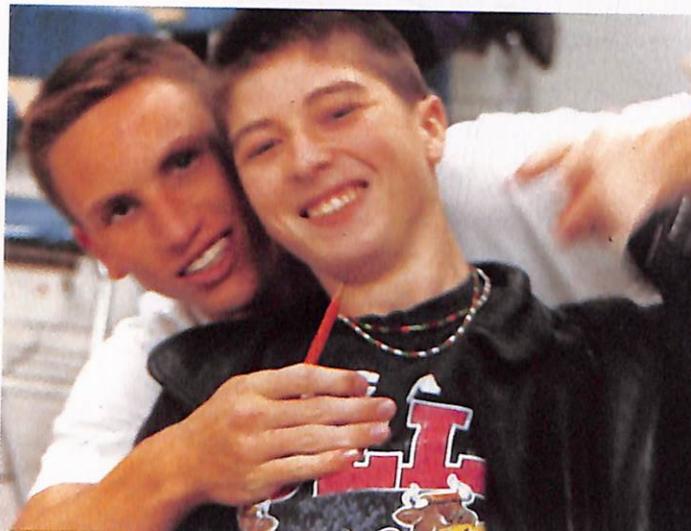

Classmate Aaron Fields says he hopes to be living in a city and own his own business.

Greg Sulfridge anticipates that he will be either a pharmacist or an officer in the army.

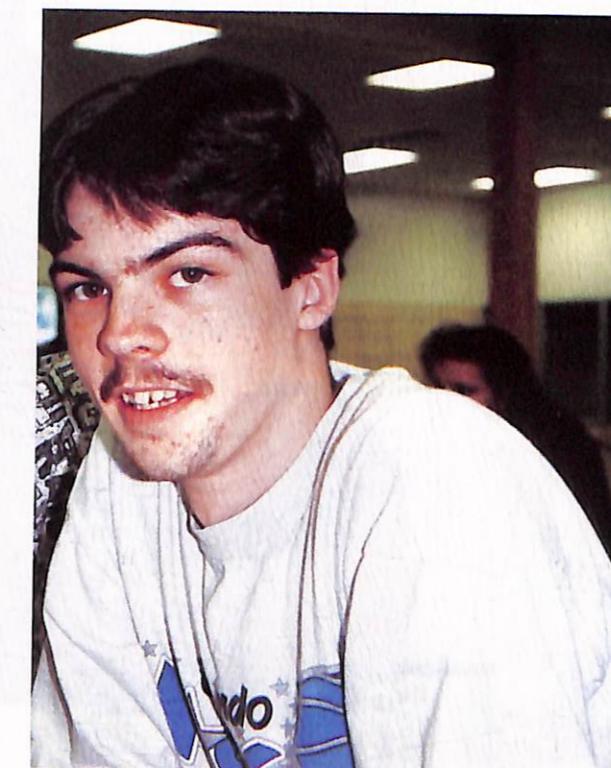

Whatever you plan to do in the future, Whitley County High School played a part in helping you achieve your goal.

David Roaden dreams of playing pro ball.

Joe Powers — Rick Pitino "wanna be"

Jody Dabney — Future Bostonian?

I will be a physical education teacher and a basketball coach. I would like to be the head coach for the University of Kentucky.

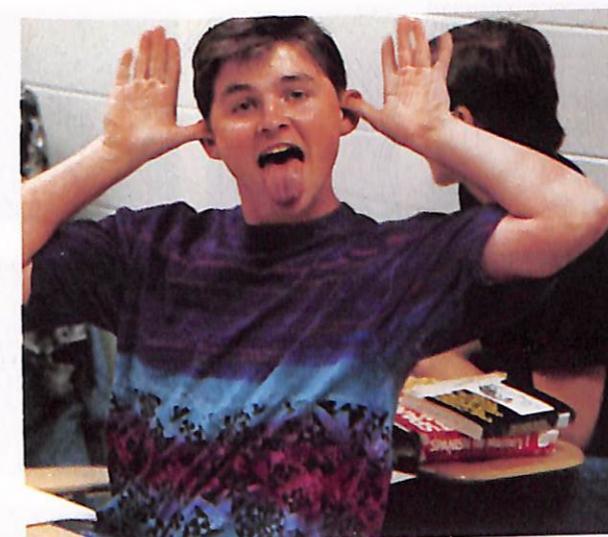

--Joseph Powers

Michelle Monk — Attorney at Law

Angie Goley "professional student"

Greg Sulfridge takes his future seriously.

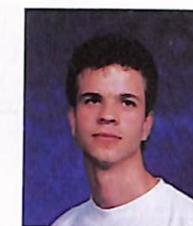

Kim Roberts wants to be a nurse.

# FRESHMEN ARE JUST 'DUCKY'

## WHY'S EVERYBODY ALWAYS

The freshmen had some interesting things to say about why everyone always seems to be picking on them.

Freshman, Robert Leach offered this explanation, "IT'S TRADITION."

Classmate Kelly Schwartz complained, "They think they are superior to us because they are in a higher grade."

Whatever the reason, freshmen have one consolation — next year, they'll be sophomores.

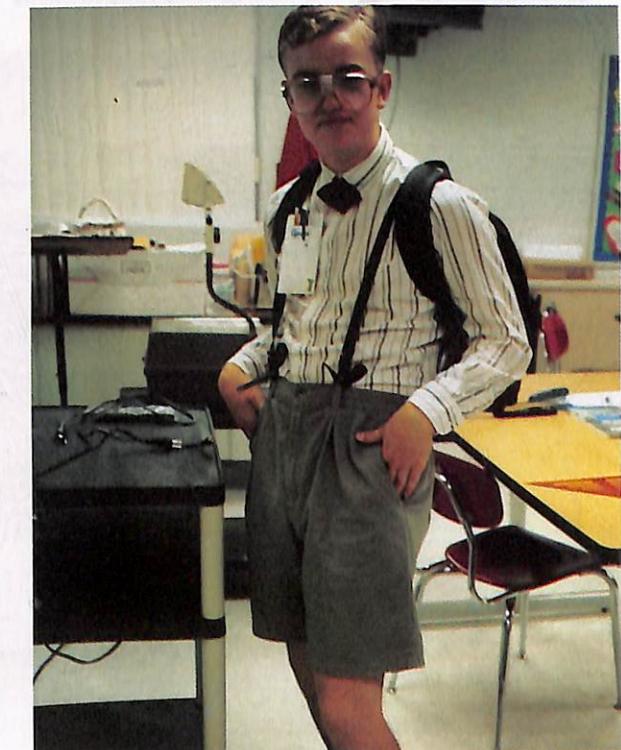

John Ridener and Shawn Day,  
"GETTING REVENGE"

Freshmen like to live dangerously.

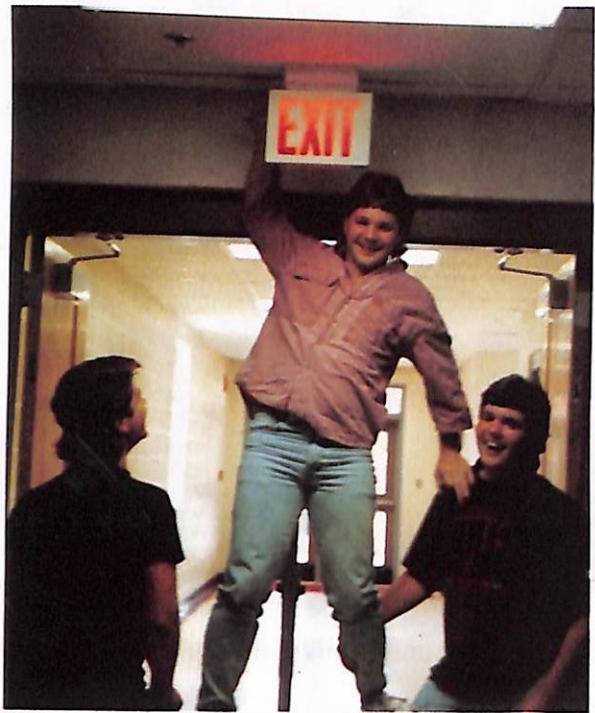

Jason Helton wonders,  
"What have I ever done to you?"

William Skidmore — "Steve Urkel wanna be"

## ADMINISTRATION

Mr. Kenneth Powell, Principal

Mr. Bobby Terrell, Assistant Principal

The Chain Gang

I feel that the school year, as a whole, went well. Attendance was up and the students enjoyed the year. Definitely one of the best school years.

— Kenneth Powell

The Administration at Whitley County High School is made up of many hard working individuals who do their jobs well in order to manage the every day obstacles of our schools' office. Some days can be really hectic for the administrative staff, but they always manage to make sense out of the most chaotic situations and come through with a smile.

Student workers provide valuable help in the office. Agnes Brown says one reason why she likes to work in the front office is because she is able to work with the public. Her job also allows her to meet more of the students here at Whitley. All in all, Whitley County administrative staff is top notch!

Mrs. Carolyn Falin, Assistant Principal

Joyce Creekmore, Bookkeeper

Lou King, Secretary

Patricia Foley, Attendance Secretary

Misty Baker, student volunteer,  
helps Jennifer Barnhill.

Carolyn Jones, Counselor, Secretary

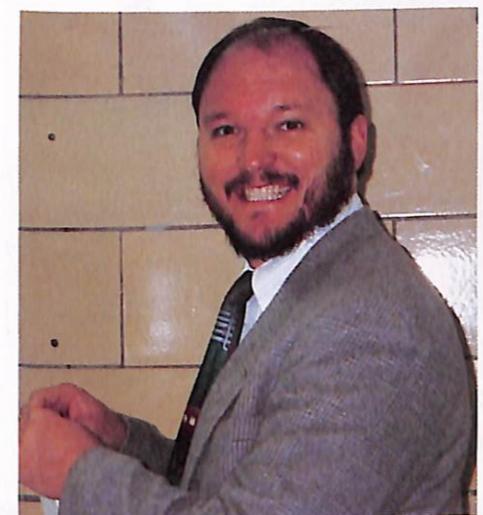

Brenda Meadors, Parent Volunteer

Donna Smith, Counselor

Mitch Holbrook, Counselor

Terry Mountjoy, Nurse

Ruth Ann Potter,  
Lunchroom Clerk

Elbert Gibbons, Security Guard

Charlie Perkins,  
Security Guard

Lonnie Foley, Security Guard

## WHAT'S COOKING?

What's cooking at Whitley County High School's cafeteria? Just about everything. Everyday, hundreds of students rush to the crowded cafeteria and wait in long lines to get some hot chow. Everyone's chattering and laughing while the cooks are busy serving the meals, as well as preparing more for the next lunch period. The lunch line gets more hectic than 5 o'clock rush hour traffic, but our cooks know how to handle the pressure.

The typical workday for cooks at Whitley County High begins at 6:30 a.m. Immediately, they begin preparing breakfast. They split up in teams of four and work together this way until it's time to prepare lunch. For lunch, the teams of four pair off into teams of two. Every week the teams rotate to do other jobs such as washing dishes or cooking different meals. This way, the work doesn't get boring, and it's more fair to everyone.

Surprisingly, the cooks don't get to plan the monthly lunch menus. The Whitley County Board of Education's Food Administrator Lorene Bowling plans the monthly lunch menu for Whitley Students. The food that is served here at Whitley County High is delivered once a week by two trucks. So rest assured, all the food is very fresh and well prepared.

What are some of the student's favorite meals for breakfast and lunch? Robert Keene says, "My favorite meal for lunch is chili with a grilled cheese sandwich," and David Sasko's favorite is "PIZZA!"

The cooks, always pleasant and friendly, seem to really enjoy their jobs. Janice Richmond said, "One reason I like my job is because I'm surrounded by food." There's no doubt that Whitley High's cafeteria staff works hard to please.

Editor Renee Veach can do a page layout with her eyes closed.

Top row: Clarissa Reaves, Shannon Byrd, Felecia King, Tamara Richmond, and Jackie McCullah. Bottom row: Susan Musgrove, Renee Veach, Sam Plotnick, Marjorie Mitchell, and Tina Rose

Each month, the students and faculty look forward to the publication of the school newspaper, the Colonel Country Gazette. The Gazette staff does an excellent job of providing the student body and staff with comprehensive coverage of what's happening at the high school.

Senior Renea Anderson commented, "As soon as I get my school paper, I read it from cover to cover. I can't imagine not having a school paper."

Also, the media class doesn't just work on the school paper. Editor Renee Veach said, "We do a lot more than just publish a newspaper. The media class is also responsible for the production of a weekly news show broadcast on WEZJ. We also produce a weekly news show that is telecast on Friday afternoon at the high school."

Mr. David Sweet assists the staff in the production of these weekly news broadcasts.

# THE WRITE STUFF

Each year the yearbook staff publishes a new edition of **The Colonel**, and this year marked its thirtieth anniversary.

Amy Lovitt, assistant editor, stated, "It takes a lot of hard work to put a yearbook together, but it's also fun."

It is definitely no easy task putting a yearbook together. There are many responsibilities each member has, from taking pictures to writing copy.

"The most difficult part in developing a yearbook is deadlines, deadlines, deadlines!" stated Lorri Taylor.

Despite all the hard work, the yearbook staff puts forth their best effort to make our annual the best it can be.

Christy Frazier searches for the "write" words.

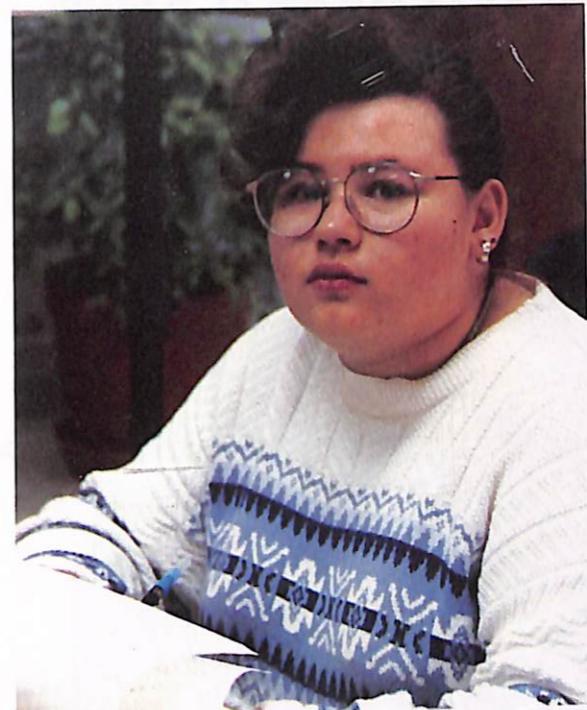

"Deadlines! Deadlines!"

Editor Tammy White proofs Angie's copy.

# PARLEZ-VOUS FRANCAIS?

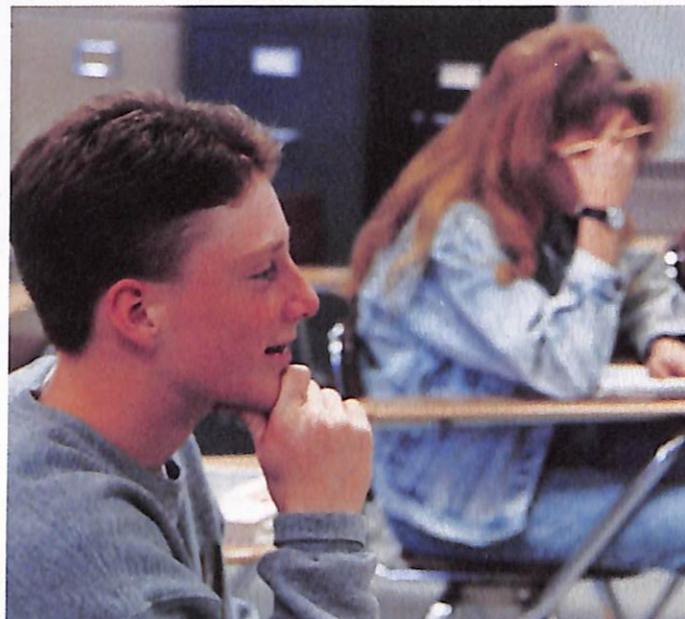

Have you been to France lately? Well, if for some reason you haven't, all you have to do is visit Mrs. Fuson's class anytime during the day. You will find many French-speaking students learning the language and about the country itself.

"I like learning about France and its culture. I plan on visiting France someday, and this is giving me the chance to prepare and learn more about the country," stated Jennifer Hale. If you have any interest in French, Mrs. Fuson's classes are always open.

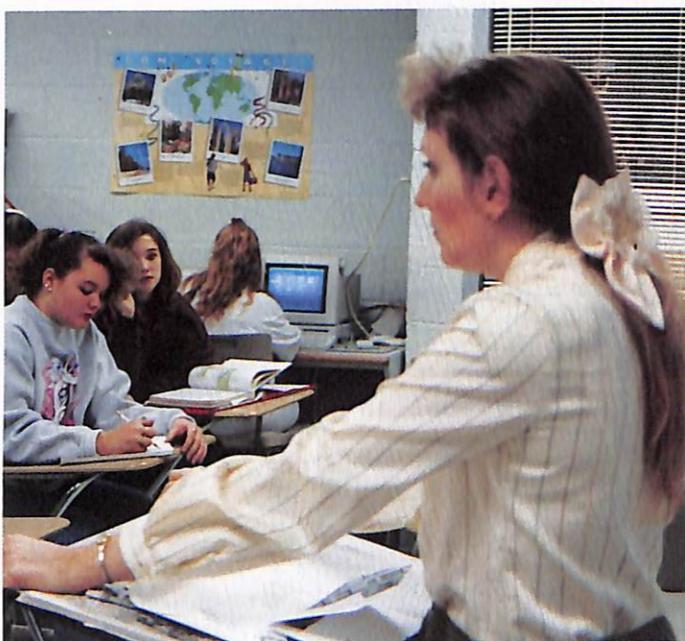

"I enjoy being able to hear my students communicate in a second language."  
--Brenda Fuson

Ronnie Faulkner is really concerned.

Think, Corey, Think!!

## I KNOW MY

The English Department has been completely revamped this year.

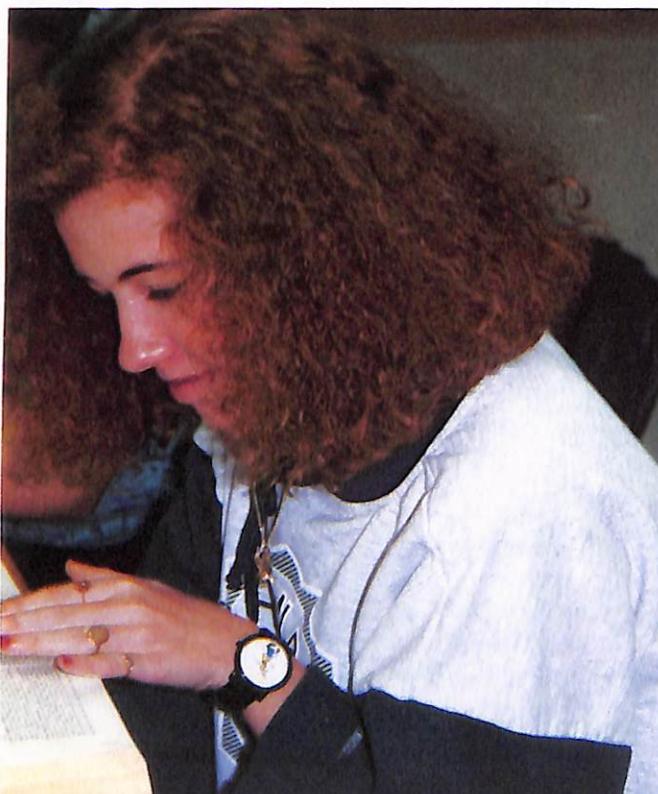

Hard work has played a major role in the success of the English department. With the implementation of portfolio assessment on all levels, the department has been extremely busy. All teachers and students had to communicate and work diligently with one another in order to meet the goals set forth by the Kentucky Education Reform Act.

According to Mrs. Shelton, "Communication skills are essential."

Many English classes took a hands on approach to learning. They made commercials, performed skits, and worked on group projects.

The composition class has also been working hard on the publication of the school's award winning "Colonel Creations". They hope to continue the winning tradition with the 1993 publication.

All in all, the English Department's hard work will pay off in the long run. For it is effectively preparing students for their future.

# AND MY

After a few classes in the W.C.H.S. Math Department, you'll have no trouble with your 1,2,3's and, maybe, even some x,y,z's! The classes offered range from business math to advanced calculus. You can be sure there is a class designed just for your individual interests.

What helps makes our math department stand out is the staff. There are many wonderful teachers that will help you with any problem you may get stuck on. But the teachers can't do it alone. It takes cooperation from both teacher and student to make our department a success.

So, the next time you have trouble with your 1,2,3's, or if you especially get confused with your  $x+y=z$ 's, don't fret! Just contact one of the teachers in the W.C.H.S. math department, and they'll lend you a helping hand.

## SMART

My dad gave me one dollar bill  
'Cause I'm his smartest son,  
And I swapped it for two shiny quarters  
'Cause two is more than one!  
And then I took the quarters  
And traded them to Lou  
For three dimes - I guess he don't know  
That three is more than two!  
Just then, along came old Blind Bates  
And just 'cause he can't see  
He gave me four nickels for my three dimes  
And four is more than three!  
And I took the nickels to Hiram Coombs  
Down at the feed store,  
And the fool gave me five pennies for them,  
And five is more than four!  
And then I went and showed my dad,  
And he got red in the cheeks  
And closed his eyes and shook his head-  
Too proud of me to speak!

—Shel Silverstein

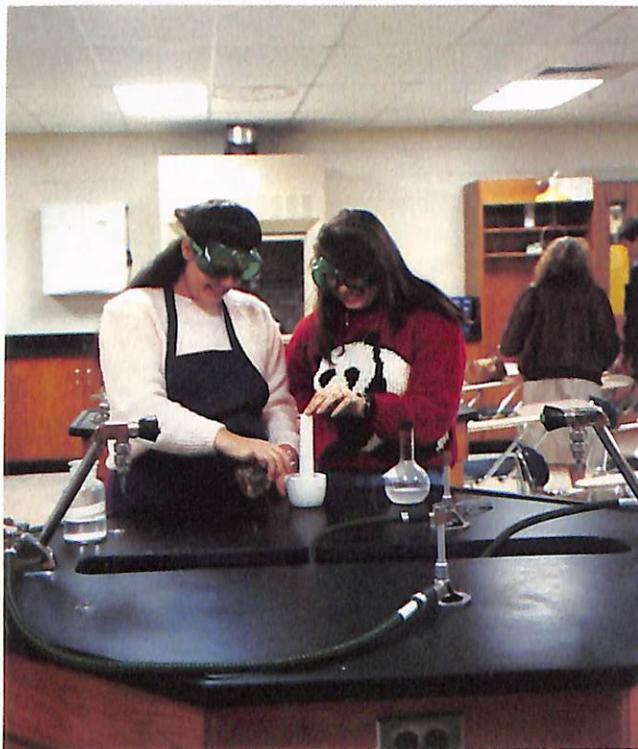

# LOOK AT OUR

Science classes are some of the most interesting classes at Whitley County High School. Our science classes not only teach science, but let students see what it is all about.

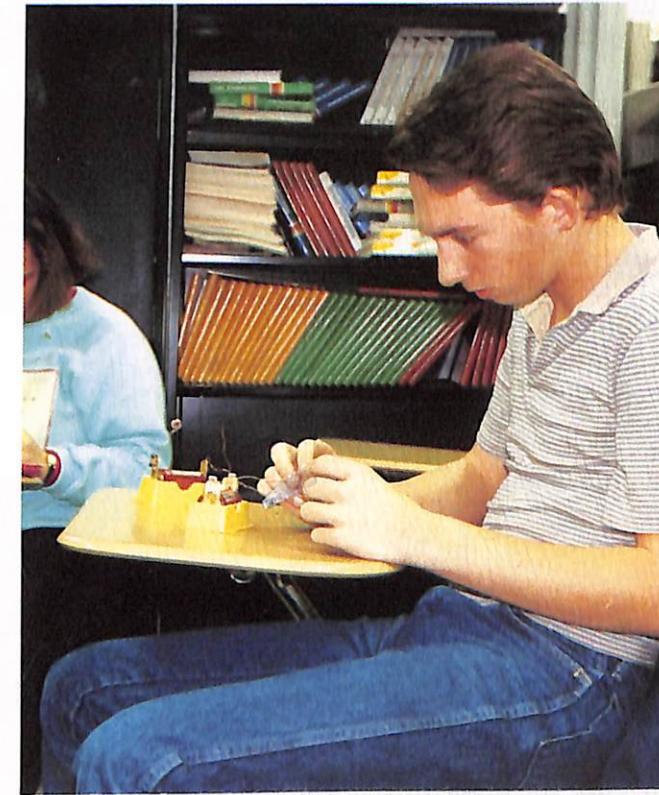

Ms. Lewis' Chemistry II class has taken field trips to EKU, UK, and Union College. In addition to visiting these colleges, they also visited the Oak Ridge National Laboratory. "Through these experiences, our students can see how scientific knowledge plays a very important part in our day to day lives," explained Ms. Lewis.

When conducting experiments in class, you are required to wear goggles. Not everyone likes the fact that they have to wear these green things. Kim Baird doesn't like the idea of putting them on. Why? "They leave red rings around my eyes," she commented.

What makes our science classes so interesting is the abundance of hands on experience it allows you to receive, even if you do have to wear green goggles.

Ms. Lewis, and Mrs. Sears  
haven't grown up yet.

## HISTORY IS HAPPENING

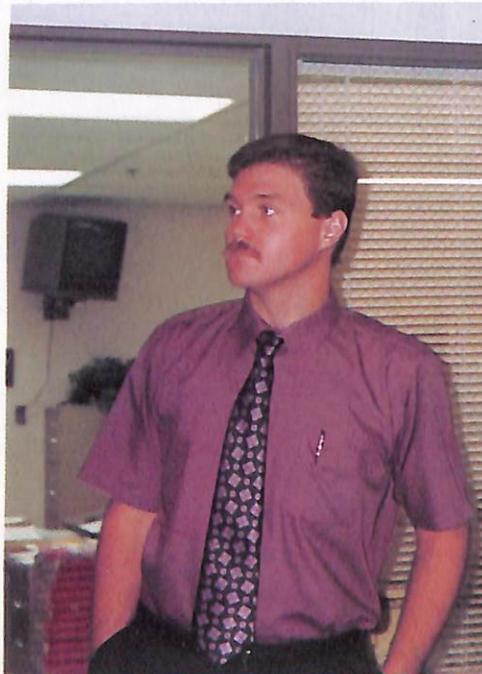

History is the place where most students catch up on their beauty sleep ... well, not at Whitley. History students have done a variety of interesting projects and activities this school year.

For example, Mrs. Richardson's political science class made salt maps that reflected different aspects of Kentucky geography. Also, A.P. History took a trip to Lexington to visit Henry Clay's home. History is a great subject that everyone can enjoy learning about and that does seem to be the case here at W.C.H.S.

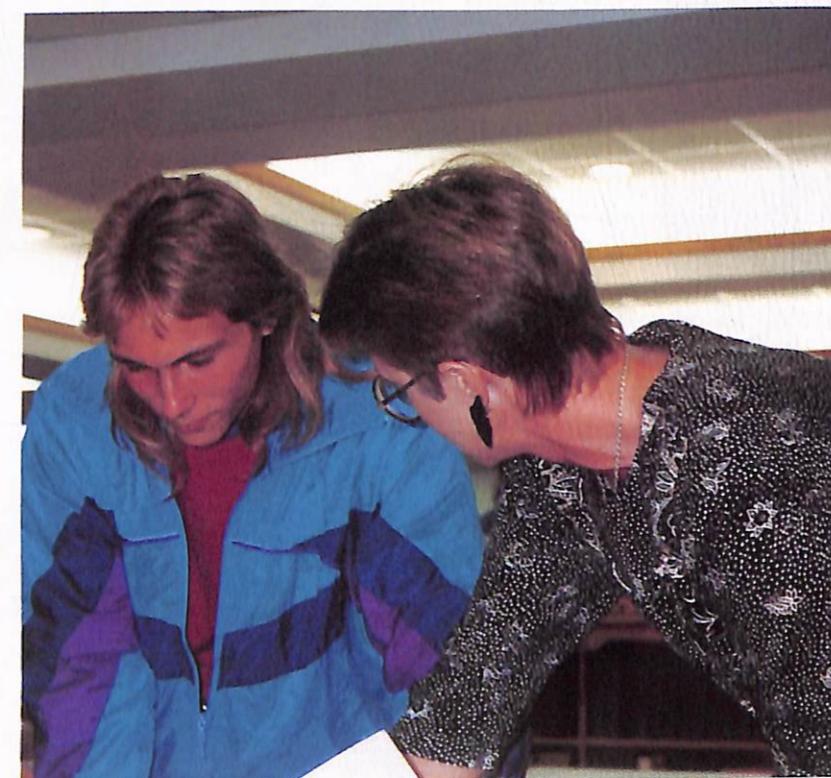

**"History is the study of the past that will help us to better understand the challenges of the present and the major issues of the future."**  
—Betty Richardson

Mr. Tom Maggard — "You live in Kentucky."

Mr. James Black — "Number one is ..."

Mr. Terry Huddleston — "Paperwork!"

## Keys To Success

The Business Department at W.C.H.S. offers a variety of business, agricultural, and home economic courses. Each course teaches skills that are needed outside of school and prepares the students for the work force.

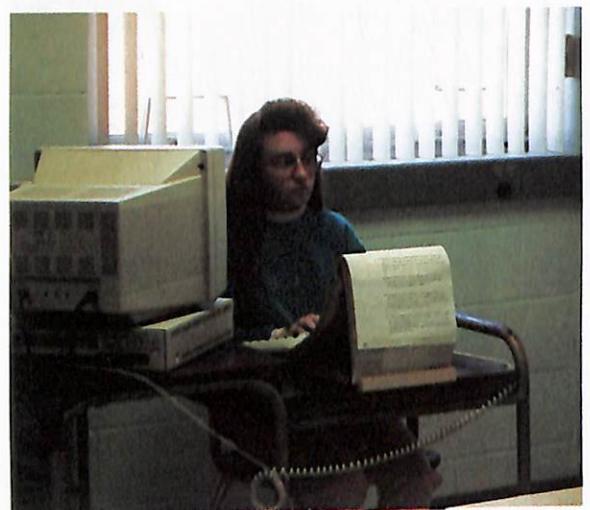

For example, during their senior year of high school, students can take the co-op program in which they can leave early and go to work for credits. Angie Huddleston commented, "I like the program because it gives me the opportunity to work and earn enough credits to graduate."

According to Mr. Mullins, the vocational agriculture classes enhance and encourage valuable personal qualities such as leadership, citizenship, cooperation, and self-sufficiency.

The Business department is definitely a positive aspect of W.C.H.S. It is one of the keys that make W.C.H.S. a success.

The safe way to weld a bar!!

# LET'S GET PHYSICAL

This year, the health and p.e. classes tried to provide variety in the sports and activities in which the students participated. The classes played sports ranging from wiffle ball to badminton. The students even had the opportunity to line dance.

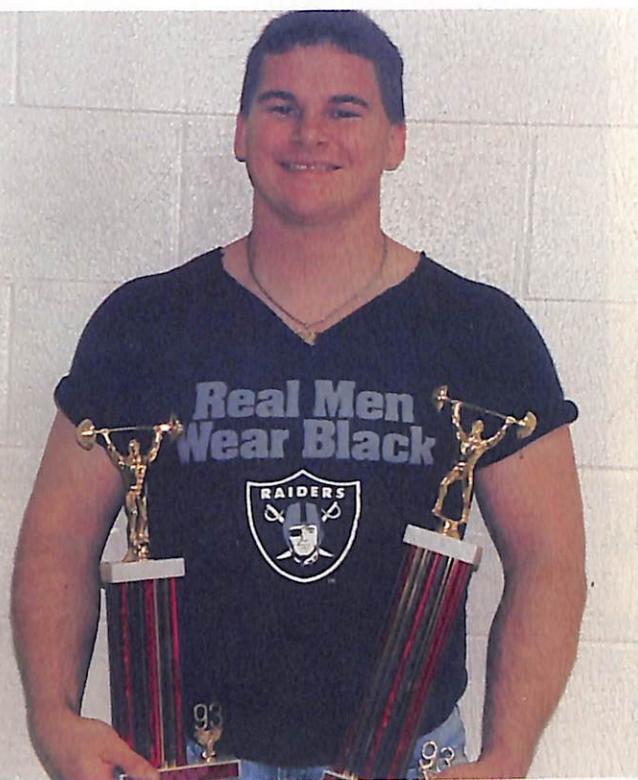

"I thought that all we would do was play basketball or something, but the teachers really made it fun," said freshman, Sunshine Walker.

"The students seemed to get tired of the same thing all of the time, so we (the teachers) decided to do a variety of things," said Coach Jim Voight.

# MARCHING

The Whitley County High School Band started out the 1992-93 school year marching with a beat. "We revamped our marching style and upgraded the level of difficulty in the music we play," said the director, Brian Logan. This make the season a little challenging for the band.

Despite the challenge, the band finished their concert season with a superior rating. Band member Rhonda Caddell explained, "No matter how we do during the season we always keep a smile."

During the year the band participated in various marching competitions, and held their third annual home competition. Band members Travis Fox and Jackie Siler traveled to London, England in late December to participate in the Youth Music of the World All-Star Band. "Not only was it an extraordinary musical experience, but it was also intellectually stimulating," explained Travis Fox. Overall, the band had a great year, ending on a good note.

# A Work of Art

Art is one of the most enjoyable classes at Whitley County High School. The students like it because it allows them to explore their own creativity, and here at W.C.H.S. we seem to have quite a bit. The art exhibit, entitled "A Show of Excellence," was really spectacular this year. There were a variety of pieces to see, for example, self portraits, photographs and ceramics. Not only did the art students enjoy creating them, but they also enjoyed seeing their fellow classmates appreciate all their hard work.

Mr. Taylor teaches the art classes here at Whitley. He has a remarkable talent and is eager to share all of his ideas with his students who just might be the world's future Picassos.

# MEDIA CENTER

The new multi-media center at Whitley County High School opened in the spring of '92 and now houses a computer writing lab, a video production lab for the school's television and radio shows, and features a computerized, card-catalogue system. Approximately 15,000 new titles have been added to the book section.

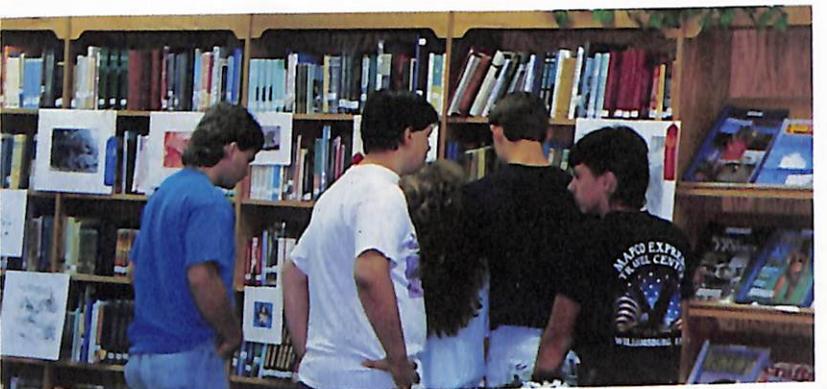

According to Mrs. Goins, librarian, "The expanded facilities have made the center one of the most used areas in the school." Not only does it serve as a place of research and leisure reading for the students, but it also is used for many other school and community functions.

# CLUBS ARE ON THE MOVE

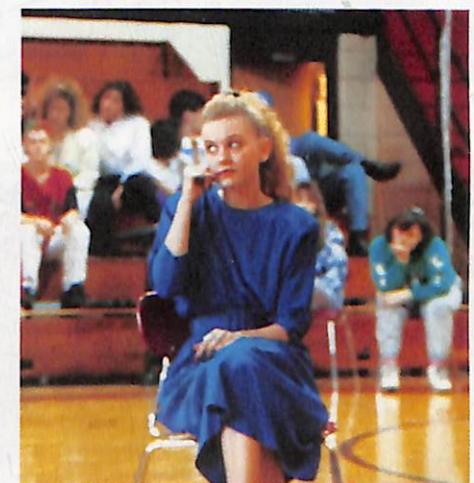

## A FLAIR FOR THE DRAMATIC

Miranda Cruz says, "Let's get the show on the road."

Joy Bryant says, "This is my microphone."

Rhonda Privett isn't shy.

1992-93 Drama Club

Drama Club is a club that everyone could join. It requires only that you be dedicated, enjoy working as a team, and that you like to be a part of all the fun involved in producing a performance.

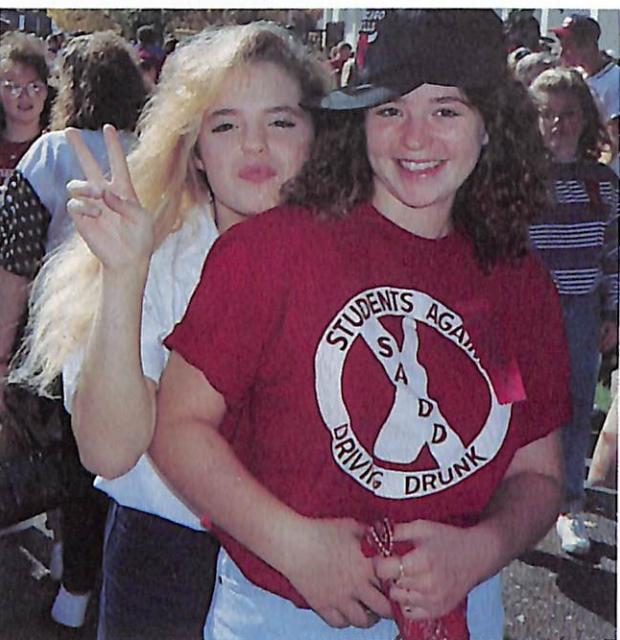

All members will agree that being a member has made them work harder. "I have learned many skills from performing in front of people. All of us can say that we have been over our stage fright for a long time," said Rhonda Privett.

## SADD CLUB

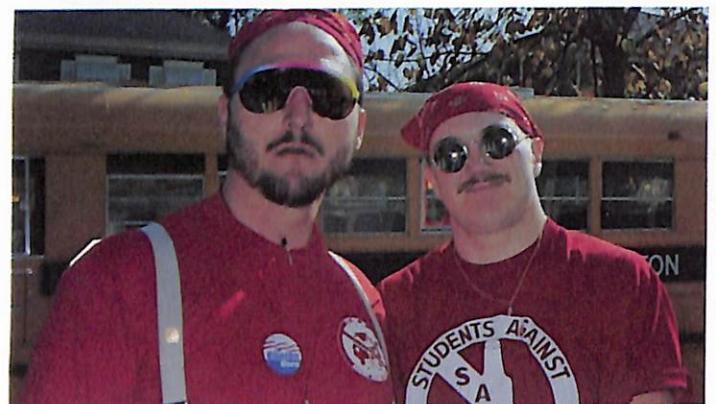

Taking a stand against driving drunk is the purpose of the SADD Organization. This year our W.C.H.S. SADD Club has become increasingly involved in getting their message across.

SADD members marched for their cause in the Cumberland College Homecoming Parade. They organized several booths in the Fall Festival. Also, members attended the Red Ribbon Rally and performed a skit in the talent show. Club member, Jennifer Hale enjoys participating in these activities because, "it makes me feel like I make a difference."

SADD is now in its sixth year at W.C.H.S. It has made a definite impact on the school and the student body as a whole. Through the dedication of its members and club sponsor, Ronnie Faulkner, SADD has been able to continue their crusade of teaching students not to drink and drive.

Trish Borsh and Courtni Johnson say "peace".

The future's so bright!

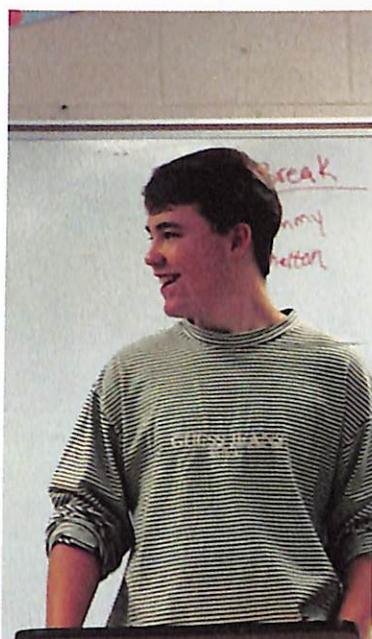

The Red Ribbon Rally

**"You have a right to drink. You have a right to drive. You have a right to remain silent."**  
--Ronnie Faulkner

## MATH CLUB '93

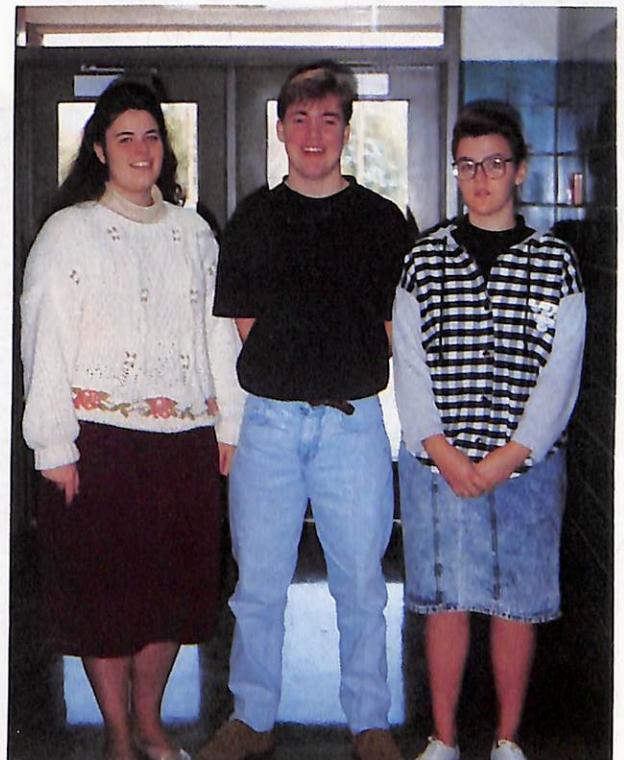

1992-93 Math Club

Speech! Speech!

"Hard work equals success" is the catchy motto of W.C.H.S.'s first year Math Club. Mrs. Jones and Mrs. Adair, the club sponsors, have successfully assembled an interesting and creative group of students. These students have had fund-raisers and have participated in the Fall Festival activities to raise money for a trip to NASA in Huntsville, Alabama.

Vice-president Christina Wilson comments, "The math club inspires students to try their best and to excel in math classes."

All in all, the math club has had a terrific year. It is an innovative club that provides its members with a beneficial learning experience.

L to R: Secretary-Polly Canada  
President-Jimmy Partin  
Vice-President-Christina Wilson

$$1 + 1 = 2$$

$$2 + 2 = 4$$

## RETURN OF THE BLEACHER CREATURES

The Whitley County High School Pep Club is a pep rally in itself. The purpose of the pep club is to cheer on our Colonels in hopes of bringing defeat to our opponents.

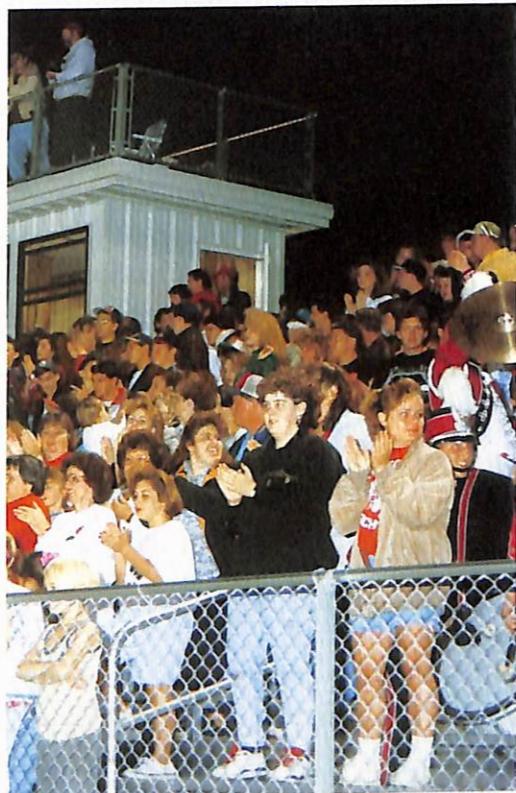

One roaring bleacher creature, Becky Lawson, explained, "I feel being a member of the pep club gets me fired up, so I can really cheer for our team." Becky Lawson's spirit shows that the bleacher creatures have a major impact on our athletic department. They stand up for the Colonels salute their desire to win.

The 1992-93 Pep Club (Bleacher Creatures)

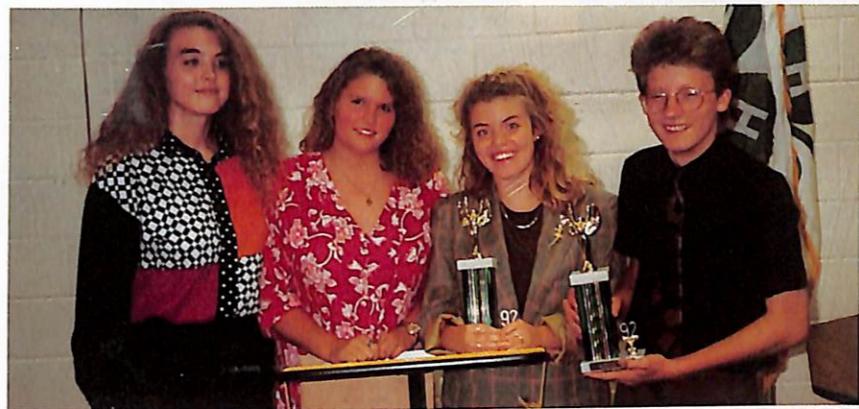

Mr. Powell — honorary pep club member.

The pep club in action.

## 4-H is 4-U!!

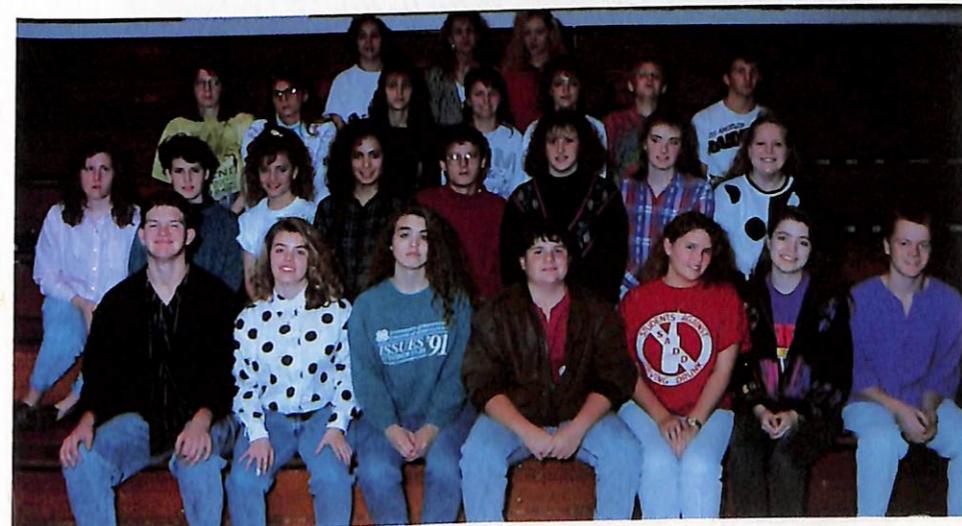

Norma Smith, Melissa Helton, Amy Terrell, and Travis Fox.

Daniel McCullah, Miranda Cruz help the health dept.

Norma Smith, Travis Fox, Melissa Helton, Anna Cupp.

The 1992-93 4-H Club

Amy Terrell proud of it all.

The 4-H club participates in a variety of activities ranging from poster judging to pet shows.

The first activity 4-H took part in was in radio broadcasting at WEZJ 104.3 for a full week.

The president of the 4-H club, Norma Smith, said, "I've been in 4-H practically all my life, and I still love it!"

The W.C.H.S. students are proud of the 4-Hers and the accomplishments they have made.

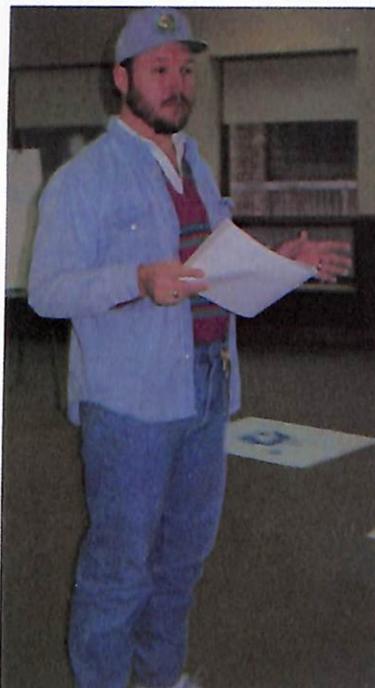

## TENDER LOVING CARE

The students at Whitley County High School receive lots of tender loving care from the Teen Leadership Council. This selected group of students is here to provide students with a source of confidential companionship.

The advisor, Mitch Holbrook, and the members are always willing to lend a helping hand. Sophomore Billy Brummett said, "I think T.L.C. helps everyone in school to know they have someone to talk to. I also feel like T.L.C. has helped me to get to know myself better."

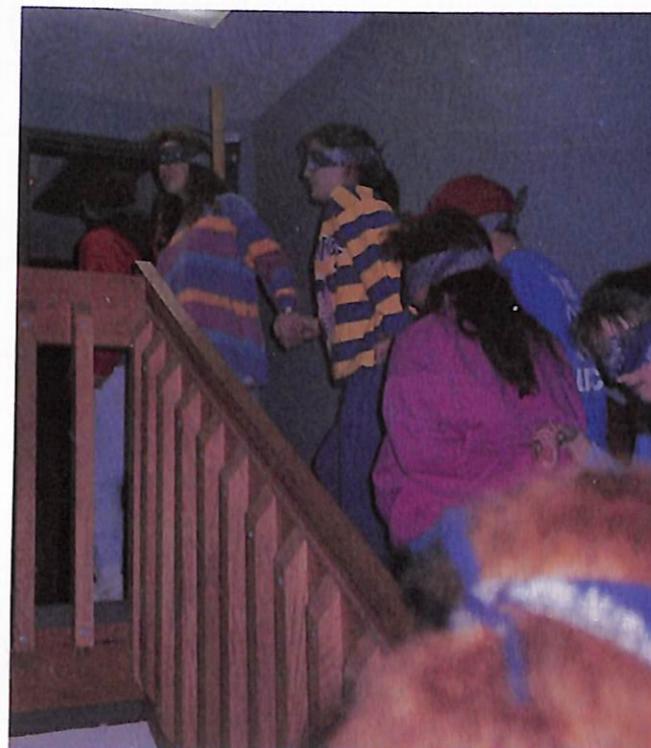

Also, just in case you need someone to talk to, and you can't find a T.L.C. member, T.L.C. has publicized an I Care Hotline, 1-800-729-4227, for students in need of someone to listen.

**According to club sponsor, Mitch Holbrook one of the major accomplishments of the club was, "letting the administration become aware of the problems the students are having and letting the students know who they can trust."**

## “LEAD BY SERVING OTHERS”

Beta is a service oriented club that has enabled students to become more involved with their community. It challenges its members to put forth a good example by their actions rather than their words. Beta has worked diligently throughout the 1992-93 school year. They have provided the homeless with many necessities such as food, clothing, and personal hygiene products. They also bought Christmas gifts for the TMH students.

“Beta Club is dedicated to helping others and working to see that it is accomplished,” stated Brandie Lankster.

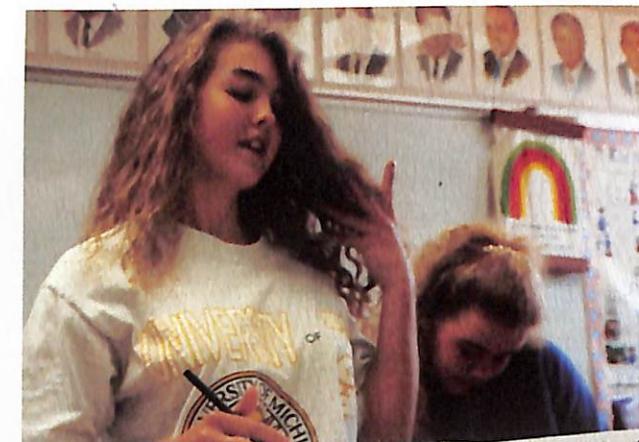

Throughout this year, and for many years to come, Beta has, and will, continue to stand for excellence.

Tracy brings the meeting to order.

We're proud to be a part of Beta!

## FBLA: A STEP AHEAD

Tommy Shelton just loves F.B.L.A.

1992-93 F.B.L.A. CLUB

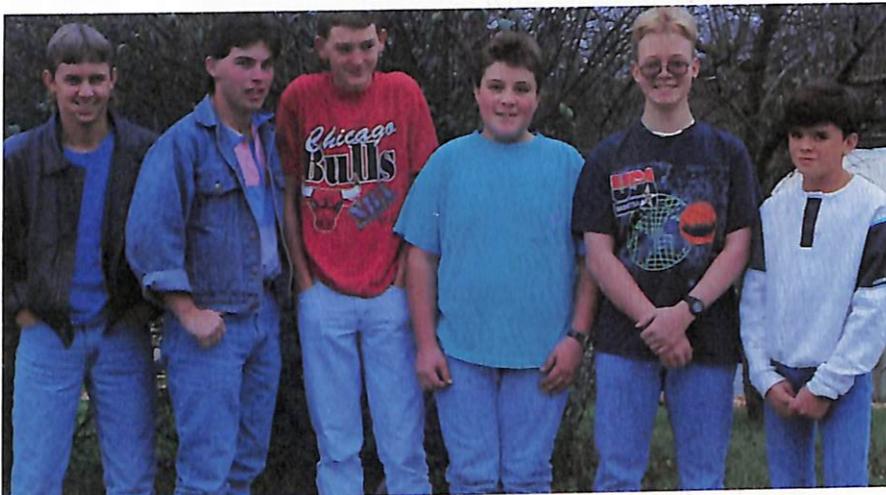

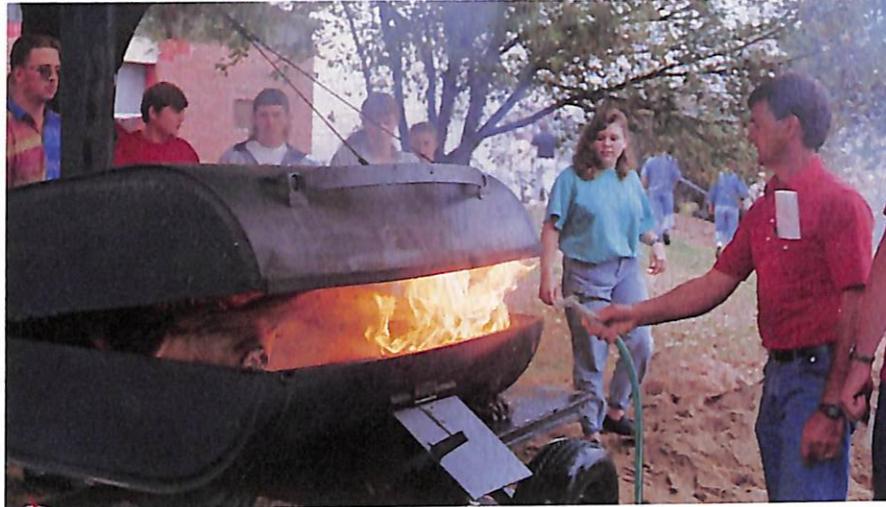

F.B.L.A., Future Business Leaders of America, proves that business isn't all work and no play. During the year, they participate in annual competitions at Eastern Kentucky University. They compete to improve their business and typing skills. Yet, when Christmas time rolls around, they celebrate and spread Christmas cheer by singing at a local nursing home.

All in all, F.B.L.A. provides a beneficial experience that the club members will always have. Senior Vanessa Vanzant said, “I feel that F.B.L.A. has helped me to better prepare myself for the job market.” After graduation, these club members will be a step ahead in the business world.

## FFA DOIN' IT ALL!

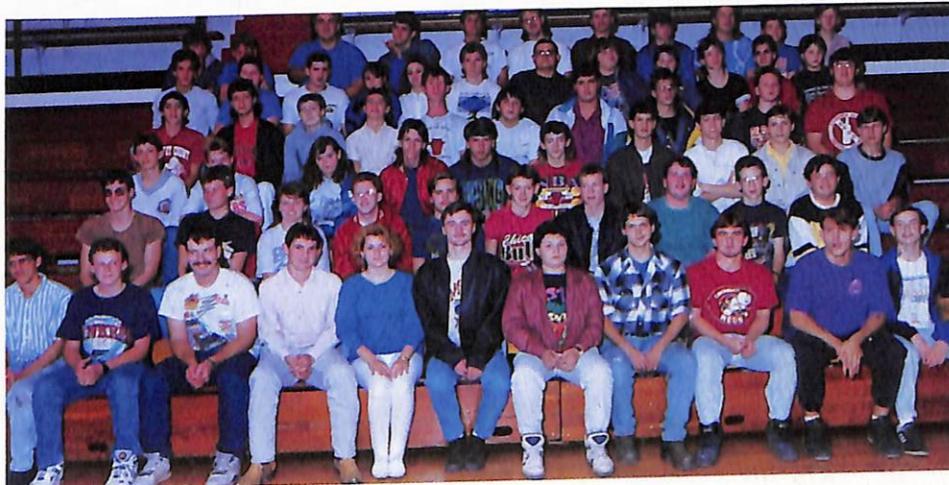

Future Farmers of America does more than just teach their members how to farm. The club participated in regional competition held at Eastern Kentucky University. C.J. Clark and Robert Sulfridge competed in the regional tractor driving contest. On the team for small engines, Larry Powers, James Croley, Jason Sawyers, and Mike Ellis brought home the second place title.

They work on projects such as sponsoring a Cumberland Falls clean-up and adopting a highway. They have contributed their part in helping to beautify the Whitley County High School, Middle School, and Central Elementary campuses by landscaping. Each year they sponsor a pig roast for the homecoming football game. This club is for **anyone** who is interested in learning about farming, landscaping, and arranging trees, shrubs, and flowers.

## FOREIGN CULTURE

Among the many other clubs at Whitley County High School, French is one of the most exciting. The members are not only able to speak a different language, but they have a chance to experience a totally different culture.

As a result, Stephanie Capps said, "I think it is really cool to say something in French and listen to people try to figure it out."

While learning a different language, the French Club members participate in the Southern Kentucky Regional Foreign Language Festival and the Kentucky State Foreign Language Festival. The French club has performed quite successfully in these events.

As you can see, French isn't only exciting and different, it provides a new learning culture for its members.

## CLUB de ESPANOL

The Spanish Club for the 1992-93 school year has participated in various activities. They set up a pinata bash at the Fall Festival that was a great success. They also took part in a Spanish competition in which Brian Ford won first place with his Spanish version of the Monopoly game.

"The Spanish Club offers us a new approach to foreign culture," stated Shannon Byrd.

"Being a member of the Spanish club is really enjoyable and I like learning new languages," said Tamara Richmond.

These are just a few proud members of Mr. Bennett's Spanish Club. So put on your sombrero, and join!

1992-93 Art Club

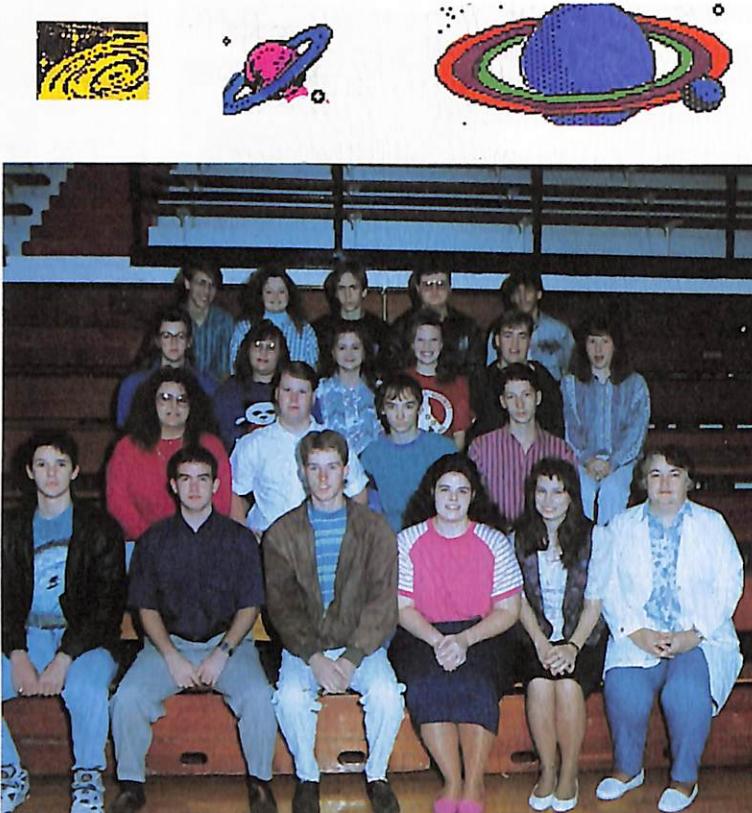

"The Art Club strives to improve the aesthetic pulse of W.C.H.S. Along with the art classes, the Art Club sponsors many activities including visits to colleges, universities, and art museums. The major event of the year is the annual spring trip to the Cincinnati Museum of Art."

--LLOYD TAYLOR

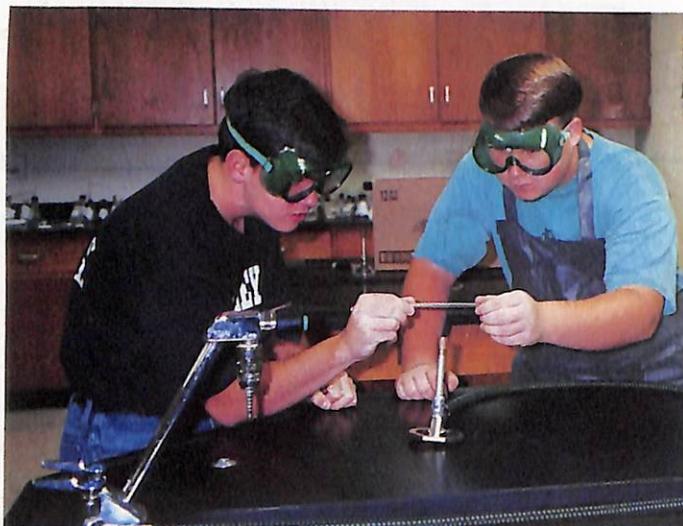

## SCIENCE CLUB: SCIENTISTS OF THE FUTURE

The W.C.H.S. Science Club is one that doesn't take the future lightly. Members are serious and share a great love of the sciences. This dedication is reflected by their success at Union College, where they placed third in the regional Science Olympiad. Senior member Polly Canada stated, "All the preparation for the competitions helped me walk away with second and third place in the individual competitions at Union."

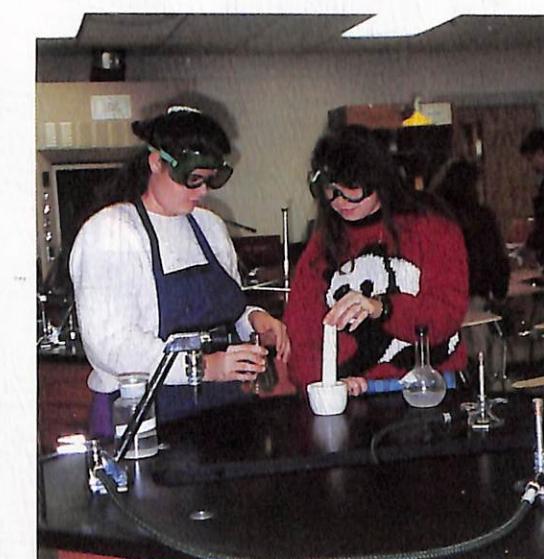

The science club has a wide variety of purposes and advantages, such as giving the members a hands-on experience with science and providing the members with a broader sense of the different uses of science. For example, the science club members will be participating in a shadowing program at the Baptist Regional Medical Center. **Who knows?** Our science club may provide us with scientists of the future.

The 1992-93 Science Club

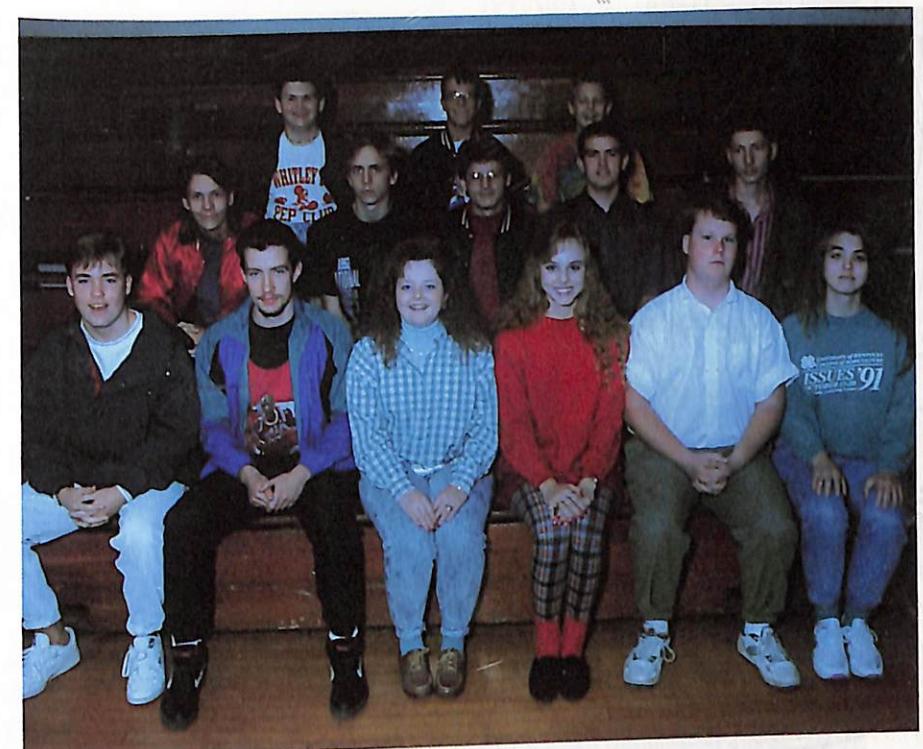

Tommy Shelton and Tony Adkins believe it takes two to get the job done right.

MIRROR, MIRROR ON THE WALL,  
WHO'S THE SMARTEST OF THEM ALL?

Jesse Males, sponsor

**DING!** The student mutters, "The answer is ... uh ... uh ... uh." There is dead silence and your mind goes blank. A booming voice echoes, "Wrong!" How in the world can anyone forget the formula of water?

This is just one of the intimidating situations that the members of the academic team encounter. Unfortunately, there are other malfunctions that can occur under pressure.

"I will never forget the time the answer was on the tip of my tongue but the other team buzzed in first. In desperation, I blurted out the right answer, but this was against the rules; so I was disqualified. I could have died!" recalls senior member Tony Adkins.

Despite the slip ups, the team has shown they wouldn't let the pressure get to them. They had a terrific winning season. The W.C.H.S. Academic Team members are truly **reflections of success**.

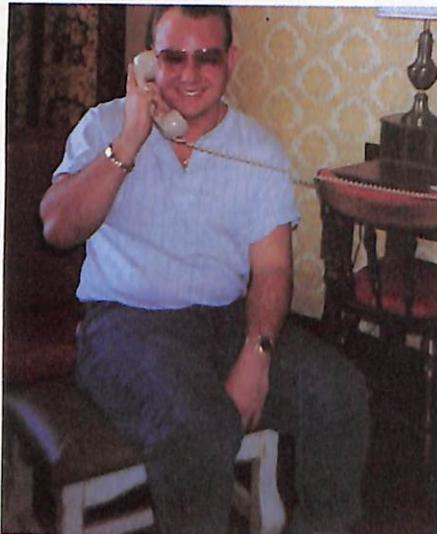

## FHA ADVENTURES

One of the highlights of FHA's year was their trip to the state conference in Louisville. According to member Tonya Maynard, "Everyone had the time of their lives."

Sponsor, Sharon Cox said of the club's overall year, "Not only did my members experience new horizons in their lives, they were able to take part and enjoy the pre-Derby festivities during the week we were in Louisville."

Club members take an afternoon siesta.

### CHOIR

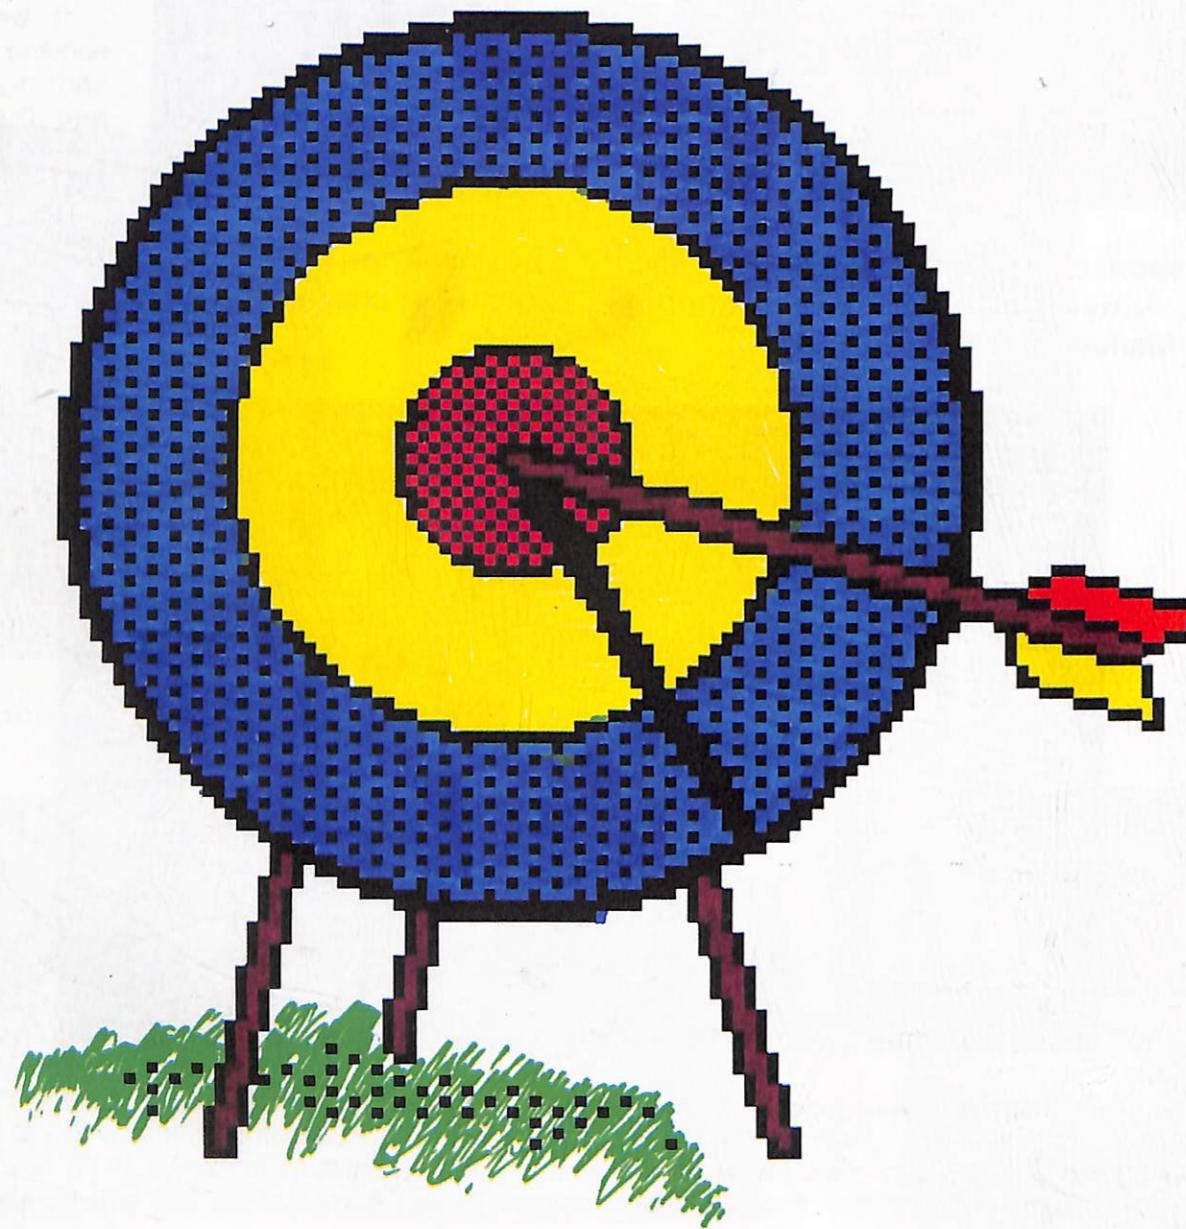

The Choir Club has a new teacher as its sponsor, Mrs. Joann Thomas. According to Mrs. Thomas, "The club allows the student body the opportunity to hear choral performances of various styles of music."

During the year, the choir club participated in the Kentucky Christmas Concert at Rupp Arena, and sang for various nursing homes and hospitals. President Sharon Barnett said, "The part I enjoyed the most was the activities we took part in."

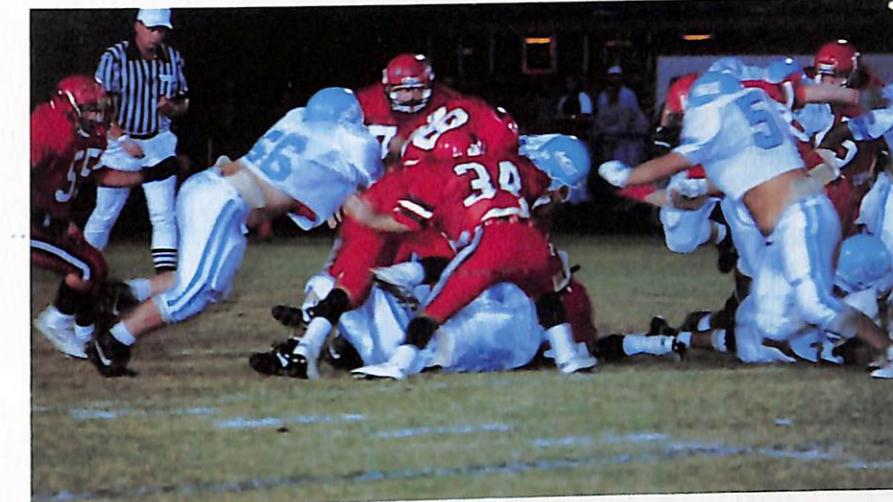

This year's Deca Club Conference was held in Louisville. Club member David Marlow received an "Outstanding Chapter Member" plaque for his participation in the conference.

"I was very honored to represent my school and the club," stated David Marlow.

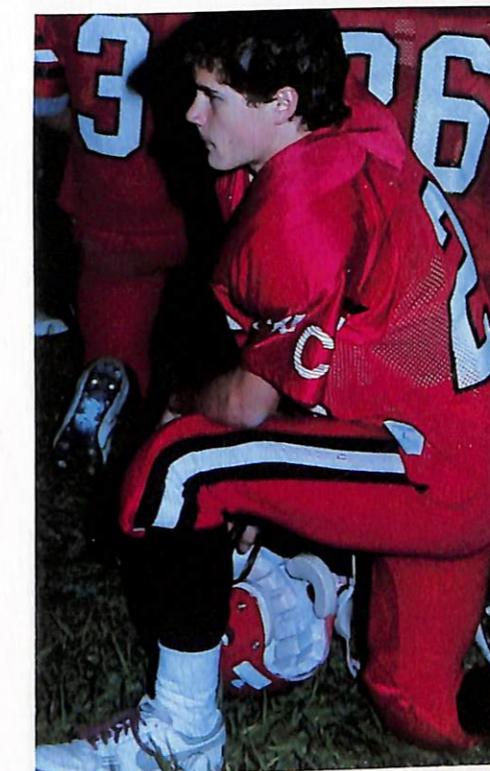

# SPORTS ARE RIGHT ON TARGET

## NECESSARY ROUGHNESS

Colonel defense at its best!

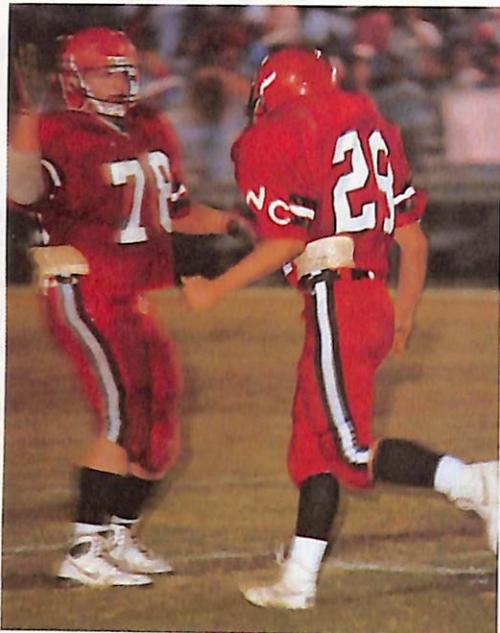

Chris Perkins:  
Boy, this is thrilling!?

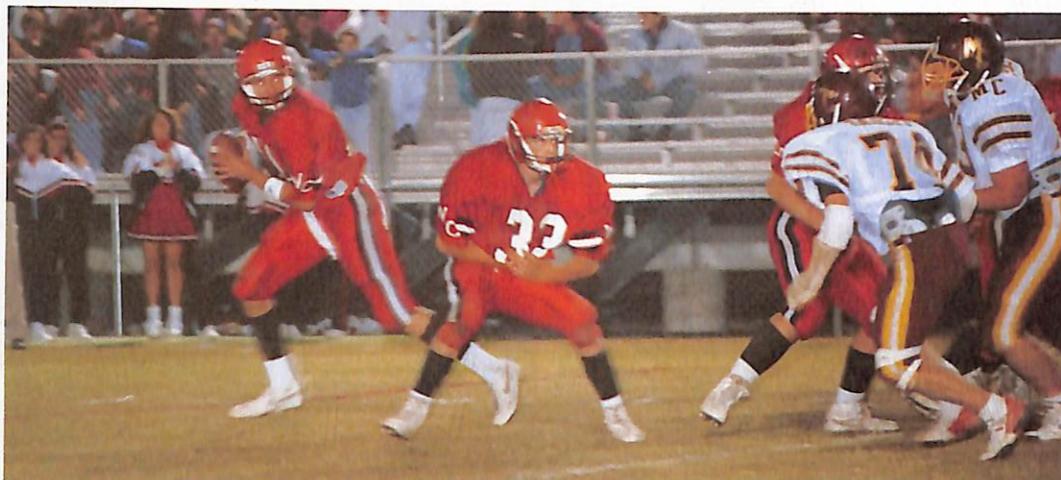

"I've fallen and I can't get up," says John Barnett.

The football season began with a bang, literally, due to the new cannon that goes off every time the home team scores. With a new field, and a better sense of confidence, nothing could stop the Colonels. They had a perfect record until Cawood put a damper on the season with the first loss. Yet, the Colonels powered back with a victory over Madison Southern. They went on to district play offs, only to be beaten by Belfry. Even though it was a disappointing loss, the Colonels had one of their most successful seasons ever with a record of 7-4!

## COLONEL BASKETBALL --

Three, two, one ..., and another game comes to an end. The Colonels experienced many hair-raising games this season and often kept us on the edge of our seats. "For me, the most exciting game of the season was against Knox Central which we won on a last second shot by Chris Taylor," stated David Sasko.

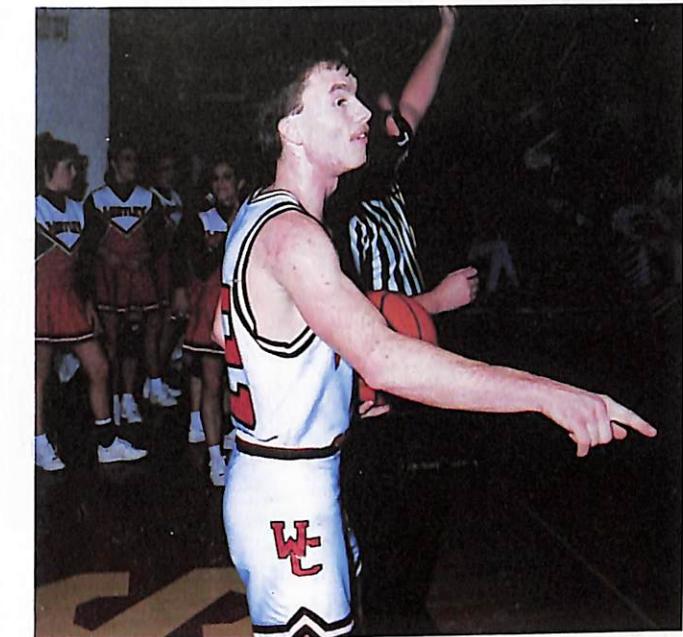

Led by the seven seniors, the Colonels finished the season with an excellent record of 21-10. "I was pleased with the effort and play of the boys this past season. This is only the second time in the school's history that a boy's basketball team has won twenty plus games at W.C.H.S.," replied Coach Voight.

Teamwork seemed to play an important role in the Colonels' successful season. "I'll always remember my teammates. The seven seniors were the best friends I'll ever have, and I hope we can stay in contact. They've meant more to me than they realize," stated Jamie Gambrell.

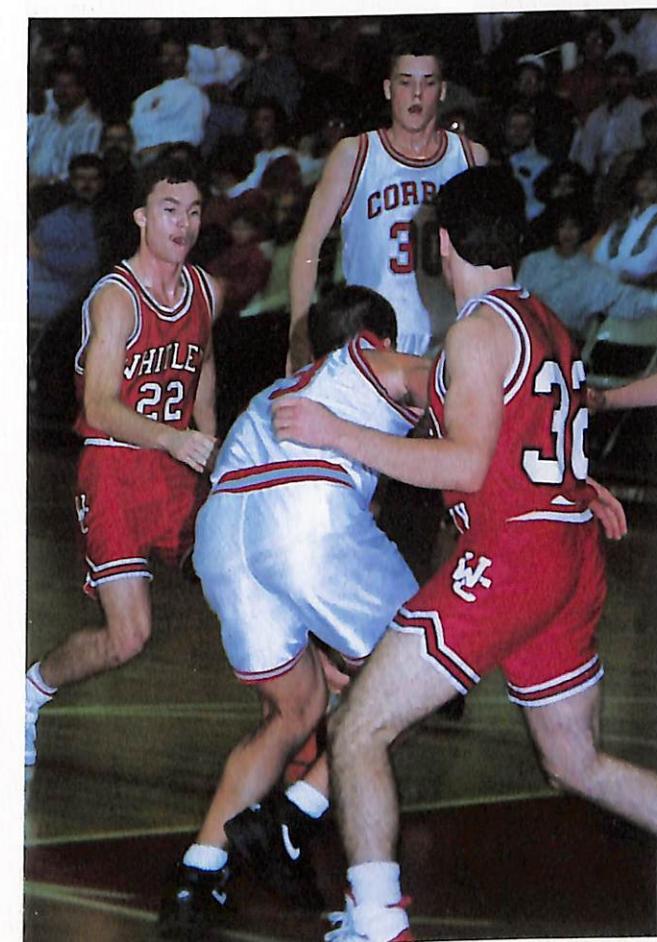

The Colonels look forward to rebuilding and once again climbing to the top of the 13th Region.

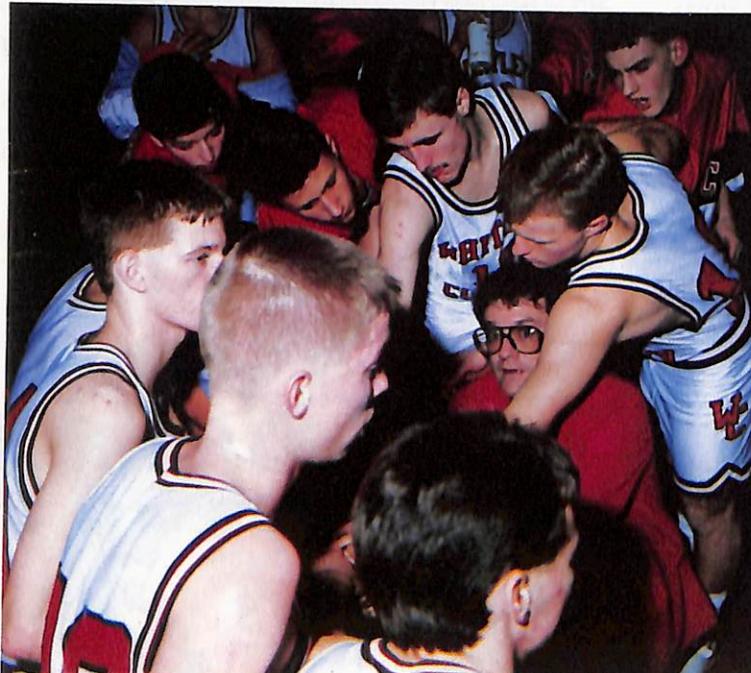

Coaching is a humbling experience.

## 1992-93 Lady Colonels

The Whitley County Girls Basketball team accomplished many of their goals for the year. They beat the Corbin Redhounds once, the Williamsburg Jackets twice, and were very competitive with some of the top teams in the state. Coach Anderson said, "For a team to play well, it takes a lot of hard work and dedication from everyone involved." Before the season began, the girls put a tremendous amount of time and effort into their team. They went through four weeks of conditioning, followed by six weeks of practice.

The senior Lady Colonels made a significant contribution to the basketball team. They gave the team leadership, dedication, hard work, and a will to succeed. The top two scorers were both seniors, with Kellie Manes averaging 12 points per game and Dina Davis with 11 points per game. Kellie Manes said, "The high scorer doesn't make the team, it takes everyone."

## WITHOUT

# Cheerleaders

In 1992-93 our school began once again having a separate squad of cheerleaders to cheer for the girls' basketball team.

The squad is made up of five freshmen, one sophomore, one junior, and one senior, Denise McCullah.

They have done very well. In the district and regional K.A.P.O.S. Competition, the squad placed first in the district and runner-up in the region. They represented our school in the state competition on March 27, 1993.

Senior Denise McCullah

Julie and Angel right on top.

it's only

*a game!*

The 1992-93 boys' varsity cheerleaders have worked extremely hard. They practiced through the summer, every day after school, and on weekends.

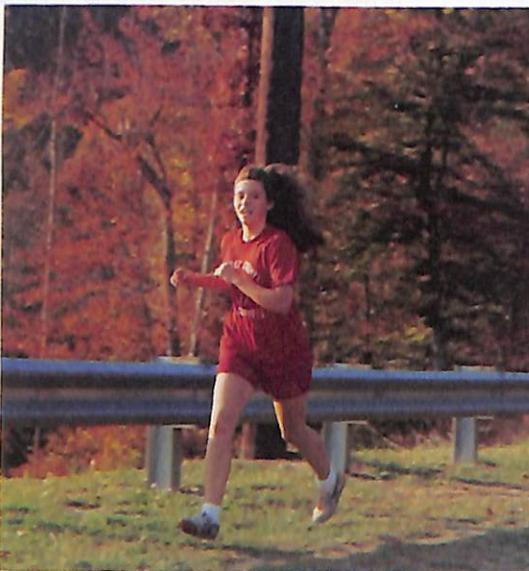

During the summer, the boys' varsity cheerleaders attended UCA camp at UK and brought home several awards. Superior ribbons, a third place trophy in the dance routine competition, and spirit sticks are just a few. Their competition at camp was intense. It included Henry Clay High School and Lexington Dunbar High School.

In major competitions, our boys' varsity did great. At the Middlesboro Mall Competition, they placed second overall and were awarded best sideline cheer.

At the 50th District Tournament, the squads were all judged in a game situation. Things considered were technique, pep, and how well they fired up the crowd. The first place trophy in boys' varsity division was carried away by Whitley County.

Probably the most important to the squad was the 50th District and 13th Region K.A.P.O.S. Competition. The Whitley County boys' varsity cheerleaders stormed the event taking first place in both district and region and conquering long-time rival Williamsburg on their way. This is the second year that our boys' varsity has represented the 13th region in the state competition.

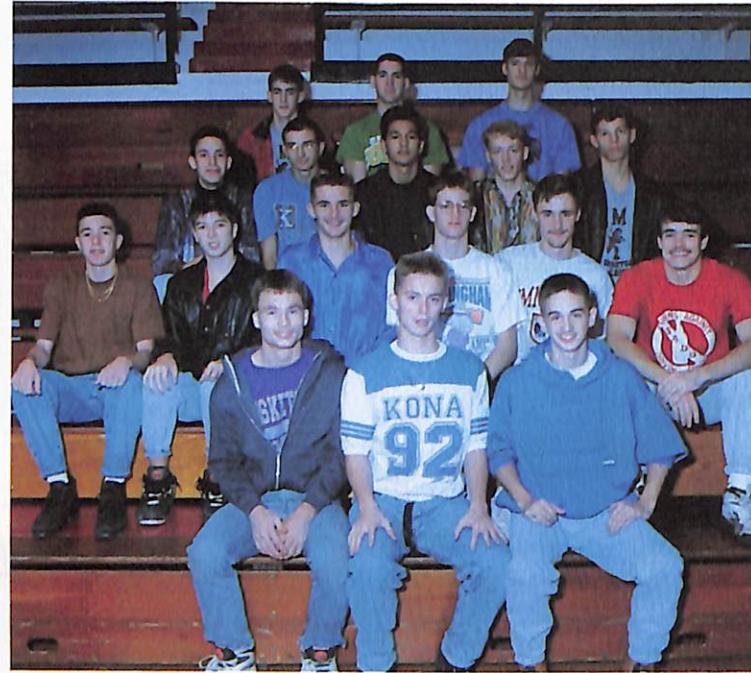

## MAKE A RUN FOR THE BORDER

Boys' Track Team.

Kelly McKeehan — "On your mark, get set, GO!"

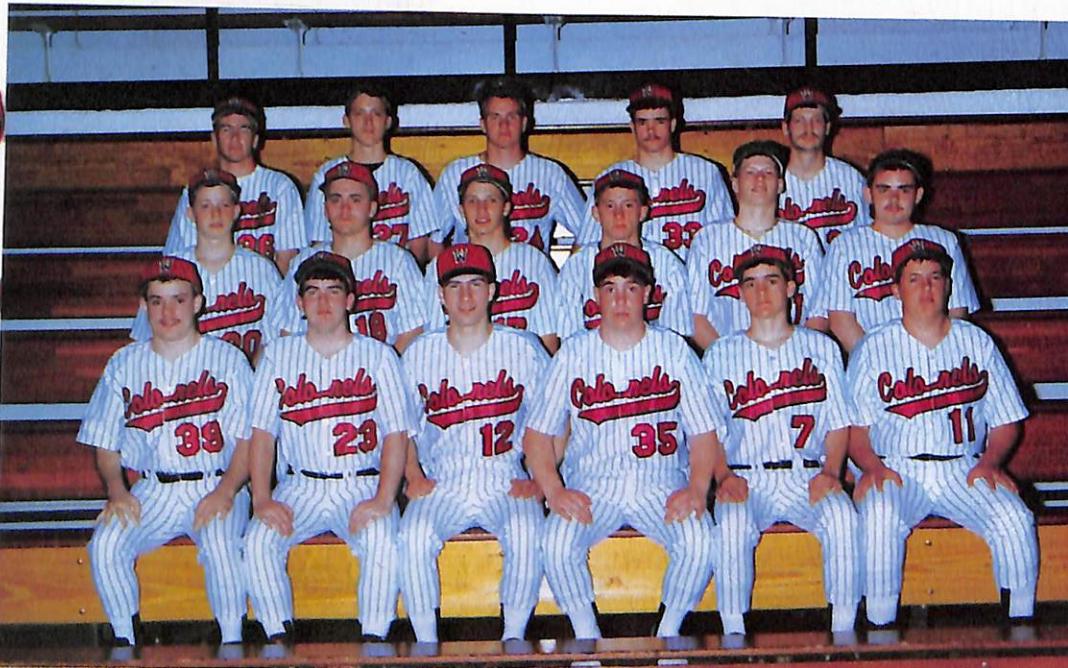

# MAJOR LEAGUE

No, the Whitley County Colonels aren't a major league baseball team such as the Atlanta Braves but to the students here at W.C.H.S. they are a major part of our spring sports. The Colonels ended the season with a record of 8-12 and a trip to District Tournament where they were defeated by Knox Central by a score of 11 to 2.

The Colonels started off a little slow but as the season progressed, so did the Colonels. Mid-season, they hit a five game winning streak by defeating Barbourville, Lynn Camp, Williamsburg, Berea, and Jellico.

We are very proud of the W.C.H.S. baseball team. They definitely represented our school well in competition. In the students eyes the Colonels are "Major League!"

Andy Richardson, "Should I bunt?"

## BACK IN THE SWING OF IT

The Whitley County Varsity softball team had a very successful year. Coached by Jenny Mae Richardson, Lisa Richardson, and Laurel Bowlin, the team ended the season with an overall record of 16-5. The coaches played a very important role in the team's success. Seniors, Dina Davis, Stephanie Ellis, Jennifer Prewitt, and Rhonda Lambdin, were a great asset to the team.

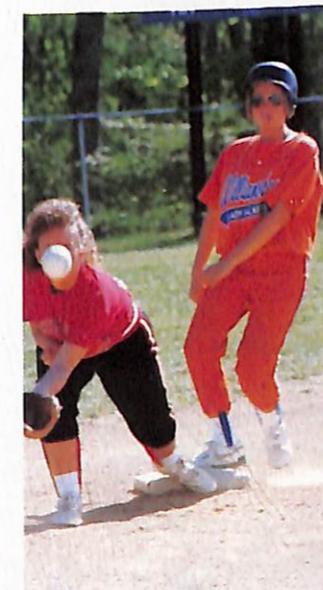

Stephanie Ellis said, "My favorite game was when we beat Williamsburg, because they have been such a bitter rival in the past."

Assistant coach, Laurel Bowlin commented, "I am happy because we surpassed all expectations, but I will be sad to see our seniors go." The Lady Colonels beat very good teams, such as fifth ranked Bell County.

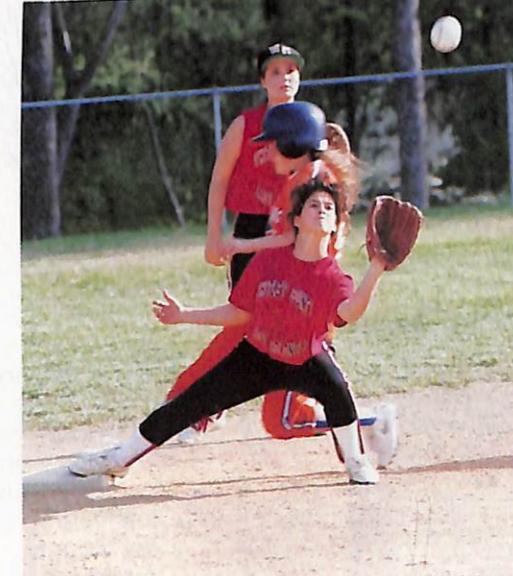

The Lady Colonels astounded everyone by winning the 1993 District Championship. They then advanced to the regional tournament where they lost to South Laurel. Even though this is as far as the Lady Colonels went, they achieved their ultimate goal, which was to have a winning season and a great time.

Assistant Coach Laurel Bowlin plans her strategy.

Daniel McCullah participates in a match.

Ronnie Faulkner and Joe Bennett,  
"Why can't we play leap frog?"

Coach Yisidro gives the team some advice.

The 1992-93 school year was the first time W.C.H.S. sponsored a wrestling team. The team was coached by Al Yisidro and Douglas Bennett. The team was very successful. Several team members received special recognition throughout the season. Among those honored were Phillip Schuler who placed second in the Wayne County Tournament, Aaron Monhollen who placed third in both the district and region competitions, and Joe Bennett who placed fourth in district.

The 1992-93 W.C.H.S. wrestling team has begun a winning tradition for future teams to follow. Those participating on the team were: Victor Baker, Joe Bennett, Danny Brown, Ronnie Faulkner, Billy Hudson, Brian Kelly, Mike Kinder, Daniel McCullah, Aaron Monhollen, Phillip Schuler, Bruce Southerland, and Chuck White.

## END OF THE ROAD

The Whitley County High School Senior Prom was held on April 24, 1993 at the National Guard Armory in Williamsburg. This year's prom colors were purple, silver, and black, and the theme was "End of The Road." Tony Adkins and Stephanie Perkins were voted as the '93 Prom King and Queen.

## PRICELESS TREASURES

Are you one of those people who could spend hours doing nothing but going through old notes? Do you have movie tickets hidden away with names on the back? Do you keep pressed, four leaf clovers or flowers and stick them between the pages of a book? If you, do you're not alone.

Most teens save notes from old girlfriends or boyfriends. Some save locks of hair. Girls save stuffed animals that have sentimental value. Guys save baseballs, footballs, basketballs, and pieces of the net from an unforgettable game.

Seniors save many things from their senior year. From prom, they save napkins, pieces of table cloth, glasses, flowers, garters, and photos. They also keep programs, hairpins, gowns, caps, and tassels from graduation.

However some teens save simple things. For instance, sophomore Lorri Taylor said, "I have sucker wrappers from KAPS 92".

Freshman Amy Lewis remarked, "I save souvenir cups from ball games and special performances."

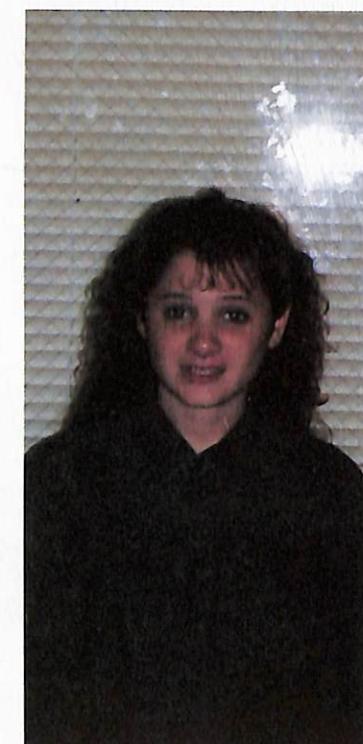

No matter what you save, nothing could replace your **priceless treasures**.

Leather jackets are definite treasures.

Denise treasures her smile.

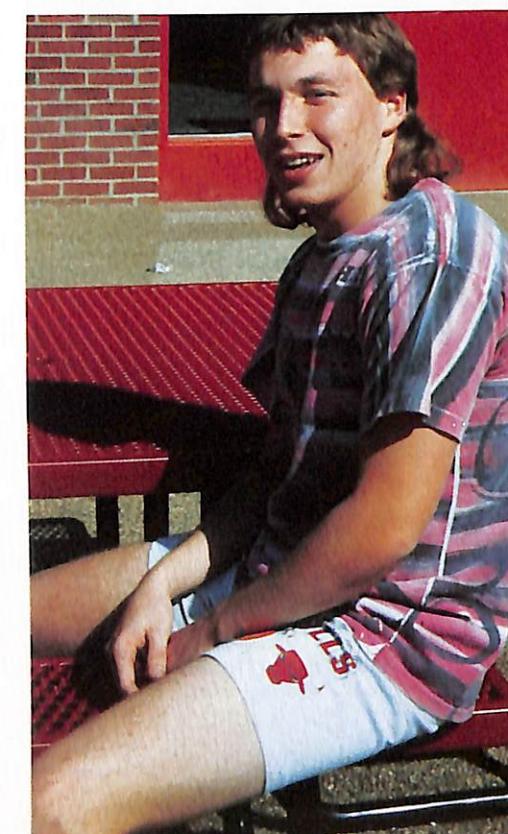

Amy Lewis collects loads of cups.

## IN LOVING MEMORY OF ROBERT ALSIP

8/22/75 - 10/4/92

### GOD MAKES NO MISTAKES

Oct 3

The phone rang, I answered  
I heard a voice on the other line  
They said you had a serious wreck  
But I knew you would be fine

That night before I went to sleep  
I asked the Lord to have his way  
Not knowing what was in store  
But hoping you would live another day

Oct 4

I woke up the next morning with you on my  
mind,  
I went to church and again I prayed.  
Later that evening,  
I heard you died earlier that day.

The news hit me hard  
I began to cry  
I laid on the floor  
and asked God, "Why?"

Now

I miss you now  
More than ever  
But knowing someday that  
We'll be together

Still not understanding

Why it was you he decided to take  
But in my heart, I know that  
God makes no mistakes

## VALEDICTORIANS OF 1993

Jimmy Partin, the son of Johnny and Shirley Partin of Poplar Creek, was voted "Most Likely To Succeed" by the Senior Class of '93. During his high school career, Jimmy has been a member of the Science and Pep Clubs. He has served as President of the Math Club and the Vice-President of the Beta Club. Jimmy was a 1992 Kentucky Governor's Scholar and served as Class President for his sophomore, junior, and senior classes. He will be attending Transylvania University.

Brandie Lankster is the daughter of Branson and Lucille Lankster of Williamsburg, Kentucky. During Brandie's high school career, she has been a member of Beta, Math, Science, TLC, and Spanish Clubs. She served as student-advisor and Vice-President of S.A.D.D. Also, Brandie has been a cheerleader for four years and was distinguished as NCA All-American Cheerleader Finalist in 1989, UCA All-Star cheerleader, '90, '91, '92, and was on the K.H.S.A.A. Academic All State Team. She was chosen for Who's Who Among American High School Students. Brandie plans to attend the University of Kentucky.

Gina Jones, the daughter of Troy Wayne and Faith Jones of Corbin, Kentucky, has been an active member of the Beta, Math, Spanish, F.B.L.A., T.L.C., and S.A.D.D. Clubs. She has also been a student government representative. Gina was the recipient of the prestigious Governor's Scholar award in 1992. Also, Gina was voted "Most Likely To Succeed" by her senior classmates. She plans to attend Eastern Kentucky University and has received a Regent's Scholarship to E.K.U.

Stephanie Ellis, the daughter of Paul and Wanda Ellis of Goldbug, has been an active member of Beta, T.L.C., Student Government, S.A.D.D., Math, Science, Spanish, and Pep Clubs throughout her high school career. She will be receiving the Commonwealth Diploma. She has been an active member of the Lady Colonel Softball team for four years. A Bert T. Combs scholarship recipient, Stephanie plans to attend Cumberland College.

KEVIN,  
The day you've been waiting for is finally here. May happy memories  
be yours today. Success be yours tomorrow, and happiness be  
yours always. Congratulations on your graduation!

Love,  
Dad, Mom, and Melissa

#### "Four Then No More"

Looking back on the past four years,  
My eyes want to fill with tears.

It gets sadder day after day,  
To think after this year,  
we will all go our separate way.

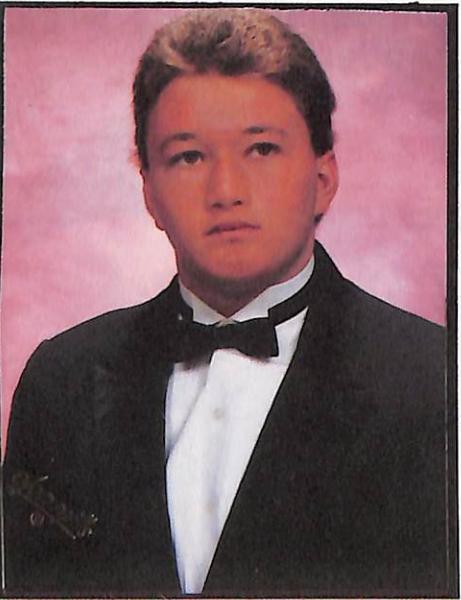

But I must make this year the best,  
A little different from all the rest.

And even though this year is the last,  
It will soon become part of my past.

I know it will be hard to say our last good-bye  
And we will feel like we're going to die.

But we must look forward to a new beginning,  
And if we do this, there will be no ending.

--KEVIN SCOTT RICKETT

## EDITORS NOTE

To the students of W.C.H.S.:

Looking Back 1993 is especially designed for you. The staff and myself have worked diligently to produce and publish a quality yearbook that meets your needs and expectations. Our purpose is to review the school year as accurately as possible so you can look through the yearbook and paint a picture of 1993. In my opinion, we met that purpose. I hope you think so too!

To the Graduating Class of 1993:

It has been a long struggle, but we're finally here. This is it--our last year--our last yearbook! I realize that you wanted the baby pictures in the yearbook but due to the lack of space it couldn't be done. Although the comparison of our senior pictures to our baby pictures couldn't be published, we have more than enough coverage--more than any other class! I wish each of you the best of luck in all that is attempted. I'll see you at the reunion!!

To my Fellow Staffers:

Thank you for a job well done! (Even you, Sarah!!!)

Sincerely,

Tammy J. White  
Yearbook Editor
