IV. RESPONSIBILITIES

- A. The school board accepts its responsibility to identify, evaluate and provide special education and related services for children with a disability who are properly the responsibility of the school district and who meet the criteria to qualify for special education and related services as set forth in Minnesota and federal law.
- B. The school district shall ensure that all qualified disabled children are provided special education and related services which are appropriate to their educational needs.
- C. When such services require or result from interagency cooperation, the school district shall participate in such interagency activities in compliance with applicable federal and state law.
- D. The school district may conduct an assessment for developmental adapted physical education, as defined in Minnesota Rules, part 3525.1352, as a stand-alone evaluation without conducting a comprehensive evaluation of the student in accordance with prior written notice provisions in Minnesota Statutes, section 125A.091, subdivision 3a.
