TITLE AND SUBJECT Approve the 2010/11 First Interim Financial Report with a Positive Certification

DESCRIPTION/DISCUSSION Included in the Board binders is the 2010/11 First Interim Financial Report. California school districts are required to approve the interim financial reports twice each fiscal year Presented for approval is the 2010/11 First Interim Financial Report, which reflects a positive certification of the district's financial condition. The report has been developed based on the October 31, 2010, year-to-date revenue and expenditures as required by state law The Superintendent recommends approval of the First Interim Financial Report for submission to the County Superintendent of Schools.

FINANCIAL SUMMARY (be specific with funding source(s): A positive certification reflects that the district will have the required General Fund 2% reserve and will have a positive cash balance for the current year and two subsequent years. The following chart shows the multi-year projected budget for the Unrestricted General Fund utilizing the State assumptions developed by the California County Superintendents Educational Services Association and the Fresno County Office of Education.

The official Fresno Unified First Interim Financial Report that will be provided to Fresno County Office of Education (FCOE) is reflected on the face of the agenda item and utilizes the guidance provided by the FCOE. This guidance includes recognizing new State revenues from the 2010/11 State Adopted Budget as ongoing for purposes of the multi-year projections. However, given current and practical indications we believe, at best, the new resources provided in the 2010/11 State Adopted budget will be one-time, if they are realized at all. In an effort to prepare for this more likely reality, the multi-year projections below reflect the new State revenue as one-time. The analysis provided in this report will utilize the results as reflected in the chart below

State Financial Reporting Requirements

The State requires school districts to submit interim financial reports twice a year. The First Interim is due by December 15th and the Second Interim by March 15th. At these times, school districts must certify their financial status for the current and two subsequent fiscal years. The district options and their definitions include:

Positive – will meet its reserves requirement and have a positive cash balance Qualified – may not meet its reserves requirement and/or may not have a positive cash balance Negative – will not meet its reserve requirement and will not have a positive cash balance.

The same process and reporting accompanies the First and Second Interim reports, which are due by December 15 and March 15 respectively

A school district with a qualified or negative certification loses some of its financial autonomy. Its collective bargaining agreements are subject to County Office scrutiny prior to board approval, and it is prohibited from incurring specific nonvoter-approved financial obligations. In addition, qualified or negatively certified school districts must complete a Third Interim Report by June 1st

Fresno County Office of Education First Interim Memo to School Districts

Fresno County Office of Education (FCOE) provided guidance mid-November that outlined the assumptions school districts should follow while preparing their First Interim reports. These assumptions were developed by the California County Superintendents Educational Services Association's Business and Administration Steering Committee (CCSESA BASC). The assumptions were utilized in preparing the First Interim report. Some of the major factors are

- State COLA. Zero funded COLA for 2011/12, and funded COLA of 1.9% for 2012/13
 - Previous FCOE guidance recommended a funded COLA of 2 10% for 2011/12 and 2.4% for 2012/13 The net change results in an ongoing loss of \$9.5 million in revenue.
 - It is important to note that even though the State has not taken action to reduce the future year COLA's, this assumption is recommended by FCOE based on the current outlook of the State budget.
- At this time FCOE is recommending not to recognize the additional Stabilization funds
 - o Fresno Unified's share of the Stabilization phase II funds is estimated to be \$2.3 million, which if received would assist in offsetting required reductions for 2010/11 and 2011/12.
- Elimination of the Special Education Special Disability Adjustment (SDA) funds starting in 2011/12
 - O The Governor signed AB 184 in September 2011 This authorizes the SDA funds for both 2009/10 and 2010/11 The Legislature authorized the SDA funding only through 2010/11 and wants to review the SDA funding beyond 2010/11 in a future Legislative session.
 - o Fresno Unified's share of the SDA funds is \$1 4 million.
- FCOE is recommending, at minimum, a 2% Reserve Level
- Cash Flow payment delays from the State as currently adopted, equate to 28% of the current year State revenues. These funds will instead be received in the next fiscal year

The final State budget included additional Revenue Limit funds for Fresno Unified totaling \$18 million. However, the multi-year projections as shown in the chart on page 2 assumes these funds are one-time due to current and practical indications, the most significant of which is the Legislative Analyst's report indicates a \$25 billion State budget deficit. It is likely that the new State funds for 2010/11 are at risk for the current year as well as future years.

Rationale for Positive Certification Status

We recommend a positive certification status.

For purposes of this memo and analysis, the assumptions utilized included the provisions outlined in the final State budget approved in October, the Common Message, School Services dartboard, with the exception of the new State Revenue Limit funds as described above. As previously mentioned, the County Office guidance recommends recognizing the new State funds as ongoing revenue, but with a strong caution. We recommend that the official report to FCOE reflect all the guidance they provide. However, in an effort to prepare for what is a more likely outcome, for purposes of this memo and analysis, the multi-year projections include recognizing the additional 2010/11 Revenue Limit funds as one-time rather than ongoing. Also included are local assumptions related to projected enrollment, change in benefit rates, and indirect rates. After consideration of these factors, the Multi-Year Report indicates that the district will maintain its required reserve and will maintain a positive cash balance.

2010/11 First Interim December 8, 2010 Page 4

However, to achieve this objective, the district will need to make ongoing adjustments of \$20 million in 2011/12 and \$10 million in 2012/13, as well as, utilize one-time reserves of \$11 million over the next two years resulting in a reserve for economic uncertainties at approximately 5 11% at June 30, 2013 The required reductions necessitate careful planning and collaboration with all stakeholders.

The Cash Flow Report does project a positive cash balance of \$2.5 million on June 30, 2011 This balance is much lower than normal due to State deferrals. Furthermore, the cash balance would be even lower if the district did not receive one-time Federal funds. Staff monitors cash on a daily basis and transfers cash between funds when operating expenses exceed cash on hand.

Current and Future Year Factors

1. Declining Enrollment

The district continues to show signs of leveling enrollment. The projected decline for 2010/11 was 250. The actual decline was 870. The decrease does not affect the revenue in 2010/11, it may affect future years depending on the actual attendance rates reported to the state in April of each year For 2011/12, declining enrollment is projected at 400 For 2012/13, declining enrollment is projected at 200.

2. Revenue Limit

As mentioned in Budget Revision No. 2, the final State budget included \$18 million in Revenue Limit funds. As mentioned earlier, while the State budget includes these funds as ongoing, the actual cash will not be received until 2011/12. There is much discussion on if these funds can be sustained and speculation that the State will call for mid-year reductions. Due to these factors it has been assumed these funds are one-time.

The Revenue Limit for 2011/12 and 2012/13 has been adjusted to reflect the assumptions as outlined by the FCOE guidelines which eliminates the 2011/12 COLA and reduces the 2012/13 COLA. The changes since the 2010/11 Adopted Budget equates to \$8 million in ongoing Revenue Limit reductions for 2011/12 and an additional ongoing Revenue Limit reduction of \$1.5 million in 2012/13

3. State Revenue

The district is projecting to receive \$700,000 less in Medi-Cal Administrative Activities (MAA) revenue this year due to delays in funding. The funds will be received in future years. This loss is partially offset by a projected increase in State Lottery funds of \$200,000

4. Local Revenue

The interest income is being reduced \$500,000 due mainly to the State cash deferrals and lower interest rates.

5. Salary and Benefits

The First Interim projects salary and benefits savings of \$1.3 million. This is mainly due to projected savings in benefits. Staff will continue to monitor for additional savings.

6. Supplies, Services, Capital Outlay

The First Interim projects savings of \$1.2 million in supplies, services, and capital outlay These savings are based on year-to-date experience compared to historical averages. These savings are assumed to be one-time.

7. Contributions

The First Interim projects an additional overall decrease in contribution of \$1 7 million for projected savings of \$900,000 in the Special Education contribution and \$800,000 in Transportation budget.

8. Indirect Cost Rate

The projected additional cost of \$2 million in the indirect line item is also based on historical averages. For example, the district historically receives around 90% of the budgeted indirect due to grants not being completely spent by fiscal year end. However, due to the economic stimulus funds that will be spent over the next two years and current projections for other grants, 85% of the budgeted indirect is projected to be utilized. The 2010/11 indirect cost rate is 4.24%.

9. Tier III Revenues

As mentioned at the 2010/11 adopted budget public hearing, the State budget includes provisions to prioritize Tier III program funds. The program requirements for these funds were lifted, and the funding for these programs is now flexible. The adopted budget included approximately \$21 million from the Tier III programs towards Unrestricted General Fund activities to assist in with district priorities and offsetting the reduction in State funds:

- Adult Education
- Arts & Music Block Grant
- CAHSEE Intensive Instruction
- California Peer Assistance & Review
- Certificated Staff Mentoring Program
- Community-Based Tutoring Grant
- Deferred Maintenance
- Instructional Materials Realignment
- Mathematics/Reading Professional Dev
- Physical Education Teacher Incentive

- Professional Development Block Grant
- Pupil Retention Block Grant
- School & Library Improvement
- School Counseling Supplemental
- School Safety & Violence Prevention
- Staff Development: Principals'
- Targeted Instruction Improvement Block Grant
- Teacher Credentialing Block Grant

As previously discussed with the Board, the Adult Education Fund is also reflected quite differently beginning in 2009/10. The main source of funding for the Adult Education Fund is now categorized as "Tier III" flexible funding and as such, through 2012/13, will be directed to the Unrestricted General Fund. The 2010/11 budget proposes to continue the Adult School programs, and therefore requires transfers of \$7 million from the Unrestricted General Fund to provide operating resources to the Adult Education Fund.

10. Economic Stimulus Funds

As approved by the Board in June, the 2010/11 budget is projected to utilize \$29.8 million in one-time ARRA Title I funds and \$2.4 million in ARRA Special Education funds. These funds must be spent by September 30, 2011 In 2011/12, Title I funds will be utilized for the ARRA Title I positions and \$2.4 million in ARRA Special Education funds will continue to be utilized for new expenses. Other funding sources will need to be prioritized after September 30, 2011, for programs supported by ARRA funds.

11. District's Annual Health Fund Contribution 2011/12 and 2012/13

As a result of the agreements with all the employee groups, the district's contribution to the Health Fund for 2011/12 and 2012/13 will be adjusted by the change in the "effective COLA" for these years (the "effective COLA" is defined in the bargaining agreement as the actual change in ongoing Revenue Limit from prior year to current year "accounting for declining or increased enrollment"). The projected COLA will be less than zero for 2011/12 and 2012/13

Since the district contribution is at the base level of funding, the district will maintain the same level as the projected 2010/11

12. Teaching Positions in 2011/12 and 2012/13

Due to the decline in enrollment, staffing parameters require 25 less teacher positions in 2011/12 and 2012/13, a decrease of \$1.4 million each year. In addition, per the Fresno Teachers Association collective bargaining agreement, the class size will increase by one in grades 4-12 for 2011/12 and 2012/13 requiring 45 less teaching positions for both years, a savings of approximately \$2.5 million each year.

13. Workers' Compensation for 2011/12 and 2012/13

As previously reported to the Board, the Workers' Compensation rate was lowered in 2010/11 to achieve a 67% reserve level. The multi-year projections assume maintaining this level resulting in an ongoing increase of \$3.5 million starting in 2011/12.

14. Indirect Rate for 2011/12 and 2012/13

In the September 2010 Unaudited Actuals Report, we reported to the Board that the indirect rate for 2011/12 is projected to be 3.89%. The multi-year projection assumes the same level for these years.

15. Contributions for 2011/12 and 2011/12

As mentioned earlier, the district is projected to utilize \$8.1 million in one-time ARRA Special Education funds to lower the contribution in 2009/10. These expenses will return starting in 2010/11 However, after accommodating for any new funds received by the projected COLA of 0% for 2011/12 and 1.9% for 2012/13, as well as the district's decline in ADA, it is envisioned any new expenses for Special Education will be covered by the ARRA Special Education funds. These expenses will return in 2012/13

16. GASB 45

Starting in 2007/08, the district is required to accrue expenses and liabilities related to the lifetime medical benefits. Fresno County Office of Education required the district to develop a plan to fund the liability. The plan requires a contribution of \$1.5 million to the lifetime liability over funds budgeted in the Health Fund. However, as mentioned in the Adopted Budget proceedings and as outlined in the Board Reserve policy, due to the State Economic downturn, these funds have not been included in the projections. However, the Health Fund continues to contribute to this liability annually. The GASB 45 reserve is estimated at \$15.6 million at June 30, 2011

17. Tax Override Fund

This is the last year tax proceeds will be received for the Tax Override Fund. In 2008/09, this fund was projected to have a reserve \$1 9 million after all debt service payments had been made. At that time, the projected savings were transferred to the Special Reserve Fund. Since that time the interest rates have decreased reducing the interest income and the tax proceeds have also decreased due to lower assessed values. Due to these revenue changes, the projections including transferring \$1.5 million from the Special Reserve Fund to the Tax Override Fund.

Conclusion

A summary of all budgets is reflected in the attached State report. Staff recommends the Board approve the 2010/11 First Interim Financial Report with a positive certification as presented.

S8. Status of Labor Agreements

Analyze the status of employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
