

Teacher Interview

Student Name: _____ DOB: _____

School: _____ Grade: _____

Respondent: _____ Position: _____

How long have you known this student?: _____ Date: _____

1. What **specific** behaviors occur in the school setting that interfere with this student's learning and development of social relationships? *Describe the actual behavior. For example, instead of "aggressive" you would write "hits", "kicks", and "bites".*
2. When are these behaviors most likely to occur? *(ex., day of the week, time of day, around certain people, particular subject or activity, unstructured time, etc.)*
3. How do teachers and students typically respond when these behaviors occur?
4. How does the student get along with peers? Does he/she have any friends?

5. What are the student's strengths?
6. What are the student's weaknesses?
7. Have you found anything that motivates the student?
8. Do you have any documentation of behavioral issues or has the student received any office referrals? Describe or attach documentation. (*ex., behavior logs, conduct notes, office referrals, etc.*)
9. Has a behavior plan been developed for this student? If so, describe or attach the plan. Has the plan provided positive results?
10. Is there any additional information you can provide regarding academic functioning level, attendance, or behavior for this student?
