## Announcements and Points of Pride

Mr. Lilleck shared the results of the ThoughtExchange regarding class rank. He shared the next steps are to begin planning different ways to acknowledge student achievements and determining what the timeline will look like as we move away from class rank. Specifically how to make this change without impacting current students in the next several years. The District will share more information about this in the coming weeks.

Mr. Hack, the athletic director, shared all the wonderful accomplishments both in athletics and academics of our student athletes. Many student athletes were in attendance.

## Reports:

**DCIP Committee Report:** Mrs. Hornung, assistant superintendent for curriculum, reported on the District Comprehensive Improvement Plan (DCIP) committee. During their last meeting, they reviewed all the work that has been done in meeting the goals of our DCIP. While there is still work to be done, it was wonderful to review the progress that has been made.

**Student Ex-Officio Report:** Shane Brege, student ex-officio, reported on STAP-Comm and their Thrift POP-up shop, held on April 15. Students interested in STAP Comm positions are required to come to a committee meeting on Thursday, April 18. A Bald for Bucks fundraiser is currently being planned. The March Madness fundraiser was a great success and money raised went to support the Boys and Girls Club. A meeting is being scheduled with elementary principals to plan the senior walk for the 2024 graduating class. The last STAP-Comm meeting is May 20, at 7 p.m. at the high school.

**2022-2023 Accountability Data Report, High School** – Mr. Aaron Grupka, director of curriculum, instruction, and assessment and Mr. Brandon Pafk, high school principal, presented high school accountability data to the Board of Education. The presentation was an opportunity to look at our students' performance on the June 2023 Regents exams and the diploma types our students graduated with in June 2023 by subgroups. The data will be used to evaluate the effectiveness of our District Comprehensive Improvement Plan, our Literacy Steering Committee, and all other curricular initiatives where data can be collected, evaluated and reviewed.
