School Goals

The Crater Renaissance Academy was founded in 2007 when the Crater Campus divided into multiple small, autonomous schools. Crater Renaissance Academy (CRA) is a 9-12 public high school of 488 students. This school's staff made the decision to adopt the philosophies of the Coalition for Essential Schools (CES). CES is a national network of schools dedicated to 10 principles that form the foundation of the educational approach.

State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.

Safe & Welcoming Environment

The Renaissance School Community fosters a safe and welcoming environment for all students by committing to the following Habits of Mind:

- develop themselves professionally through participation in the Renaissance Academy (and other) learning communities
- form strong relationships with students and then ask more of them
- become facilitators of learning rather than dispensers of knowledge
- will embrace the principle of multiple obligations and a commitment to the entire school
