

How to Use Smart Futures

1. Log into your computer like you always do

2. Double-click on the Clever icon

3. Click on the correct box to answer the question about computer type depending on whether you are using a Chromebook or a Windows PC or Apple iPad

4. Double-click on the **Smart Futures** icon

5. Click on **Activities** (upper left menu)

6. Look for your grade range above in the menu that runs across the top – these are the activities you need to complete

7. You can see the activities you have completed – click on activities you want to work on and do as many as you can

8. ***Students who do not have a school computer can still easily access Clever using this direct link: <https://clever.com/in/allentown>**

Then answer any questions asked and you will have access to the Smart Futures icon
