INTRODUCTORY SECTION

December 2, 2024

To the Board of Education Members and Citizens of the Lakewood Local School District:

We are pleased to submit to you the Annual Comprehensive Financial Report (ACFR) of the Lakewood Local School District (District) for the fiscal year ended June 30, 2024. This ACFR includes an opinion from our auditor, Julian & Grube, Inc. and conforms to accounting principles generally accepted in the United States of America (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). Responsibility for the accuracy of the data presented and the completeness and fairness of the presentation including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the District.

State law requires that an official report prepared on the GAAP basis be prepared annually within 150 days after the close of the year. The report includes the basic financial statements that provide information about the District's financial position and the results of financial operations.

This report will provide the taxpayers of the District with comprehensive financial data in a format that will enable them to gain a clear understanding of the District's finances. Copies will be made available upon request and/or can be printed from the District's website.

DISTRICT PROFILE

The Lakewood Local School District is located in southern Licking County approximately 25 miles east of Columbus, the state capital. The District encompasses approximately 115 square miles. The principle communities are the Village of Hebron, the Village of Buckeye Lake, Jacksontown and the surrounding farming townships. The District has a diversified industrial base as well as residential and agricultural communities. Interstate 70 and State Routes 79, 40 and 13 serve as the major transportation arteries. The District serves approximately 1,586 students in grades K-12 and 60 preschool students. The District's overall enrollment declined slightly in the 2023-2024 school year compared to the 2022-2023 school year.

The District's facilities include 1 elementary school (grades PreK-2), 1 intermediate school (grades 3-5), 1 middle school (grades 6-8), 1 high school (grades 9-12), a bus garage, the administrative building, an athletic complex and a vacant elementary building that was decommissioned at the end of the 2022-2023 school year. The high school is the District's newest facility built in 2000, Jackson Intermediate School built in 1972 and 1967, Lakewood Elementary built in 1971 and the Middle School built in 1959.

LAKEWOOD LOCAL SCHOOL DISTRICT

Letter of Transmittal For the Fiscal Year Ended June 30, 2024

The Board of Education of the Lakewood Local School District (the Board) is a five member body politic and corporate, as defined by Section 3313.02, Ohio Revised Code. The Board serves as the taxing authority, contracting body, policy maker, and approves an appropriation resolution which serves as the basis for control and authorization for all expenditures of District tax money.

The Superintendent is the chief executive officer of the District, responsible to the Board for total educational and support operations. Dr. Mark Gleichauf served as the District's Superintendent from August 1, 2020 through July 31, 2024. Mr. Scott Coffey is serving as the Interim Superintendent effective August 1, 2024.

The Treasurer/CFO is the chief financial officer of the District, responsible to the Board for maintaining all financial records, issuing warrants in payment of liabilities incurred by the District, acting as custodian of all District funds and investing idle funds as permitted by Ohio law. Ms. Glenna Plaisted has served as Treasurer/CFO since May 15, 2000.

Great schools are important to the quality of life in the Villages of Hebron, Buckeye Lake and the Jacksontown area and help maintain the property values in the District. But beyond these considerations, the educational program itself is of primary importance. The Lakewood Local School District continuously strives toward providing students with a quality education. It is therefore appropriate to review the foundation on which the District's programs are built.

The District offers a full range of educational programs and services. These include elementary and secondary general studies, advanced placement courses, gifted education, college preparatory and career pathway courses for Engineering and Informational Technology (IT), college credit plus courses, special education services, and a broad range of co-curricular and extracurricular activities.

CURRICULUM DEVELOPMENT

The Lakewood Local School District provides a comprehensive K-12 program: instruction, assessment, intervention and special needs programming. The curriculum supports the Ohio State Tests (Grades 3-12), the high school End of Course Assessments and Diagnostic Tests (K-3). Advanced placement classes are offered in language arts, science, math, social studies and IT at the high school. College Credit Plus (CCP) courses are also offered. Credit flex is available to help increase learning and engagement and assist students to graduate ready for success in college and their careers. All curricular areas are reviewed on a 5-year cycle by a committee of educators.

Credit Flexibility is offered to students who desire non-traditional learning opportunities. Students are able to earn credit for outside study, experiences and online courses. These options must be approved by the principal and a committee of educators. Teacher support for students who may want or need to take courses outside of the traditional school environment is provided.

Young residents are also eligible to apply for acceptance into our pre-school program. The pre-school curriculum aligns with the Ohio Department of Education's Early Learning and Development Standards for preschool children, and includes instructional areas in: Approaches to Learning, Language and Literacy, Cognition, Social Emotional Development, Physical Well Being and Motor Development.

INSTRUCTION MATERIALS

The administration, staff, board members, and community have identified that keeping current with today's educational methodology and utilizing updated student textbooks, technology and materials are critical components necessary to provide students with a quality education. The Ohio state standards and model curriculum have been implemented at all levels.

TECHNOLOGY

Lakewood students are introduced to technology in preschool and encouraged to use technology to advance their learning potential. Students at every grade level are linked to the Internet. Wireless access is available in all district buildings. Currently all students in grades 8-12 have access to Chromebooks in order to engage in the curriculum, complete work at school or work remotely at home. Students in grades K-7 have access to Chromebooks during the school day. Teachers have incorporated the use of technology into their classrooms and enabled students to use technology to help facilitate life-long learning and to access curriculum online when participating in remote learning.

The District has a web page which can be located at www.lakewoodlocal.k12.oh.us.

STAFF DEVELOPMENT

Locally provided staff development is an extremely important part of professional growth. The Superintendent, with the input from staff and building administrators, assess staff needs and plan after school sessions, in-service days and summer sessions for certified staff consistent with the District goals. The emphasis on these professional development activities is to provide professional staff with the knowledge base required for implementation of effective teaching strategies and to enhance instruction. In addition to locally provided staff development, the Lakewood Local School District supports staff members who attend conferences outside of the District and continually encourages staff to examine, understand, and implement best practices used in educational settings with emphasis on formative instructional practices.

INTERVENTION AND SPECIAL PROGRAMS

Lakewood Local School District recognizes its responsibility to offer academic instruction that is appropriate for every child. Student abilities and performance levels are measured and used to determine appropriate instruction. The MTSS (Multi-Tiered Systems of Support) model is used. Research-based programs such as mClass Intervention, Fundations, Spire and Math-U-See have been implemented to use for Tier 2 or Tier 3 interventions. The District also uses mClass Dibels 8th Edition (Reading) and STAR (Math) as a quality benchmark assessment tool in grades K-5. The Ohio Readiness Assessments and Quarterly Assessments are used in grades 6-12 to measure student mastery of course objectives in the core subject areas.

For those students requiring supplemental help or varied instructional methods, plans are developed and monitored by the building level RtI (Response to Intervention) teams that include teachers, administrators and intervention specialists. Interventions for students are occurring within teachers' daily instruction as they differentiate instruction to meet the needs of individual students and during Enrichment/Intervention periods. Parental involvement is critical in the process of understanding student needs and developing intervention plans. In addition, we engage parents via surveys, focus groups, Learning with A Loved One events and participation on the District Strategic Plan Action Teams.

GIFTED AND TALENTED PROGRAMMING AND ADVANCED PLACEMENT COURSES

Opportunities for more challenging work are available through the Gifted and Talented Program. This program serves identified students in grades 3-12. The curriculum includes enrichment activities, independent research and project-based learning with an emphasis on higher level thinking skills. Classroom teachers that teach gifted students completed at least 15 hours of gifted professional development each school year.

Advanced placement courses in English, American History, Calculus AB, Chemistry, U.S. Government, Statistics, Computer Science and Biology are offered at the high school level. Students also participate in college level courses and earn dual credit (high school and university credit). Courses are offered at the high school and also various universities.

SPECIAL EDUCATION

The District serves students who are on Individualized Educational Programs. These students are served in the following programs: speech/language, multi-handicapped, cognitively disabled handicapped, severe emotionally disturbed, specific learning disabled, other health impaired and hearing impaired.

Program options and related services for students on Individualized Educational Plans are structured to provide a continuum of services based on individual needs. These options ensure that all students are educated in the least restrictive environment possible. The Lakewood Local School District is committed to providing educational excellence for all students with disabilities, expanding their skills and aptitudes to be successful in the educational setting, in the community, and as adult contributors in society.

DISTRICT STRATEGIC PLAN

In 2023, the Lakewood Local School Board of Education updated its comprehensive strategic plan, including a vision statement; a mission statement; core values; and five new, over-arching goals with clarifying goal statements.

VISION

Reimagining education, instilling community pride, inspiring future success.

MISSION

Lakewood... a family-friendly, inclusive community dedicated to empowering every learner through innovation, collaborative problem-solving and consistent communication.

CORE VALUES

- P Pride
- R Respectful
- I Integrity
- D Determined
- E Engaged

The District's five GOALS include:

STUDENT EXPERIENCE

Lakewood Local Schools provides a safe, inclusive and engaging environment to support a variety of academic and extra-curricular programs, meeting the needs and interests of all students in reaching their potential.

STAFF EXPERIENCE

Lakewood Local Schools is committed to investing in high quality teachers and staff, providing an environment that supports professional growth, and maintaining a collaborative and positive culture.

FACILITY & RESOURCE MANAGEMENT

Lakewood Local Schools takes care in the management of our facilities and resources promoting community investment, prioritizing student safety, and achieving better student outcomes.

CULTURE OF INCLUSION & BELONGING

Lakewood Local Schools fosters an inclusive environment that improves the experience of students, regardless of background, culture, ability or socioeconomics.

COMMUNITY PRIDE & ENGAGEMENT

Lakewood Local Schools creates and fosters a school community whose members are engaged, communicative, supportive, and proud to be Lakewood Lancers.

Goal specific action teams will meet regularly to discuss progress towards the goals.

STATE REPORT CARD PERFORMANCE

The Ohio Department of Education Workforce (ODEW) Ohio School Report Cards are designed to give each school district a clear picture of the progress in raising achievement and preparing our students for their futures. The information provided in the Report Card outlines areas that ODEW views as most critical to successful learning.

The District received an overall rating of 3.5 out of 5 Stars for the 2023-2024 school year. Component grades were also given in each area of the report card from 1 to 5 Stars. Below is the data received from the 2023-2024 school year.

Achievement Component- This represents the level of proficiency of students on the state tests. The District received 3 Stars on this component for the third year in a row. It is made up of two parts which include the Performance Index and Indicators Met, although the indicators do not count in the final component rating. The District had a Performance Index of 84.8 out of 109.3, the same as last year.

Gap Closing- This shows how well we meet performance expectations for sub-groups of students, such as our students with disabilities and economically disadvantaged. The District received 3 Stars on this component. The District was successful in meeting the needs of most subgroups of students in Math Achievement, Gifted Progress and Graduation. The District needs to continue to focus on Chronic absenteeism and make improvements in English Language Arts (ELA) Achievement and Growth.

Progress- This measures the amount of growth students make from year to year. The District received 4 Stars for this component this year. The students made at least expected growth in English Language Arts, Math, Government, American History and Science with the exception of 4th grade ELA and Math, 5th grade Science, 6th grade Math and Geometry.

Early Literacy- This component measures our success rate of moving students in grades K-3 from offtrack to on-track from fall to fall. It measures the percent of students who are proficient in Third Grade Reading and it measures the percent of students who are promoted to the Fourth Grade. The District earned 2 Stars on this component, a decrease from last year. The percentage of students who began the previous year off-track that increased to on-track this year was 27.8%, which is 7.3% lower than the 2022-2023 school year. Approximately 45% of students Grades K-3 are on-track based on the 2023 Fall Diagnostic Assessments. We used mClass Dibels 8th Edition to determine student on-track status and provided Individualized Reading Improvement and Monitoring Plans (RIMPS) for all students who are deemed to be off-track. 64.8% of students were proficient in Reading on the 2023-2024 Third Grade Ohio State Test. 100% of third grade students were promoted to fourth grade this past year.

Graduation Rate- This is the percent of students who graduate who started at Lakewood High School, including students who may have moved and did not enroll elsewhere. Data reflects the graduating classes of 2022 and 2023. The District received 3 Stars for this component. Our 4-year graduation rate is 93.0%, an increase of 3.1%, and our 5-year graduation rate is 90.6% as reported with the Ohio Department of Education Workforce data. This is higher than the state averages. We continue to focus heavily on finding pathways to gradation for all students despite the challenging graduation requirements that have been set.

College, Career, Workforce and Military Readiness-This measures whether students are training in a technical field or preparing for work or college. There was no component score given. This data reflects the graduating classes of 2022 and 2023. This measure awards credits for students who earn remediation-free scores on the ACT for English, reading and math exams, earn an honors Diploma or earn high marks on an industry-recognized credentialing test in one of 13 high-demand career fields. Districts get bonus points for students who achieve at least one of the above and earn a score of 3 or higher on at least one AP Exam or earn at least 3 credits in College Credit Plus (CCP) courses. 7.7% of students participated in the College Credit Plus program and 15.4% of students took AP courses. 16.1% of students received Honors Diplomas. 39.2% of student earned industry credentials, which is a significant increase from last year.

We use this data, along with diagnostic and screening data, to develop our practice and guide our discussions. Our district team worked this summer to put plans in place to focus on areas of continued growth. Our building goals and Quality Profile are located on the District website under District Profile.

ECONOMIC CONDITION AND OUTLOOK

The District is located approximately 25 miles east from the metropolitan city of Columbus providing a wealth of opportunity for cultural, social and economic resources for its residents. Central Ohio Technical College and The Ohio State University of Newark share facilities and are located in the nearby City of Newark. Denison University is located in the adjoining Village of Granville. These colleges provide excellent educational opportunities for the Lakewood community.

The Villages of Hebron and Buckeye Lake offer excellent opportunities for business growth and expansion. Within the District's boundaries, an Industrial Park stimulates the economy through a diverse group of employers, from the small family operated business to major commercial/industrial and service corporations. The five largest employers in the District in terms of numbers of employees are: Harry & David Operations, Inc.; THK Manufacturing of America Inc.; Hendrickson Axle; ArmorSource LLC; and RR Donnelley.

The District relies heavily on property tax revenues to maintain its educational programs. In fiscal year 2023-2024 75% of the District's revenues were tax related revenues. The District has one (1) emergency operating levy. The emergency levy is a ten-year levy which generates \$5,882,139 in district revenues which is collected from real property/public utility taxes and rollback/homestead. The levy was passed on November 8, 2022 and combined the District's two (2) emergency operating levies into one levy. This levy began collections in calendar year 2023. This emergency operating levy represents approximately 27% of the total tax related revenues for the District and 20% of the District's total revenues. The overall property valuations for calendar year 2023 increased 40.63% due to a strong housing market. This generated an additional \$4 million in tax revenues for the District. The District received one half of this increase in fiscal year 2023-2024 and will receive the other half in fiscal year 2024-2025. The District continuously evaluates its financial needs.

Long-Term Financial Planning

The District prepares a five-year forecast for use as a tool for long range planning. The five-year forecast projects local and state revenues, spending patterns within each area of the budget, and cash balances in the District's operating fund. The District uses the five-year forecast to provide a basis for making financial decisions, including the construction of the annual budget, adjustments to staffing levels, collective bargaining, and the placement of tax levies on the ballot.

The District has a General Fund Balance Guideline that was board approved on January 11, 2017. The purpose of this Fund Balance Guideline is to preserve financial stability. The Guideline states that the ending cash balance should be equal to 60 days operating cash as the minimum operational benchmark. The 60 days operating cash benchmark is calculated at the end of each fiscal year and is used as the benchmark for the upcoming year.

The minimum benchmark should be reflected on the five-year forecast in the current year and the next three (3) projected years of the five-year forecast. Upon receiving any indication that an ending cash balance equal to 60 days operating cash may not be achieved, a plan will be developed by the Board, Superintendent and Treasurer/CFO prior to the next five-year forecast adoption as to how the District will work towards attaining a 60 days operating cash ending balance.

RECENT INITIATIVES/ACCOMPLISHMENTS

There were a number of District initiatives/accomplishments made during the fiscal year ended June 30, 2024. Some of those were as follows:

Financial

The District received an unmodified opinion on the Fiscal Year 2023 audit.

The District received the Certificate of Excellence in Financial Reporting from the Government Finance Officers Association for the Lakewood Local School District Annual Comprehensive Financial Report (ACFR) for Fiscal Year ending June 30, 2023. The Certificate of Achievement is the highest form of recognition in governmental accounting and financial reporting, and its attainment represents a significant accomplishment by a government and its management. This is the twenty-first consecutive year the District has received this award.

The District received the Award for Outstanding Achievement in Popular Annual Financial Reporting from the Government Finance Officers Association for the Lakewood Local School District Popular Annual Financial Report (PAFR) for the Fiscal Year ending June 30, 2023. This colorful easy to read document is a useful tool in educating the public and staff on the revenues and expenditures of the School District. This is the fifteenth consecutive year the District has received this award.

The District updated its 5 Year Capital Plan. This Plan allows the District to budget intelligently for the future as we are tasked to maintain our school and facilities. It incorporates all areas of the District including technology, transportation, food service, building and grounds, athletics and each of the school buildings. It provides transparency to the District's plans for the finances necessary to complete these projects.

Instructional/Other

- The District is in the implementation phase of the district strategic plan. Strategic planning teams meet regularly to monitor progress towards actions steps in the five goal areas.
- The High School Innovation Lab and Middle School STEM lab received \$550,000 in new curriculum, equipment, computers and furniture from state and private grant money.
- The District maintains a Business Advisory Council at Lakewood High School. To date, more than 50 businesses have provided input on curriculum/job skills needed, provided mentorship/internship opportunities for students and offered training and credentialing for students.
- The District has been able to offer STEM programming for grades K-12. These programs expose our students to STEM principals in the classroom and outside the school day. Many of these programs and resources are funded by grants pursued by Lakewood administration and teachers.
- Lakewood Preschool earned a 5-star rating, the highest rate possible, for Step Up to Quality from the Ohio Department of Education and Workforce (ODEW).
- All district buildings earned PBIS awards from ODEW. Lakewood Middle School earned a Bronze Award. Lakewood Elementary, Jackson Intermediate School and Lakewood High School all received Silver Awards.

MAJOR INITIATIVES FOR THE FUTURE

Financial

To receive the Certificate of Excellence in Financial Reporting from the Government Finance Officers Association for the District's 2024 Annual Comprehensive Financial Report (ACFR).

To receive the Award for Outstanding Achievement in Popular Annual Financial Reporting from the Government Finance Officers Association for the 2024 Popular Annual Financial Report (PAFR).

To update the District's 5 Year Capital Plan on an annual basis allowing the District to budget according for planned capital projects.

With the educational challenges and the physical condition of Hebron Elementary School, the Board of Education and Administration closed Hebron Elementary at the end of 2022-2023 school year. For the 2023-2024 school year, Hebron Elementary students were relocated to a school building located on the Lakewood campus which was given the name Lakewood Elementary School. The District is pursuing the sale of the Hebron Elementary building.

Instructional

The District continues to seek improvement in the areas measured by the Local Report Card. An overall "5-Star" rating on the Report Card is the goal, in addition to engaging the students and providing opportunities for enrichment and intervention as needed. In working towards our District goals and a "5-Star" rating on the local report card, we continue to review our curriculum, alignment and assessment practices.

We are implementing key practices in the Science of Reading. We reviewed curriculum and assessment materials based on the Dyslexia Law. We adopted Core Knowledge Language Arts (CKLA) series, that is aligned to evidence-based practices in the Science of Reading. Teachers receive ongoing professional development and are collaborating around best practices in the implementation of this series.

The Engage New York math program continues to be used in the District. Our K-8 Math Instructional Coach and Title I Math teacher, along with building teacher leaders, continue to provide professional development to teachers, model best practices, do intervention with groups of students and create resources (i.e., pacing guides, assessments, spiral reviews, and how-to videos for teachers, students and parents). At the high school, we are participating in a state pilot of an Algebra 2 equivalent course named Data Science Foundations.

Teachers at the high school will continue to focus on teaching and learning best practices for the implementation of the 1:1 Chromebook program. Teachers will receive differentiated training based on their needs.

The District works with State Support Team 11 to implement the Ohio Improvement Process, MTSS and PIS programs in all buildings. Goals and strategies related to student performance have been developed. Data on student performance and adult implementation is collected and monitored for effectiveness of school improvement strategies.

FINANCIAL INFORMATION

ACCOUNTING SYSTEM – The District's accounting system is organized on a fund basis. Each fund is a separate self-balancing accounting entity. The basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary funds also use the accrual basis of accounting.

INTERNAL CONTROLS – Management of the District is responsible for establishing internal controls designed to ensure that the assets of the District are protected from loss, theft, or misuse, and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. The Internal Control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of cost and benefit requires estimates and judgments by management. Management believes the internal controls adequately meet the above objective.

MANAGEMENT'S DISCUSSION AND ANALYSIS – Accounting principles generally accepted in the United States of America require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of the management's discussion and analysis (MD&A). This letter of transmittal should be read in conjunction with the MD&A as they are designed to complement each other. The Lakewood Local School District's MD&A can be found immediately following the Independent Auditor's Report.

RELEVANT FINANCIAL GUIDELINE – The Board of Education maintains a General Fund Balance Guideline. The fund balance guideline is equal to 60 days operational cash as the minimum operational benchmark for determining the ending General Fund balance needs. The minimum benchmark should be reflected on the five year forecast in the current year and the next three (3) projected years of the forecast.

SINGLE AUDIT – As a recipient of federal and state financial assistance, the District is also responsible for ensuring that adequate internal controls are in place to ensure compliance with applicable laws and regulations related to these programs. Internal controls are subject to periodic evaluation and audit by the Treasurer, Management Team and staff of the District.

As part of the District's single audit, tests are made to determine the adequacy of the internal controls, including that portion relating to federal financial assistance programs, as well as to verify that the District has complied with applicable laws and regulations.

BUDGETARY CONTROLS – The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the certificate of estimated resources and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. All funds, other than custodial funds, are legally required to be budgeted and appropriated. The primary level of budgetary control required by Ohio Revised Code is at the fund level. The level of budgetary control imposed by the District (the level at which expenditures cannot legally exceed the appropriated amount) is established at the object level for the general fund and at the fund level for all other funds. Any budgetary modifications at these levels may only be made by resolution of the Board of Education. The District also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts at yearend are carried forward to succeeding years and are not re-appropriated.

INDEPENDENT AUDIT – In compliance with State statute, the basic financial statements have been audited by Julian & Grube, Inc. The independent auditor concluded that the District's financial statements for the year ended June 30, 2024, are fairly presented in conformity with accounting principles generally accepted in the United States of America. The Independent Auditor's Report is presented as the first component of the financial section of this report.

AWARDS AND ACKNOWLEDGMENTS

AWARDS – The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement of Excellence in Financial Reporting to the Lakewood Local School District for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2023. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of State and local government financial reports. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized annual comprehensive financial report. The report must satisfy both accounting principles generally accepted in the United States of Achievement is valid for a period of one year only. Lakewood Local School District has received a Certificate of Achievement for the last twenty-one years. We believe that our current annual comprehensive financial report continues to meet the program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the School District received the Award for Outstanding Achievement in Popular Annual Financial Reporting (PAFR) from GFOA for the year ended June 30, 2023. The PAFR is a condensed, more user-friendly financial report intended to provide highlights of the District's financial condition. This was the fifteenth year the District produced a PAFR and received the award.

Letter of Transmittal For the Fiscal Year Ended June 30, 2024

ACKNOWLEDGMENTS – The publication of this report is a major step toward the commitment to professionalizing the financial reporting of the Lakewood Local School District and significantly increases the accountability of the School District to the taxpayers.

The accomplishment of this report would not have been possible without the assistance, support, and efforts of the staff of the Treasurer's office and various administrators and employees of the School District. A special thank you is extended to Donald J. Schonhardt & Associates, Inc. for their assistance in preparing this report.

Finally, sincere appreciation is extended to the Board of Education, where commitment to excellence begins. Without their support, this Annual Comprehensive Financial Report would not have been possible.

Respectfully submitted,

Glennofflawted CAA

Independent Auditor's Report

Lakewood Local School District Licking County 525 East Main Street Hebron, OH 43025

To the Members of the Board of Education:

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Lakewood Local School District, Licking County, Ohio, as of and for the fiscal year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Lakewood Local School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Lakewood Local School District, as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof and the budgetary comparison for the General Fund for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Lakewood Local School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Lakewood Local School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Lakewood Local School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Lakewood Local School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and schedules of net pension and other postemployment benefit assets and liabilities and pension and other postemployment benefit contributions, listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. Lakewood Local School District Licking County Independent Auditor's Report

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Lakewood Local School District's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 2, 2024 on our consideration of the Lakewood Local School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Lakewood Local School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Lakewood Local School District's internal control over financial reporting and compliance.

Julian & Sube, the.

Julian & Grube, Inc. December 2, 2024

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2024

Unaudited

The management's discussion and analysis of Lakewood Local School District's financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2024. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the financial statements and notes to the basic financial statements to enhance their understanding of the District's financial performance.

FINANCIAL HIGHLIGHTS

Key financial highlights for 2024 are as follows:

- □ In total, net position increased \$2,419,895. Net position of governmental activities increased \$2,422,573, which represents a 26.9% increase from 2023. Net position of business-type activities decreased \$2,678 which represents a 2.8% increase in the net deficit from the 2023 net deficit.
- □ General revenues accounted for \$26,444,902 in revenue or 88.5% of all revenues. Program specific revenues in the form of charges for services and sales and grants and contributions accounted for \$3,426,829 or 11.5% of total revenues of \$29,871,731.
- □ The District had \$27,449,158 in expenses related to governmental activities; only \$3,426,829 of these expenses were offset by program specific charges for services and sales, and grants and contributions.
- □ Among major funds, the general fund had \$26,474,612 in revenues and \$25,971,548 in expenditures. During fiscal year 2024, the general fund's fund balance decreased from \$15,546,657 to \$15,342,454.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of four parts – management's discussion and analysis and the basic financial statements, required supplemental information and an optional section that presents combining statements for nonmajor governmental funds. The basic financial statements include two kinds of statements that present different views of the District:

These statements are as follows:

- 1. The Government-Wide Financial Statements These statements provide both long-term and short-term information about the District's overall financial status.
- 2. The Fund Financial Statements These statements focus on individual parts of the District, reporting the District's operations in more detail than the government-wide statements.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2024

Unaudited

Government-wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the District's net position and how it has changed. Netposition (the difference between the District's assets and deferred outflows of resources, and liabilities and deferred inflows of resources) is one way to measure the District's financial health or position.

- Over time, increases or decreases in the District's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the District you need to consider additional nonfinancial factors such as the property tax base, current property tax laws, student enrollment growth and facility conditions.

The government-wide financial statements of the District are divided into two categories:

- Governmental Activities Most of the District's programs and services are reported here including instruction, support services, operation and maintenance of plant, pupil transportation and extracurricular activities.
- Business-Type Activities This service is provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided. The District's food service is reported as business-type activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant funds, not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes.

Governmental Funds – Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental funds is reconciled in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Proprietary Funds – Proprietary funds use the same basis of accounting as business-type activities; therefore, these statements will essentially match.

Total liabilities	31,983,412	34,754,594	726,283	710,676	32,709,695	35,465,270
Deferred inflows of resources:						
Property Tax	21,627,434	14,843,931	0	0	21,627,434	14,843,931
Pension	2,134,841	2,677,199	18,561	36,235	2,153,402	2,713,434
OPEB	2,624,929	3,328,848	130,344	149,458	2,755,273	3,478,306
Total deferred inflows of resources	26,387,204	20,849,978	148,905	185,693	26,536,109	21,035,671
Net position (deficit):						
Net investment in capital assets	15,017,320	13,695,538	194,326	159,323	15,211,646	13,854,861
Restricted	2,961,901	1,957,788	0	0	2,961,901	1,957,788
Unrestricted	(6,542,269)	(6,638,947)	(293,994)	(256,313)	(6,836,263)	(6,895,260)
Total net position (deficit)	\$11,436,952	\$9,014,379	(\$99,668)	(\$96,990)	\$11,337,284	\$8,917,389

The net pension liability (NPL) is one of the largest liabilities reported by the District at June 30, 2024. GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the District is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2024

Unaudited

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

At fiscal year-end for governmental activities, capital assets represented 31% of total assets. Capital assets include land, land improvements, buildings and improvements, furniture, fixtures, equipment, SBITA assets and vehicles. Net investment in capital assets, at June 30, 2024 was \$15,017,320. These capital assets are used to provide services to the students and are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

A portion of the District's governmental activities net position, \$2,961,901, represents resources that are subject to external restriction on how they may be used. Excluding the net pension and OPEB liabilities and related deferred outflows and inflows, the District has approximately \$16.9 million in unrestricted net position which may be used to meet the District's ongoing obligations to the students and creditors.

This space intentionally left blank.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2024

Unaudited

Governmental Activities

Net position of the District's governmental activities increased by \$2,422,573. Although tax revenues were \$2.4 million lower as a result of lower available tax advances in 2024 compare with 2023, the District was able to maintain expenses below revenues. These available tax advances can fluctuate on an annual basis. Total governmental expenses of \$27,449,158 were offset by program revenues of \$3,426,829 and general revenues of \$26,444,902. Program revenues supported 12.5% of the total governmental expenses. The primary sources of revenues consist of property taxes and grants and entitlements which total \$25,351,065 and represent 95.9% of total general governmental revenue.

The District has one (1) emergency operating levy. The emergency levy is a ten-year levy which generates \$5,882,139 in district revenues which is collected from real property/public utility taxes and rollback/homestead. This levy was passed on November 8, 2022 and combined the District's two (2) emergency operating levies into one levy. This levy began collections in calendar year 2023. Property taxes made up 62% of revenues for governmental activities for the District in fiscal year 2024. The District's reliance upon tax revenues is demonstrated by the following chart:

		Percent	
Revenue Sources	2024	of Total	23.26%
General Grants	\$6,947,105	23.26%	
Program Revenues	3,426,829	11.47%	
Property Tax Revenues	18,403,960	61.61%	3.66%
General Other	1,093,837	3.66%	61.61%
Total Revenue	\$29,871,731	100.00%	

Business-Type Activities

Net position of the business-type activities decreased by \$2,678. These programs had revenues of \$1,228,814 and expenses of \$1,231,492 for fiscal year 2024. The decrease in net position is insignificant and in keeping with covering all expenses of the Food Service Fund. Business activities receive no support from tax revenues; however, they have received support from governmental activities.

Management's Discussion and Analysis	
For the Fiscal Year Ended June 30, 2024	Unaudited

FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT'S FUNDS

The District's governmental funds reported a combined fund balance of \$17,693,301, which is higher than last year's total of \$17,602,075. The schedule below indicates the fund balance and the total change in fund balance by fund type as of June 30, 2024 and 2023.

	Fund Balance June 30, 2024	Fund Balance June 30, 2023	Increase (Decrease)
General	\$15,342,454	\$15,546,657	(\$204,203)
Debt Service	1,154,472	1,246,260	(91,788)
Other Governmental	1,196,375	809,158	387,217
Total	\$17,693,301	\$17,602,075	\$91,226

General Fund – The District's General Fund balance increase is due to several factors. The tables that follow assist in illustrating the financial activities and balance of the General Fund:

	2024 Revenues	2020	
Taxes	\$17,221,226	\$19,468,753	(\$2,247,527)
Tuition	738,358	656,680	81,678
Investment Earnings	1,027,108	536,866	490,242
Extracurricular Activities	37,278	46,268	(8,990)
Class Materials and Fees	70,523	66,539	3,984
Intermediate Sources	0	5,291	(5,291)
Intergovernmental - State	7,204,181	6,876,660	327,521
Intergovernmental - Federal	96,814	74,048	22,766
All Other Revenue	79,124	71,920	7,204
Total	\$26,474,612	\$27,803,025	(\$1,328,413)

General Fund revenues in 2024 decreased approximately 4.8% compared to revenues in fiscal year 2023. In fiscal year 2024, the tax revenues decreased on a modified accrual basis as a result of available tax advances being lower by \$2.2 million in 2024 compared to 2023. These available tax advances can fluctuate on an annual basis. On a cash basis, the tax revenue increased 20% as a result of an increase in property valuations by the County.

Other revenues increased from the prior year due primarily for increases in investment earnings and intergovernmental revenues.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2024

The District's expenditures increased by \$616,259 or 2.4% compared to the prior year. The District's budget is 76% personnel related. The District had a 2.0% increase in base salary for fiscal year 2024 and paid the negotiated step increase ranging from 0% to 3% based on the number of years of service and type of degree.

These increases were offset by savings from using federal emergency relief funds for purchasing of instructional materials, technology and on-line instructional services/interventions.

Debt Service Fund – The fund balance decreased \$91,788. Tax revenues are levied to cover debt payments and there are small fluctuations from year to year. Both revenues and expenditures are comparable to prior year.

GENERAL FUND BUDGETARY HIGHLIGHTS

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

During the course of fiscal year 2024, the District amended its General Fund budget several times. The School District closely monitors its resources and uses and if necessary, modifies appropriations on a timely basis.

Management's Discussion and AnalysisFor the Fiscal Year Ended June 30, 2024Unaudited

The final General Fund budget basis revenue of \$28.5 million increased by \$3.2 million from the original budget estimates. This was due to an increase in tax revenues and investment interest earnings.

Total original appropriations compared to the final appropriations decreased by \$0.5 million. Actual expenditures compared to the final budget resulted in an overall positive variance.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of fiscal 2024, the District had \$19,873,345 net of accumulated depreciation and amortization invested in land, buildings, equipment, SBITA assets and vehicles. Of this total, \$19,679,019 was related to governmental activities and \$194,326 to the business-type activities. The following table shows fiscal year 2024 and 2023 balances:

_	Govern Activi	Change	
	2024	2023	
Land	\$410,817	\$410,817	\$0
Land Improvements	4,010,313	3,747,040	263,273
Buildings and Improvements	31,842,495	30,244,709	1,597,786
Furniture, Fixtures and Equipment	4,543,582	4,446,151	97,431
Lease Equipment	91,375	91,375	0
SBITA Assets	669,134	673,594	(4,460)
Vehicles	2,814,721	2,696,265	118,456
Construction in Progress	471,985	1,350,379	(878,394)
Less: Accumulated Depreciation and Amortization	(25,175,403)	(23,626,501)	(1,548,902)
Totals	\$19,679,019	\$20,033,829	(\$354,810)

During fiscal year 2024, the District completed improvement projects at Lakewood Elementary that includes the addition of modular units, the renovation of the kitchen and a new playground.

	Business	Business-Type				
	Activi	Activities				
	2024	2023				
Furniture and Equipment	\$520,856	\$468,371	\$52,485			
Less: Accumulated Depreciation	(326,530)	(309,048)	(17,482)			
Totals	\$194,326	\$159,323	\$35,003			

The net increase in capital asset additions/disposals was partially offset by depreciation expense. Additional information on the District's capital assets can be found in Note 10.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2024

Unaudited

Debt

At June 30, 2024 the District had \$5.0 million in bonds, loans, leases, and other long-term obligations outstanding, \$1,560,080 due within one year. The following table summarizes the District's debt and other long-term liabilities outstanding as of June 30, 2024 and June 30, 2023:

	2024	2023
Governmental Activities:		
General Obligation Bonds:		
School Improvement	\$2,698,049	\$3,549,066
Loan Payable	1,511,487	2,010,408
Leases Payable	39,616	57,835
SBITA Liability	266,380	329,332
Compensated Absences	414,550	502,999
Total Governmental Activities	4,930,082	6,449,640
Business-Type Activities:		
Compensated Absences	33,429	33,562
Total Business-Type Activities	33,429	33,562
Totals	\$4,963,511	\$6,483,202

Under current state statutes, the District's general obligation bonded debt issues are subject to a legal limitation based on 9% of the total assessed value of real and personal property. At June 30, 2024, the District's outstanding debt was below the legal limit. Additional information on the District's long-term debt can be found in Note 13.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2024

Unaudited

CURRENT FINANCIAL RELATED ACTIVITIES

As the preceding information shows, the District relies heavily upon property taxes, grants and entitlements to provide the funds necessary to maintain its educational programs. The District has one (1) emergency operating levy. The emergency operating levy is a ten-year levy which generates \$5,882,139 in District revenues which is collected from real property/public utility taxes and rollback/homestead. This levy was passed on November 8, 2022 and combined the District's two (2) emergency operating levies into one levy. The emergency operating levy is substantial relative to the total tax revenues of the District.

The District has a General Fund Balance Guideline whose purpose is to preserve financial stability. The cash reserve is equal to 60 days operational cash as the minimum operational benchmark for determining the ending cash needs of the General Fund. The minimum benchmark should be reflected on the five year forecast in the current year and the next three (3) projected years of the forecast. The current revenue, along with the District's cash balance, will provide the District with the necessary funds to meet its operating expenses in fiscal years 2025 through 2029. As the District plans for the future, it will monitor projected revenues and expenditures to keep the District in a positive fund balance position.

The Board of Education and administration of the District must continue to maintain careful financial planning and prudent fiscal management in order to preserve the financial stability of the District.

In conclusion, the Lakewood Local School District has committed itself to financial excellence for many years.

REQUESTS FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact Glenna Plaisted, Treasurer/CFO, Lakewood Local School District, 525 East Main Street, Post Office Box 70, Hebron, Ohio 43025, or email at gplaisted@lakewoodlocal.k12.oh.us.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds To the Statement of Activities For the Fiscal Year Ended June 30, 2024

Net Change in Fund Balances - Total Governmental Funds		\$ 91,226
Amounts reported for governmental activities in the statement of activities are different because		
Governmental funds report capital outlays as expenditures. However,		
n the statement of activities, the cost of those assets is allocated over		
heir estimated useful lives as depreciation/amortization expense. This is the amoun	nt	
by which depreciation/amortization exceeded capital outlays in the current period.		(249,230)
The net effect of various miscellaneous transactions involving capital		
assets (i.e., sales and donations) is to decrease net position.		(2,806)
Revenues in the statement of activities that do not provide current		
financial resources are not reported as revenues in the funds.		268,338
Contractually required contributions are reported as expenditures in		
governmental funds; however, the statement of net position reports		
hese amounts as deferred outflows.		2,132,991
Except for amounts reported as deferred inflows/outflows, changes in the		
net pension liability are reported as pension expense in the statement of activities.		(1,518,104)
Except for amounts reported as deferred inflows/outflows, changes in the		
net OPEB liability/asset are reported as OPEB expense in the statement of activities	5.	184,181
The issuance of long-term debt (e.g. notes, leases) provides current		
financial resources to governmental funds, while the repayment of the principal		
of long-term debt consumes the current financial resources of governmental funds.		
Neither transaction, however, has any effect on net position. This amount is		
he net effect of these differences in the treatment of long-term debt and		
related items.		1,431,109
In the statement of activities, interest is accrued on outstanding bonds,		
whereas in governmental funds, an interest expenditure is reported		
when due.		3,395
Some expenses reported in the statement of activities do not require		
he use of current financial resources and therefore are not reported		
as expenditures in the governmental funds.		
Compensated Absences	88,449	
Amortization of Deferred Loss on Refunding	(6,976)	 81,473
Change in Net Position of Governmental Activities		\$ 2,422,573

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. <u>Reporting Entity</u>

Lakewood Local School District, Ohio (the "District") is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio.

The District is governed by a locally elected five member Board of Education (the Board). Members are elected at-large for staggering four year terms. The District provides educational services as authorized by State statute and federal guidelines. The Board controls the District's instructional support facilities staffed by approximately 104 non-certified employees, 136 certificated employees and 15 administrative employees providing education to 1,586 students in grades K-12 and also to 60 preschool students.

The accompanying basic financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, "*The Financial Reporting Entity*," as amended by GASB Statement No. 39 "*Determining Whether Certain Organizations Are Component Units*", and GASB Statement No. 61, "*The Financial Reporting Entity: Omnibus*" in that the financial statements include all organizations, activities, functions and component units for which the District (the reporting entity) is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; or (3) the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt, or the levying of taxes. There were no potential component units that met the criteria to be included in the District's reporting entity.

The reporting entity of the District includes the following services: instructional (regular, special education), student guidance, extracurricular activities, food service, pupil transportation and care and upkeep of grounds and buildings.

Lakewood Local School District participates in two jointly governed organizations and one insurance purchasing pool. These organizations are the Licking Area Computer Association (LACA), META Solutions (META), and the Ohio SchoolComp Workers' Compensation Group Retrospective Rating Program. Information regarding these organizations is presented in Notes 15 and 16.

The accounting policies and financial reporting practices of the District conform to accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for establishing governmental accounting and financial reporting principals. The following is a summary of its significant accounting policies.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation - Fund Accounting

The accounting system is organized and operated on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues and expenditures/expenses.

The following fund types are used by the District:

Governmental Funds - These are funds through which most governmental functions typically are financed. The acquisition, use and balances of the District's expendable financial resources and the related current liabilities (except those accounted for in the proprietary funds) are accounted for through governmental funds. The measurement focus is based upon determination of "financial flow" (sources, uses and balances of financial resources). The following are the District's major governmental funds:

<u>General Fund</u> - This fund is the general operating fund of the District and is used to account for all financial resources except those accounted for in another fund. The general fund balance is available to the District for any purpose provided it is expended or transferred according to the general laws of Ohio.

<u>Debt Service Fund</u> - This fund is used for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

The other governmental funds of the District account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Funds – The proprietary funds are accounted for on an "economic resources" measurement focus. This measurement focus provides that all assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the proprietary funds are included on the balance sheet. The proprietary fund operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total position.

Enterprise Fund - This fund is used to account for operations that are financed and operated in a manner similar to private business enterprises in which the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The District's only enterprise fund is the Food Services Fund which accounts for the financial transactions related to the food service operations of the District and is a major fund.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Presentation and Measurement Focus – Financial Statements

<u>Government-wide Financial Statements</u> – The statement of net position and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government. The statements distinguish between those activities of the District that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the District and for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the District.

<u>Fund Financial Statements</u> – Fund financial statements report detailed information about the District. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

This space intentionally left blank.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Presentation and Measurement Focus – Financial Statements (Continued)

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

All proprietary fund types are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets, deferred outflows of resources, liabilities and deferred inflows of resources associated with the operation of these funds are included on the statement of net position. The statement of revenues, expenses and changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total position. The statement of cash flows provides information about how the District finances and meets the cash flow needs of its proprietary activities.

D. Basis of Accounting

Basis of accounting represents the methodology utilized in the recognition of revenues and expenditures or expenses reported in the financial statements. The accounting and reporting treatment applied to a fund is determined by its measurement focus.

The modified accrual basis of accounting is followed by the governmental funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. The term "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, which for the District is considered to be 60 days after fiscal year end. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt which is recognized when due.

Under the modified accrual basis, the following revenue sources are considered susceptible to accrual at year end: property taxes, tuition, grants and entitlements, student fees, and interest on investments.

The accrual basis of accounting is utilized for reporting purposes by the government-wide financial statements, and proprietary funds. Revenues are recognized when they are earned and expenses are recognized when incurred.

Revenues – **Exchange and Non-exchange Transactions** – Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. <u>Basis of Accounting</u> (Continued)

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Grants and entitlements received before eligibility requirements are met are recorded as unearned revenue.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

E. Budgetary Process

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the certificate of estimated resources and the appropriation resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriation resolution are subject to amendment throughout the year.

All funds other than custodial funds are legally required to be budgeted and appropriated; however, only the General Fund and major Special Revenue funds are required to be presented as basic financial statements. The primary level of budgetary control is at the fund level for all funds except the General Fund for which it is at the object level. Budgetary modifications may only be made by resolution of the Board of Education.

1. Estimated Resources

Prior to March 15, the Board accepts by formal resolution, the tax rates as determined by the County Budget Commission and receives the Commission's Certificate of Estimated Resources which states the projected revenue of each fund. Prior to June 30, the District must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year will not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriations measure. On or about July 1, the certificate of estimated resources is amended to include any unencumbered fund balances from the preceding year. The certificate may be further amended during the year if a new source of revenue is identified or actual receipts exceed current estimates. The amounts reported on the budgetary statement reflect the amounts in the final amended official certificate of estimated resources issued during fiscal year 2024.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. <u>Budgetary Process</u> (Continued)

2. <u>Appropriations</u>

A temporary appropriation measure to control expenditures may be passed on or about July 1 of each year for the period July 1 through September 30. An annual appropriation resolution must be passed by October 1 of each year for the period July 1 through June 30. The appropriation resolution establishes spending controls at the fund level except for the General Fund which is at the object level. The appropriation resolution may be amended during the year as additional information becomes available, provided that total fund appropriations do not exceed the current estimated resources as certified. During the year, several supplemental appropriations were necessary to budget the use of contingency funds. Administrative control is maintained through the establishment of more detailed line-item budgets. The budgetary figures which appear in the "Statement of Revenues, Expenditures, and Changes in Fund Balances-Budget and Actual-General Fund" are provided on the budgetary basis to provide a comparison of actual results to the final budget, including all amendments and modifications.

3. Lapsing of Appropriations

At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the subsequent fiscal year and need not be reappropriated.

4. Budgetary Basis of Accounting

The District's budgetary process accounts for certain transactions on a basis other than accounting principles generally accepted in the United States of America (GAAP). The major differences between the budgetary basis and the GAAP basis lie in the manner in which revenues and expenditures are recorded. Under the budgetary basis, revenues and expenditures are recorded in cash basis. Utilizing the cash basis, revenues are recorded when received in cash and expenditures when paid. Under the GAAP basis, revenues and expenditures are recorded on the modified accrual basis of accounting. Encumbrances are recorded as the equivalent of expenditures (budgetary basis) as opposed to reservations of fund balance (GAAP basis).

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgetary Process (Continued)

4. Budgetary Basis of Accounting (Continued)

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the General Fund:

	General Fund
GAAP Basis (as reported)	(\$204,203)
Increase (Decrease):	
Accrued Revenues at June 30, 2024,	
received during FY 2025	(923,522)
Accrued Revenues at June 30, 2023,	
received during FY 2024	3,161,369

Adjustment to Fair Value of Investments	(118,908)
Perspective Difference-	
Budgeted Special Revenue Fund	
reclassified as General Fund	3,730
Encumbrances Outstanding	(314,725)
Budget Basis	\$1,700,019

F. Cash and Cash Equivalents

During fiscal year 2024, cash and cash equivalents included amounts in demand deposits and the State Treasury Asset Reserve (STAR Ohio). STAR Ohio is a very liquid investment and is reported as a cash equivalent in the basic financial statements.

The District pools its cash for investment and resource management purposes. Each fund's equity in pooled cash and cash equivalents and investments represents the balance on hand as if each fund maintained its own cash and investment account. See Note 6, "Cash, Cash Equivalents and Investments."

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Investments

Investment procedures and interest allocations are restricted by provisions of the Ohio Constitution and the Ohio Revised Code. In accordance with GASB Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools", the District records all its investments at fair value except for nonparticipating investment contracts (repurchase agreements and certificates of deposit) which are reported at cost, which approximates fair value. All investment income, including changes in the fair value of investments, is recognized as revenue in the operating statements. Fair value is determined by quoted market prices. See Note 6, "Cash, Cash Equivalents and Investments."

During 2024, the District invested in STAR Ohio. STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, "Certain External Investment Pools and Pool Participants." The District measures its investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value. For 2024, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$100 million. STAR Ohio reserves the right to limit the transaction to \$250 million requiring the excess amount to be transacted the following business day(s), but only to the \$250 million limit. All accounts of the participant will be combined for these purposes.

H. Inventory

On government-wide financial statements, inventories are presented at the lower of cost or market using the first in, first out (FIFO) method and are expensed when used. On fund financial statements, inventories of governmental funds are valued at cost while inventories of proprietary funds are stated at lower of cost or market. Donated commodities are presented at their entitlement value. For all funds, cost is determined using the FIFO method, and are determined by physical count. Inventory in governmental funds consists of expendable supplies held for consumption. The consumption method is used to account for inventories. As such, inventories are recognized as expenditures when goods are used. Reported inventories in these funds are equally offset by a nonspendable fund balance, which indicates they do not represent available spendable resources. Inventories of proprietary funds consist of donated and purchased food.

I. <u>Prepaid Items</u>

Payments made to vendors for services that will benefit periods beyond June 30, 2024, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the year in which services are consumed. At fiscal year-end, because prepayments are not available to finance future governmental fund expenditures, a nonspendable fund balance is recorded by an amount equal to the carrying value of the asset on the fund financial statements.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Capital Assets

Capital assets are defined by the District as assets with an initial, individual cost of more than \$600 for capital assets acquired prior to July 1, 2015 and more than \$1,000 for capital assets acquired subsequent to July 1, 2015.

1. Property, Plant and Equipment - Governmental Activities

Governmental activities capital assets are those not directly related to the business-type funds. These generally are acquired or constructed for governmental activities and are recorded as expenditures in the governmental funds and are capitalized at cost (or estimated historical cost for assets not purchased in recent years). These assets are reported in the Governmental Activities column of the Government-wide Statement of Net Position, but they are not reported in the Governmental Fund Financial Statements.

Donated capital assets are recorded at their acquisition value as of the date received. The District does not possess any infrastructure. Estimated historical costs for governmental activities capital asset values were initially determined by identifying historical costs where such information was available. In cases where information supporting original cost was not obtainable, estimated historical costs were developed. For certain capital assets, the estimates were arrived at by indexing estimated current costs back to the estimated year of acquisition.

The District reports capital assets for Subscription Based Information Technology Arrangements (SBITAs). A SBITA asset is an intangible asset which represents the District's right to use another entity's information technology software.

2. Property, Plant and Equipment – Business-Type Activities

Property, plant and equipment acquired by the proprietary funds are stated at cost (or estimated historical cost). Donated capital assets are recorded at their acquisition value as of the date received. These assets are reported in both the Business-Type Activities column of the Government-wide Statement of Net Position and in the respective fund.

3. Depreciation and Amortization

All capital assets are depreciated/amortized excluding land and construction in progress. Depreciation/amortization has been provided using the straight-line method over the following estimated useful lives:

Description	Estimated Lives (in years)
Land Improvements	10 - 15
Buildings and Improvements	12 - 40
Furniture, Fixtures and Equipment	5 - 15
Vehicles	7 - 10
SBITA Assets	2 - 6

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. Long-Term Obligations

Long-term liabilities are being repaid from the following funds:

Obligation	Fund
General Obligation Bonds Payable	Debt Service Fund
Compensated Absences, Pension and OPEB Liabilities	General Fund, Food Services Fund
Loan Payable	Debt Service Fund
Leases Payable	General Fund
SBITA Payable	General Fund

L. <u>Compensated Absences</u>

In accordance with GASB Statement No. 16, "Accounting for Compensated Absences," vacation benefits are accrued as a liability when an employee's right to receive compensation is attributable to services already rendered, and it is probable that the employee will be compensated through paid time off or some other means, such as cash payments at termination or retirement. Supervisory personnel and classified exempt employees who work twelve month contracts are granted vacation leave based on length of service. Sick leave benefits are accrued as a liability using the vesting method. Employees may earn 15 days of sick leave per year. Upon retirement, employees will receive one-fourth of the accumulated sick leave up to a maximum of 55 or 65 days depending on the employee's position.

Compensated absences accumulated by governmental fund type and proprietary fund type employees are reported as an expense when earned in the government-wide financial statements. For governmental fund financial statements, compensated absences are recognized as a liability and expenditure to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the fund from which the employees who have accumulated leave are paid. The noncurrent portion of the liability is not recorded. For proprietary funds, the entire compensated absences amount is reported as a fund liability. See Note 1K for funds liquidating compensated absences.

M. <u>Net Position</u>

Net position represents the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets, net of related deferred outflows of resources and deferred inflows of resources. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. None of the restricted net position reported at June 30, 2024 was by enabling legislation. The District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted resources are available.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

N. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable, as well as property acquired for resale, unless the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed, or assigned.

Restricted – The fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the District Board of Education. Those committed amounts cannot be used for any other purpose unless the District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of the District Board of Education, which policies includes giving the Treasurer the authority to constrain monies for intended purposes.

Unassigned - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

O. <u>Pensions/Other Postemployment Benefits (OPEB)</u>

For purposes of measuring the net pension/OPEB asset/liability, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net positon have been determined on the same basis as they are reported by the pension/OPEB plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

P. Interfund Activity

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund loans receivables/payables". Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Interfund activity within governmental activities and business-type activities are eliminated for reporting on the government-wide financial statements.

Q. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

R. Operating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the District, these revenues are sales for food service. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

S. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. There were no extraordinary or special items reported for fiscal year 2024.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

T. Bond Premiums, Bond Discounts, Gains/Losses on Refunding and Issuance Costs

In the government-wide financial statements, bond premiums and discounts are deferred and amortized over the term of the bonds using the straight-line method, which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium and discount. Bond issuance costs are expensed. Bond premiums are deferred and amortized over the term of the bonds. Any gain or loss on refunding is allocated over the life of the old debt or the new debt whichever is shorter.

On the governmental fund financial statements, governmental fund types recognize issuance costs, bond premiums, and bond discounts in the current period. The face amount of the debt issue is reported as other financing sources. Premiums and discounts received on debt issuances are reported as other financing sources and uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

U. <u>Deferred Outflows/Inflows of Resources</u>

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. For the District, deferred outflows of resources are reported on the government-wide statement of net position for deferred charges on refunding, for pension and for OPEB. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred outflows of resources related to pension and OPEB plans are explained in Notes 11 and 12, respectively.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. For the District, deferred inflows of resources include property taxes, pension, OPEB and unavailable revenue. On the government-wide statement of net position and governmental funds balance sheet, property taxes that are intended to finance future fiscal periods are reported as deferred inflows. In addition, the governmental funds balance sheet reports deferred inflows which arise only under a modified accrual basis of accounting. Accordingly, the item, unavailable amounts, is reported only in the governmental funds balance sheet. The governmental funds report unavailable amounts for property taxes, investment earnings, grants, and state levied shared taxes. These amounts are deferred and recognized as an inflow of resources related to pension and OPEB plans are reported on the government-wide statement of net position explained in Notes 11 and 12, respectively.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

V. Fair Value

The District categorizes its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

NOTE 2 - COMPLIANCE AND ACCOUNTABILITY

Deficit Fund Equities - The fund deficits at June 30, 2024 of \$821 in the Early Childhood Education Fund, \$12,263 in the Special Education Part B-IDEA Fund, \$15,386 in the Title I Fund, and \$2,318 in the Title II-A Fund (nonmajor governmental special revenue funds) arose from the recognition of expenditures on the modified accrual basis which are greater than expenditures recognized on the budgetary basis. The general fund is liable for any deficits in these funds and provides transfers when cash is required, not when accruals occur. The accumulated deficit at June 30, 2024 of \$99,668 in the Food Service Fund (Enterprise Fund) arose from the recognition of expenses on the accrual basis. The General Fund is liable for any deficits in this fund and provides transfers when cash is required, not when accruals occur.

NOTE 3 – CHANGE IN ACCOUNTING PRINCIPLE

For fiscal year 2024, the District implemented Governmental Accounting Standards Board (GASB) Statement No. 100, "Accounting Changes and Error Corrections-an amendment of GASB Statement No. 62."

GASB Statement No. 100 addresses accounting and financial reporting requirements for accounting changes and error corrections.

The implementation of this Statement had no effect on beginning net position/fund balance.

This space intentionally left blank.

NOTE 4 – FUND BALANCES

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the District is bound to observe constraints imposed upon the use of resources in the government funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

	General		Other Governmental	Total Governmental
Fund Balances	Fund	Debt Service	Funds	Funds
Nonspendable:				
Prepaid Items	\$388,809	\$0	\$51,945	\$440,754
Supplies Inventory	51,629	0	0	51,629
Total Nonspendable	440,438	0	51,945	492,383
Restricted:				
Career Technology Education	6,569	0	0	6,569
Local Grants	0	0	59,785	59,785
Extracurricular Activities	0	0	75,601	75,601
Targeted Academic Assistance	0	0	1,499	1,499
Debt Service Payments	0	1,154,472	0	1,154,472
Total Restricted	6,569	1,154,472	136,885	1,297,926
Assigned:				
Services and Supplies	98,731	0	0	98,731
Projected Budgetary Deficit	59,081	0	0	59,081
Capital Improvements	0	0	1,050,710	1,050,710
Student and Staff Support	194,152	0	0	194,152
Total Assigned	351,964	0	1,050,710	1,402,674
Unassigned	14,543,483	0	(43,165)	14,500,318
Total Fund Balances	\$15,342,454	\$1,154,472	\$1,196,375	\$17,693,301

This space intentionally left blank.

NOTE 5 – EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES AND THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government – wide statement of activities. The following is a detailed listing of those reconciling items that are net adjustments or a combination of several transactions:

Amount by which depreciation/amortization exceeded capital outlay and prior year SBITA prepaid additions in the current period:

Capital Outlay Depreciation and Amortization Expense Prepaid SBITA Asset Amount of gain on disposal of capital assets net of proce				
Gain on Sales of Capital Asset Proceeds Received	\$9,959 (12,765) (\$2,806)			
Governmental revenues not reported in the funds:				
Increase in Investment Earnings Decrease in Tuition Revenue Increase in Grants Revenue Increase in Delinquent Tax Revenue Amount of current year contractually required contributi	U			
Pension Contributions OPEB Contributions	\$2,077,852 55,139 \$2,132,991			
Amount of bond and lease principal payments:				
Bond Principal Payment Premium on Refunding General Obligation Bond Proceeds Loan Payments Lease Payments SBITA Issuances SBITA Payments	\$820,000 31,017 498,921 18,219 (62,805) <u>125,757</u> \$1,431,109			

NOTE 6 - CASH, CASH EQUIVALENTS AND INVESTMENTS

Cash resources of several individual funds are combined to form a pool of cash, cash equivalents and investments. The District has adopted an Investment Policy that follows Ohio Revised Code Chapter 135 and applies the prudent person standard. The prudent person standard requires the Treasurer/CFO to exercise the care, skill and experience that a prudent person would use to manage his/her personal financial affairs and to seek investments that will preserve principal while maximizing income.

Statutes require the classification of funds held by the District into three categories. Category 1 consists of "active" funds - those funds required to be kept in a "cash" or "near cash" status for immediate use by the District. Such funds must be maintained either as cash in the District Treasury, in depository accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Category 2 consists of "inactive" funds - those funds not required for use within the current five year period of designation of depositories. Inactive funds may be deposited or invested only as certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but limited to, passbook accounts.

Category 3 consists of "interim" funds - those funds which are not needed for immediate use but, which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts. Interim funds may be invested or deposited in the following securities:

- United States treasury notes, bills, bonds, or any other obligation or security issued by the United States treasury or any other obligation guaranteed as to principal or interest by the United States;
- Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the federal national mortgage association, federal home loan bank, federal farm credit bank, federal home loan mortgage corporation, government national mortgage association, and student loan marketing association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- Written repurchase agreements in the securities listed above provided that the fair value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
- Bonds and other obligations of the State of Ohio, and with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio, if training requirements have been met;

NOTE 6 – CASH, CASH EQUIVALENTS, AND INVESTMENTS (Continued)

- No-load money market mutual funds consisting exclusively of obligations described in the first two bullets of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
- The State Treasury Asset Reserve of Ohio (STAR Ohio);
- Under limited circumstances, corporate debt interests rated in either of the two highest classifications by at least two nationally recognized rating agencies; and
- Certain banker's acceptances and commercial paper notes for a period not to exceed onehundred-eighty days and two-hundred-seventy days, respectively, from the purchase date in an amount not to exceed forty percent of the interim monies available for investment at any one time, if training requirements have been met.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Except as noted above, an investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. <u>Deposits</u>

Custodial credit risk is the risk that in the event of bank failure, the government's deposits may not be returned. Protection of District cash and deposits is provided by the Federal Deposit Insurance Corporation (FDIC) as well as qualified securities pledged by the institution holding the assets. The District has no policy on custodial credit risk and is governed by Ohio Revised Ohio Law requires that deposits be placed in eligible banks or savings and loan Code. associations located in Ohio. Any public depository in which the District places deposits must pledge as collateral eligible securities of aggregate fair value equal to the excess of deposits not insured by the FDIC. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to the District and deposited with a qualified trustee by the financial institution as security for repayment whose fair value at all times shall be at least 105 percent of the deposits being secured, or participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total fair value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State.

NOTE 6 - CASH, CASH EQUIVALENTS, AND INVESTMENTS (Continued)

A. <u>Deposits</u> (Continued)

At year end the carrying amount of the District's deposits was \$1,121,170 and the bank balance was \$1,582,003. Federal depository insurance covered \$931,094 of the bank balance and \$650,909 was uninsured and uncollateralized. Although all statutory requirements for the deposit of money had been followed, noncompliance with Federal requirements could potentially subject the District to a successful claim by the FDIC.

Investment earnings of \$72,633 earned by other funds were credited to the General Fund as required by state statute.

B. Investments

The District's investments at June 30, 2024 were as follows:

			Investment Maturities (in Years)		(ears)
	Fair Value	Credit Rating	less than 1	1-3	3-5
STAR Ohio (amortized cost)	\$10,551,302	AAAm ¹	\$10,551,302	\$0	\$0
FHLB	1,761,037 a	$AA+^{1}$	832,935	928,102	0
FHLMC	199,703 a	$AA+^1$	0	199,703	0
FFCB	1,152,913	AA+ ¹	803,878	349,035	0
FNMA	138,935	AA+ ¹	0	138,935	0
US Treasury Note	1,280,086	AA+ ¹	0	392,797	887,289
Negotiable CDs	1,232,050	N/A ²	1,232,050	0	0
Commercial Paper	1,763,763	A-1/A-1+ 1	1,763,763	0	0
Total Investments	\$18,079,789		\$15,183,928	\$2,008,572	\$887,289

¹ Standard & Poor's

² Fully insured by FDIC

^a \$809,073 in securities were called and \$318,732 in securities are callable in fiscal year 2025.

The District's investments in federal agency securities (FHLB, FHLMC, FFCB, and FNMA), US Treasury Notes, negotiable certificates of deposit, and commercial paper are valued using quoted prices in markets that are not considered to be active dealer quotations or alternative pricing sources for similar assets or liabilities for which all significant inputs are observable, either directly or indirectly (Level 2 inputs).

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2024

NOTE 6 - CASH, CASH EQUIVALENTS, AND INVESTMENTS (Continued)

B. <u>Investments</u> (Continued)

Interest Rate Risk – The Ohio Revised Code generally limits security purchases to those that mature within five years of settlement date. The District has no investment policy that limits investment purchases beyond the requirements of Ohio Revised Code.

Investment Credit Risk – The District has no investment policy that limits its investment choices other than the limitation of State statute for "interim" funds described previously.

Concentration of Credit Risk – The District places no limit on the amount the District may invest in one issuer, however State statute limits investments in commercial paper to 40 percent of the interim monies available for investment at any one time. Of the District's total investments, 58.36% are in STAR Ohio, 9.74% are in FHLB securities, 1.10% are in FHLMC securities, 6.38% are in FFCB securities, 0.77% are in FNMA securities, 7.08% are in US Treasury Notes, 6.81% are in Negotiable CDs and 9.76% are in Commercial Paper.

Custodial Credit Risk – For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The federal agency securities are exposed to custodial credit risk in that they are uninsured, unregistered and held by the counterparty's trust department or agent, but not in the District's name. The District has no policy on custodial credit risk and is governed by Ohio Revised Code as described under Deposits.

C. Reconciliation of Cash, Cash Equivalents and Investments

The classification of cash, cash equivalents and investments on the financial statements is based on criteria set forth in GASB Statement No. 9. Certificates of deposit with an original maturity of three months or less are treated as cash equivalents. The classification of cash and cash equivalents (deposits) for purposes of this note are based on criteria set forth in GASB Statement No. 3.

	Cash and Cash		
	Equivalents		
Per Financial Statements	\$11,672,472	\$7,528,487	
STAR Ohio	(10,551,302)	10,551,302	
Per GASB Statement No. 3	\$1,121,170	\$18,079,789	

NOTE 7 - PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the District fiscal year runs from July through June. First half tax collections are received by the District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real and public utility property located in the District. Real property tax revenue received in calendar year 2024 represents collections of calendar year 2023 taxes. Real property taxes received in calendar year 2024 were levied after April 1, 2023, on the assessed value listed as of January 1, 2023, the lien date. Assessed values for real property taxes are established by State law at 35 percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar year 2024 represents collections of calendar year 2023 taxes. Public utility real and tangible personal property taxes received in calendar year 2024 became a lien December 31, 2022, were levied after April 1, 2023 and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

The District receives property taxes from Licking County. The County Auditor periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2024, are available to finance fiscal year 2024 operations. The amount available to be advanced can vary based on the date the tax bills are sent. The assessed values upon which the fiscal year 2024 receipts were based are:

	2023 Second Half	2024 First Half
	Collections	Collections
Agricultural/Residential and Other Real Estate	\$546,449,146	\$786,215,983
Public Utility Personal	48,873,630	50,871,090
Total Assessed Value	\$595,322,776	\$837,087,073
Tax rate per \$1,000 of assessed valuation	\$50.40	\$46.90

NOTE 7 - PROPERTY TAXES (Continued)

Tax Abatement

The District incurs a reduction in property taxes through tax abatement agreements entered into by other governments with property owners that reduce the District's taxes.

As of June 30, 2024, other governmental entities provided tax abatements through the Community Reinvestment Area (CRA) program. Under the authority of Ohio Revised Code (ORC) Section 3735.67, the CRA program is an economic development tool administered by municipal and county governments that provides real property tax exemptions for property owners who renovate existing or construct new buildings. CRA's are areas of land in which property owners can receive tax incentives for investing in real property improvements. Under the CRA program, local governments petition to the Ohio Development Services Agency (ODSA) for confirmation of a geographical area in which investment in housing is desired. Once an area is confirmed by the ODSA, local governments may offer real property tax exemptions to taxpayers that invest in that area. Property owners in the CRA can receive temporary tax abatements for renovation of existing structures and new construction in these areas. Property owners apply to the local legislative authority for approval to renovate or construct in the CRA. Upon approval and certification of completion, the amount of the abatement is deducted from the individual or entity's property tax bill.

During fiscal year 2024, the District's property tax revenues were reduced under agreements entered into by other governments as follows:

Government Entering Into Agreement	District kes Abated
Village of Hebron	\$ 96,799
Village of Buckeye Lake	37,119
City of Heath	107,778
Licking County	 121,523
Total	\$ 363,219

NOTE 8 - RECEIVABLES

Receivables at June 30, 2024 consisted of taxes, accounts, interest and intergovernmental receivables.

NOTE 9 – INTERFUND ACTIVITY

A. Interfund Loans Receivables and Payables

Following is a summary of interfund receivables and payables for all funds at June 30, 2024:

	Interfund Loans	Interfund Loans
Fund	Receivable	Payable
General Fund	\$159,635	\$0
Nonmajor Governmental Funds	0	159,635
Total All Funds	\$159,635	\$159,635

The Interfund Loan is a short-term loan to cover temporary cash deficits.

B. Interfund Transfers

Following is a summary of transfers in and out for all funds for fiscal year 2024:

Fund	Transfers In	Transfers Out	
General Fund	\$0	\$782,837	
Debt Service Fund	282,837	0	
Nonmajor Governmental Funds	500,000	0	
Total All Funds	\$782,837	\$782,837	

The transfer from the General Fund was used to provide additional resources for debt payments and capital projects. All transfers were made in compliance with Ohio Revised Code Sections 5705.14, 5705.15 and 5705.16.

This space intentionally left blank.

NOTE 10 - CAPITAL ASSETS

A. Governmental Activities Capital Assets

Summary by category of changes in governmental activities capital assets at June 30, 2024:

	Balance at			Balance at
Class	June 30, 2023	Additions	Deletions	June 30, 2024
Capital Assets not being depreciated/am	ortized:			
Land	\$410,817	\$0	\$0	\$410,817
Construction In Progress	1,350,379	471,985	(1,350,379)	471,985
Subtotal	1,761,196	471,985	(1,350,379)	882,802
Capital Assets being depreciated/amorti	zed:			
Land Improvements	3,747,040	263,273	0	4,010,313
Buildings and Improvements	30,244,709	1,669,974	(72,188)	31,842,495
Furniture, Fixtures and Equipment	4,446,151	178,748	(81,317)	4,543,582
Lease Equipment	91,375	0	0	91,375
SBITA Assets	673,594	118,305	(122,765)	669,134
Vehicles	2,696,265	118,456	0	2,814,721
Subtotal	41,899,134	2,348,756	(276,270)	43,971,620
Total Cost	\$43,660,330	\$2,820,741	(\$1,626,649)	\$44,854,422

Accumulated Depreciation/Amortization:

	Balance at			Balance at
Class	June 30, 2023	Additions	Deletions	June 30, 2024
Land Improvements	(\$1,802,713)	(\$240,006)	\$0	(\$2,042,719)
Buildings and Improvements	(16,648,223)	(904,389)	72,188	(17,480,424)

Vehicles	(1,688,148)	(206,593)	0	(1,894,741)
Total Depreciation	(\$23,626,501)	(\$1,822,366) *	\$273,464	(\$25,175,403)
Net Value:	\$20,033,829			\$19,679,019

NOTE 10 - CAPITAL ASSETS (Continued)

A. Governmental Activities Capital Assets (Continued)

* Depreciation and amortization expenses were charged to governmental functions as follows:

Instruction	\$980,151
Support Services:	
Pupils	38,989
Instructional Staff	49,345
Administration	78,545
Fiscal Services	13,192
Operations and Maintenance of Plant	90,923
Pupil Transportation	219,504
Central	2,180
Other Noninstructional Services	65,008
Extracurricular Activities	284,529
Total Depreciation Expense	\$1,822,366

B. Business-Type Activities Capital Assets

Summary by Category at June 30, 2024:

Class	Balance at June 30, 2023	Additions	Deletions	Balance at June 30, 2024
Furniture, Fixtures and Equipment	\$468,371	\$59,226	(\$6,741)	\$520,856
Accumulated Depreciation	(309,048)	(24,223)	6,741	(326,530)
Net Value:	\$159,323	\$35,003	\$0	\$194,326

This space intentionally left blank.

NOTE 11 - DEFINED BENEFIT PENSION PLANS

All of the District's full-time employees participate in one of two separate retirement systems which are cost-sharing, multiple-employer defined benefit pension plans.

A. <u>Net Pension Liability</u>

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions--between an employer and its employees--of salaries and benefits for employee services. Pensions are provided to an employee---on a deferred-payment basis---as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the District's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the District's obligation for this liability to annually required payments. The District cannot control benefit terms or the manner in which pensions are financed; however, the District does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term net pension liability on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in intergovernmental payable on both the accrual and modified accrual bases of accounting.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2024

NOTE 11 - DEFINED BENEFIT PENSION PLANS (Continued)

B. Plan Description

School Employees Retirement System (SERS)

Plan Description –District non-teaching employees participate in SERS, a cost-sharing multipleemployer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire on or after August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

* Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on year of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost of living adjustment (COLA) on the first anniversary date of the benefit. Beginning April 1, 2018, new benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. The COLA is indexed to the percentage increase in the CPI-W, not to exceed 2.5 percent and with a floor of 0 percent. A three-year COLA suspension was in effect for all benefit recipients for the years 2018, 2019, and 2020. The Retirement Board approved a 2.5 percent COLA for calendar year 2024.

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2024, the allocation to pension, death benefits, and Medicare B was 14 percent. No amount was allocated to the Health Care Fund.

NOTE 11 - DEFINED BENEFIT PENSION PLANS (Continued)

B. <u>Plan Description</u> (Continued)

The District's contractually required contribution to SERS was \$533,431 for fiscal year 2024. Of this amount \$28,128 is reported as an intergovernmental payable.

State Teachers Retirement System (STRS)

Plan Description –District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at <u>www.strsoh.org</u>.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307. The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation will be 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. In April 2017, the Retirement Board made the decision to reduce COLA granted on or after July 1, 2017, to 0 percent upon a determination by its actuary that it was necessary to preserve the fiscal integrity of the retirement system. Benefit recipients' base benefit and past cost of-living increases are not affected by this change. Effective July 1, 2022, a one-time ad-hoc COLA of 3 percent of the base benefit was granted to eligible benefit recipients to begin on the anniversary of their retirement benefit in fiscal year 2023 as long as they retired prior to July 1, 2018. Effective July 1, 2023, a one-time ad-hoc COLA of 1 percent of the base benefit was granted to eligible benefit recipients to begin on the anniversary of their retirement benefit in fiscal year 2024 as long as they retired prior to July 1, 2019. Pursuant to Ohio Revised Code 3307.67(E) the STRS Ohio Retirement Board may adjust the COLA upon a determination by the board's actuary that a change will not materially impair the fiscal integrity of the system or is necessary to preserve the fiscal integrity of the system. Eligibility changes will be phased in until August 1, 2023, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 34 years of service credit at any age. Eligibility changes for DB Plan members who retire with actuarially reduced benefits will be phased in until August 1, 2023, when retirement eligibility will be five years of qualifying service credit and age 60, or 30 years of service credit regardless of age.

The DC Plan allows members to place all of their member contributions and 11.09 percent of the 14 percent employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 2.91 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2024

NOTE 11 - DEFINED BENEFIT PENSION PLANS (Continued)

B. <u>Plan Description</u> (Continued)

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12 percent of the 14 percent member rate goes to the DC Plan and the remaining 2 percent is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity after termination of employment at age 50 or later.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. For the fiscal year ended June 30, 2024, the employer rate was 14% and the member rate was 14% of covered payroll. The fiscal year 2024 contribution rates were equal to the statutory maximum rates.

The District's contractually required contribution to STRS was \$1,590,964 for fiscal year 2024. Of this amount \$275,648 is reported as an intergovernmental payable.

C. <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred</u> <u>Inflows of Resources Related to Pensions</u>

The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating entities.

NOTE 11 - DEFINED BENEFIT PENSION PLANS (Continued)

C. <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred</u> <u>Inflows of Resources Related to Pensions</u> (Continued)

Following is information related to the proportionate share and pension expense:

	SERS	STRS	Total
Proportionate Share of the Net Pension Liability	\$5,244,959	\$17,866,181	\$23,111,140
Proportion of the Net Pension Liability -2024	0.0949225%	0.082963700%	
Proportion of the Net Pension Liability -2023	0.0982066%	0.084910430%	
Percentage Change	(0.0032841%)	(0.001946730%)	
Pension Expense	\$449,045	\$1,110,423	\$1,559,468

At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	SERS	STRS	Total
Deferred Outflows of Resources			
Differences between expected and			
actual experience	\$225,439	\$651,364	\$876,803
Change of assumptions	37,154	1,471,377	1,508,531
District contributions subsequent to the			
measurement date	533,431	1,590,964	2,124,395
Total Deferred Outflows of Resources	\$796,024	\$3,713,705	\$4,509,729
Deferred Inflows of Resources			
Differences between expected and			
actual experience	\$0	\$39,644	\$39,644
Changes of assumptions	0	1,107,526	1,107,526
Net difference between projected and			
actual earnings on pension plan investments	73,723	53,546	127,269
Changes in proportionate share	189,925	689,038	878,963
Total Deferred Inflows of Resources	\$263,648	\$1,889,754	\$2,153,402

\$2,124,395 reported as deferred outflows of resources related to pension resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	SERS	STRS	Total
Fiscal Year Ending June 30:			
2025	(\$67,338)	(\$464,624)	(\$531,962)
2026	(244,518)	(820,776)	(1,065,294)
2027	306,896	1,694,397	2,001,293
2028	3,905	(176,010)	(172,105)
Total	(\$1,055)	\$232,987	\$231,932

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2024

NOTE 11 - DEFINED BENEFIT PENSION PLANS (Continued)

D. Actuarial Assumptions

School Employees Retirement System (SERS)

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations. Future benefits for all current plan members were projected through 2137.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2023, are presented below:

Wage Inflation	2.40 percent
Future Salary Increases, including inflation	3.25 percent to 13.58 percent
COLA or Ad Hoc COLA	2.00 percent
Investment Rate of Return	7.00 percent net of investment expense, including inflation
Actuarial Cost Method	Entry Age Normal

Mortality rates were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. Mortality among disable members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

The most recent experience study was completed for the five-year period ended June 30, 2020.

NOTE 11 - DEFINED BENEFIT PENSION PLANS (Continued)

D. Actuarial Assumptions (Continued)

The long-term return expectation for the Pension Plan Investments has been determined by using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating an arithmetic weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalanced uncorrelated asset classes. The target allocation and best estimates of arithmetic real rates of return for each major assets class are summarized in the following table:

	Target	Long Term Expected
Asset Class	Allocation	Real Rate of Return
Cash	2.00%	0.75%
US Equity	24.75%	4.82%
Non-US Equity Developed	13.50%	5.19%
Non-US Equity Emerging	6.75%	5.98%
Fixed Income/Global Bonds	19.00%	2.24%
Private Equity	12.00%	7.49%
Real Estate/Real Assets	17.00%	3.70%
Private Debt/Private Credit	5.00%	5.64%
Total	100.00%	

Discount Rate - The total pension liability for 2023 was calculated using the discount rate of 7.00 percent. The discount rate determination did not use a municipal bond rate. The projection of cash flows used to determine the discount rate assumed that employers would contribute the actuarially determined contribution rate of projected compensation over the remaining 21-year amortization period of the unfunded actuarial accrued liability. The actuarially determined contribution rate for fiscal year 2023 was 14 percent. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.00 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability. The annual money weighted rate of return, calculated as the internal rate of return on pension plan investments, for fiscal year 2023 was 6.90 percent.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.00 percent, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent), or one percentage point higher (8.00 percent) than the current rate.

NOTE 11 - DEFINED BENEFIT PENSION PLANS (Continued)

D. Actuarial Assumptions (Continued)

	Current		
	1% Decrease Discount Rate 1% In		
	(6.00%)	(7.00%)	(8.00%)
District's proportionate share			
of the net pension liability	\$7,741,289	\$5,244,959	\$3,142,273

State Teachers Retirement System (STRS)

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the July 1, 2023 actuarial valuation are presented below:

Inflation	2.50 percent
Projected salary increases	Varies by service from
	2.50 percent to 8.50 percent
Investment Rate of Return	7.00 percent, net of investment
	expenses, including inflation
Discount Rate	7.00 percent
Payroll Increases	3.00 percent
Cost-of-Living Adjustments	0.0 percent, effective July 1, 2017
(COLA)	

For 2023, Post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110% for males, projected forward generationally using mortality improvement scale MP-2020. Pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95% for females, projected forward generationally using mortality improvement scale MP-2020. Post-retirement disabled mortality rates are based on Pub-2010 Teachers Disable Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

Actuarial assumptions used in the June 30, 2023 valuation are based on the results of the latest available actuarial experience study which is for the period July 1, 2015 through June 30, 2021.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

NOTE 11 - DEFINED BENEFIT PENSION PLANS (Continued)

D. Actuarial Assumptions (Continued)

Asset Class	Target Allocation*	Long Term Expected Rate of Return**
Domestic Equity	26.00 %	6.60 %
International Equity	22.00	6.80
Alternatives	19.00	7.38
Fixed Income	22.00	1.75
Real Estate	10.00	5.75
Liquidity Reserves	1.00	1.00
Total	100.00 %	

*Final target weights reflected at October 1, 2022.

**10-Year geometric nominal returns, which include the real rate of return and inflation of 2.25% and does not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate - The discount rate used to measure the total pension liability was 7.00 percent as of June 30, 2023. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2023. Therefore, the long-term expected rate of return on pension plan investments of 7.00 percent was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2023.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following table presents the District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.00 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.00 percent) or one-percentage-point higher (8.00 percent) than the current rate:

		Current	
	1% Decrease	Discount Rate	1% Increase
	(6.00%)	(7.00%)	(8.00%)
District's proportionate share of the net pension liability	\$27,474,232	\$17,866,181	\$9,740,399

NOTE 12 - DEFINED BENEFIT OPEB PLANS

A. <u>Net OPEB Liability (Asset)</u>

The net OPEB liability (asset) reported on the statement of net position represents a liability (asset) for OPEB. OPEB is a component of exchange transactions--between an employer and its employees—of salaries and benefits for employee services. OPEB are provided to an employee— on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for OPEB is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net OPEB liability (asset) represents the District's proportionate share of each OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each OPEB plan's fiduciary net position. The net OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits the District's obligation to annually required payments. The District cannot control benefit terms or the manner in which OPEB are financed; however, the District does receive the benefit of employees' services in exchange for compensation including OPEB.

GASB 75 assumes the liability is solely the obligation of the employer, because they benefit from employee services. OPEB contributions come from these employers and health care plan enrollees which pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded OPEB liabilities within 30 years. If the OPEB amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net OPEB liability (asset). Resulting adjustments to the net OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net OPEB liability* on the accrual basis of accounting. Any liability for the contractually-required OPEB contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting.

B. Plan Description

School Employees Retirement System (SERS)

Health Care Plan Description - The District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2024

NOTE 12 - DEFINED BENEFIT OPEB PLANS (Continued)

B. <u>Plan Description</u> (Continued)

The following types of credit purchased after January 29, 1981, do not count toward health care coverage eligibility: military, federal, out-of-state, municipal, private school, exempted, and early retirement incentive credit. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Annual Comprehensive Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

The Health Care program is financed through a combination of employer contributions, recipient premiums, investment returns, and any funds received on behalf of SERS' participation in Medicare programs. The System's goal is to maintain a health care reserve account with a 20-year solvency period in order to ensure that fluctuations in the cost of health care do not cause an interruption in the program. However, during any period in which the 20-year solvency period is not achieved, the System shall manage the Health Care Fund on a pay-as-you-go basis.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Funding Policy – State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund in accordance with the funding policy. For fiscal year 2024, 0.0 percent of covered payroll was contributed to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2024, this amount was \$30,000. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of the total statewide SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2024, the District's surcharge obligation was \$65,082.

The surcharge, added to the allocated portion of the 14 percent employer contribution rate is the total amount assigned to the Health Care Fund. The District's contractually required contribution to SERS was \$65,082 for fiscal year 2024, which is reported as an intergovernmental payable.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2024

NOTE 12 - DEFINED BENEFIT OPEB PLANS (Continued)

B. Plan Description (Continued)

State Teachers Retirement System (STRS)

Plan Description – The District contributes to the cost sharing multiple employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. Health care premiums were reduced by a Medicare Part B premium credit beginning in 2023. The Plan is included in the report of STRS Ohio which may be obtained by visiting <u>www.strsoh.org</u> or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2024, STRS Ohio allocated employer contributions equal to zero percent of covered payroll to the Health Care Stabilization Fund.

C. <u>OPEB Liability (Asset)</u>, <u>OPEB Expense</u>, and <u>Deferred Outflows of Resources and</u> <u>Deferred Inflows of Resources Related to OPEB</u>

The net OPEB liability (asset) was measured as of June 30, 2023, and the total OPEB liability used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of that date. The District's proportion of the net OPEB liability (asset) was based on the District's share of contributions to the pension and OPEB plans relative to the projected contributions of all participating entities. Following is information related to the proportionate share:

	SERS	STRS	Total
Proportionate Share of the Net OPEB Liability (Asset)	\$1,607,674	(\$1,613,529)	(\$5,855)
Proportion of the Net OPEB Liability -2024	0.0975859%	0.082963700%	
Proportion of the Net OPEB Liability-2023	0.1005728%	0.084910430%	
Percentage Change	(0.0029869%)	(0.001946730%)	

NOTE 12 - DEFINED BENEFIT OPEB PLANS (Continued)

C. <u>OPEB Liability (Asset)</u>, <u>OPEB Expense</u>, and <u>Deferred Outflows of Resources and</u> <u>Deferred Inflows of Resources Related to OPEB</u> (Continued)

At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	SERS	STRS	Total
Deferred Outflows of Resources			
Differences between expected and			
actual experience	\$3,347	\$2,516	\$5,863
Changes of assumptions	543,603	237,696	781,299
Net difference between projected and			
actual earnings on OPEB plan investments	12,461	2,881	15,342
Changes in proportionate share	141,560	12,288	153,848
District contributions subsequent to the			
measurement date	65,082	0	65,082
Total Deferred Outflows of Resources	\$766,053	\$255,381	\$1,021,434
Deferred Inflows of Resources			
Differences between expected and			
actual experience	\$829,138	\$246,103	\$1,075,241
Changes of assumptions	456,594	1,064,582	1,521,176
Changes in proportionate share	158,856	0	158,856
Total Deferred Inflows of Resources	\$1,444,588	\$1,310,685	\$2,755,273

\$65,082 reported as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	SERS	STRS	Total
Fiscal Year Ending June 30:			
2025	(\$209,825)	(\$468,852)	(\$678,677)
2026	(195,964)	(216,044)	(412,008)
2027	(125,963)	(81,494)	(207,457)
2028	(91,316)	(111,113)	(202,429)
2029	(76,133)	(101,648)	(177,781)
Thereafter	(44,416)	(76,153)	(120,569)
Total	(\$743,617)	(\$1,055,304)	(\$1,798,921)

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2024

NOTE 12 - DEFINED BENEFIT OPEB PLANS (Continued)

D. Actuarial Assumptions

School Employees Retirement System (SERS)

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation, prepared as of June 30, 2023, are presented below:

Wage Inflation	2.40 percent
Future Salary Increases, including inflation	3.25 percent to 13.58 percent
Investment Rate of Return	7.00 percent net of investment expense, including inflation
Municipal Bond Index Rate:	
Measurement Date	3.86 percent
Prior Measurement Date	3.69 percent
Single Equivalent Interest Rate, net of plan investment expense,	
including price inflation	
Measurement Date	4.27 percent
Prior Measurement Date	4.08 percent
Medical Trend Assumption	
Measurement Date	6.75 to 4.40 percent
Prior Measurement Date	7.00 to 4.40 percent

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2024

NOTE 12 - DEFINED BENEFIT OPEB PLANS (Continued)

D. <u>Actuarial Assumptions</u> (Continued)

Mortality rates were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. Mortality among disable members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females. Mortality rates for contingent survivors were based on PUB-2010 General Amount Weighted Below Median Contingent Survivor mortality table projected to 2017 with ages set forward 1 year and adjusted 105.5% for males and adjusted 122.5% for females. Mortality rates for actives is based on PUB-2010 General Amount Weighted Below Median Employee mortality table. Mortality rates are projected using a fully generational projection with Scale MP-2020.

In the prior measurement date, mortality rates were based on the PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

The most recent experience study was completed for the five year period ended June 30, 2020.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2015 through 2020, and was adopted by the Board in 2021. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.00%, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

NOTE 12 - DEFINED BENEFIT OPEB PLANS (Continued)

D. Actuarial Assumptions (Continued)

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class, as used in the June 30, 2020 five-year experience study, are summarized as follows:

	Target	Long Term Expected
Asset Class	Allocation	Real Rate of Return
Cash	2.00%	0.75%
US Equity	24.75%	4.82%
Non-US Equity Developed	13.50%	5.19%
Non-US Equity Emerging	6.75%	5.98%
Fixed Income/Global Bonds	19.00%	2.24%
Private Equity	12.00%	7.49%
Real Estate/Real Assets	17.00%	3.70%
Private Debt/Private Credit	5.00%	5.64%
Total	100.00%	

Discount Rate - The discount rate used to measure the total OPEB liability at June 30, 2023, was 4.27%. The discount rate used to measure the total OPEB liability prior to June 30, 2023, was 4.08%. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the contribution rate of 1.50% of projected covered payroll each year, which includes a 1.50% payroll surcharge and no contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to become insufficient to make all projected future benefit payments of current System members by SERS actuaries. The Fidelity General Obligation 20-year Municipal Bond Index Rate is used in the determination of the SEIR for both the June 30, 2023 and the June 30, 2023 total OPEB liability. The Municipal Bond Index rate is the single rate that will generate a present value of benefit payments equal to the sum of the present value determined by the long-term expected rate of return, and the present value determined by discounting those benefits after the date of depletion. The Municipal Bond Index Rate is 3.86% at June 30, 2023 and 3.69% at June 30, 2022.

Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Discount and Health Care Cost Trend Rates – The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability of SERS, what SERS' net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.27%) and higher (5.27%) than the current discount rate (4.08%). Also shown is what SERS' net OPEB liability would be based on health care cost trend rates that are 1 percentage point lower (5.75% decreasing to 3.40%) and higher (7.75% decreasing to 5.40%) than the current rate.

NOTE 12 - DEFINED BENEFIT OPEB PLANS (Continued)

D. Actuarial Assumptions (Continued)

		Current	
	1% Decrease	Discount Rate	1% Increase
	(3.27%)	(4.27%)	(5.27%)
School District's proportionate share of the net OPEB liability	\$2,055,067	\$1,607,674	\$1,254,886
		Current	
	1% Decrease	Trend Rate	1% Increase
	(5.75% Decreasing	(6.75% Decreasing	(7.75% Decreasing
	to 3.40%)	to 4.40%)	to 5.40%)
School District's proportionate share			
of the net OPEB liability	\$1,181,103	\$1,607,674	\$2,172,939

State Teachers Retirement System (STRS)

The total OPEB liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	June 30, 2023	June 30, 2022
Inflation	2.50%	2.50%
Projected salary increases	Varies by service from 2.5 percent	Varies by service from 2.5 percent
	to 8.5 percent	to 8.5 percent
Investment Rate of Return	7.00 percent, net of investment	7.00 percent, net of investment
	expenses, including inflation	expenses, including inflation
Payroll Increases	3 percent	3 percent
Discount Rate of Return	7.00 percent	7.00 percent
Health Care Cost Trends

Pre-Medicare	7.50 percent initial	7.50 percent initial
	4.14 percent ultimate	3.94 percent ultimate
Medicare	(10.94) percent initial	(68.78) percent initial
	4.14 percent ultimate	3.94 percent ultimate
Prescription Drug		
Pre-Medicare	(11.95) percent initial	9.00 percent initial
	4.14 percent ultimate	3.94 percent ultimate
Medicare	1.33 percent initial	(5.47) percent initial
	4.14 percent ultimate	3.94 percent ultimate

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2024

NOTE 12 - DEFINED BENEFIT OPEB PLANS (Continued)

D. <u>Actuarial Assumptions</u> (Continued)

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

Healthy retirees post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110% for males, projected forward generationally using mortality improvement scale MP-2020. Pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95% for females, projected forward generationally using mortality improvement scale MP-2020. Post-retirement disabled mortality rates are based on Pub-2010 Teachers Disable Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

Actuarial assumptions used in the June 30, 2023 valuation are based on the results of the latest available actuarial experience study which is for the period July 1, 2015 through June 30, 2021.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation*	Long Term Expected Rate of Return**
Domestic Equity	26.00 %	6.60 %
International Equity	22.00 %	6.80
Alternatives	19.00	7.38
Fixed Income	22.00	1.75
Real Estate	10.00	5.75
Liquidity Reserves	1.00	1.00
Total	100.00 %	

*Final target weights reflected at October 1, 2022.

**10-Year geometric nominal returns, which include the real rate of return and inflation of 2.25% and does not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate - The discount rate used to measure the total OPEB liability was 7.00 percent as of June 30, 2023. The projection of cash flows used to determine the discount rate assumes STRS Ohio continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan assets of 7.00% was used to measure the total OPEB liability as of June 30, 2023.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2024

NOTE 12 - DEFINED BENEFIT OPEB PLANS (Continued)

D. Actuarial Assumptions (Continued)

Sensitivity of the District's Proportionate Share of the Net OPEB Liability (Asset) to Changes in the Discount and Health Care Cost Trend Rates – The net OPEB liability (asset) is sensitive to changes in the discount and health care cost trend rates. To illustrate the potential impact the following table presents the net OPEB liability (asset) calculated using the discount rate of 7.00 percent, as well as what the net OPEB liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent), or one percentage point higher (8.00 percent) than the current rate. Also shown is the net OPEB liability (asset) calculated using a health care cost trend rate this is one percentage point lower and one percentage point higher.

		Current	
	1% Decrease	Discount Rate	1% Increase
	(6.00%)	(7.00%)	(8.00%)
School District's proportionate share of the net OPEB liability (asset)	(\$1,365,641)	(\$1,613,529)	(\$1,829,413)
	1% Decrease	Current	1% Increase
	in Trend Rate	Trend Rate	in Trend Rate
School District's proportionate share of the net OPEB liability (asset)	(\$1,839,431)	(\$1,613,529)	(\$1,341,434)

This space intentionally left blank.

NOTE 13 - LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS

Details of the changes in long-term debt and other long-term obligations of the District for the fiscal year ended June 30, 2024 are as follows:

	Balance June 30, 2023	Issued	(Retired)	Balance June 30, 2024	Due Within One Year
Governmental Activities:					
(General Obligation Bonds Payable)					
School Improvement					
Refunding Bonds 2016 2.00-3.00%	\$3,425,000	\$0	(\$820,000)	\$2,605,000	\$840,000
Premium on Refunding Bonds	124,066	0	(31,017)	93,049	0
Total General Obligation Bonds Payable	3,549,066	0	(851,017)	2,698,049	840,000
Loans Payable - Direct Borrowing 2.87-5.075%	2,010,408	0	(498,921)	1,511,487	492,698
Total Long-Term Debt	5,559,474	0	(1,349,938)	4,209,536	1,332,698
Leases Payable	57,835	0	(18,219)	39,616	19,259
SBITA Liability	329,332	62,805	(125,757)	266,380	128,827
Compensated Absences	502,999	226,968	(315,417)	414,550	79,296
Total Other Long-Term Liabilities	890,166	289,773	(459,393)	720,546	227,382
Total Governmental Activities	\$6,449,640	\$289,773	(\$1,809,331)	\$4,930,082	\$1,560,080
Business-Type Activities:					
Compensated Absences	\$33,562	\$11,735	(\$11,868)	\$33,429	\$0
Total Other Long-Term Liabilities	\$33,562	\$11,735	(\$11,868)	\$33,429	\$0

The original amounts of the General Obligation Bonds Payable of \$8,055,000 were used to finance the cost of building a new high school facility. The original amounts of the Loans Payable were \$2,500,000 to finance the cost of building a stadium and \$1,164,105 to finance the cost of modular classrooms.

The District pays compensated absences from the General Fund and Food Services Fund (Enterprise Fund).

The District's net pension liability and net OPEB liability (asset) are described in Notes 11 and 12, respectively.

This space intentionally left blank.

NOTE 13- LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS (Continued)

Principal and Interest Requirements

A summary of the District's future long-term debt funding requirements, including principal and interest payments as of June 30, 2024, follows:

	General C	Obligation		
Fiscal	Bonds	Payable	Loans I	Payable
Years	Principal	Interest	Principal	Interest
2025	\$840,000	\$65,550	\$492,698	\$51,971
2026	870,000	39,900	514,401	32,520
2027	895,000	13,425	504,388	12,253
Totals	\$2,605,000	\$118,875	\$1,511,487	\$96,744

NOTE 14 - LEASE COMMITMENTS AND SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS

A. Lease Commitments

The District leases several copiers. The cost of the equipment obtained under capital leases is \$91,375, the accumulated amortization is \$54,825 and the net book value is \$36,550. These are included in the Governmental Activities Capital Assets and the related liability is included in the Governmental Activities Long-Term Liabilities. Lease payments have been reclassified and are reflected as debt service expenditures paid out of the General Fund in the financial statements for the governmental funds. These expenditures are reflected as function expenditures on the budgetary statement.

The following is a schedule of the future minimum lease payments under the leases as of June 30, 2024:

Fiscal	Gov	ernmental Activitie	es
Years	Principal	Interest	Total
2025	\$19,259	\$1,717	\$20,976
2026	20,357	619	20,976
Totals	\$39,616	\$2,336	\$41,952

NOTE 14 - LEASE COMMITMENTS AND SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS (Continued)

B. <u>Subscription Based Information Technology Arrangements</u>

The District is in several contracts for the right to use information technology software for various instructional and financial purposes. The contracts range from two to five years. SBITA payments have been reclassified and are reflected as debt service expenditures paid out of the General Fund in the financial statements for the governmental funds. These expenditures are reflected as function expenditures on the budgetary statement.

The following is a schedule of the future minimum SBITA payments as of June 30, 2024:

Fiscal	Gov	ernmental Activitie	es
Years	Principal	Interest	Total
2025	\$128,827	\$12,214	\$141,041
2026	67,099	6,878	73,977
2027	70,454	3,523	73,977
Totals	\$266,380	\$22,615	\$288,995

This space intentionally left blank.

NOTE 15 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; natural disasters; and injuries to employees. During fiscal year 2024 the District contracted with insurance providers for various insurance coverages, as follows:

Insurance Provider	Coverage	Deductible	Aggregate
		\$1,000/Comprehensive	
Liberty Mutual Insurance	Fleet Insurance	\$1,000/Collision	\$1,000,000
Liberty Mutual Insurance	Buildings and Contents	\$5,000	\$90,942,758
Liberty Mutual Insurance	School District Liability		
	(\$1,000,000 per		
	occurrence)	\$0	\$2,000,000
Liberty Mutual Insurance	School Leaders Errors		
	and Omissions	\$5,000	\$1,000,000
Liberty Mutual Insurance	Law Enforcement Legal		
	Liability	\$2,500	\$1,000,000
Liberty Mutual Insurance	Employee Benefits		
	Liability (\$1,000,000		
	per occurrence)	\$1,000	\$3,000,000
Liberty Mutual Insurance	Umbrella Policy	\$0	\$3,000,000
Liberty Mutual Insurance	Cyber Liability	\$10,000	\$500,000
Employers Insurance			
Company of Wausau	Employee Dishonesty	\$500	\$100,000
Travelers Casualty & Surety	r = 0, = = 10.00000000	<i>\$2.00</i>	+ - 00,000
Co. of America	Employee Bond	\$0	\$100,000
cor or r mierieu	Linployee Dona	ΨΟ	φ100,000

There has been no significant reduction in insurance coverages from coverages in the prior year. In addition, settled claims resulting from these risks have not exceeded commercial insurance coverages in any of the past three fiscal years.

Pool - The Ohio SchoolComp Workers' Compensation Group Retrospective Rating Program - The Ohio SchoolComp Workers' Compensation Group Retrospective Rating Program (Program) is a shared risk pool among school districts in Ohio. Section 4123.29, Ohio Revised Code, permits the establishment of employer group retrospective rating plans for workers' compensation rating purposes. The Program is governed by the Ohio School Board Association (OSBA) Executive Committee that consists of seven the president of OSBA, Immediate Past President of OSBA, and five members as follows: representatives elected from the participating school districts. The Program, a Bureau of Workers' Compensation certified sponsor, established the program based upon guidelines set forth by the Bureau of Workers' Compensation (BWC). The Program created a group of school districts that will practice effective workplace safety and claims management to achieve lower premiums for workers compensation coverage than they would individually. The participating school districts continue to pay their own premiums and have the opportunity to receive retrospective premium adjustments based upon the combined performance of the group. Depending upon that performance, the participating school districts can receive either a premium refund or an assessment levied by BWC. The Program's third party administrator (TPA), Comp Management, Inc., provides administrative, cost-control, and actuarial services to the Program. The cost of the TPA will be paid by each school district in proportion to its payroll to the total payroll of the group.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2024

NOTE 16 - JOINTLY GOVERNED ORGANIZATIONS

A. Licking Area Computer Association

The District is a participant in the Licking Area Computer Association (LACA) which is one of eighteen Information Technology Centers (ITC's) in the State of Ohio that makes up the Ohio Education Computer Network (OECN). LACA is a non-profit K-12 consortium, owned and governed by the schools it serves. LACA services eighteen school districts, educational service centers, community schools, and nonpublic schools within the boundaries of Licking, Muskingum, Fairfield, Perry, and Knox Counties. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member school districts. Today, services provided include internet access, email, accounting and payroll, teacher gradebooks, student administrative software, special education software, EMIS reporting, library resources, video distance learning, hosted servers, offsite backup services, wireless, IP telephones, and IP security The continued existence of LACA is not dependent on the District's continued cameras. participation and no equity interest exists. The LACA constitution states that any school district withdrawing from the Association prior to dissolution forfeits their claim to the Association's capital assets. The District paid LACA \$133,642 for services provided during the year. LACA reorganized as a regional council of governments (COG) effective July 1, 2020. Financial information can be obtained from their fiscal agent, the Career and Technology Education Centers of Licking County, Treasurer, at 150 Price Road, Newark, Ohio 43055.

B. Metropolitan Educational Technology Association

The District participates in the Metropolitan Educational Technology Association (META), a jointly governed organization created as a regional council of governments pursuant to Chapter 167 of the Ohio Revised Code. META operates as, and has all the powers of, a data acquisition site/information technology center pursuant to applicable provisions of the Ohio Revised Code. The organization was formed for the purpose of identifying, developing, and providing to members and non-members innovative educational and technological services and products, as well as expanded opportunities for cooperative purchasing. The General Assembly of META consists of one delegate from every member school district. The delegate is the superintendent of the school district or the superintendent's designee. The degree of control exercised by any participating school district is limited to its representation on the General Assembly. The General Assembly exercises total control over the operation of META including budgeting, appropriating, contracting, and designating management. The District paid \$1,140 to META during fiscal year 2024 for services. META memberships became free effective July 1, 2017. Financial information can be obtained from Metropolitan Educational Technology Association, 2100 Citygate Drive, Columbus, Ohio 43219.

NOTE 17 – SIGNIFICANT COMMITMENTS

The District utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed, or assigned classifications of fund balance. Significant encumbrances outstanding at fiscal year-end in the General Fund are \$314,725 and in Other Governmental Funds are \$687,523.

NOTE 18 – STATUTORY RESERVES

The District is required by State statute to annually set aside in the general fund an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by year end or offset by similarly restricted resources received during the year must be held in cash at year end and carried forward to be used for the same purposes in future years. During the fiscal year ended June 30, 2024, the reserve activity (cash-basis) was as follows:

	Capital Acquisition
	Reserve
Set-aside Cash Balance as of June 30, 2023	\$0
Current Year Set-Aside Requirement	350,723
Current Year Qualifying Expenditures	(1,492,086)
Total	(\$1,141,363)
Set-aside Cash Balance Carried Forward to FY 2025	\$0

The District had qualifying expenditures during the fiscal year that reduced the capital improvements setaside amounts below zero. Actual capital expenditures in excess of current year or accumulated set-aside requirements from the capital acquisition reserve may not be carried forward to offset future years' capital acquisition reserve set-aside requirements.

This space intentionally left blank.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2024

NOTE 19 - CONTINGENCIES

A. <u>Grants</u>

The District receives financial assistance from federal agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability. However, the effect of any such disallowed claims on the overall financial position of the District at June 30, 2024, if applicable, cannot be determined at this time.

B. Litigation

The District is not a party to legal proceedings which seek damages or injunctive relief generally incidental to its operations and pending projects as of June 30, 2024.

Notes to the Required Supplementary Information For the Fiscal Year Ended June 30, 2024

NET PENSION LIABILITY

<u>SERS</u>

Changes in benefit terms – For fiscal years 2019 through 2024, there were no changes to benefit terms.

For fiscal year 2018, the following were the most significant changes in benefits that affected the total pension liability since the prior measurement date:

• The cost-of-living adjustment was changed from a fixed 3.00 percent to a cost-of-living adjustment that is indexed to CPI-W not greater than 2.5 percent with a floor of 0 percent beginning January 1, 2018. In addition, with the authority granted the Board under HB 49, the Board has enacted a three-year COLA suspension for benefit recipients in calendars 2018, 2019, and 2020.

There were no changes to benefit terms for fiscal years 2015 through 2017.

Changes in assumptions

For fiscal year 2024 there were no changes in assumptions.

For fiscal year 2023, the following changes were made to the actuarial assumptions as identified. These new assumptions compared with those used in fiscal year 2022 and prior are presented below:

• Cost of living adjustment was increased from 2.00% to 2.50%.

For fiscal year 2022, the following changes were made to the actuarial assumptions as identified. These new assumptions compared with those used in fiscal year 2021 and prior are presented below:

- Assumed rate of inflation was reduced from 3.00% to 2.40%
- Payroll growth assumption was reduced from 3.50% to 1.75%
- Assumed real wage growth was increased from 0.50% to 0.85%
- Cost-of-Living-Adjustments was reduced from 2.50% to 2.00%
- The discount rate was reduced from 7.50% to 7.00%
- Rates of withdrawal, compensation, participation, spouse coverage assumption, retirement and disability were updated to reflect recent experience.
- Mortality among active members was updated to the following:

• PUB-2010 General Amount Weighted Below Median Employee mortality table. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

- Mortality among service retired members was updated to the following:
 - PUB-2010 General Employee Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.
- Mortality among contingent survivors was updated to the following:
 - PUB-2010 General Amount Weighted Below Median Contingent Survivor mortality table projected to 2017 with ages set forward 1 year and adjusted 105.5% for males and adjusted 122.5% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

Notes to the Required Supplementary Information For the Fiscal Year Ended June 30, 2024

NET PENSION LIABILITY (Continued)

SERS (Continued)

• Mortality among disabled members was updated to the following:

• PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

For fiscal years 2021, 2020, and 2019 there were no changes in assumptions.

For fiscal year 2018, the following changes were made to the actuarial assumptions as identified. These new assumptions compared with those used in fiscal year 2017 and prior are presented below:

- Assumed rate of inflation was reduced from 3.25% to 3.00%
- Payroll Growth Assumption was reduced from 4.00% to 3.50%
- Assumed real wage growth was reduced from 0.75% to 0.50%
- Rates of withdrawal, retirement and disability were updated to reflect recent experience.
- Mortality among active members was updated to the following:
 - RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females. The above rates represent the base rates used.
- Mortality among service retired members, and beneficiaries was updated to the following:
 - RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates.
- Mortality among disable member was updated to the following:
 - RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement.

There were no changes in assumptions for fiscal years 2015 through 2017.

<u>NET PENSION LIABILITY</u> (Continued)

<u>STRS</u>

Changes in benefit terms – For fiscal years 2024 through 2019, there were no changes to benefit terms. For fiscal year 2018, the cost of living adjustment (COLA) was reduced to 0 percent effective July 1, 2017. There were no changes to benefit terms for fiscal years 2015 through 2017.

Changes in assumptions

For fiscal year 2023, the following were the most significant changes of assumptions that affected the total pension liability since the prior measurement date:

- Total salary increase rates were lowered to a range of 2.5 percent to 8.5 percent.
- Updated the health and disability mortality assumptions to the Pub-2010 Teachers Healthy Annuitant Mortality Table projected forward generationally using mortality improvement scale MP-2020.
- Demographic assumptions were modified to reflect the June 30, 2021 experience study.

In fiscal year 2022 the investment return was lowered from 7.45 percent to 7.00 percent. For fiscal year 2021, 2020, and 2019, there were no changes in assumptions. For fiscal year 2018, the following were the most significant changes of assumptions that affected the total pension liability since the prior measurement date:

- Inflation assumptions were lowered from 2.75 percent to 2.50 percent.
- Investment return assumptions were lowered from 7.75 percent to 7.45 percent.
- Total salary increases rates were lowered by decreasing merit component of the individual salary increases, as well as by 0.25 percent due to lower inflation.
- Payroll growth assumptions were lowered to 3.00 percent.
- Updated the health and disability mortality assumption to the RP-2014 mortality tables with generational improvement scale MP-2016.
- Rates of retirement, termination and disability were modified to better reflect anticipated future experience.

There were no changes in assumptions for fiscal years 2015 through 2017, and 2024.

Notes to the Required Supplementary Information For the Fiscal Year Ended June 30, 2024

NET OPEB LIABILITY (ASSET)

<u>SERS</u>

Changes in benefit terms – There were no changes to benefit terms for fiscal years 2024 - 2018.

Changes in assumptions

For fiscal year 2024, the following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

• The discount rate was changed from 4.08% to 4.27%

For fiscal year 2023, the following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

• The discount rate was changed from 2.27% to 4.08%

For fiscal year 2022, the following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

- The discount rate was changed from 2.63% to 2.27%
- The investment rate of return was reduced from 7.50% to 7.00%
- Assumed rate of inflation was reduced from 3.00% to 2.40%
- Payroll Growth Assumption was reduced from 3.50% to 1.75%
- Assumed real wage growth was increased from 0.50% to 0.85%
- Rates of withdrawal, retirement and disability were updated to reflect recent experience
- Rate of health care participation for future retirees and spouses was updated to reflect recent experience
- Mortality among active members was updated to the following:
 - o PUB-2010 General Amount Weighted Below Median Employee mortality table.
- Mortality among service retired members was updated to the following:
 - PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females.
- Mortality among beneficiaries was updated to the following:
 - PUB-2010 General Amount Weighted Below Median Contingent Survivor mortality table projected to 2017 with ages set forward 1 year and adjusted 105.5% for males and adjusted 122.5% for females.

Notes to the Required Supplementary Information For the Fiscal Year Ended June 30, 2024

NET OPEB LIABILITY (ASSET) (Continued)

SERS (Continued)

- Mortality among disabled member was updated to the following:
 - PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females.
- Mortality rates are projected using a fully generational projection with Scale MP-2020.

For fiscal year 2021, the following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

- The municipal bond index rate decreased from 3.13 percent to 2.45 percent.
- The single equivalent interest rate, net of plan investment expense, including price inflation decreased from 3.22 percent to 2.63 percent.

For fiscal year 2020, the following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

- The municipal bond index rate decreased from 3.62 percent to 3.13 percent.
- The single equivalent interest rate, net of plan investment expense, including price inflation decreased from 3.70 percent to 3.22 percent.
- The medical trend assumption rate changed as follows:
 - Medicare 2019 5.375 to 4.75 percent, 2020 5.25 to 4.75 percent
 - Pre-Medicare 2019 7.25 to 4.75 percent, 2020 7.00 to 4.75

For fiscal year 2019, the following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

- The discount rate was changed from 3.63 percent to 3.70 percent.
- The municipal bond index rate increased from 3.56 percent to 3.62 percent.
- The single equivalent interest rate, net of plan investment expense, including price inflation increased from 3.63 percent to 3.70 percent.
- The medical trend assumption rate changed as follows:
 - Medicare 2018 5.50 to 5.00 percent, 2019 5.375 to 4.75 percent
 - Pre-Medicare 2018 7.50 to 5.00 percent, 2019 7.25 to 4.75

For fiscal year 2018, the following was the most significant change of assumptions that affected the total OPEB liability since the prior measurement date:

• The discount rate was increased from 2.98 percent to 3.63 percent.

Notes to the Required Supplementary Information For the Fiscal Year Ended June 30, 2024

NET OPEB LIABILITY (ASSET) (Continued)

SERS (Continued)

For fiscal year 2017, the following was the most significant change of assumptions that affected the total OPEB liability since the prior measurement date:

- Assumed rate of inflation was reduced from 3.25% to 3.00%
- Payroll Growth Assumption was reduced from 4.00% to 3.50%
- Assumed real wage growth was reduced from 0.75% to 0.50%
- Rates of withdrawal, retirement and disability were updated to reflect recent experience.
 - Mortality among active members was updated to the following:
 - RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females.
- Mortality among service retired members, and beneficiaries was updated to the following:
 - RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates.
- Mortality among disabled members was updated to the following:
 - RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement.

<u>STRS</u>

Changes in benefit terms

For fiscal year 2024 the following was the most significant change in benefit terms that affected the total OPEB liability since the prior measurement date:

• The non-Medicare subsidy percentage was increased from 2.2% to 2.5%.

For fiscal year 2023 the following was the most significant change in benefit terms that affected the total OPEB liability since the prior measurement date:

• Salary increase rates were updated based on the actuarial experience study for the period July 1, 2015 through June 30, 2021 and were changed from age based to service based.

For fiscal year 2022 the following was the most significant change in benefit terms that affected the total OPEB liability since the prior measurement date:

• The non-Medicare subsidy percentage was increased effective January 1, 2022 from 2.055% to 2.100%. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022. The Medicare Part D subsidy was updated to reflect it is expected to be negative in CY2022. The Part B monthly reimbursement elimination date was postponed indefinitely.

Notes to the Required Supplementary Information For the Fiscal Year Ended June 30, 2024

NET OPEB LIABILITY (ASSET) (Continued)

STRS (Continued)

For fiscal year 2021 the following was the most significant change in benefit terms that affected the total OPEB liability since the prior measurement date:

• The non-Medicare subsidy percentage was increased effective January 1, 2021 from 1.984% to 2.055% per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.

For fiscal year 2020, the following was the most significant change in benefit terms that affected the total OPEB liability since the prior measurement date:

• The non-Medicare subsidy percentage was increased effective January 1, 2020 from 1.944% to 1.984% per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

For fiscal year 2019, the following was the most significant change in benefit terms that affected the total OPEB liability since the prior measurement date:

• The subsidy multiplier for non-Medicare benefit recipients increased from 1.9 percent to 1.944 percent per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium increased effective January 1, 2019 and all remaining Medicare Part B premium reimbursements were scheduled to be discontinued beginning January 1, 2020, though the STRS Board voted in June 2019 to extent the current Medicare Part B partial reimbursement for one year.

For fiscal year 2018, STRS has the following changes in benefit terms since the previous measurement date:

- The HealthSpan HMO plans were eliminated.
- The subsidy multiplier for non-Medicare benefit recipients was reduced to 1.9 percent per year of service from 2.1 percent.
- Medicare Part B premium reimbursements were discontinued for survivors and beneficiaries who were age 65 by 2008 and either receiving a benefit or named as a beneficiary as of January 1, 2008.
- The remaining Medicare Part B premium reimbursements will be phased out over a three-year period.

There were no changes to benefit terms for fiscal year 2017.

Notes to the Required Supplementary Information For the Fiscal Year Ended June 30, 2024

NET OPEB LIABILITY (ASSET) (Continued)

STRS (Continued)

Changes in assumptions

For fiscal year 2024 the following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

- The health care trend assumption rate changed as follows:
 - Medical Medicare from (68.78) percent initial, 3.94 percent ultimate, to (10.94) percent initial, 4.14 percent ultimate
 - Medical Pre-Medicare from 7.50 percent initial, 3.94 percent ultimate to 7.50 percent initial, 4.14 percent ultimate
 - Prescription Drug Medicare from (5.47) percent initial, 3.94 percent ultimate to 1.33 percent initial, 4.14 percent ultimate
 - Prescription Drug Pre-Medicare from 9.00 percent, 3.94 percent ultimate, to (11.95) percent initial, 4.14 percent ultimate.

For fiscal year 2023 the following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

- The health care trend assumption rate changed as follows:
 - Medical Medicare from (16.18) percent initial, 4 percent ultimate, to (68.78) percent initial, 3.94 percent ultimate
 - Medical Pre-Medicare from 5.00 percent initial, 4 percent ultimate to 7.50 percent initial, 3.94 percent ultimate
 - Prescription Drug Medicare from 29.98 percent initial, 4 percent ultimate to (5.47) percent initial, 3.94 percent ultimate
 - Prescription Drug Pre-Medicare from 6.50 percent, 4 percent ultimate, to 9.00 initial, 3.94 percent ultimate
- Updated the health and disability mortality assumption to the PUB-2010 mortality tables with generational improvement scale MP-2020.

For fiscal year 2022 the following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

- The health care trend assumption rate changed as follows:
 - Medical Medicare from (6.69) percent to (16.18) percent initial, 4 percent ultimate
 - Prescription Drug Medicare from 11.87 percent to 29.98 percent initial, 4 percent ultimate
- The investment return was lowered from 7.45 percent to 7.00 percent.

Notes to the Required Supplementary Information For the Fiscal Year Ended June 30, 2024

NET OPEB LIABILITY (ASSET) (Continued)

STRS (Continued)

For fiscal year 2021 the following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

- The health care trend assumption rate changed as follows:
 - Medical Medicare from 4.93 percent to (6.69) percent initial, 4 percent ultimate
 - Medical Pre-Medicare from 5.87 percent to 5.00 percent initial, 4 percent ultimate
 - Prescription Drug Medicare from 9.62 percent to 11.87 percent initial, 4 percent ultimate
 - Prescription Drug Pre-Medicare from 7.73 percent to 6.50 initial, 4 percent ultimate

For fiscal year 2020, the following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

- The health care trend assumption rate changed as follows:
 - Medical Medicare from 6 percent to 4.93 percent initial, 4 percent ultimate
 - Medical Pre-Medicare from 5 percent to 5.87 percent initial, 4 percent ultimate
 - Prescription Drug Medicare from 8 percent to 9.62 percent initial, 4 percent ultimate
 - Prescription Drug Pre-Medicare from -5.23 percent to 7.73 initial, 4 percent ultimate

For fiscal year 2019, the following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

- The discount rate increased from a 4.13 percent blended discount rate to 7.45 percent.
- The health care trend assumption rate changed from 6 to 11 percent initial, 4.5 percent ultimate to:
 - Medical Medicare 6 percent initial, 4 percent ultimate
 - Medical Pre-Medicare 5 percent initial, 4 percent ultimate
 - Prescription Drug Medicare 8 percent initial, 4 percent ultimate
 - Prescription Drug Pre-Medicare -5.23 percent initial, 4 percent ultimate

Notes to the Required Supplementary Information For the Fiscal Year Ended June 30, 2024

NET OPEB LIABILITY (ASSET) (Continued)

STRS (Continued)

For fiscal year 2018, the following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

- The discount rate was increased from 3.26 percent to 4.13 percent based on the methodology defined under GASB 74.
- The long-term rate of return was reduced to 7.45 percent.
- Valuation-year per capita health costs were updated.
- The percentage of future retirees electing each option was updated based on current data.
- The assumed future trend rates were modified.
- Decrement rates including mortality, disability, retirement, and withdrawal were modified.
- The assumed percentage of future disabled retirees assumed to elect health coverage was decreased from 84 percent to 65 percent, and the assumed percentage of terminated vested participants assumed to elect health coverage at retirement was decreased from 47 percent to 30 percent.
- The assumed salary scale was modified.

There were no changes in assumptions for fiscal year 2017.

Combining and Individual Fund STATEMENTS AND SCHEDULES

The following combining statements and schedules include the Major and Nonmajor Governmental Funds.

Nonmajor Governmental Funds

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than amounts relating to private purpose trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

Public School Support Fund

To account for specific local revenue sources, other than taxes that are restricted to expenditures for specified purposes, curricular and extracurricular, approved by board resolutions. (The Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances are not presented because this fund is reported as part of the General Fund on a GAAP basis.)

Other Grant Fund

To account for the proceeds of specific revenue sources, except for state and federal grants that are legally restricted to expenditures for specified purposes.

Student Managed Activity Fund

To account for student activity programs which have student participation in the activity and have student management of the programs.

Student Activity Fund

To account for student activity programs which have student participation in the activity, but do not have student management of the programs. Typically this includes athletic programs, band, chorus, yearbook and other similar types of activities. (The Balance Sheet is not presented because there are no assets or liabilities at fiscal year-end.)

Early Childhood Education Fund

To account for state grants received to be used for preschool programs for three and four year olds

Data Communications Fund

To account for monies received for the maintenance of the Ohio Educational Computer Network connections. (The Balance Sheet is not presented because there are no assets or liabilities at fiscal year-end.)

Miscellaneous State Grants Fund

To account for various monies from State agencies which are not classified elsewhere.

Elementary/Secondary School Emergency Relief Fund

To account for federal monies received to address the impact COVID-19 had and continues to have on elementary and secondary schools.

Nonmajor Governmental Funds

Special Revenue Funds

Special Education Part B-IDEA Fund

To account for federal monies received in providing an appropriate public education to all children with disabilities.

Title I-School Improvement Fund

To account for federal revenues received to be used to help improve the teaching and learning of children failing, or most at risk of failing to meet challenging State academic achievement standards.

Title III-Limited English Proficiency Fund

To account for federal monies received which are used to improve the education of English Learners by helping them learn English and meet challenging State academic content and student academic achievement standards.

Title I Fund

To account for federal revenues received to meet the special needs of educationally deprived children.

Title IV-A Student Support and Academic Enrichment Fund

To account for federal grant revenue to be used to provide all students with access to a well-rounded education, improve school conditions for student learning and improve the use of technology in order to improve academic achievement and digital literacy of all students.

IDEA Preschool Grant for Handicapped Fund

To account for federal revenue funds to be used for the improvement and expansion of services for handicapped children ages three (3) through five (5) years. (The Balance Sheet is not presented because there are no assets or liabilities at fiscal yearend.)

Title II-A Fund

To account for federal monies received which are used to hire additional classroom teachers in grades 1 through 3, so that the number of students per teacher will be reduced.

Miscellaneous Federal Grants Fund

To account for various monies from Federal agencies which are not classified elsewhere.

Nonmajor Governmental Funds

Capital Projects Fund

The Capital Projects Fund is used to account for the financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary or trust funds.

Capital Projects Fund

To account for the accumulation of funds for one or more capital projects.

STATISTICAL TABLES

This part of the District's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

Contents	
Financial Trends These schedules contain trend information to help the reader understand how the District's financial position has changed over time.	S 2– S 13
Revenue Capacity These schedules contain information to help the reader understand and assess the factors affecting the District's ability to generate its most significant local revenue source, the property tax.	S 14 – S 21
Debt Capacity These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.	S 22 – S 29
Economic and Demographic Information These schedules offer economic and demographic indicators to help the reader understand the environment within which the District's financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments.	S 30 – S 33
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.	S 34 – S 47
Sources Note:	

Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial report for the relevant year.

Source: District Treasurer's Office and Ohio Department of Education Report Card Data

Student enrollment is based on the October count using the Educational Management System for fiscal years 2015 through 2016, while student enrollment for fiscal years 2017 through 2021 are based on the year end count. Beginning in fiscal year 2022, the District enrollment is based on actual district educated enrollment.

During fiscal year 2020, the State of Ohio mandated a school closure on March 17, 2020 for a COVID-19 pandemic.

During fiscal year 2021, School was on a reduced schedule with an online option due to COVID-19 pandemic. All lunches served during fiscal year 2021 and fiscal year 2022 were free to students. The District received reimbursement for the lunches served from the US Department of Agriculture.

Starting in fiscal year 2018 the District added additional staffing information for each building.

* The Hebron Elementary building was decomissioned at the end of the 2022-2023 school year.

The students and staff were shifted to the Jackson Intermediate's campus to a building which

was named Lakewood Elementary. Modular units were added to this building to accommodate the student enrollment numbers.
