To the Applicant: Please answer the following question. Your answer must be handwritten, and it is important that it reflects your voice. Please include your name at the top of your paper and attach it to this page.

Responsibility is an important aspect of the Far Hills community. It is one of our five pillars and has many different meanings. It means doing what you're supposed to do, like finishing your homework or cleaning your room. It also means thinking about how your actions affect other people. When you're responsible, you try to make good choices and be kind to others. You are honest when it is not easy to be honest, and always show respect.

Describe a time at home or school when you demonstrated responsibility, and it had a positive effect. What did you do? How did it make you feel? What effect did it have on your community?
