WEEK NOVEMBER 22, 2024

MESSAGE

Greetings MVE Parents and Staff,

I hope this message finds you all well and safe. Many of our employees still lack power and I am sure many MVE Families are in the same predicament. The Maple Valley Campus has suffered some damage, but nothing to any of the classrooms. There are trees that have fallen on fences and taken down power lines.

We have been told by PSE employees that the timing to restore power to our school cannot be estimated at this time. The reason being that many of the lines that feed our school are in hard-to-reach places. This could mean that we will have power in days or possibly weeks.

PARENT TEACHER CONFERENCE

ANNOUNCEMENT

Due to inclement weather we are unable to accommodate original dates! We will keep you posted about setting up times. Please be sure to be on the lookout for communication from us or your students' teacher!

MESSAGE CONTINUED

Due to the uncertainty, we are having to make a measured change by having our students go to KVE temporarily. Kent View has plenty of room for each of our classes. All grades will be given a classroom of their own. We will be supplying our students with all the materials needed to stay on task. I want you to know that we are going to continue to provide the best education. I thank each of you for your flexibility and trusting us with your child. Your child's safety is our number one priority and that will continue as we move forward. Please reach out to me if you have any questions or concerns.

Blessings,
Principal Norris
