Personal & Professional Development Workshops

In December, we offered a workshop related to self-care called "Fill Your Cup". We asked students in attendance to craft a cup and include "stir straws" where they wrote mood shifters and easy to implement self-care strategies.

In January, our workshop will take place on 1.14 during Explorer Period. The topic will be Growth Mindset. We will review 2024 progress and set our intentions for 2025!

SIX DISTRICT COMPACT SHOWCASE

On January 7, our sophomores will be attending a showcase at Kent State University where the nearly 30 Six District Compact programs will be highlighted. The compact programs offer opportunities for both students looking to directly enter the workforce and those who will seek a four year degree or beyond! These programs provide an opportunity for our students to gain hands-on experience related to specific career fields through a 2-year college prep curriculum. Parents will have an opportunity to attend the showcase that evening, as well! Students can visit individual program sites in January and February. Field Trip permission slips will be handed out on January 7 and will be due back by January 15.

We will begin the scheduling process in January for the 25-26 academic year! All rising seniors, juniors and sophomores will attend whole grade seminars to learn about the process.

Important things to keep in mind:

1. Maintain a balance between school, life and extracurriculars.
2. Request classes with your future goals in mind... do your requests align academically with your future plans?
3. Have conversations early with your counselor and teachers to ask questions & seek their feedback!

Welcome to the Shipyard!

Our school counseling classroom underwent a renovation this fall thanks to the support of Mr. Miller, Mr. Addis, and a generous grant from the Hudson Public Schools Endowment Fund!! We hosted a coffee brunch on 12.19 to celebrate its official launch! This space is used for student workshops, group work and as a student reset lounge!

Table Talk Tuesday

This is a new series that our department will be putting out regularly on Tuesdays. We will post a short presentation with audio on Tuesdays to the School Counseling Google Classrooms meant to spur a timely conversation between parents and students!
