Texas-Specific Versions

While we publish national and state-specific curriculum to meet the varying needs of school districts nationwide, our catalogs reflect the national editions of our programs. Our catalog descriptions offer an overview of program functionality and features. Many items also have Texas-specific versions to address your standards. If not already TEKS-aligned, our catalog offerings can be correlated to the TEKS upon request. For more information about Texas-specific versions of our curriculum programs, visit

<https://explore.savvas.com/index.cfm?locator=PS2rBi>

Titles listed on the current Texas adoption contract must be purchased via that contract.

Savvas and its vendors reserve the right to change and/or update technology platforms, including possible edition updates to customers during the term of access. This will allow continued delivery of the most up-to-date content and technology to customers. The District will be notified of any change prior to the beginning of the new school year.
