Paradise Valley Unified School District

K-12 Supplemental Resources Under Review

Resource & Link	Grade & Subject	Description & Notes
Math		
MIT OpenCourseWare	Grades 9-12 Math	This would be a supplement used in Calculus & Differential Equations classes. It provides problem sets, video lectures, examples, and assessments.
Runestone Academy	Grades 9-12 Math	This would be a supplement used in Calculus & Differential Equations classes. It provides advanced mathematics textbooks and curriculum resources.
Get More Math	Grades K-12 Math	Provides a spiral review to solidify standards that have already been taught.
First in Math	Grades K-8 Math	Math fact and math skill practice using games to help review and solidify standards that have already been taught.
Delta Math RTI Program	Grades K-8 Math Tier 2 & 3 Intervention	The Delta Math RTI program provides online readiness and tier 3 screeners and standard-based reports, paper-based progress monitoring, tiered instructional support, and distributed practice for Kindergarten through Algebra 2.
Science		
Data Classroom	Grades 7-8 Science	Engaging in authentic data sets for middle school Science classrooms.
Data Nuggets	Grades 7-12 Science	Engaging with and analyzing authentic data for middle and high school Science classrooms.
NSTA	Grades 7-12 Science	More sensemaking lessons provided by the National Science Teacher Association for middle and high school Science classrooms.
StemAZing Systems Thinking	Grades K-12 Science	Templates for engaging with Science and Engineering Practices and Engineering Design Process for all K-12 Science classrooms.
ELA		
The Magic Lens: Four Level Analysis	Grades 7-8 ELA	Provides additional opportunity for direct grammar instruction and practice. Allows students to see grammar in a way different from NoRedInk, as well as a chance to work together as a class to better

		understand the overall structure of a sentence and how it all comes together.
Lexia Learning	Grades K-6 ELA	This resource assesses students and creates games and activities that will provide interventions needed for each student. This resource focuses on vocabulary, phonological awareness, phonics, structural analysis, automaticity /fluency and comprehension. After students work independently, teachers receive notification when they need more intervention and the platform provides a science of reading mini lesson plan that the teacher can use to re-teach and then give a more independent platform on the program. After students take an online assessment specific to each skill, a paper print out mini assessment is available to teachers to confirm the learning.
Social Studies		
Echoes & Reflections	Grades 6-12 Social Studies	The Echoes and Reflections curriculum adds important lessons and information for teachers to create lessons for the Holocaust and other genocides.
Center for Civic Education	Grades 9-12 Social Studies	Recommend to approve this for any of the free resources or content that can be downloaded. Cannot purchase the curriculum due to direct competition of the Tier I curriculum.
All Sides	Grades 9-12 Social Studies	This supplement provides balanced perspectives on present issues that are discussed in high school Social Studies classrooms.
Pro Con	Grades 9-12 Social Studies	This supplement explores both sides of debated issues that are discussed in high school Social Studies classrooms.
PolitiFact	Grades 9-12 Social Studies	This supplement provides information on current events and contemporary issues discussed in high school Social Studies classrooms.
National Council for the Social Studies	Grades K-12 Social Studies	NCSS provides articles and lessons regarding social studies topics that can be used in our K-12 Social Studies classrooms.
News Literacy Project	Grades 9-12 Social Studies	We are required to teach critical thinking applied to evaluation of sources, and media literacy.This supplement provides resources with examples of media bias and the ability to practice evaluation of sources for current issues discussed in high school Social Studies classrooms.
AP Psychology		

Neuroscience News	Grades 9-12 AP Psych	This supplement is used for research in AP Psych high school classrooms.
PsyPost	Grades 9-12 AP Psych	This supplement is used for research in AP Psych high school classrooms.
Science Daily	Grades 9-12 AP Psych	This supplement is used for research in AP Psych high school classrooms.
Greater Good Science Center	Grades 9-12 AP Psych	This supplement is used for research in AP Psych high school classrooms. *Students would need permission slips for the quizzes on this website.
Psychology - Theories, History, & More	Grades 9-12 AP Psych	This supplement is used for research in AP Psych high school classrooms.
Healthline Mental Well-Being	Grades 9-12 AP Psych	This supplement is used for research in AP Psych high school classrooms.
AllPsych Blog	Grades 9-12 AP Psych	This supplement is used for research in AP Psych high school classrooms.
Computer Science		
CodeHS	Grades 9-12 Computer Science	CodeHS has programming tools that cannot be found on code.org. This supplement would provide additional resources for high school Computer Science teachers.
World Language		
Lingco	Grades 7-12 World Language	Lingco's platform transforms learning beyond the textbook and brings language learning to life with interactive, real-world content.
