WQED

Leap into the Loop!

Kids ages 5-8 can learn computational skills with Lyla and her family.

What to Expect:

- **Weekly Fun:** Solve problems, express creativity, and achieve tasks.
- **Skill Building:** Develop critical thinking and problem-solving skills through Computational Thinking concepts.

Date: Saturdays in January

Time: 10:00 am. – 12:00 pm.

Location:

Frank Sarris Public Library

RSVP:

This is a program for ages 5-8. Participants are encouraged to attend all four sessions: January 4, 11, 18 & 25

Registration is required.
