

SAT TEST P.R.E.P.

Power your Path

P.R.E.P.

- P Practice:** Regular practice improves skills and builds confidence.
- R Review:** Consistent review of study materials helps retain information.
- E Evaluate:** Self-evaluation through mock tests identifies strengths and weaknesses.
- P Plan:** A well-structured study plan ensures efficient time management.

S3

S3-TEST P.R.E.P. PROGRAM: Elite Math Workshop for Advanced Students

An accelerated summer program aimed to improve SAT scores and expand options for college admittance.

Courses that will be offered:

S3 Session I: Math Accelerated: This 5-day SAT math preparation course is geared towards students who are already excelling but are looking to meet thresholds for elite universities.

June 2-June 6 or July 28-Aug. 1, 8am-12pm
\$700

S3 SESSION II: Advanced PSAT (NMSQT)/SAT P.R.E.P. Course

This 3-week intensive course will focus primarily on testing strategies and reviewing critical skills required to increase scores from above-average to exceptional.

June 9-June 26, 8am-12:15pm
July 7-July 24, 8am-12:15pm
\$2000

S3 SESSION III: PSAT/SAT Preparation Course

Unlike the advanced course, this 3-week course will focus more heavily on critical skills in algebra, grammar, and data representation often lacking in students with lower test scores.

June 9-June 26, 8am-12:15pm
July 7-July 24, 8am-12:15pm
\$2000

- PRE-REGISTRATION IS REQUIRED.
- OPEN TO ALL HIGH SCHOOL STUDENTS IN THE BIG BEND AREA

Visit www.maclay.org/PREP for more information and registration.

S3 registration is through the Maclay Camps. Courses are limited and pre-requisites apply.
