PHILLIPS 66 STEM SCHOLARSHIP

PROVIDING ENERGY.
IMPROVING LIVES.

The Phillips 66 STEM Scholarship is focused on students working toward STEM degrees and interested in pursuing a career in energy, chemicals or manufacturing.

ELIGIBILITY REQUIREMENTS

Including financial need as a consideration, applicants also must:

- Be a high school senior.
- Plan to enroll in full-time undergraduate study at an accredited two- or four-year college, university or vocational-technical school for the entire upcoming academic year.
- Have a minimum GPA of 2.5 on a 4.0 scale (or its equivalent).
- Be pursuing a STEM degree.
- Be interested in energy, chemicals or manufacturing.
- Be a full-time student, i.e., at least 12 credit hours per semester or 24 credit hoursduring the school year (or the equivalent course load at institutions not utilizing credit hours as a measurement).

Get program details and apply here.

SELECTION CRITERIA

Recipients will be selected from a pool of qualified applicants. Selection will be based on academic performance, financial need, demonstrated leadership and participation in school and community activities, work experience, a statement of career and educational goals and objectives, and unusual personal or family circumstances.

AWARDS

We will accept a maximum of 1,000 applications each award cycle and award up to 66 scholarships each year. Scholarships are given in two amounts: $2,000 for students pursuing a technical school education and $5,000 for students pursuing a four-year college degree.

HOW TO APPLY

The application period is January-February 2025. Get program details and apply here. Awards are automatically renewed through graduation provided the student is full-time and continues to meet the minimum GPA requirements.

ABOUT SCHOLARSHIP AMERICA

We have one passion. Every student.

Scholarship America manages the Phillips 66 STEM Scholarship program. As the largest private scholarship and student support organization in the nation, we're all about students. We believe every student deserves a fair chance at the American Dream, no matter the cards they've been dealt. It's what drives us. And it's what gets us up in the morning–developing leading scholarship solutions and partnering with people who also believe a student should never, ever give up on their dream because they didn't think it was possible.
