Acceptable and Unacceptable Calculators

Types of Calculators Recommended

- Bring a calculator that you are used to using. Most graphing calculators and all scientific calculators (assuming they have no unacceptable features noted at right) are acceptable.
- **We recommend the use of a graphing calculator over a scientific calculator** because a graphing calculator may provide an advantage on some questions.

Unacceptable Calculators

Do not bring these unacceptable calculators:

- Laptops or other computers, tablets, cell phones, or smartphones
- Models that can access the Internet, have wireless, Bluetooth, cellular, audio/video recording and playing, camera, or any other smartphone-type feature
- Models that have typewriter-like keypad, pen-input, or stylus
- Models that use electrical outlets, make noise, or have a paper tape (unless approved by the College Board as an accommodation)

In addition, the use of hardware peripherals such as a stylus with an approved calculator is not permitted. Some models with touch-screen capability are not permitted (e.g., Casio ClassPad).

Graphing Calculators Permitted on the SAT Subject Tests in Mathematics

The following graphing calculators are permitted on the SAT Subject Tests in Mathematics, Levels 1 and 2:

Casio
