

Kilby Laboratory School

Vision

The vision of Kilby Laboraotry School is to serve as a site for university students to engage in meaningful interdisciplinary teaching, research, and service opportunities.

Mission

Kilby Laboratory School is committed to preparing elementary and University students to meet the future challenges of an ever-changing global community.

Beliefs

The Kilby Laboratory School community believes that students learn best when they: Have supportive teachers and administrators; have equal opportunities to participate in curriculum, are actively engaged in the learning process, and when they create and use a variety of learning strategies.

The KILBY WAY-
P.R.I.D.E.

Objectives

- The Kilby faculty and staff will work to ensure the highest quality of instruction and LEADERSHIP development within the faculty and students.
- The Kilby faculty will work to develop faculty members talents and skills, and well as the talents of the preservice teachers who train at our school.
- The Kilby faculty will work to monitor and make informed, data-driven decisions regarding their own instruction and pedagogy.
- The Kilby faculty will work to ensure a safe, student-centered school culture and climate based on the tenants of "The KILBY Way".

Critical Initiatives

- The faculty and staff will be provided more voice for decision-making for school-wide initiatives and school culture management. This will take place in monthly faculty meetings and PST Team meetings.
- Professional development (LETRS, AMSTI)
Observations (Admin and Peer)
Clinical Debriefs w/preservice teachers
- Lesson Planning Conversations
Observation Follow-Ups w/feedback
PST Conversations

Critical Initiatives
