RFP #SP2024 Specialty Proteins
Reply to Questions Received Through December 23, 2024

Date: December 20, 2024

To: All Prospective Respondents

From: Richie Wilim, Director of Child Nutrition Services

This notice responds to the questions received by the Redwood City School District regarding RFP #SP2024 Specialty Proteins.

Question #1	Would it be acceptable to include wholesale customers?
Answer #1	You can definitely include others that you think are comparable references since you do not have many other school districts you are currently working with.
Question #2	For the vendor questionnaire… Are you looking for short answers or more detailed responses?
Answer #2	Some answers require a simple yes or no or short answer. Some are asking for details on your farms and products. Elaborating on those is nice to boast about what makes your products better.
Question #3	What do you mean by raw beef crumbles?
Answer #3	That is a typo. The raw crumbles are supposed to be cooked.
