SUPERINTENDENT'S MONTHLY UPDATE - *Mr. Memoli*

Goal 1 Student Learning:

- All 3 Focus Schools have conducted their final walkthroughs of the year with state and district representatives. Each school received walkthrough summary reports of trends and recommendations which include strengths, challenges, recommendations and next steps. This information is used in the school improvement plans that are being developed for next year.
- Transition experiences have been taking place to help ease the transition from 5th grade to middle school and from 8th grade to high school. These have included school visits for rising 6th graders, high school peer leader visits to both middle schools, parent orientations, and special invitations to 8th grade students with Individualized Education Plans to visit the high school and meet with high school students with IEPs.
- Senior Awards Night took place on June 3rd with 75 different types of awards honoring more than 100 students for excellence, leadership, achievement, and improvement. Categories included the National Merit Scholarship Program, U.S. Armed Services Awards, Principal's Recognition Awards, community awards, scholarships, and prizes from every academic department.
- The Parenting Center hosted a student forum for 25 Maplewood Middle School 7th and 8th graders to discuss issues related to race and students' experiences in classrooms, playgrounds and in the larger community. The forum was facilitated by Columbia High School teacher Mr. TJ Whitaker, and guided by trained high school students who have spent the year in the

service club Diversity Rocks. A similar program will take place at South Orange Middle School later this week.

- Registration for summer programming is ongoing. This includes step up classes in math, Cougar Prep for rising 9th graders identified by middle school staff, social skills classes, and extended school year programs for elementary students who require ongoing support during the summer.
- Public school districts are required to go through the New Jersey Department of Education's Quality Single Accountability Continuum (QSAC) review every three years. According to the State, we did not meet the required 80% or better scoring criteria in the area of Instruction and Program, losing points in the area of curriculum alignment to the Common Core State Standards. Upon receiving the results, our District immediately appealed this decision. While we still maintain that our curricula are indeed aligned to the Common Core State Standards, since the district did not meet the required points, a QSAC District Improvement Plan is required to be submitted to the State by September 1, 2015. This plan will be brought forward to the Board for approval at the August meeting.
- We are looking forward to celebrating the graduation of the Class of 2015 Members of the class of 2015 are matriculating into more than 110 different institutions of higher learning this year.

Goal 2 Professional Staff:

- 45 teachers and administrators completed two full days of intensive training on Restorative Justice. The goal is to develop a broader and deeper toolkit for responding to discipline issues, to reduce suspensions, and to close the discipline gap. A coordinating council has been formed with a representative from each of our nine schools, and is planning next steps to bring restorative practices to their schools.
- The District Administrative Team had the final session of a year-long professional development work with Dr. Khyati Joshi on multicultural education and on striving for social justice. A four-day intensive workshop with Dr. Joshi on culturally relevant teaching is being offered this summer. All interested staff members are encouraged to enroll.

Goal 3 Engagement and Outreach:

- On May 26th, we held a Community Forum on Communications, hosted by the Community Engagement and Outreach Committee. Thank you to all of the parents and community members who attended and shared feedback on how we can improve in this area.
- A town hall on school safety was held to address parent and community concerns in response to two security incidents. We appreciate the partnership of Maplewood Mayor Vic Deluca, South Orange Village President Sheila Collum, Maplewood Police Chief Robert Cimino and South Orange Police Chief Chelel.
- A special parent meeting also took place at Maplewood Middle School to address school-specific concerns, and engage parents as partners in promoting a positive school environment.
- School in Action Nights took place for both Maplewood Middle School and South Orange Middle School. Parent orientations also took place at both schools for incoming 6th grade families.
- The second in a series of community forums on Developing a Roadmap to Access, Equity and Excellence will take place at South Orange Middle

School. This will be conducted by Sage Educational Consultants in response to the District's Resolution Agreement with the Office of Civil Rights.

Goal 4 Resource Management:

- We are grateful to all of the PTAs and HSAs for their incredible partnership. They each raise money every year to support our schools in a variety of ways. Playground initiatives are among the most costly and significant ways that the elementary school PTAs offer their support, when old equipment becomes unusable. On for approval tonight is a very generous donation of \$105,000 from the Jefferson PTA to replace their old wooden play structure which was condemned last fall. The Jefferson and Marshall PTAs worked together on a number of different fund raisers throughout the year to purchase a new, safer, and more developmentally appropriate playground. We are looking forward to seeing the new playground when it is unveiled this fall.
- Registration Update:
 - o We understand that there are some concerns with class size in specific grades at specific schools. Historically, over the summer months, enrollment numbers fluctuate daily as people move in and out of the district. We are watching enrollment numbers very carefully each day and will make the appropriate decisions moving forward that are best for our students and staff and are in keeping with our board policies and our budget allocations.
 - o Open registration will go throughout the summer. We encourage people to register their children as soon as they possibly can, so that we can make appropriate class assignments and ensure that we have teachers and sections to accommodate all of our students.

BOARD PRESIDENT'S UPDATE - Mr. Eastman

Sage Consultants visited the two middle schools and the high school. Mrs. Ramsey reported that to date they have found that major complaints include the disparate number of students in AP courses. The committee is also looking at the 504 policy and reviewing the security policy.

District Goals - 2015-2016, 2016-2017, 2017-2018 and Committee Reports

The committee chairs reported on their committee meetings including the discussion of District goals.

GOAL 1:

Excellence & Equity - Mr. Bennett

The committee did not meet in June due to the community forum which was scheduled for the same night. If the committee met they would have discussed goal 1 removing references to Individualized Education Plans. There are lots of changes that need to be made with the changes in testing.

The committee will also discuss Seth Boyden, World Language and the dissatisfaction with the Math Program.

There are several goals about implementing programs but we must also monitor the program continuously to ensure we have a challenging curriculum. The committee should think about a goal that sets a trajectory for math to be Algebra I for all students by 8th grade. This is the state's criteria for college and career ready.

Policy and Monitoring Committee - Mr. Eastman

In addition to the previous update, the Board discussed policy and monitoring relating to district Goal 2. Comments include:

- Keeping language that relates to the goals in the Superintendent's contract.
- Making sure staff feel supported and they have access to the Board
- Having a goal to be sure that the Superintendent is seeing that staff are performing evaluations in a timely fashion.

GOAL 3: Community Engagement & Outreach - Mrs. Wright

The committee discussed many important communication issues including public speaks and holding people accountable. Policies have not been communicated well and the district website needs an overhaul to make it easier for people to navigate and find answers.

The Board discussed Goal 3 language including a milestone to complete a global audit of all district communications and documents.

Finance, Facilities & Technology - Mrs. Lawson-Muhammad
