Worthington Schools

December 9, 2024

To the Board of Education and the Citizens of the Worthington City School District:

As the Superintendent and the Treasurer of the Worthington City School District (the District), we are pleased to submit to you the Annual Comprehensive Financial Report (ACFR) for the year ended June 30, 2024. This ACFR is prepared by the Treasurer and in accordance with accounting principles generally accepted in the United States of America (GAAP) and in conformance with standards of financial reporting established by the Governmental Accounting Standards Board (GASB) using guidelines recommended by the Government Finance Officers Association of the United States and Canada (GFOA). Management is responsible for the contents of this report, and we believe the data presented is complete and accurate in all material respects.

In addition, this report is designed so that a reader can acquire the maximum understanding of the District's financial activity. This report is provided as a way for the District to communicate openly about the District's finances with its stakeholders. It is divided into three sections: Introductory, Financial, and Statistical. The Introductory section includes this letter of transmittal and organizational information. The Financial section includes the Auditor's report, the basic financial statements, which are prepared in accordance with GASB, and supplemental combining individual fund statements and budgetary comparison schedules. The Statistical section provides relevant financial and demographic data over the past ten years.

Management is also required to prepare a narrative introduction and overview of the financial statements in the form of Management's Discussion and Analysis, which can be found on page 5. This letter of transmittal is designed and should be read in conjunction with that analysis. Comments on the report are welcome and requests for additional financial information can be obtained by contacting the Office of the Treasurer.

Reporting Entity

The District is an independent political subdivision of the State of Ohio and operates subject to the provisions of the Ohio Constitution and various sections of the Revised Code. Under such laws, there is no authority for the District to have a charter or adopt local laws. The District is not a part of, nor under the control of, the City of Worthington.

The District encompasses approximately twenty (20) square miles and had an enrollment of approximately 10,700 students in grades pre-K through 12 in fiscal year 2024. The District's boundaries include all of the City of Worthington and the Village of Riverlea, and portions of the City of Columbus, as well as unincorporated territory lying within Perry Township and Sharon Township. The District lies entirely within the boundaries of Franklin County.

The District provides a vast range of educational and support services as mandated by State statute and the desires of the community, which include but are not limited to, regular, special needs, and vocational educational programs, guidance and support services, co-curricular activities, food service activities, and various community programs.

WORTHINGTON CITY SCHOOL DISTRICT

The accompanying basic financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, and Statement No. 39, *Determining Whether Certain Organizations are Component Units*, in that the basic financial statements include all organizations, activities and functions for which the District is financially accountable. Financial accountability is defined as the appointment of a voting majority of a component unit's board and either (i) the District's ability to impose its will over a component unit, or (ii) the possibility that the component unit will provide a financial benefit or impose a financial burden on the District. On that basis, the reporting entity of the District includes the services of the District only (i.e. there are no component units).

Organization of the District

An elected five-member Board of Education (the Board) serves as the taxing authority, contracting body, and policy maker for the District and ensures that all general laws of the State of Ohio are followed in the expenditure of the District's tax dollars. It approves the annual appropriation resolution and five-year forecast and also directly approves all personnel-related expenditures. As of June 30, 2024, board members were as follows:

Board Member	Service Began	Term Expires	Position
Nikki Hudson	1/1/18	12/31/25	President
Kelli Davis	1/1/22	12/31/25	Vice President
Jennifer Best	1/1/02	12/31/25	Member
Amber Epling-Skinner	1/1/24	12/31/27	Member
Stephanie Harless	1/1/24	12/31/27	Member

The Superintendent is the Chief Executive Officer of the District, responsible to the Board for total educational and support operations. Dr. Trent Bowers accepted that role on July 1, 2015. Dr. Bowers is a proud graduate from Worthington Schools. He has over 25 years of experience in public education and has served students and families as a teacher, coach, dean of students, and the principal of three schools. In addition, he has worked as the Director of Human Resources and Assistant Superintendent for the District. He holds a doctorate in educational leadership from Ashland University, a Masters in school administration from Ohio State University, and a Bachelor's Degree from Taylor University.

The Treasurer is the Chief Financial Officer of the District, responsible to the Board for maintaining all financial records, issuing warrants in payment of liabilities incurred by the District, acting as custodian of all District funds, preparing the District's 5-year forecast, and investing idle funds as permitted by Ohio law. TJ Cusick accepted that role in October 2020. He has worked for the District since 2006 and was previously the Assistant Treasurer. Prior to Worthington Schools, he was an accountant with a regional firm. He received a bachelor's degree in Criminology from Ohio University in 2003. He also became licensed as a Certified Public Accountant and was elected twice to the Ohio Government Finance Officers Association Board of Trustees (2016-2021 & 2024-2026). He is also a recipient of the Ohio Association of School Business Officer's Distinguished Service Award in 2016.

WORTHINGTON CITY SCHOOL DISTRICT

Economic Outlook

Nationwide economic data continues to improve from the 2020 COVID shutdown. According to the October 2024 monthly financial report of the Ohio Office of Budget and Management and the Bureau of Economic Analysis's third estimate, the nation's real GDP increased in the second quarter of calendar year 2024 at an annualized rate of 3.0 percent. This is the eight consecutive quarter of growth.

Statewide economic data suggests that the Ohio economy is stable but mixed. Total State tax revenue collections for September 2024 were \$547 million (36%) above estimate and now stand at 9.2% above estimates for the fiscal year, with sales tax accounting for the majority of the variance. Worthington is located within the Columbus Ohio Metropolitan Area which includes a total population of around 2 million people. Central Ohio is an attractive place to live and average home price sales continue to increase. The unemployment rate of Ohio was 4.5% as of August 2024 which is a full percentage point higher than a

year ago and mirrors the national trend higher. Building permits for privately owned housing units are 21.8% below last year's level and suggest higher interest rates and other factors are leading to a slowing economy.

Community Relations

The Administrative team holds in high regard the involvement of key stakeholders, including students, parents, staff members, businesses, public officials and the community members. Management welcomes participation and feedback from these groups. The Superintendent has

WORTHINGTON CITY SCHOOL DISTRICT

created a two-way communication with a variety of key community groups to obtain feedback on key issues.

The District is proud of its many partnership programs including those with Worthington Public Libraries, the Griswold Center, the McConnell Arts Center, the United Way, Worthington AM Rotary, Worthington/Dublin Rotary, the Worthington Chamber of Commerce, the Alliance of Black Families and Educators, Swim Inc., Worthington Youth Boosters, the Worthington Resource Pantry, and the City of Worthington. It is with solid partnerships and community support that an excellent school district is not only created, but maintained.

Employee Relations

The District successfully negotiated long term contracts with both labor unions that extend through fiscal year 2026. The agreements include 3.05-3.25% annual base increases along with potential step increases and a cap on the District's exposure to potential future health insurance increases. We are confident they are a win-win for the District, taxpayers, and employees.

Looking Ahead

We have much to look forward to here in Worthington Schools. On November 8, 2022 voters approved a \$234 million bond levy to renovate and improve its two high school facilities. Phase 1 of the high school projects were completed in September and include an entire new academic building at Thomas Worthington and major renovations to science labs and other classrooms at Worthington Kilbourne. Phase 2 of the project is underway, with continued classroom renovations and administrative facilities at Worthington Kilbourne and replacement of student commons at Thomas Worthington, as well as replacing the District natatorium.

Operationally, thanks to voter approval of an incremental operating levy in 2022, the District's latest five-year financial forecast shows a positive operating fund balance through the life of the forecast.

Financial Information

Internal Controls - The management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft, or misuse, and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with GAAP. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits requires estimates and judgments by management. Management believes the internal controls adequately meet the above objectives.

Budgetary Information - The District maintains budgetary controls in order to ensure compliance with legal provisions embodied in the annual appropriation resolution approved by the Board of Education. Activities of all funds, with the exception of custodial funds, are included in the annual appropriation resolution. The level of budgetary control is established at the object level within the General Fund and at the fund level for all other funds. The District maintains an encumbrance method of accounting to accomplish budgetary control. Unencumbered amounts

WORTHINGTON CITY SCHOOL DISTRICT

lapse at year end. The District's most recent award winning comprehensive budget document is available on our website, www.worthington.k12.oh.us.

Financial Planning and Policies – As required by Ohio Revised Code, the District adopts a five-year financial forecast annually to ensure long term financial success. It serves as a planning tool to certify if funds are available for future expenditures and to strategize when the District will need to return to voters for additional funds or to reduce expenditures accordingly.

Independent Auditors

The basic financial statements of the District for the year ended June 30, 2024, were audited by the Ohio Auditor of State whose unmodified opinion thereon is included at the beginning of the Financial Section of this report.

Awards

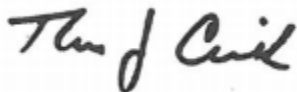

GFOA Certificate of Achievement The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Worthington City School District for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2023. This was the 31st consecutive year that the District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized annual comprehensive financial report, whose contents conform to program standards. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments

The preparation of this report was made possible by the diligence of the staff of the entire Financial Services department. Their initiative and conscientious work ensured the integrity of the information contained herein and guaranteed this report's successful completion.

In closing, we would like to thank the Board of Education for their support of the value of quality financial information that makes this report possible. The Board's continued support of absolute excellence will continue to have an exponential impact.

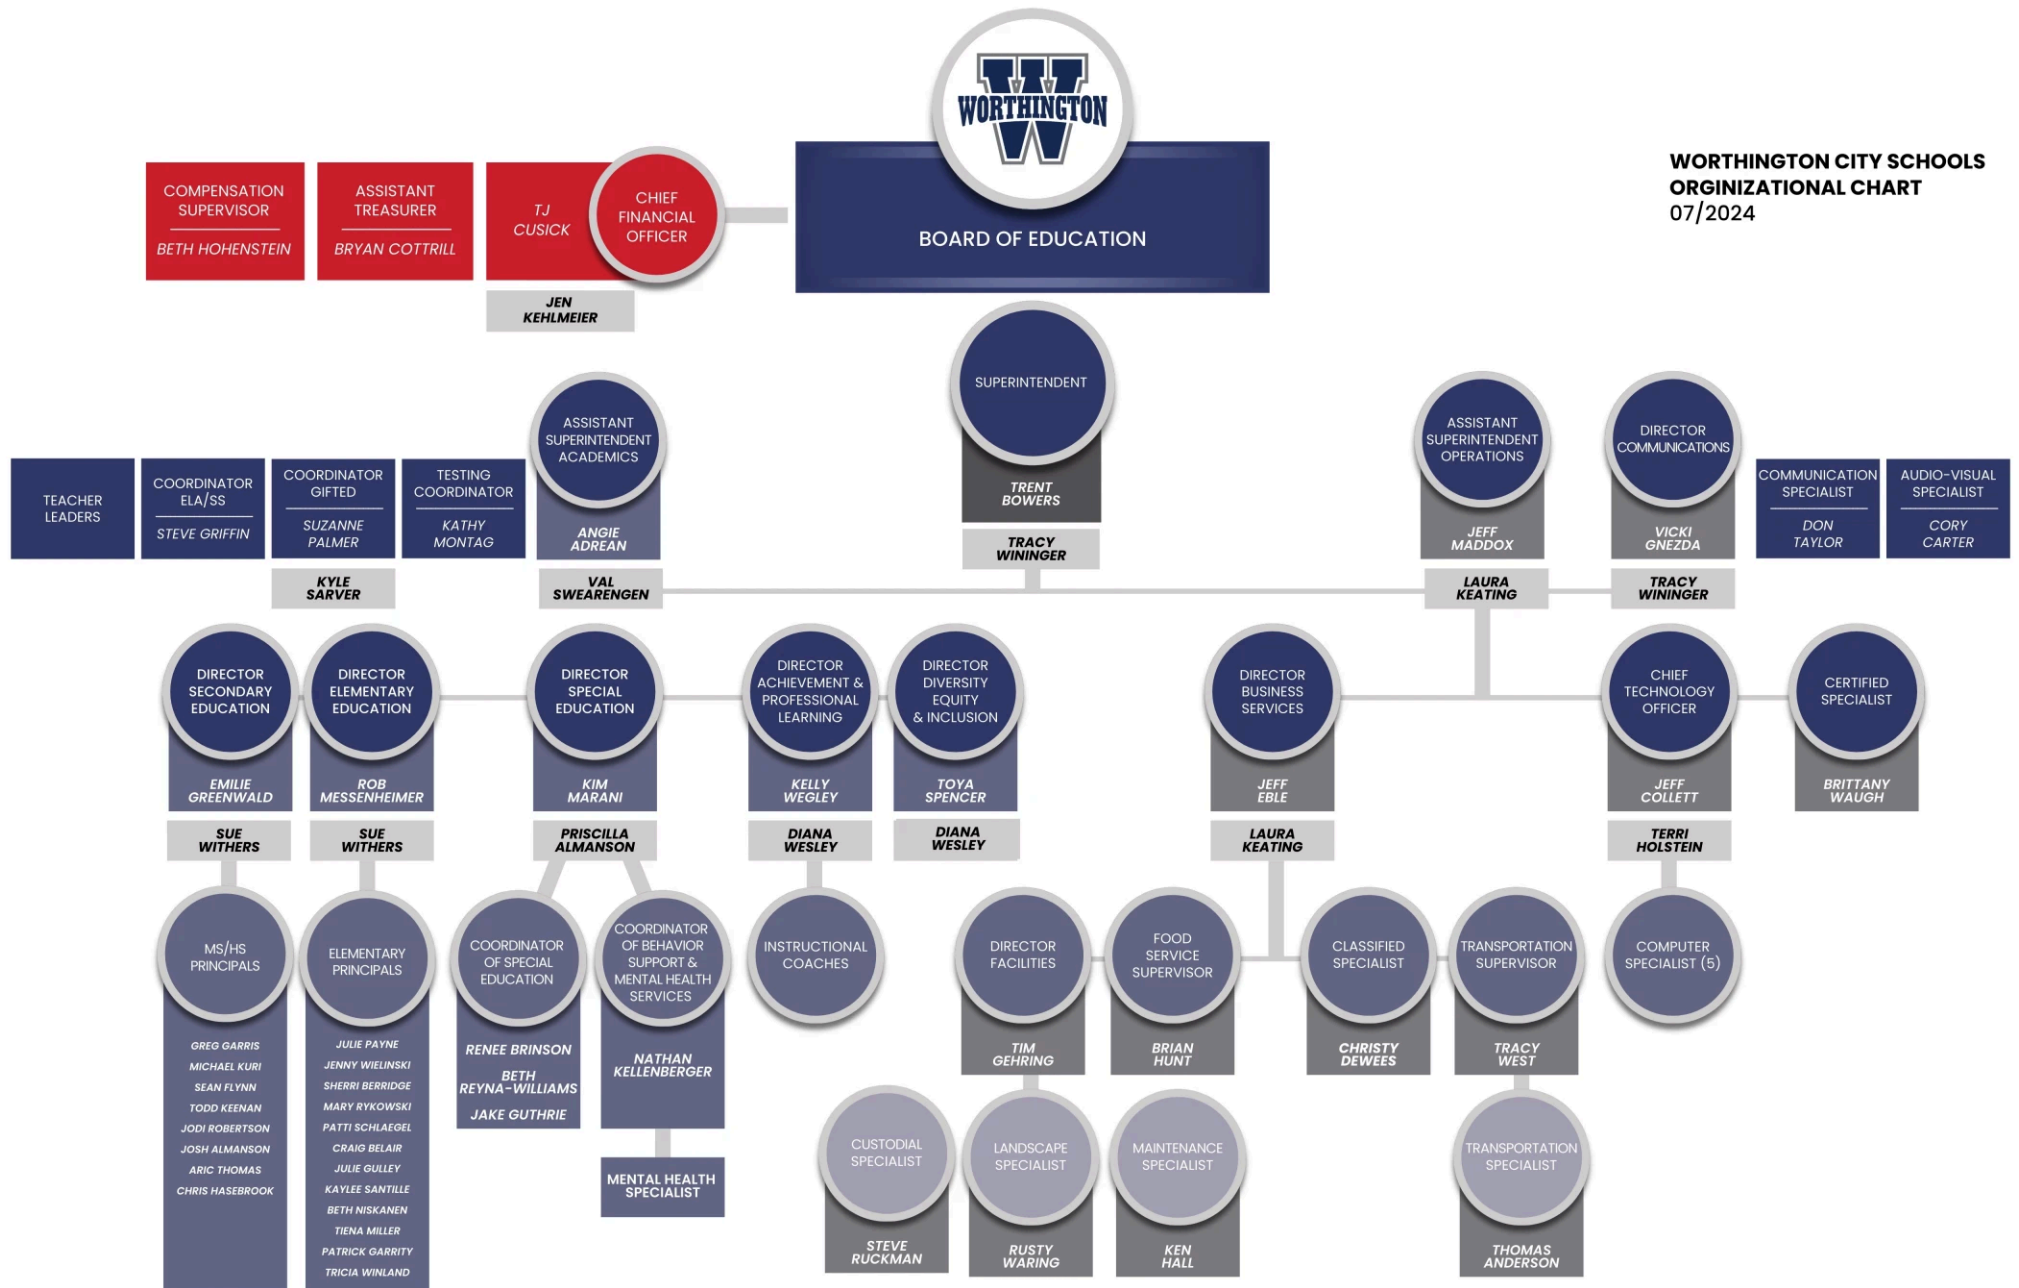

Respectfully submitted,

TJ Cusick, Treasurer

Trent Bowers, Superintendent

INDEPENDENT AUDITOR'S REPORT

Worthington City School District
Franklin County
200 East Wilson Bridge Road
Worthington, Ohio 43085

To the Board of Education:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Worthington City School District, Franklin County, Ohio (the District), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Worthington City School District, Franklin County, Ohio as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, required budgetary comparison schedule, and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 9, 2024, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Keith Faber
Auditor of State
Columbus, Ohio

Worthington City School District
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2024
(Unaudited)

As management of the Worthington City School District (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2024. We encourage readers to consider the information presented here in conjunction with our letter of transmittal at the front of this report and the District's financial statements, which follow this section.

Financial Highlights

Key financial highlights for fiscal year 2024 are as follows:

- Capital Assets increased \$74.5 million due to continued construction and renovation at both high schools and the natatorium, the purchase of a maintenance and operations building, completion of the fieldhouse at Thomas Worthington High School, and the addition of practice turf fields at both high schools. Correspondingly, current liabilities increased \$15.3 million mainly due to payables related to construction and renovations that will continue through 2026.
- Total net position increased \$38.6 million. Net position invested in capital assets increased \$22.2 million due to continued construction and unrestricted net position increased \$22.1 million mostly attributable to greater investment earnings due to higher interest rates as well as higher state funding due to the continued phase-in and inflationary increase to the state funding formula.

Using this Annual Comprehensive Financial Report

This annual comprehensive financial report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand the District as a whole, and then proceed to provide an increasingly detailed look at specific financial statements.

Reporting the District as a Whole- Statement of Net Position and Statement of Activities

One of the most important questions asked about the District's finances is, "Is the District better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the District as a whole and about its activities in a manner that helps answer this question. These statements include all assets, deferred outflows of resources, liabilities and deferred inflows of resources using the accrual basis of accounting similar to the accounting used by private sector corporations. All of the current year revenues and expenses are taken into consideration regardless of when cash is received or paid.

These two statements report the District's net position and changes in it. The change in net position provides the reader a tool to assist in determining whether the District's financial health is improving or deteriorating. The reader will need to consider other non-financial factors such as property tax base, current property tax laws, student enrollment growth, and facility conditions in arriving at their conclusion regarding the overall health of the District.

Worthington City School District
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2024
(Unaudited)

In the Statement of Net Position and the Statement of Activities, all of the District's activities are reported as governmental including instruction, support, food service, community service, co-curricular student activities, and interest and fiscal charges.

A comparative analysis of fiscal year 2024 to 2023 follows from the Statements of Net Position:

Worthington City School District Net Position		
	2024	2023
Assets:		
Current Assets	\$ 565,276,775	\$ 592,750,650
Other Postemployment Benefits Asset	11,162,882	14,985,369
Capital Assets, net	222,692,376	148,236,180
Total Assets	799,132,033	755,972,199
Deferred Outflows of Resources	37,817,040	42,995,826
Liabilities		
Current Liabilities	39,476,002	24,226,815
Long-Term Liabilities		
Net Pension Liability	155,638,271	160,163,634
Other Postemployment Benefits Liability	9,643,260	8,364,940
Other Long-Term Liabilities	378,848,409	385,777,112
Total Liabilities	583,605,942	578,532,501
Deferred Inflows of Resources	125,512,601	131,200,849
Net Position:		
Net Investment in Capital Assets	51,214,658	29,011,516
Restricted	32,265,007	38,017,349
Unrestricted	44,350,865	22,205,810
Total Net Position	\$ 127,830,530	\$ 89,234,675

Worthington City School District
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2024
(Unaudited)

The combination of the net pension and other postemployment benefits (OPEB) liabilities represent one the single largest liabilities on the District's financial statements as of June 30, 2024; and are reported pursuant to GASB Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27" and *GASB Statement 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (OPEB)."* These amounts will fluctuate annually due to a number of factors including investment returns, actuarial assumptions used, and the District's proportionate share of the net pension and OPEB costs. As a result, users of this financial statement will gain a clearer understanding of the District's actual financial condition by adding deferred inflows related to pension/OPEB and the net pension/OPEB liability to the reported net position and subtracting deferred outflows and OPEB asset related to pension/OPEB.

	Governmental Activities 2024	Governmental Activities 2023
Total net position (with GASB 68 and 75)	\$ 127,830,530	\$ 89,234,675
GASB 68 calculations:		
Add: Deferred inflows related to pension	11,699,288	16,079,132
Add: Net pension liability:	155,638,271	160,163,634
Less: Deferred outflows related to pension	(31,633,279)	(38,824,722)
GASB 75 calculations:		
Add: Deferred inflows related to OPEB	17,250,238	21,973,220
Add: Net OPEB liability	9,643,260	8,364,940
Less: Net OPEB asset	(11,162,882)	(14,985,369)
Less: Deferred outflows related to OPEB	(6,107,041)	(3,994,191)
Total net position (without GASB 68 and 75)	<u>\$ 273,158,385</u>	<u>\$ 238,011,319</u>

Current assets decreased \$27.4 million as cash was spent on construction projects while capital assets increased \$74.5 million due to partial completion of construction projects including high school renovations, work on the natatorium, new practice turf fields and completion of the fieldhouse at Thomas Worthington High School as well as the purchase of a maintenance and operations facility.

In order to further understand what makes up the increase in net position for the current year, the following comparative analysis of fiscal year 2024 and 2023 follows from the statement of activities:

Worthington City School District
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2024
(Unaudited)

Worthington City School District
Changes in Net Position

	<u>2024</u>	<u>2023</u>

Community services	2,123,032	1,938,307
Co-curricular student activities	4,002,406	3,866,532
Interest and Fiscal Charges	17,597,313	8,526,924
Total expenses	\$ 201,969,544	\$ 187,464,519
Change in Net Position	\$ 38,595,855	\$ 26,173,991
Net Position Beginning of Year	89,234,675	63,060,684
Net Position End of Year	\$ 127,830,530	\$ 89,234,675

As discussed previously, the effects of GASB 68 and 75 (net pension and OPEB liabilities) distort this comparative analysis. The following calculation illustrates the change in net position without the effect of pension/OPEB expense.

	<u>Governmental Activities 2024</u>	<u>Governmental Activities 2023</u>
Total change in net position (with GASB 68 and 75)	\$ 38,595,855	\$ 26,173,991
GASB 68 calculations:		
Add: Pension Expense	13,250,040	16,963,607
Less: Current Year Contributions	(14,963,804)	(14,073,996)
GASB 75 calculations:		
Less: OPEB Expense	1,265,427	(3,413,870)
Less: Current Year Contributions	(380,000)	(469,598)
Total change in net position (without GASB 68 and 75)	<u>\$ 37,767,518</u>	<u>\$ 25,180,134</u>

Excluding the effect of pension/OPEB expense, the District had a change in net position of \$37.8 million for the current fiscal year compared to \$25.2 million for the prior fiscal year, an increase of \$12.6 million. Total revenue increased \$26.9 million. Property tax revenue increased \$4.3 million as a result of collection of an incremental levy approved in 2022 as well as a full

Worthington City School District
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2024
(Unaudited)

year's collection year for the new permanent improvement levy passed in November 2022. Investment earnings increased \$16.9 million due higher rates and higher cash balances related to unspent bond proceeds during construction. Grants and Entitlements increased \$5.5 million due to the continued phase in of Ohio's new school funding formula.

Excluding pension and OPEB, expenses increased \$13.5 million, or 7.8%, mostly related to interest and fiscal charges on new debt to fund high school construction as well as wage and benefit increases and additional staffing needs.

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. The table below reflects how the District funds its programs through program revenues. General revenues including tax revenue, investment earnings and unrestricted State entitlements must support the net cost of program services, with the exception of Food Services which was completely funded through program revenues for the year. The District's reliance on local property taxes is illustrated in the pie graph on the right.

Governmental Activities (millions)

Programs	Total Cost of Services		Net Cost (Benefit) of Services	
	2024	2023	2024	2023
Instructional services	\$ 107.4	\$ 105.9	\$ 98.2	\$ 97.1

Interest & fiscal charges	17.6	8.5	17.6	8.5
Total	<u>\$ 202.0</u>	<u>\$ 187.5</u>	<u>\$ 181.9</u>	<u>\$ 167.5</u>

Reporting the District's Most Significant Funds

Fund Financial Statements

Our analysis of the District's major funds appears on the fund financial statements beginning with the Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances. These statements provide detailed information about the most significant funds—not the District as a whole. Some funds are required to be established by State statute, while many other funds are established by the District to help manage money for particular purposes and compliance with various grant provisions. The District's three types of funds, governmental, proprietary, and fiduciary, use different accounting approaches as further described in the notes to the financial statements.

Worthington City School District
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2024
(Unaudited)

Governmental Funds

Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting which measures cash and other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are financial resources available to spend in the near future to finance the District's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the basic financial statements.

Proprietary Funds

Proprietary funds use the accrual basis of accounting; the same as on the entity-wide statements. The District uses an internal service fund to account for the Intra-District Services Fund which provides copy and print services to other funds, as well as an internal service fund to account for a self-insurance program for workers compensation insurance and medical insurance. The assets, liabilities, and net position of the internal service funds have been included within the governmental activities.

Fiduciary Funds

The District has one fiduciary fund, a Custodial Fund, the District Tournament Host fund. The District's fiduciary activities are reported in the Statement of Net Position, Fiduciary Funds. We exclude these activities from the District's other financial statements because the assets cannot be utilized by the District to finance its operations.

The District's governmental funds reported a combined fund balance of \$406.7 million, which represents a decrease of \$49.0 million, primarily the result of spending of 2022 bond proceeds on the high school projects. A comparison of total fund balance for each major fund is shown below:

Fund	Fund Balance June 30, 2024	Fund Balance June 30, 2023	Increase (Decrease)
General Fund	\$ 181,900,593	\$ 173,131,794	\$ 8,768,799
Debt Service Fund	38,513,792	45,351,860	(6,838,068)
Building Fund	170,325,479	226,625,623	(56,300,144)
Other Governmental Funds	15,964,435	10,509,358	5,455,077
Total	<u>\$ 406,704,299</u>	<u>\$ 455,618,635</u>	<u>\$ (48,914,336)</u>

Worthington City School District
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2024
(Unaudited)

General Fund

The District's General Fund balance increased \$8.8 million from the prior year. The tables that follow illustrate the financial activities of the General Fund.

Revenues	2024	2023	Change
Property and other local taxes	\$ 141,327,923	\$ 139,964,275	\$ 1,363,648
Intergovernmental	37,440,007	31,930,320	5,509,687
Investment income	9,633,419	3,984,125	5,649,294
Other revenue	4,270,083	4,154,286	115,797
Total	<u>\$ 192,671,432</u>	<u>\$ 180,033,006</u>	<u>\$ 12,638,426</u>

Property taxes increased due to collection of additional 2 mills from passage of an incremental operating levy in 2022. Intergovernmental revenue increased \$5.5 million due to the continued phase in of the state's new fair school funding formula. Investment income increased due to higher rates and cash balances.

As the table below indicates, the largest portion of General Fund expenditures is for instructional services, primarily for salaries and fringe benefits. The District is a service entity and therefore is labor intensive.

General Fund Expenditures by Function			
	2024	2023	Change
Instructional services	\$ 104,340,816	\$ 98,981,921	5.4%
Support services	60,954,512	56,799,050	7.3%
Community Service	1,360,569	1,251,996	8.7%
Co-curricular student activities	2,695,163	2,642,631	2.0%
Capital outlay	1,308,683	1,370,225	-4.5%
Debt Service	16,380	16,380	0.0%
Total	<u>\$ 170,676,123</u>	<u>\$ 161,062,203</u>	<u>6.0%</u>

Total expenditures increased \$9.6 million, or 6%. The majority of District expenditures are for direct instructional services and support services, which increased 5.4% and 7.3%, respectively, due to negotiated wage and benefit increases for staff as well as additional staff to meet the needs of the District.

Debt Service Fund

The Debt Service Fund balance decreased \$6.8 million from the prior year as the District spent down cash balance to meet debt service requirements.

Building Fund

The Building Fund balance decreased \$56.3 million the result of high school reconstruction and renovations, completion of the fieldhouse at Thomas Worthington High School, and practice fields at both high schools.

Worthington City School District
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2024
(Unaudited)

Other Governmental Funds

Other governmental funds consist of a capital project fund and special revenue funds. These are mainly grant funds in which proceeds are to be spent timely and revenues generally approximate expenditures. Other governmental funds increased \$5.5 million due a full year of collection of a new permanent improvement levy and unspent funds for renovation of the newly acquired maintenance and operations building.

Internal Service Funds

The District has three internal service funds, an Intra-District Services Fund to provide printing and copying services, a Workers Compensation Insurance Fund to account for the worker's compensation self-insurance program, and an Employee Medical Benefits Insurance Fund to account for the medical self-insurance program. Premiums are paid into both insurance funds from the fund in which the employee is paid, and claims, reinsurance, and administrative expenses are paid out of the funds. The combined net position of all internal service funds at the June 30, 2024 was \$17.6 million, an increase of \$2.3 million. The majority of the increase relates to a full year of cost savings on claims due a change in insurance carriers.

Capital Assets

The District had \$222.7 million invested in capital assets net of accumulated depreciation at the close of fiscal year 2024. Acquisitions totaled \$80.3 million and include six new buses, playground resurfacing at several schools, new practice turf fields at both high schools, a new maintenance and operations building, and \$52.9 million due to the continued construction and renovations at high school campuses. Depreciation for the year totaled \$5.8 million. Detailed information regarding capital asset activity is included Footnote 8 of the notes to the basic financial statements. In addition, the District had numerous construction commitments outstanding at June 30, 2024 as a result of the ongoing capital improvement plan; these commitments are described in Footnote 14 of the notes to the basic financial statements.

Debt

On June 30, 2024, the District had \$364.7 million in outstanding notes and bonds. The District paid \$9.2 million in principal and \$16.1 million in interest on existing debt during the year.

Detailed information regarding long-term debt is included in Footnote 9 of the notes to the basic financial statements.

Under current state statutes, the District's general obligation bonded debt issues are subject to a legal limitation based on 9% (exclusive of any accretion on deep discount debt and certificates of participation) of the total taxable valuation of real and personal property. As of June 30, 2024, the District's general obligation debt was below the legal limit.

Budget Information

The District's budget is prepared in accordance with Ohio law and is based on the cash basis of accounting, utilizing cash receipts, disbursements and encumbrances. Changes are made to the budget as changes in revenues and spending patterns are experienced. The most

Worthington City School District
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2024
(Unaudited)

significant budgeted fund is the General Fund, and it is monitored closely, looking for possible shortfalls or overspending by individual departments.

General Fund revenues and other financing sources were originally budgeted for \$173.2 million and actual revenues and other financing sources were \$185.0 million. State sources increased due to the phase in of the fair school funding plan and other revenue increased due to higher-than-expected interest rates. Total expenditures and other financing uses were originally budgeted for \$177.8 and actual expenditures were \$187.7. Other uses increased due a transfer to the permanent improvement fund for the purchase and renovation of a maintenance and operations building.

The District uses the five-year forecast as the original document from which to form the operating budget. After updating the forecast for changes in revenue and expenditure assumptions, the operating budget begins at the school level. Each school in the District receives a per pupil allocation augmented with resources for special education students in the specific buildings. Budgets are reviewed periodically to ensure management becomes aware of any variations during the year.

The District issues a standalone budgetary document that can be found on our website at www.worthington.k12.oh.us under leadership/treasurer.

Current Financial and Economic Conditions

The latest five-year forecast shows a positive cash balance through fiscal year 2029. However, forecasted expenditures begin to exceed projected revenues in FY26 and the current cash balance begins to deteriorate. Property tax reduction laws in Ohio limit any increases in revenues a school district can receive due to increased property values and requests for new revenue must be periodically approved by voters.

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.	222,654,226
---	-------------

Other long-term assets (receivables) are not available to pay for current period expenditures and therefore are reported as unavailable revenue in the funds.

Taxes	3,379,925	
Intergovernmental	226,926	
Interest	1,877,316	
Miscellaneous	465,440	
Total	5,949,607	

The accounting loss reported as a deferred outflow of resources is applicable to future reporting periods and is not reported on the fund statements.	76,720
---	--------

Long-Term liabilities, including bonds and notes payable, are not due and payable in the current period and therefore are not reported in the funds.

Bonds Payable	(364,211,990)	
Notes Payable	(459,988)	
Arbitrage Payable	(2,478,401)	
Interest Payable	(1,335,562)	
Leases	(157,795)	
Compensated Absences	(11,509,657)	
Total	(380,153,393)	

The net pension and OPEB liabilities are not due and payable in the current period: therefore, the liability and related deferred inflows/outflows are not reported in governmental funds:

OPEB Asset	11,162,882	
Deferred Outflows - Pension	31,589,593	
Deferred Inflows - Pension	(11,694,636)	
Net Pension Liability	(155,372,384)	
Deferred Outflows - OPEB	6,071,273	
Deferred Inflows - OPEB	(17,182,389)	
OPEB Liability	(9,563,221)	

Internal Service Funds are used by management to charge the cost of copying and printing as well as workers compensation and health self insurance to individual funds. The assets and liabilities of the Internal Service fund are included in governmental activities in the Statement of Net Position.

17,587,953

Net Position of Governmental Activities	\$ 127,830,530

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2024**

Net Change in Fund Balances - Total Governmental Funds **\$ (48,914,336)**

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

Depreciation Expense	(5,764,426)	
Capital Outlay	80,264,679	
Total		74,500,253

Governmental funds only report the disposal of assets to the extent proceeds are received from the Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Taxes	(434,506)	
Intergovernmental	(26,879)	
Interest	568,535	
Miscellaneous	336,095	
Total		443,245

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.

Bond and Note Principal Repayments	9,230,120	
Accretion on Capital Appreciation Bonds	(295,428)	
Amortization of Bond Issuance Premiums	1,368,903	
Amortization of Gain on Refunding	(100,193)	
		10,203,402

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.

Compensated Absences	(984,750)	
Accrued Interest	23,471	
Arbitrage	(2,478,401)	
Leases	94,793	
		(3,344,887)

Contractually required contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows. 15,314,845

Except for amounts reported as deferred inflows/outflows, changes in the net pension liability are reported as pension expense in the statement of activities. (13,206,285)

Except for amounts reported as deferred inflows/outflows, changes in the other postemployment benefit liability/asset is reported as OPEB expense in the statement of activities. 1,339,006

Internal service funds used by management to charge the costs of copying and printing services and workers compensation and health self insurance to individual funds is not reported in the district wide statement of activities. Governmental fund expenditures and the related internal service fund revenues are eliminated. The net revenue of the internal service fund is allocated among the governmental activities. 2,293,846

Change in Net Position of Governmental Activities **\$ 38,595,855**

The notes to the basic financial statements are an integral part of this statement.

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

1. Reporting Entity

The Worthington City School District (the District) is an independent political subdivision of the State of Ohio and operates subject to the provisions of the Ohio Constitution and various sections of the Revised Code. Under such laws, there is no authority for the District to have a charter or adopt local laws. The District is not a part of, nor under the control of, the City of Worthington.

The District encompasses approximately twenty (20) square miles. The District's boundaries include all of the City of Worthington and the Village of Riverlea, and portions of the City of Columbus, as well as unincorporated territory lying within Perry Township and Sharon Township. The District lies entirely within the boundaries of Franklin County.

The accompanying basic financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, Statement No. 39, *Determining Whether Certain Organizations are Component Units*, and Statement No. 61, *The Financial Reporting Entity: Omnibus*, in that the financial statements include all organizations, activities, and functions for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; or (3) the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. The District had no component units for the fiscal year ended June 30, 2024.

The Worthington Public Library is a school district library created under Chapter 3375 of the Ohio Revised Code and is located in the City of Worthington. The Board of Trustees of the Library controls and manages the Library and issues its own financial statements. Although the Worthington Board of Education is required to approve appointments to the Board of Trustees and to approve the annual budget, the Board has no authority to reject the Library's recommendations.

The Worthington Educational Foundation (WEF) is a legally separate, community-wide, tax-exempt 501(c)(3) organization that exists to provide support for an evolving and forward-looking K-12 education, ensuring students are well-prepared for the opportunities that lie ahead. The Board of WEF currently consists of fourteen (14) members, two of which are ex officio members that include the Superintendent and a Board Member of the District. The Board of Trustees of WEF issues its own financial statements. During its 35-plus year history, the WEF has raised more than \$600,000 in support of the District.

The Rockbridge Academy (Academy) is a joint venture consisting of a consortium of three school districts. The joint venture was formed for the purpose of providing alternative education services to at risk students. The initial capital of the Academy was raised through the receipt of a State Grant in the amount of \$375,000. The Governing Board of the Academy consists of six members appointed by each member school. The District does not have an equity interest that is explicit and measurable in the joint venture, however the District does have an ongoing financial obligation to support the Academy in meeting its financial obligations. The Academy is dependent upon continued support of the member schools as it is not independently accumulating adequate financial resources. The Educational Service Center of Central Ohio is

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

the financial agent for the Academy. Further detailed financial information may be obtained by contacting the ESCCO at 614-445-3750.

The District participates in the Metropolitan Educational Technology Association (META), a jointly governed organization created as a regional council of governments pursuant to Chapter 167 of the Ohio Revised Code. META operates as, and has all the powers of, a data acquisition site/information technology center pursuant to applicable provisions of the Ohio Revised Code. The organization was formed for the purpose of identifying, developing, and providing to members and non-members innovative educational and technological services and products, as well as expanded opportunities for cooperative purchasing. The General Assembly of META consists of one delegate from every member school district. The delegate is the superintendent of the school district or the superintendent's designee. The degree of control exercised by any participating school district is limited to its representation on the General Assembly. The District paid META \$215,722 for services during fiscal year 2024.

2. Summary of Significant Accounting Policies

The basic financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The GASB is the accepted standard setting body for establishing governmental accounting and financial reporting principles. Beginning July 1, 2002, the District changed its financial reporting to comply with GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*; GASB Statement No. 37, *Basic Financial Statement – and Management's Discussion and Analysis – for State and Local Governments: Omnibus*; and GASB Statement No. 38, *Certain Financial Statement Disclosures*. The District's significant accounting policies are described below.

a. Government-wide and fund financial statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all the nonfiduciary activities of the primary government. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements except for interfund services provided and used, which is not eliminated. Internal Service Fund operating activity is eliminated by allocating net revenue/expenses to the appropriate function accounts so as to avoid overstatement of revenues and expenses. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District reports no such business-type activities.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

b. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and custodial fund financial statements. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Government fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes are recognized as revenue in the fiscal year for which taxes have been levied, provided they are collected and certified by the county auditor by the fiscal year-end. Additionally, taxes collected within 60 days after fiscal year-end are recorded as a receivable with an offset to deferred inflows of resources-unavailable revenue for amounts not collected and available for advance on June 30th by the county auditor. All other revenue associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period.

The District reports the following major funds:

General Fund, a governmental fund. The General Fund is the District's primary operating fund. It accounts for all financial resources not accounted for and reported in another fund.

Debt Service Fund, a governmental fund. The Debt Service Fund is used to account for and report financial resources that are restricted to expenditure for principal and interest.

Building Fund, a governmental fund. The *Building Fund* is used to account for and report financial resources that are restricted to expenditures related to the District's capital bond improvements.

The District's non-major governmental funds include the following fund types:

Special Revenue Funds, governmental funds that are used to account for and report the proceeds of specific revenue sources that are restricted or committed to an expenditure for specified purposes other than debt service or capital projects.

Capital Projects Funds, governmental funds that are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays including the acquisition or construction of capital facilities and other capital assets.

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

The District's non-major proprietary funds include the following fund type:

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the District generally on a cost-reimbursement basis. The District has three such funds, an Intra-District Services Fund that accounts for copying and printing services provided to other funds, a Worker's Compensation Self-Insurance Fund and an employee Medical Self-Insurance Fund.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary fund's principal ongoing operations. Charges for services are the principal operating revenues for the District's internal service funds. Operating expenses for the internal service funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Additionally, the District reports a *Fiduciary Fund*. Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund consists of one custodial fund. The Custodial fund is used to report fiduciary activities that are not required to be reported in a trust fund. The District has one custodial fund that accounts for hosting state athletic tournaments on behalf of the OHSA.

c. Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net assets that applies to future periods and will not be recognized as an outflow of resources (expenses/expenditure) until then. For the District, deferred outflows of resources include a deferred charge on refunding and a deferred amount of pension and other postemployment benefits (OPEB) contributions. A deferred charge on debt refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred outflows of resources related to pension and OPEB plans are explained in Notes 12 and 13.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time. For the District, deferred inflows of resources include property taxes, unavailable revenue, pensions and OPEB. Property taxes represent amounts for which there is an enforceable legal claim as of June 30, 2024, but which were levied to finance fiscal year 2025 operations. These amounts have been recorded as a deferred inflow on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the District, unavailable revenue includes delinquent property taxes and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. Deferred inflows of resources related to pension and OPEB plans are reported on the government-wide statement of net position. (See Notes 12 and 13).

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

d. Unearned Revenue

Under both the accrual and modified accrual basis of accounting, revenue may be recognized only when it is earned. If assets are recognized in connection with a transaction before the earnings process is complete, those assets must be offset by a corresponding liability for unearned revenue.

Under the modified accrual basis of accounting, it is not enough that revenue has been earned if it is to be recognized as revenue of the current period. Revenue must also be susceptible to accrual (it must be measurable and available to finance expenditures of the current fiscal period). If assets are recognized in connection with a transaction before the earnings process is complete, those assets must be offset by a corresponding liability for unearned revenue.

e. Cash and Investments

To improve cash management, all cash received by the District is pooled in a central bank account. Monies for all funds are maintained in this account or temporarily used to purchase short-term investments. Individual fund integrity is maintained through District records. Each fund's interest in the pool is presented as "Cash and Investments" on the balance sheet. At fiscal year-end, investments were limited to STAR Ohio, commercial paper, and federal agency securities. Investment earnings are allocated as authorized by State statute or as governed by Board policy.

Investments are reported at fair value, which is based on quoted market prices.

The District had funds invested in the State Treasury Asset Reserve of Ohio (STAR Ohio) during fiscal year 2024. STAR Ohio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investments purposes. STAROhio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, "Certain External Investment Pools and Pool Participants." The District measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV per share that approximates fair value.

For presentation on the financial statements, investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the District are considered to be cash equivalents. Investments with an initial maturity of more than three months that are not purchased from the pool are reported as investments.

f. Prepaid Items

Payments made for services that will benefit periods beyond the current fiscal year are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year which services are consumed. At fiscal year-end, because prepaid items are not available to finance future governmental fund expenditures, the fund balance is nonspendable in the fund financial statements by an amount equal to the carrying value of the asset.

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

g. Inventory

Inventories of supplies are presented at cost determined on a first-in, first-out basis while inventories held for resale are presented at the lower of cost or market. Inventories are recorded as expenditures when consumed rather than when purchased. For all funds, inventories are determined by physical count.

h. Capital Assets and Depreciation

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets are reported in the government-wide statement of net position but are not reported in the fund financial statements. Capital assets utilized by proprietary funds are reported on both statement types.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are recorded at their acquisition price. The District follows the policy of not capitalizing assets with a cost of less than \$5,000 and a useful life of less than one year. The District does not possess any infrastructure.

All reported capital assets, with the exception of land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Land Improvements	10-20
Buildings & Improvements	20-50
Furniture, Fixtures and Equipment	3-15
Buses, Autos, and Trucks	5-10

The School is reporting intangible right to use assets related to leased buildings and vehicles. These intangible assets are being amortized in a systematic and rational manner over the shorter of the lease term or the useful life of the underlying asset.

i. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. On fund financial statements, short-term interfund loans are classified as interfund receivables/payables. These amounts are eliminated in the statement of net position.

j. Compensated Absences

The District has implemented the provisions of GASB Statement No. 16, "Accounting for Compensated Absences". Vacation benefits are accrued as a liability as the benefits are earned if the employee's rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. Sick leave benefits are accrued as a liability using the vesting method. The liability is based on the sick leave accumulated at

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

June 30 by those employees who are currently eligible to receive termination payments and those employees for whom it is probable they will become eligible to receive termination benefits in the future. The criteria for determining the vacation and sick leave liability is derived from Board policy, negotiated agreements, and state laws.

The compensated absence liability is reported on the entity-wide financial statements. For governmental fund financial statements, the compensated absence liability is reported only if they have matured and represent the current portion of unpaid compensated absences that is normally expected to be paid using expendable available financial resources. These amounts are recorded in the account "accrued liabilities" in the fund from which the employees who have accumulated leave are paid. The noncurrent portion of the liability is not reported. In the proprietary funds, the entire amount of compensated absences is reported as a fund liability.

k. Accrued Liabilities and Long-term Debt

All accrued liabilities and long-term debt is reported in the entity-wide financial statements as well as the proprietary fund financial statements. For governmental fund financial statements, these accrued liabilities are generally reported as a governmental fund liability if due for payment as of the balance sheet date regardless of whether they will be liquidated with current financial resources. However, claims for judgments and compensated absences paid from governmental funds are reported as a liability in the fund financial statements only for the portion expected to be financed from expendable available financial resources. Long-term debts paid from governmental funds are not recognized as a liability in the fund financial statements until due. All premiums, and deferred amounts on refunding related to long-term debt are amortized using the straight line method over the life of the debt. Issuance costs are expensed in which the year they are incurred.

l. Pensions/OPEB

For purposes of measuring the net pension/OPEB liability, net OPEB asset, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

m. Fund Balances

In accordance with Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting*, the District classifies its fund balance based on the purpose for which the resources were received and the level of constraint placed on the resources. The following categories are used:

Nonspendable – resources that are not in spendable form (inventory) or have legal or contractual requirements to maintain the balance intact.

Restricted – resources that have external purpose restraints imposed on them by providers, such as creditors, grantors, or other regulators.

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

Committed – resources that are constrained for specific purposes that are internally imposed by the District at its highest level of decision making authority, the Board of Education.

Assigned – resources that are intended to be used for specific purposes as approved through the District's formal purchasing procedure by the Treasurer.

Unassigned – residual fund balance within the General Fund that is not restricted, committed, or assigned. The General Fund is the only fund that can report a positive unassigned fund balance. However, in governmental funds other than the general fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

The District applies restricted resources first when an expense is incurred for purposes which both restricted and unrestricted net position are available. The District considers committed, assigned, and unassigned fund balances, respectively, to be spent when expenditures are incurred for purposes for which any of the unrestricted fund balance classifications could be used. Committed fund balances are established, modified and rescinded with the formal action of a board resolution.

The District has a formal minimum fund balance policy. The District recognizes the need to maintain sufficient year-end carry-over balances in its general fund to minimize undesirable programmatic reductions, including staffing reductions. Therefore it is essential to clearly define a fund balance level that triggers a decision to make budgetary adjustments and possibly seek voter approval of new taxes well in advance of a cash shortfall. Further, the District recognizes the value of such a policy with respect to its debt management practices and underlying bond rating. As such, the District defines its minimum unrestricted general fund balance as 1/12 of annual expenditures in the third year of the forecast and will initiate budgetary actions or proposed levy to voters in a timely manner to address projected balances below this level.

The Board has committed \$28.8 million in the General Fund for 2024 as a budget contingency. Formal board resolution appropriating this \$28.8 million must be made in order for it to be spent.

n. Statement of Cash Flows

For purposes of the statement of cash flows, the proprietary funds consider all highly liquid investments, with a maturity of three months or less when purchased, to be cash equivalents. In addition, all cash and investments are also considered to be cash equivalents, since they are available to the proprietary funds on demand.

o. Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reported period. Actual results could differ from those estimates.

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

3. Cash and Investments

a. Cash

The investment and deposit of the District's monies is governed by the provisions of the ORC. In accordance with these statutes, the District is authorized to invest in United States and State of Ohio bonds, notes, and other obligations; bonds, notes and other obligations of political subdivisions of the State of Ohio rated in one of the three highest categories of a nationally recognized rating service and paid from general revenues; bank certificates of deposit; banker acceptances; commercial paper notes rated prime and issued by United States corporations; and repurchase agreements secured by United States obligations. During fiscal year 2024, investments were limited STAR Ohio, commercial paper, and federal agency securities. Earnings on investments are credited to the General Fund except earnings specifically related to the Capital Projects Fund, Food Service Fund, Other Local Sources Fund, Self-Insurance Fund, Private Purpose Trust Fund, and the Auxiliary Service Fund which is in compliance with ORC Section 3315.01. In fiscal year 2024 an investment income of \$9.6 million was recorded in the general fund which includes \$1.3 million assigned from other District funds. There was \$9.9 million credited to the building fund \$0.2 million credited to other governmental funds, and \$0.7 million recorded in the internal service funds.

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the Ohio Pooled Collateral System (OPCS). The OPCS allows for the District's financial institution to pledge collateral to the Ohio Treasurer's Office to secure the District's public deposits. The Treasurer's Office is the sole administrator and monitor of the program

b. Deposits with Financial Institutions

At June 30, 2024, the carrying amount of all District deposits was \$46,293,824. Based on the criteria described in GASB Statement No. 40, *Deposits and Investment Risk Disclosures*, as of June 30, 2024, \$24,213,171 of the District's bank balance of \$46,342,755 was not covered by FDIC, while \$22,129,584 was covered by Federal Deposit Insurance Corporation. Bank balances not covered by the FDIC were collateralized through the Ohio Pooled Collateral System (OPCS) or specifically pledged by the institution.

Custodial credit risk is the risk that, in the event of bank failure, the District will not be able to recover deposits or collateral securities that are in the possession of an outside party. The District has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits either be insured or protected by (1) eligible securities pledged to the District and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105 percent of the deposits being secured, or (2) participation in the OPCS, a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total market value of the securities pledged to be 102 percent of the deposits being secured or a reduced rate set by the Treasurer of State.

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

c. Investments

As of June 30, 2024, the District had the following investments and maturities.

Investment Type	Fair Value	Investment Maturities			
		6 Months or Less	7 to 12 Months	13 to 36 Months	37 to 60 Months
FAMC	\$ 17,768,613	\$ -	\$ 5,885,394	\$ 11,883,219	-
FFCB	92,628,560	4,985,475	-	50,863,462	36,779,623
FHLB	112,526,486	19,988,080	35,521,108	45,082,059	11,935,239
FNMA	12,450,771	4,904,325	-	7,546,446	-
PEFCO	5,909,622	-	-	-	5,909,622
STAR Ohio	45,515,772	45,515,772	-	-	-
TVA	4,888,950	-	-	-	4,888,950
US Treasury Bond	10,476,250	-	-	10,476,250	-
US Treasury Note	44,114,999	8,877,656	-	14,858,593	20,378,750
	<u>\$ 346,280,023</u>	<u>\$ 84,271,308</u>	<u>\$ 41,406,502</u>	<u>\$ 140,710,029</u>	<u>79,892,184</u>

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from rising interest rates and according to state law, the District's investment policy limits investment portfolio maturities to five years or less.

Credit Risk. The District's investments in agency securities were rated Aaa and AA+ by Moody's Investor Services and Standard & Poor's, respectively. The District's investment in commercial paper were rated A1/P1 by Moody's Investor Services and Standard & Poor's, respectively. STAR Ohio carries a rating of AAA by Standard and Poor's. The District has no investment policy that would further limit its investment choices other than what has been approved by state statute as described above.

Concentration of Credit Risk. The District places no limit on the amount that may be invested in any one issuer. The following table includes the percentage to total of each investment type held by the District at June 30, 2024:

Investment Type	Fair Value	Fair Value	
		Hierarchy	% of Total
FAMC	\$ 17,768,613	Level 2	5.13%
FFCB	92,628,560	Level 2	26.75%
FHLB	112,526,486	Level 2	32.50%
FNMA	12,450,771	Level 2	3.60%
PEFCO	5,909,622	Level 2	1.71%
STAR Ohio	45,515,772	N/A	13.14%
TVA	4,888,950	Level 2	1.41%
US Treasury Bond	10,476,250	Level 2	3.03%
US Treasury Note	44,114,999	Level 2	12.74%
	<u>\$ 346,280,023</u>		<u>100.00%</u>

The District has categorized its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The above chart identifies the District's recurring fair value measurements as of June 30, 2024. All of the

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

District's investments (except STAR Ohio) are valued using quoted prices in markets that are not considered to be active, dealer quotations or alternative pricing sources for similar assets or liabilities for which all significant inputs are observable, either directly or indirectly (Level 2 inputs).

Custodial Risk. For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investments. The District has no investment policy that would further limit its investment choices with respect to custodial risk other than what has been approved by state statute as described above.

Reconciliation of Cash and Investments to the Statement of Net Position

Investments (Summarized Above)	\$ 346,280,023
Carrying Amount of Deposits	46,293,824
Total Cash & Investments Stmt of Net Position	<u>\$ 392,573,847</u>

4. Property Taxes

Property taxes are levied and assessed on a calendar-year basis. Distributions from the second half of the calendar year occur in a new fiscal year and are intended to finance the operations of that year, except monies available to be advanced against such distributions which may be appropriated and used in the current fiscal year. Property taxes include amounts levied against all real, public property located in the District.

Real property taxes and public utility taxes are levied after April against the assessed value listed as of the prior January 1, the lien date. Assessed values are established by State law at 35% of appraised value.

Public utility property taxes are assessed on tangible personal property as well as land and improvements. Real property is assessed at 35% of true value and tangible personal property is currently assessed at varying percentages of true value. These taxes attach as a lien against local and inter-exchange telephone companies and are levied January 1 of the current year.

The assessed values for collection in 2024, upon which the 2023 levies were based, were as follows:

Agricultural/Residential Real Estate	\$ 2,537,822,230
Commercial/Industrial Real Estate	608,834,160
Public Utility Real Estate	222,130
Public Utility Tangible	75,260,040
Total	<u>\$ 3,222,138,560</u>

Real property taxes are payable annually or semiannually. If paid annually, the payment is due January 30; if paid semiannually, the payment is due January 30 with the remainder payable by June 30.

The Franklin County Treasurer collects property taxes on behalf of the District. The County Auditor periodically remits to the District its portion of the taxes collected.

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

Accrued property taxes receivables represent real property and public utility taxes which were measurable but not available as of June 30, 2024. However, monies legally available as an advance to the District as of June 30, 2024 are recognized as revenue as they are both measurable and available, although monies the District hasn't actually advanced are prohibited by law from being appropriated in the current year in accordance with Ohio Revised Code Section 5705.35.

5. Receivables

Receivables at June 30, 2024 consisted of taxes and other miscellaneous accounts receivable. Taxes receivable include current and delinquent taxes receivable. A summary of the principal items of receivables follows:

Governmental Activities:	General Fund	Debt Service Fund	Building Fund	All Other Governmental Funds	Total
Taxes current	\$ 142,040,281	\$ 16,136,714	\$ -	\$ 4,545,080	\$ 162,722,075
Taxes delinquent	2,929,719	359,286	-	90,920	3,379,925
Other	2,050,971	-	1,422,154	-	3,473,125
Total	<u>\$ 147,020,971</u>	<u>\$ 16,496,000</u>	<u>\$ 1,422,154</u>	<u>\$ 4,636,000</u>	<u>\$ 169,575,125</u>

6. Intergovernmental Receivables

Intergovernmental receivables at June 30, 2024 consist of the following:

	<u>Governmental Activities:</u>
Debt Service Fund	\$ 48,913
All Other Governmental Funds	
Federal	818,519
Total	<u>\$ 867,432</u>

The receivable is a result of federal awards not yet received at year end.

7. Interfund Transactions

Interfund balances on the fund statements at June 30, 2024 consist of the following receivables and payables:

<u>Fund</u>	<u>Receivable</u>	<u>Payable</u>
General Fund	\$ 128,000	\$ 34,608
All Other Governmental Funds	-	129,659
Internal Service Fund	36,267	-
Totals	<u>\$ 164,267</u>	<u>\$ 164,267</u>

The purpose of the General Fund interfund receivable and \$0.1 million of the Other Governmental Funds payable is the result of short-term interfund loans made by the General Fund while the other funds await grant reimbursement. The Internal Service Fund receivable, General Fund payable, and \$2,213 of the Other Governmental Funds payable is the result of

WORTHINGTON CITY SCHOOL DISTRICT
Notes to the Basic Financial Statements
June 30, 2024

Workers Compensation Premiums on wages earned but not yet paid that are due to the self-insurance fund.

Interfund transfers on the fund statements at June 30, 2024, consisted of the following:

	<u>Transfer In</u>	<u>Transfer Out</u>
General Fund	\$ -	\$ 13,228,264
Debt Service Fund	312,814	-
Other Governemntal Funds	12,915,450	-
	<u>\$ 13,228,264</u>	<u>\$ 13,228,264</u>

The purpose of the transfers from the general fund to the debt service fund was to fund debt service obligations relating to House Bill 264 energy conservation project in which savings are used to pay off project debt obligations. The purpose of the transfer of \$58,853 to the food service fund was to cover deficit balances in student accounts not funded by federal monies. The purpose of a transfer of \$12,850,000 to the permanent improvement fund was for the purchase and renovation of a facilities maintenance building.

Food Service Operations	14,483
Community Services	5,422
Co-Curricular Student Services	222,104
Total Depreciation Expense	<u>\$ 5,764,426</u>

9. General Long-Term Obligations

A summary of the governmental activities changes in long-term liabilities follows:

	Balance June 30, 2023	Additions	Reduction	Premium Amortized	Balance June 30, 2024	Amounts Due in One year
Compensated Absences	\$ 10,548,951	\$ 2,894,781	\$ (1,903,497)	\$ -	\$ 11,540,235	\$ 1,645,651
Bonds Payable	374,216,465	295,428	(8,931,000)	(1,368,903)	364,211,990	9,181,000
Notes Payable	759,108	-	(299,120)	-	459,988	305,132
Arbitrage Rebate Payable	-	2,478,401	-	-	2,478,401	-
Leases	252,588	-	(94,793)	-	157,795	92,218
Total Other Long-Term Liabilities	385,777,112	5,668,610	(11,228,410)	(1,368,903)	378,848,409	11,224,001
Net Pension Liability (See Note 12)	160,163,634	-	(4,525,363)	-	155,638,271	-
Other Postemployment Benefit Liability (See Note 13)	8,364,940	1,278,320	-	-	9,643,260	-
Total Long Term Liabilities	<u>\$ 554,305,686</u>	<u>\$ 6,946,930</u>	<u>\$ (15,753,773)</u>	<u>\$ (1,368,903)</u>	<u>\$ 544,129,940</u>	<u>\$ 11,224,001</u>

Compensated absences consist of accrued but unused sick and vacation leave. The criteria for determining leave benefits are derived from negotiated agreements and State laws. Accumulated unused vacation leave is paid to employees upon termination of employment. Accumulated unused sick leave, up to a maximum number of days depending on negotiated contract, are paid upon retirement. All leave is paid from the fund in which the employee is paid. In fiscal year 2024, the payments were made from the general fund and food service fund. The portion of known severance payable at June 30, 2024 is recorded as a fund liability and classified as Accrued Liabilities (see note 10) while the remaining portion is recorded as a long-term liability using the vesting method.

The District has calculated and recorded all liabilities related to federal arbitrage regulations.

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

There is no repayment schedule for the net pension liability and net OPEB liability; however, employer pension and OPEB contributions are made from the fund benefitting from their services which include the general, food service, intra-district services, workers compensation self-insurance, medical self-insurance, district managed student activities, auxiliary services, other state grants, elementary and secondary school emergency relief, special education part B IDEA grant, vocational education grant, title III immigrant/LEP grants, title I, special education preschool grant, and the title IIA improving teacher education funds.

On February 23, 2023, the District issued \$234,000,000 of General Obligation Bonds for the purpose of construction and improvement of District facilities. The bonds were issued for a thirty-one-year period with final maturity at December 1, 2054 and will be retired from the debt service fund.

As of June 30, 2024, the District had seven general obligation bond issues and one energy conservation note outstanding. This debt was issued for general government activities, specifically, the construction and renovation of school buildings and an administrative facility. General obligations currently outstanding are as follows:

Purpose	Issue Date	Final Maturity	Interest Rate	Balance June 30, 2024
2010B Qualified School Construction Bonds (1)	8/30/2010	12/1/2025	5%	\$ 1,700,000
2013A General Obligation Bonds (2)	2/14/2013	12/1/2027	1.5-5%	14,119,927
2016 Refunding Bonds (4)	3/29/2016	12/1/2024	1.75-4.0%	1,665,491
2019A General Obligation Bonds (5)	2/21/2019	12/1/2048	3.75-5.0%	67,737,516
2019B General Obligation Bonds (5)	3/12/2019	12/1/2039	2.0-4.0%	9,475,000
2021 Refunding Bonds (6)	9/8/2021	12/1/2026	0.83%	6,265,000
2023 Refunding Bonds (7)	2/23/2023	12/1/2054	2.83-4.01%	263,249,056
				<u>364,211,990</u>
2015 HB 264 Energy Conservation Note (3)	4/13/2015	1/1/2025	1.75%	459,988
				<u>459,988</u>
				<u><u>\$ 364,671,978</u></u>

(1) Part of a \$37.5 million bond levy passed in November 2006 for construction and improvement of District facilities, technology upgrades, transportation upgrades, and various replacement equipment.

(2) Part of a \$37.2 million bond levy passed in November 2012 for construction and improvement of District facilities, technology upgrades, transportation upgrades, and replacement equipment.

(3) Note agreement with Ohio Development Service Agency, Energy Loan Fund, to finance an energy conservation project in accordance with HB264. Total loan amount of \$2.6 million will be repaid over 10 years with savings from decreased utility payments.

(4) \$8.8 million partial refunding of the 2008 and 2009 issuances.

(5) Part of a \$88.2 million bond levy passed in November 2018 for construction and improvement of District facilities, technology upgrades, transportation upgrades, and various replacement equipment.

(6) \$10.0 million partial refunding of the 2013B General Obligation Bonds.

(7) A \$234.0 million bond levy passed in November 2022 for construction and improvement of District facilities.

The above bonds include current interest serial bonds, capital appreciation bonds, and current term interest bonds. Included in the amortization above is \$1,368,903 of premium amortization,

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

which are all being amortized over the life of the bonds. Total accumulated accretion outstanding at June 30, 2024 was \$295,428.

Interest cost on the qualified school construction bonds will be directly and annually subsidized by the federal government as part of the American Reinvestment and Recovery Act of 2009 and section 54F of the Internal Revenue Code. Subsidy payments received during fiscal year 2024 totaled \$41,924.67 at June 30, 2024. This subsidy represents 47.91% of the annual interest cost of that issue, making the effective annual interest cost 2.67%.

The general obligation debt is a direct obligation of the District for which its full faith, credit and resources are pledged and are payable from taxes levied on all taxable property in the school district. Payments of principal and interest relating to these liabilities are recorded as expenditures in the Debt Service Fund.

The annual maturities of the general obligation bonds and notes, as of June 30, 2024, and related interest payments are as follows (net of \$34,918,057 unamortized premium):

Fiscal Year	Totals		Bonds		Notes	
	Principal	Interest	Principal	Interest	Principal	Interest
2025	\$ 9,486,132	\$ 15,832,715	\$ 9,181,000	\$ 15,825,033	\$ 305,132	\$ 7,682
2026	9,628,856	15,549,162	9,474,000	15,547,612	154,856	1,550

2055	25,675,000	706,063	25,675,000	706,063	-	-
Total	<u>\$ 329,753,921</u>	<u>\$ 342,093,427</u>	<u>\$ 329,293,933</u>	<u>\$ 342,084,195</u>	<u>\$ 459,988</u>	<u>\$ 9,232</u>

The ORC provides that voted net general obligation debt of the District shall never exceed 9% of the total assessed valuation of the District. The ORC further provides that unvoted indebtedness shall not exceed 1/10 of 1% of the property valuation of the District.

The effects of these debt limitations at June 30, 2024 are a voted debt margin of \$289,992,470 and an unvoted debt margin of \$3,222,139. The aggregate amount of the District's unvoted debt is also subject to overlapping debt restrictions with various governmental entities. However, ORC allows for several exceptions to the 9 percent general rule which the District qualifies for, therefore, as of June 30, 2024, these entities have complied with the requirement that the unvoted overlapping debt must not exceed 1% (10 mills) of the assessed property value. Management believes that the District has complied with all bond covenants.

The School has entered into four lease agreements in fiscal year 2022: A three-year lease for storage space through December of 2024, a 21-month lease for additional storage space through June of 2023, a 29-month lease for additional storage space through August of 2025, and a six-year lease for use of a truck through November of 2028.

Due to the implementation of GASB Statement No. 87, the School will report an intangible capital asset and corresponding liability for the future scheduled payments under the lease. The following is a payment schedule for the leases.

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

Fiscal Year Ended	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ 92,218	\$ 4,208	\$ 96,426
2026	26,718	1,965	28,683
2027	15,068	1,312	16,380

Total	<u>\$ 9,901,480</u>	<u>\$ 474,218</u>	<u>\$ 11,711,260</u>

11. Risk Management

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors, and omissions, injuries to employees and natural disasters. The District contracts with third party insurance carriers for property insurance (including boiler and machinery) and general liability insurance. During fiscal year 2024, the District contracted with the Ohio School Plan, administered by Hylant Administrative Services, for general and professional liability with a \$3 million single occurrence limit and a \$5 million aggregate limit. Automobile bodily and property damage is covered by a \$3 million combined single occurrence limit. Property and vehicles are also protected with a \$1,000 deductible. Settled claims have not exceeded coverage in any of the past three years.

The District provides employee dental and vision benefits through a premium insurance plan. Employee monthly contributions are determined by negotiated agreements with the certificated and non-certificated staff bargaining units. The premium is paid by the fund that pays the salary for the employee.

The District provides medical health insurance coverage for its employees on a self-funded basis and utilizes a third party to manage claims processing. Employee monthly contributions are determined by negotiated agreements with the certificated and non-certificated staff bargaining units. The premium is paid by the fund that pays the salary for the employee. Expenses for claims are recorded on a current basis based on an actuarially determined charge per employee. The District accounts for such activity in an internal service fund in accordance with GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*.

The District purchases excess stop-loss insurance for medical claims exceeding \$275,000 per covered person. The District is a part of the Central Ohio School Stop Loss Organization (COSSO) Regional Council of Governments consortium. COSSO was formed pursuant to Ohio

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

Revised Code Section 167 and enables the District to take advantage of economies of scale to purchase excess reinsurance.

Members currently consist of the school districts of Dublin City, Upper Arlington City, Westerville City, Mansfield City, Delaware City, and Worthington City as well as the Midwest Employee Benefit Consortium. Future membership is open to any public entity in the state of Ohio upon approval by a majority of all current members of the Governing Board. Members may withdraw at any time after initial two year period provided it notifies each member in writing at least 90 days prior to the renewal of the insurance policy.

COSO is managed by a Governing Board consisting of elected representatives from member districts. Additional information regarding COSO can be obtained by contacting COSO, 200 East Wilson Bridge Road, Worthington, OH 43085.

The District provides life insurance and accidental death and dismemberment insurance to employees in an amount related to the employee's position, ranging from \$20,000 to \$500,000.

The District is self-insured for workers' compensation coverage and utilizes a third party to manage claims processing. The workers' compensation premium is a fixed rate determined annually based on claims experience. The rate for fiscal year 2024 was 0.35 percent of covered payroll. The premium is paid by the fund that pays the salary for the employee. The District purchases stop-loss insurance for any claims exceeding \$400,000, and also paid into the Self-Insured Employers Guaranty Fund, which guarantees that claims are satisfied should the District become unable to pay them. The District accounts for such activity in an internal service fund in accordance with GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*.

A claims liability of \$88,764 and \$975,000 was recorded at June 30, 2024 in the Workers' Compensation and Medical Self Insurance Funds, respectively. The entire amount has been recorded as a current liability on the government-wide statement of net position due to the average maturity being less than one year. This reflects an estimate of incurred but unpaid and unreported claims at year end. Claims liabilities do not include non-incremental claims adjustment expenses. This estimate was calculated based on claims history.

Changes in the fund's claim liability for the past three years are as follows:

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

Medical Self Insurance Fund

Fiscal Year Ending	<u>6/30/2024</u>	<u>6/30/2023</u>	<u>6/30/2022</u>

Workers' Compensation Self Insurance Fund

Fiscal Year Ending	<u>6/30/2024</u>	<u>6/30/2023</u>	<u>6/30/2022</u>
Claims Liability Beginning of Year	\$ 48,012	\$ 83,629	\$ 146,509
Claims Incurred and Changes In Estimates	155,663	35,163	(27,854)
Claims Paid	(114,911)	(70,780)	(35,026)
Claims Liability end of Year	<u>\$ 88,764</u>	<u>\$ 48,012</u>	<u>\$ 83,629</u>
Total Claims Liability End of Year	<u>\$ 1,063,764</u>	<u>\$ 1,957,012</u>	<u>\$ 2,081,629</u>

Claims are accrued based upon estimates of the claims liability made by management and the third party administrator (Actuary) of the District. These estimates are based on past experience and current claims outstanding. Actual claims experience may differ from the estimate. An actuary was used in the determination of the current liability.

12. Defined Benefit Pension Plans***Net Pension Liability***

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

Net Pension Liability/Net OPEB Liability (Asset)

Pensions and OPEB are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions/OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period.

The net pension/OPEB liability (asset) represents the District's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the District's obligation for this liability to annually required payments. The District cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the District does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension/OPEB liability (asset)*. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *intergovernmental payable*.

The remainder of this note includes the required pension disclosures. See Note 13 for the required OPEB disclosures.

Plan Description - School Employees Retirement System (SERS)

Plan Description – District non-teaching employees participate in SERS, a statewide, cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost of living adjustments and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire before August 1, 2017 *	Eligible to Retire on or after August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

* Members with 25 years of service credit as of August 1, 2017, may be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on year of service; 2.2 percent for the first 30 years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost of living adjustment (COLA) on the first anniversary date of the benefit. New benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. The COLA is indexed to the percentage increase in the CPI-W, not to exceed 2.5 percent and with a floor of 0 percent. The Retirement Board approved a 2.5 percent COLA for calendar year 2024.

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2024, the allocation to pension, death benefits, and Medicare B was 14.0 percent. For fiscal year 2024, the Retirement Board did not allocate any employer contribution to the Health Care Fund.

The District's contractually required contribution to SERS was \$3,489,008 for fiscal year 2024. Of this amount, \$185,332 is reported as an intergovernmental payable.

Plan Description - State Teachers Retirement System (STRS)

Plan Description – District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB Plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective Aug. 1, 2015, the calculation is 2.2% of final average salary for the five highest years of earnings multiplied by all years of service. Eligibility changes will be phased in until Aug. 1, 2023, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 34 years of service credit at any age.

Eligibility changes for DB Plan members who retire with actuarially reduced benefits will be phased in until Aug. 1, 2023 when retirement eligibility will be five years of qualifying service credit and age 60, or 30 years of service credit regardless of age.

The DC Plan allows members to place all their member contributions and 11.09 percent of the 14 percent employer contributions into an investment account. The member determines how to allocate the member and employer money among various investment choices offered by STRS. The remaining 2.91 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined plan offers features of both the DB Plan and the DC Plan. In the Combined plan, 12 percent of the 14 percent member rate is deposited into the member's DC account and the remaining 2 percent is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

the regular DB Plan. The defined benefit portion of the Combined plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50 and after termination of employment.

New members who choose the DC Plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members on or after July 1, 2013, must have at least ten years of qualifying service credit to apply for disability benefits. Members in the DC plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The 2024 employer and employee contribution rate of 14 percent was equal to the statutory maximum rates. For 2024, the full employer contribution was allocated to pension.

The District's contractually required contribution to STRS was \$11,474,796 for fiscal year 2024. Of this amount, \$1,265,385 is reported as an intergovernmental payable.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an independent actuarial valuation as of that date. The Academy's proportion of the net pension liability was based on the employer's share of employer contributions in the pension plan relative to the total employer contributions of all participating employers. Following is information related to the proportionate share and pension expense:

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

Total	<u>\$1,213,851</u>	<u>\$3,756,336</u>	<u>\$4,970,187</u>

Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations. Future benefits for all current plan members were projected through 2132.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2023 and June 30, 2022, are presented below:

Actuarial Cost Method	Entry Age Normal (Level Percentage of Payroll, Closed)
Inflation	2.40 percent
Future Salary Increases, including inflation	3.25 percent to 13.58 percent
Investment Rate of Return	7.00 percent, net of investment expense, including inflation
COLA or Ad Hoc COLA	2.00 percent, on and after April 1, 2018, COLA's for future retirees will be delayed for three years following commencement

Mortality rates were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward two years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward five years and adjusted 103.3 percent for males and set forward three years and adjusted 106.8 percent for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

The most recent experience study was completed for the five year period ended June 30, 2020.

The long-term return expectation for the investments has been determined by using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating an arithmetic weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	2.00 %	0.75 %
US Equity	24.75	4.82
Non-US Equity Developed	13.50	5.19
Non-US Equity Emerging	6.75	5.98
Fixed Income/Global Bonds	19.00	2.24
Private Equity	12.00	7.49
Real Estate/Real Assets	17.00	3.70
Private Debt/Private Credit	5.00	5.64
Total	100.00 %	

Discount Rate The total pension liability for 2023 was calculated using the discount rate of 7.00 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.00 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the Academy's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the Academy's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent), or one percentage point higher (8.00 percent) than the current rate.

	1% Decrease	Current Discount Rate	1% Increase
District's proportionate share of the net pension liability	\$47,281,472	\$32,034,625	\$19,192,063

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

Actuarial Assumptions - STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the June 30, 2023, actuarial valuation, are presented below:

Inflation	2.50 percent
Salary Increases	
Current Measurement Period	Varies by service from 2.50 percent to 8.50 percent
Prior Measurement Period	Varies by service from 2.50 percent to 8.50 percent
Payroll Increases	3.00 percent
Investment Rate of Return	7.00 percent, net of investment expenses, including inflation
Discounted Rate of Return	7.00 percent
Cost-of-Living Adjustments (COLA)	0.00 percent effective July 1, 2017

For 2022 and 2023, post-retirement mortality rates for healthy retirees are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110 percent for males, projected forward generationally using mortality improvement scale MP-2020. Pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95 percent for females, projected forward generationally using mortality improvement scale MP-2020. Post-retirement disabled mortality rates are based on Pub-2010 Teachers Disable Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

For 2021, post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Tables, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2023 valuation, were based on the results of the latest available actuarial experience study, which is for the period July 1, 2015, through June 30, 2020. An actuarial experience study is done on a quinquennial basis.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

<u>Asset Class</u>	<u>Target Allocation *</u>	<u>Long-Term Expected Real Rate of Return**</u>
Domestic Equity	26.00 %	6.60 %
International Equity	22.00	6.80
Alternatives	19.00	7.38
Fixed Income	22.00	1.75
Real Estate	10.00	5.75
Liquidity Reserves	1.00	1.00
Total	<u>100.00 %</u>	

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

*Target allocation percentage is effective October 1, 2022.

**10-Year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25 percent and is net of investment expenses. Over a 30-year period, STRS investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate. The discount rate used to measure the total pension liability was 7.00 percent as of June 30, 2023. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2023. Therefore, the long-term expected rate of return on pension plan investments of 7.00 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2023.

Sensitivity of the Academy's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the Academy's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.00 percent, as well as what the Academy's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.00 percent) or one-percentage-point higher (8.00 percent) than the current rate:

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
District's proportionate share of the net pension liability	\$190,075,049	\$123,603,646	\$67,387,027

Changes between the Measurement Date and the Reporting Date The discount rate remained at 7.00% for June 30, 2023 valuation. Demographic assumptions were changed based on the actuarial experience study for the period July 1, 2015 through June 30, 2021.

Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System of Ohio have an option to choose Social Security or the School Employees Retirement System/State Teachers Retirement System of Ohio. As of June 30, 2024, no member of the Board of Education elected Social Security. The Board's liability is 6.2 percent of wages paid.

13. Post employment Benefits Other than Pension Benefits

See Note 12 for a description of the net OPEB liability (asset).

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

Plan Description - School Employees Retirement System (SERS)

Health Care Plan Description - The District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Comprehensive Annual Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund in accordance with the funding policy. For the fiscal year ended June 30, 2023, SERS did not allocate any employer contributions to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2024, this amount was \$30,000. Statutes provide that no employer shall pay a health care surcharge greater than 2.0 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2024, the District's obligation was \$380,000.

Plan Description - State Teachers Retirement System (STRS)

Plan Description – The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. Nearly all health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2024, STRS did not allocate any employer contributions to post-employment health care.

OPEB Assets/Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability/(asset) was measured as of June 30, 2023, and the total OPEB liability used to calculate the net OPEB liability/(asset) was determined by an actuarial valuation as of that date. The School District's proportion of the net OPEB liability/(asset) was based on the School District's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

	SERS	STRS	Total
Proportion of the OPEB Asset/Liability			
-Current Measurement Date	0.5853463%	0.57396797%	
Proportion of the OPEB Asset/Liability			
-Prior Measurement Date	0.5957890%	0.57873462%	
Change in Proportionate Share	-0.0104427%	-0.004766650%	
Proportionate Share of the Net Other			
Benefit Postemployment Asset/Liability	\$9,643,260	(\$11,162,882)	(\$1,519,622)
OPEB Expense-2023	(\$750,675)	(\$514,752)	(\$1,265,427)
OPEB Expense-2022	(\$767,618)	(\$2,646,252)	(3,413,870)
Change in OPEB Expense	\$16,943	\$2,131,500	\$2,148,443

At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to other postemployment benefits from the following sources:

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

	SERS	STRS	Total
Deferred Outflows of Resources			
Differences between expected and actual experience	\$ 20,089	\$ 17,402	\$ 37,491
Changes of assumptions	3,260,670	1,644,461	4,905,131
Net difference between projected and actual earnings on pension plan investments	74,739	19,922	94,661
Difference between District contributions and proportionate share of contributions	573,965	115,793	689,758
District contributions subsequent to the measurement date	380,000	-	380,000
Total Deferred Outflows of Resources	<u>\$ 4,309,463</u>	<u>\$ 1,797,578</u>	<u>\$ 6,107,041</u>
Deferred Inflows of Resources			
Differences between expected and actual experience	\$ 4,973,388	\$ 1,702,636	\$ 6,676,024
Changes of assumptions	2,738,778	7,365,117	10,103,895
Difference between District contributions and proportionate share of contributions	462,470	7,849	470,319
Total Deferred Inflows of Resources	<u>\$ 8,174,636</u>	<u>\$ 9,075,602</u>	<u>\$ 17,250,238</u>

The District reported \$380,000 as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	SERS	STRS	Total
Fiscal Year Ending June 30:			
2025	(\$1,443,769)	(\$3,208,838)	(\$4,652,607)
2026	(1,310,330)	(1,478,229)	(2,788,559)
2027	(754,466)	(571,149)	(1,325,615)
2028	(432,868)	(773,449)	(1,206,317)
2029	(280,770)	(708,321)	(989,091)
2030-2033	(22,970)	(538,088)	(561,058)
Total	<u>(\$4,245,173)</u>	<u>(\$7,278,074)</u>	<u>(\$11,523,247)</u>

Actuarial Assumptions - SERS

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2023, are presented below:

Inflation	2.40 percent
Salary Increases, including inflation	3.25 percent to 13.58 percent
Investment Rate of Return	7.00 percent net of investment expense, including inflation
Fiduciary Net Position Depletion	2048
Municipal Bond Index Rate	
Measurement Date	3.86 percent
Prior Measurement Date	3.69 percent
Single Equivalent Interest Rate	
Measurement Date	4.27 percent
Prior Measurement Date	4.08 percent
Health Care Cost Trend Rate	6.75 percent - 4.40 percent

Mortality rates among healthy retirees were based on the PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward 2 years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3 percent for males and set forward 3 years and adjusted 106.8 percent for females. Mortality rates for contingent survivors were based on PUB-2010 General Amount Weighted Below Median Contingent Survivor mortality table projected to 2017 with ages set forward 1 year and adjusted 105.5 percent for males and adjusted 122.5 percent for females. Mortality rates for actives is based on PUB-2010 General Amount Weighted Below Median Employee mortality table. Mortality rates are projected using a fully generational projection with Scale MP-2020.

The most recent experience study was completed for the five year period ended June 30, 2020.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2016 through 2020, and was adopted by the Board in 2021. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a long-normal distribution analysis in which best-estimate ranges of expected future real rates of return were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.00 percent, by weighting the expected future real rates of return by the target asset allocation percentage and

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class, as used in the June 30, 2020 five-year experience study, are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	2.00 %	0.75 %
US Equity	24.75	4.82
Non-US Equity Developed	13.50	5.19
Non-US Equity Emerging	6.75	5.98
Fixed Income/Global Bonds	19.00	2.24
Private Equity	12.00	7.49
Real Estate/Real Assets	17.00	3.70
Private Debt/Private Credit	5.00	5.64
Total	100.00 %	

Discount Rate The discount rate used to measure the total OPEB liability at June 30, 2023, was 4.27%. The discount rate used to measure total OPEB liability prior to June 30, 2023, was 4.08%. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the contribution rate of 1.50% of projected covered payroll each year, which includes a 1.50% payroll surcharge and no contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position is projected to be depleted in 2048 by SERS' actuaries. The Fidelity General Obligation 20-year Municipal Bond Index Rate was used in the determination of the single equivalent interest rate for both the June 30, 2022 and the June 30, 2023 total OPEB liability. The Municipal Bond Index Rate is the single rate that will generate a present value of benefit payments equal to the sum of the present value determined by the long-term expected rate of return, and the present value determined by discounting those benefits after the date of depletion. The Municipal Bond Index Rate was 3.86% at June 30, 2023 and 3.69% at June 30, 2022.

Sensitivity of the District's Proportionate Share of the OPEB Liability to Changes in the Discount Rate and Changes in Health Care Cost Trend Rates The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability and what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (3.27 percent) and higher (5.27 percent) than the current discount rate (4.27 percent). Also shown is what the net OPEB liability would be based on health care cost trend rates that are one percentage point lower (5.75 percent decreasing to 3.40 percent) and higher (7.75 percent decreasing to 5.40 percent) than the current rate (6.75 percent decreasing to 4.40 percent).

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>

Medical		
Pre-Medicare	7.50 percent initial 4.14 percent ultimate	7.00 percent initial 3.94 percent ultimate
Medicare	-10.94 percent initial 4.14 percent ultimate	-68.78 percent initial 3.94 percent ultimate
Prescription Drug		
Pre-Medicare	-11.95 percent initial 4.14 percent ultimate	9.00 percent initial 3.94 percent ultimate
Medicare	1.33 percent initial 4.14 percent ultimate	-5.47 percent initial 3.94 percent ultimate

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For 2023 and 2022, healthy retirees post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110 percent for males, projected forward generationally using mortality improvement scale MP-2020; pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95 percent for females, projected forward generationally using mortality improvement scale MP-2020. For disabled retirees, mortality rates are based on the Pub-2010 Teachers Disabled Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

For 2021, healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2023, valuation are based on the results of an actuarial experience study for the period July 1, 2015 through June 30, 2021. An actuarial experience study is done on a quinquennial basis.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation*	Long-Term Expected Real Rate of Return**
Domestic Equity	26.00 %	6.60 %
International Equity	22.00	6.80
Alternatives	19.00	7.38
Fixed Income	22.00	1.75
Real Estate	10.00	5.75
Liquidity Reserves	1.00	1.00
Total	100.00 %	

*Final target weights reflected at October 1, 2022.

**10-Year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25 percent and is net of investment expenses. Over a 30-year period, STRS investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate The discount rate used to measure the total OPEB liability was 7.00 percent as of June 30, 2023. The projection of cash flows used to determine the discount rate assumed STRS continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2023. Therefore, the long-term expected rate of return on health care plan investments of 7.00 percent was applied to all periods of projected health care costs to determine the total OPEB liability as of June 30, 2023.

Sensitivity of the District's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate The following table represents the net OPEB asset as of June 30, 2023, calculated using the current period discount rate assumption of 7.00 percent, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

WORTHINGTON CITY SCHOOL DISTRICT
Notes to the Basic Financial Statements
June 30, 2024

	1% Decrease (6.45%)	Current Discount Rate (7.45%)	1% Increase (8.45%)
District's proportionate share of the net OPEB liability	(\$9,447,920)	(\$11,162,882)	(\$12,656,436)

	1% Decrease	Current Trend Rate	1% Increase
District's proportionate share of the net OPEB liability	(\$12,725,742)	(\$11,162,882)	(\$9,280,448)

14. Contingencies

a. Grants

The federal and state grants remain subject to review and audit by the grantor agencies or their designees. Such audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Based on prior experience, the District's administration believes such disallowances, if any, would be minimal.

District Foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. The Ohio Department of Education (ODE) is legislatively required to adjust/reconcile funding as enrollment information is updated by Schools throughout the State, which can extend past the fiscal year end. Management believes this may result in either an additional receivable to, or a liability of, the District.

b. Litigation

The District is party to legal proceedings incidental to operations. As of the date of the financial statements, there are no known substantive items requiring disclosure, and it is anticipated that liability insurance will cover any damages that may result.

c. Significant Contractual and Other Commitments

The District utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed or assigned classifications of fund balance. At year end, the District's commitments for encumbrances in the governmental funds were as follows:

Governmental Fund	Encumbrances
General Fund	\$ 7,475,052
Building Fund	158,561,975
Other Governmental Funds	2,320,746
Total Governmental Encumbrances	<u>\$ 168,357,773</u>

The District is undertaking several construction projects. Below is a list of related outstanding significant commitments at year end:

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

Vendor Name	Contract Amount	Amount Expended	Balance 6/30/24
Ruscilli Construction	\$ 179,105,119	\$ 25,779,172	\$ 153,325,947
Schorr & Associates Architects	11,717,603	7,979,053	3,738,550
Elite Construction Design Management	1,291,338	-	1,291,338
Limbach	1,162,479	202,069	960,410
Rush Truck Centers of Ohio	1,038,506	684,610	353,896
EMOD	965,318	746,901	218,417
Dayton Cincinnati Technology	556,014	195,215	360,799
Wolfrum Roofing & Exteriors	409,000	207,023	201,977
Four Seasons Environmental	404,489	38,334	366,155
	<u>\$ 196,649,866</u>	<u>\$ 35,832,377</u>	<u>\$ 160,817,489</u>

Amount reported here is different than the amount reported as construction in progress due to some amounts considered repairs and maintenance costs that will not be capitalized as well as several contracts that are almost complete and do not represent a significant commitment outstanding at June 30, 2024.

15. Set-Asides

The District is required by State statute to annually set aside in the General Fund an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by year end or offset by similarly restricted resources received during the year must be held in cash at year end and carried forward to be used for the same purposes in future years.

The following cash basis information describes the change in year-end set-aside amount for capital acquisition. Disclosure of this information is required by State statute.

	Capital Acquisitions
Set-aside Reserve Balance carried forward at July 1, 2023	-
Current year set-aside requirements	2,211,261
Qualifying disbursements	(933,861)
Current Year Offsets	(1,277,400)
Total	-
Set-aside Reserve Balance at June 30, 2024	-

During fiscal year 2023, the District issued \$234,000,000 in capital-related debt based on a building project undertaken by the District. Those proceeds may be used as qualifying offsets to reduce the capital acquisition to zero for future years. At June 30, 2024, the District still has \$232,287,199 in qualifying proceeds that may be used to reduce the set-aside requirement for future years.

WORTHINGTON CITY SCHOOL DISTRICT

Notes to the Basic Financial Statements

June 30, 2024

16. Fund Deficits / Accountability

The following funds had deficit fund balances as of June 30, 2024:

<u>Governmental Funds:</u>	<u>Deficit Fund Balance</u>
Special Revenue Funds-	
Special Education Part B IDEA Grant	\$ (7,691)
Title III Immigrant/LEP Grants	(3,318)
Title I Grants	(22,548)
Special Education Preschool Grants	(1,907)
	<u>\$ (35,464)</u>

The deficit fund balances are the result of the application of generally accepted accounting principles. The General Fund provides transfers to cover deficit fund balances; however, this is done when cash is needed rather than when accruals occur.

17. Change in Accounting Principles

For the fiscal year ended June 30, 2024, the District has implemented GASB Statement No. 100, *Accounting Changes and Error Corrections-an amendment of GASB Statement No. 62*. The implementation of GASB Statement No. 100 did not have an effect on the financial statements of the School District.

Notes to the Required Supplementary Information
For the Year Ended June 30, 2024

NOTE A - BUDGETARY DATA

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. All funds, other than custodial funds, are legally required to be budgeted and appropriated. The legal level of budgetary control is at the fund and 1 level object for the General Fund. All other Funds are budgeted at the fund level. Any budgetary modifications at this level must be made by resolution of the Board of Education.

Tax Budget:

Prior to January 15, the Superintendent and the Treasurer submit to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing for all funds. Public hearings are publicized and conducted to obtain taxpayers' comments. The express purpose of this budget document is to reflect the need for existing (or increased) tax rates.

By no later than January 20, the Board-adopted budget is filed with the Franklin County Budget Commission for rate determination.

Estimated Resources:

Prior to March 15, the Board of Education accepts, by formal resolution, the tax rates as determined by the Budget Commission and receives the Commission's Certificate of Estimated Resources which states the projected revenue of each fund. Prior to June 30, the District must revise its budget so that total contemplated expenditures from any fund during the ensuing year do not exceed the amount stated in the Certificate of Estimated Resources. The revised budget then serves as the basis for the appropriation measure. On or about July 1, the Certificate is amended to include unencumbered cash balances from the preceding year. The Certificate may be further amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The amounts reported in the budgetary statements reflect the amounts in the final Amended Certificate issued during fiscal year 2024.

Appropriations:

Upon receipt from the County Auditor of an amended official certificate of estimated resources based on the final assessed values and tax rates or a certificate stating no new certificate is necessary, the annual appropriation resolution must be legally enacted by the Board of Education at the fund and 1 level object for General Fund expenditures, and at the fund level for all other funds, which are the legal levels of budgetary control. Prior to the passage of the annual appropriation measure, the Board may pass a temporary appropriation measure to meet the ordinary expenses of the District. The appropriation resolution, by fund, must be within the estimated resources as certified by the County Budget Commission and the total of expenditures and encumbrances may not exceed the appropriation totals at any level of control. Any revisions that alter the

WORTHINGTON CITY SCHOOL DISTRICT
Notes to the Required Supplementary Information
For the Year Ended June 30, 2024

total of any fund appropriation or alter total function appropriations within a fund, or alter object appropriations within functions, must be approved by the Board of Education. The Board may pass supplemental fund appropriations so long as the total appropriations by fund do not exceed the amounts set forth in the most recent Certificate of Estimated Resources. During the year, several supplemental appropriations were legally enacted; however, none of these amendments were significant. The budget figures which appear in the statements of budgetary comparisons represent the original and final appropriation amounts, including all supplemental appropriations.

Formal budgetary integration is employed as a management control device during the year for all funds, including the Debt Service Fund, consistent with statutory provisions.

Encumbrances:

As part of formal budgetary control, purchase orders, contracts and other commitments for the expenditure of monies are recorded as the equivalent of expenditures on the Non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. On the GAAP basis, encumbrances outstanding at year-end are reported in their respective category as restricted, committed, or assigned.

Lapsing of Appropriations:

At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriation. Encumbered appropriations are carried forward to the succeeding fiscal year and are not reappropriated.

NOTE B - RECONCILING BUDGET BASIS AND GAAP

The District prepares its budget on a basis of accounting that differs from generally accepted accounting principles (GAAP). The actual column presented on the Budgetary Comparison Schedule – General Fund is prepared in accordance with the budget basis of accounting.

The major differences between the budgetary basis of accounting and GAAP are that:

- A. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- B. Expenditures are recorded when encumbered (budget basis) as opposed to when the liability is incurred (GAAP basis);
- C. Encumbrances are recorded as the equivalent of expenditures (budget basis) as opposed to a restricted, committed or assigned fund balance (GAAP basis); and
- D. Investments are recorded at cost (budget basis) as opposed to fair value (GAAP basis).
- E. Some funds are included in the General Fund (GAAP basis) but have separate legally adopted budgets (budget basis). See note D below

WORTHINGTON CITY SCHOOL DISTRICT
Notes to the Required Supplementary Information
For the Year Ended June 30, 2024

A reconciliation of the General Fund results of operations at the end of the year on the GAAP basis to the budget basis follows:

Net Change in Fund Balance (GAAP Basis)	\$ 8,768,799
Adjustments:	
Due to Revenues	(5,153,685)
Due to Expenditures and Encumbrances	(6,244,627)
Due to Other Financing Sources	9,246
Funds Budgeted Elsewhere (See Note D)	<u>(36,320)</u>
Net Change in Fund Balance (Budget Basis)	<u>\$ (2,656,587)</u>

**NOTE C – SIGNIFICANT VARIANCES: BUDGETARY COMPARISON SCHEDULE
GENERAL FUND**

State sources were \$5.5 million higher than expected mainly due to the phase in of the fair school funding plan. Additionally, investment income was \$4.2 million higher than expected due to much higher interest rates.

Other financing uses completed the year over the original estimate by \$12.9 million due to the transfer of funds to the permanent improvement fund for the purchase and renovation of a facilities maintenance building.

NOTE D – FUNDS BUDGETED ELSEWHERE

As part of Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting*, certain funds that are legally budgeted in separate special revenue funds are considered part of the General Fund on a GAAP basis. This includes the Special Rotary Fund, Public School Support Fund and the Kindergarten Plus Program Fund.

NOTE E – NET PENSION LIABILITY

Changes in Assumptions - SERS

2023: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for this fiscal year.

2022: The assumed rate of inflation was reduced from 3.00% to 2.40%, the assumed real wage growth was increased from 0.50% to 0.85%, the cost-of-living adjustments were reduced from 2.50% to 2.00%, the discount rate was reduced from 7.50% to 7.00%, the rates of withdrawal, compensation, participation, spouse coverage assumption, retirement, and disability were updated to reflect recent experience, and mortality among active members, service retirees and beneficiaries and disabled members were updated.

WORTHINGTON CITY SCHOOL DISTRICT
Notes to the Required Supplementary Information
For the Year Ended June 30, 2024

2018-2021: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for these fiscal years. 2017: The following changes of assumptions affected the total pension liability since the prior measurement date:

- (1) The assumed rate of inflation was reduced from 3.25% to 3.00%,
- (2) Payroll growth assumption was reduced from 4.00% to 3.50%,
- (3) Assumed real wage growth was reduced from 0.75% to 0.50%,
- (4) Rates of withdrawal, retirement and disability were updated to reflect recent experience,
- (5) Mortality among active members was updated to RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females,
- (6) Mortality among service retired members, and beneficiaries was updated to the following RP- 2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates,
- (7) Mortality among disabled members was updated to RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement, and
- (8) The discount rate was reduced from 7.75% to 7.50%.

2014-2016: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for these fiscal years.

Changes in Assumptions - STRS

2023: The following change of assumptions affected the total pension liability since the prior measurement date:

- (1) The projected salary increases went from 12.50% at age 20 to 2.50% at age 65 to varies by service from 2.50% to 8.50%.

2022: The SERS Board adopted the following assumption changes:

- Assumed rate of inflation was reduced from 3.00 percent to 2.40 percent
- Payroll growth assumption was reduced from 3.50 percent to 1.75 percent
- Assumed real wage growth was reduced from 0.50 percent to 0.85 percent
- Discount rate was reduced from 7.50 percent to 7.00 percent
- Rates of withdrawal, retirement and disability were updated to reflect recent experience.
- Mortality among active members, service retirees and beneficiaries, and disabled members were updated.

2017: The SERS Board adopted the following assumption changes:

- Assumed rate of inflation was reduced from 3.25 percent to 3.00 percent
- Payroll Growth Assumption was reduced from 4.00 percent to 3.50 percent
- Assumed real wage growth was reduced from 0.75 percent to 0.50 percent
- Rates of withdrawal, retirement and disability were updated to reflect recent experience.

WORTHINGTON CITY SCHOOL DISTRICT
Notes to the Required Supplementary Information
For the Year Ended June 30, 2024

- Mortality among active members was updated to RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females.
- Mortality among service retired members, and beneficiaries was updated to RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120 percent of male rates, and 110 percent of female rates.
- Mortality among disabled members was updated to RP-2000 Disabled Mortality Table, 90 percent for male rates and 100 percent for female rates, set back five years is used for the period after disability retirement.

Changes in Benefit Terms - SERS

2023: There were no changes in benefit terms from the amounts reported for this fiscal year.

2022: For fiscal year 2022, SERS changed from a Cost of Living Adjustment (COLA) of 2.5% to 2.0%.

2020-2021: There were no changes in benefit terms from the amounts reported for this fiscal year.

2019: With the authority granted the Board under Senate Bill 8, the Board has enacted a three-year COLA delay for future benefit recipients commencing benefits on or after April 1, 2018.

2018: SERS changed from a fixed 3% annual increase to a Cost of Living Adjustment (COLA) based on the changed in the Consumer Price Index (CPI-W), with a cap of 2.5% and a floor of 0%.

2014-2017: There were no changes in benefit terms from the amounts reported for these fiscal years.

Changes in Assumptions – STRS

2023: There were no changes in assumptions from the amounts reported for this fiscal year.

2022: The Retirement Board approved several changes to the actuarial assumptions. The salary increases were where changed from 12.50 percent at age 20 to 2.50 percent at age 65 to varying by service from 2.50 percent to 8.50 percent. The healthy and disabled mortality assumptions were updated to the Pub-2010 mortality tables with generational improvement scale MP-2020.

2021: The long term expected rate of return was reduced from 7.45 percent to 7.00 percent.

2018: The Retirement Board approved several changes to the actuarial assumptions in

WORTHINGTON CITY SCHOOL DISTRICT
Notes to the Required Supplementary Information
For the Year Ended June 30, 2024

2017. The long term expected rate of return was reduced from 7.75 percent to 7.45 percent, the inflation assumption was lowered from 2.75 percent to 2.50 percent, the payroll growth assumption was lowered to 3.00 percent, and total salary increases rate was lowered by decreasing the merit component of the individual salary increases, in

addition to a decrease of 0.25 percent due to lower inflation. The healthy and disabled mortality assumptions were updated to the RP-2014 mortality tables with generational improvement scale MP-2016. Rates of retirement, termination and disability were modified to better reflect anticipated future experience.

Changes in Benefit Terms - STRS

2019-2023: There were no changes in benefit terms from the amounts reported for these fiscal years.

2018: STRS decreased the Cost of Living Adjustment (COLA) to zero.

2014-2017: There were no changes in benefit terms from the amounts reported for these fiscal years.

NOTE 2 - NET OPEB LIABILITY (ASSET)

Changes in Assumptions – SERS

2023: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

- (1) The municipal bond index rate went from 1.92% to 3.69%
- (2) The single equivalent interest rate when from 2.27% to 4.08% medical trend assumptions went from 5.125% to 4.40% Medicare and 6.75% to 4.40% Pre-Medicare to 7.00% to 4.40%

2022: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

- (1) Wage inflation decreased from 3.00% to 2.40%
- (2) Future salary increases changed from 3.50%-18.20% to 3.25%-13.58%
- (3) Investment rate of return decreased from 7.50% to 7.00%
- (4) The discount rate decreased from 7.50% to 7.00%
- (5) Municipal Bond Index Rate: Prior Measurement Date 2.45% Measurement Date 1.92%
- (6) Single Equivalent Interest Rate, net of plan investment expense, including price inflation: Prior Measurement Date 2.63% Measurement Date 2.27%
- (7) Mortality tables changes from the RP=2014 Blue Collar mortality table to the PUB-2010 General Employee Amount Weighted Below median Health Retiree mortality table.

WORTHINGTON CITY SCHOOL DISTRICT
Notes to the Required Supplementary Information
For the Year Ended June 30, 2024

2021: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

- (1) The discount rate was changed from 3.22% to 2.63%
- (2) Municipal Bond Index Rate: Prior Measurement Date 3.13% Measurement Date 2.45%

2020: The discount rate was changed from 3.70% to 3.22%

2019: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

- (1) The discount rate was changed from 3.63% to 3.70%
- (2) Municipal Bond Index Rate: Prior Measurement Date 3.56% Measurement Date 3.62%
- (3) Single Equivalent Interest Rate, net of plan investment expense, including price inflation: Prior Measurement Date 3.63% Measurement Date 3.70%

2018: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

- (1) Discount Rate: Fiscal Year 2018 3.63% Fiscal Year 2017 2.98%
- (2) Municipal Bond Index Rate: Fiscal Year 2018 3.56% Fiscal Year 2017 2.92%
- (3) Single Equivalent Interest Rate, net of plan investment expense, including price inflation: Fiscal Year 2018 3.63% Fiscal Year 2017 2.98%.

2017: The following changes of assumptions affected the total OPEB liability since the prior measurement date:

- (1) The assumed rate of inflation was reduced from 3.25% to 3.00%,
- (2) Payroll growth assumption was reduced from 4.00% to 3.50%,
- (3) Assumed real wage growth was reduced from 0.75% to 0.50%,
- (4) Rates of withdrawal, retirement and disability were updated to reflect recent experience,
- (5) Mortality among active members was updated to RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females,
- (6) Mortality among service retired members, and beneficiaries was updated to the following RP- 2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates, and
- (7) Mortality among disabled members was updated to RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement.

Changes in Benefit Terms - SERS

There have been no changes to the benefit provisions.

WORTHINGTON CITY SCHOOL DISTRICT
Notes to the Required Supplementary Information

Changes in Assumptions – STRS

2023: The projected salary increase went from 12.50% at age 20 to 2.50% at age 65 to varies by services from 2.50% to 8.50%. The health care cost trend rates were changed to the following: Pre-Medicare from 5.00% initial - 4.00% ultimate to 7.50% initial - 3.94% ultimate; medical Medicare from -16.18% initial - 4.00% ultimate to - 68.78% initial - 3.94% ultimate; prescription drug Pre-Medicare from 6.50% initial - 4.00% ultimate to 9.00% initial - 3.94% ultimate; Medicare from 29.98% initial - 4.00% ultimate to -5.47% initial - 3.94% ultimate.

2022: The long-term expected rate of return was reduced from 7.45% to 7.00%. The discount rate was reduced from 7.45% in the prior year to 7.00% in the current year. The health care cost trend rates were changed to the following: medical Medicare from –

6.69% initial - 4.00% ultimate down to -16.18% initial - 4.00% ultimate; prescription drug Medicare from 11.87% initial - 4.00% ultimate up to 29.98% initial - 4.00% ultimate.

2021: The health care cost trend rates were changed to the following: medical pre-Medicare from 5.87% initial - 4.00% ultimate down to 5.00% initial - 4.00% ultimate; medical Medicare from 4.93% initial - 4.00% ultimate down to -6.69% initial - 4.00% ultimate; prescription drug pre-Medicare from 7.73% initial - 4.00% ultimate down to 6.50% initial - 4.00% ultimate; prescription drug Medicare from 9.62% initial - 4.00% ultimate up to 11.87% initial - 4.00% ultimate.

2020: The health care cost trend rates were changed to the following: medical pre-Medicare from 6.00% initial - 4.00% ultimate down to 5.87% initial - 4.00% ultimate; medical Medicare from 5.00% initial - 4.00% ultimate down to 4.93% initial - 4.00% ultimate; prescription drug pre-Medicare from 8.00% initial - 4.00% ultimate down to 7.73% initial - 4.00% ultimate and (5.23%) initial - 4.00% ultimate up to 9.62% initial - 4.00% ultimate.

2019: The discount rate was increased from the blended rate of 4.13% to the long-term expected rate of return of 7.45% based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB). Valuation year per capita health care costs were updated.

2018: The discount rate was increased from 3.26 percent to 4.13 percent based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB) and the long term expected rate of return was reduced from 7.75 percent to 7.45 percent. Valuation year per capita health care costs were updated, and the salary scale was modified. The percentage of future retirees electing each option was updated based on current data and the percentage of future disabled retirees and terminated vested participants electing health coverage were decreased. The assumed mortality, disability, retirement, withdrawal and future health care cost trend rates were modified along with the portion of rebated prescription drug costs.

WORTHINGTON CITY SCHOOL DISTRICT
Notes to the Required Supplementary Information
For the Year Ended June 30, 2024

Changes in Benefit Terms – STRS

2023: There were no changes in benefit terms from the amounts reported for this fiscal year.

2022: There was no change to the claims costs process. The non-Medicare subsidy percentage was increased effective January 1, 2022 from 2.055 percent to 2.1 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022. The Medicare Part D Subsidy was updated to reflect it is expected to be negative in CY 2022. The Part B monthly reimbursement elimination date was postponed indefinitely.

2021: There was no change to the claims costs process. Claim curves were updated to reflect the projected FYE 2021 premium based on June 30, 2020 enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2021 from 1.984% to 2.055% per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.

2020: There was no change to the claims costs process. Claim curves were trended to the fiscal year ending June 30, 2020 to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020 from 1.944% to 1.984% per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

2019: The subsidy multiplier for non-Medicare benefit recipients was increased from 1.900% to 1.944% per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased effective January 1, 2019 and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020. The Board is extending the current Medicare Part B partial reimbursement program for one year. Under this program, benefit recipients currently enrolled in the STRS Ohio Health Care Program and Medicare Part B receive \$29.90 per month to reimburse a portion of the Medicare Part B premium. The reimbursement was set to be reduced to \$0 beginning January 1, 2020. This impacts about 85,000 benefit recipients.

2018: The subsidy multiplier for non-Medicare benefit recipients was reduced from 2.1 percent to 1.9 percent per year of service. Medicare Part B premium reimbursements were discontinued for certain survivors and beneficiaries and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2019.

WORTHINGTON CITY SCHOOL DISTRICT

DATA**

WORTHINGTON CITY SCHOOL DISTRICT MAJOR GOVERNMENTAL FUNDS

General– The general operating fund of the District used to account for the financial resources except those required to be accounted for in another fund. A budget comparison schedule has been included in the Required Supplementary Information section of this report.

Debt Service – The debt service fund is used to account for the accumulation of resources for, and payment of, general long-term debt principal and interest.

Building – A fund used to account for the revenues and expenditures related to all special bond funds in the District. All proceeds from the sale of bonds, notes, or certificates of indebtedness, except premium and accrued interest, must be paid into this fund. Expenditures recorded here represent the costs for acquiring capital facilities including real property.

WORTHINGTON CITY SCHOOL DISTRICT NON-MAJOR GOVERNMENTAL FUNDS

Capital Projects Funds are used to account for financial resources and report financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

Permanent Improvement – A fund provided to account for and report financial resources that are restricted, committed, or assigned to expenditures related to the acquiring, constructing, or improving of such permanent improvements as authorized by Section 5705 of the Ohio Revised Code.

Special Revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to an expenditure for specified purposes other than debt service or capital projects.

Food Service – A fund used to record the financial transactions related to the district's food service operation.

Other Local Sources – A fund used to account for specific local revenue sources received from various contributors that are restricted to expenditures for specified purposes approved by board resolution. Such expenditures generally include community services.

Endowment – A fund used to account for money which has been set aside for scholarship purposes. The income from such funds may be expended in accordance with the related trust agreement, but the principal must remain intact.

Special Rotary – A rotary fund provided to account for the income and expenditures in connections with (1) supplemental education classes, (2) a special education preschool program, (3) a life enrichment program, and (4) facility rentals. This fund is legally budgeted separately but included in the General Fund on a GAAP basis.

Public School Support – A fund used to account for specific local revenue sources, other than taxes or expendable trusts (i.e., profits from vending machines) that are used for various operating purposes at each department's discretion. This fund is legally budgeted separately but included in the General Fund on a GAAP basis.

Grants-Local Sources – A fund used to account for specific local revenue sources, other than taxes (i.e., profits from vending machines, sales of pictures, etc.), that are restricted to expenditures for specified purposes approved by board resolution. Such expenditures may include curricular and extra-curricular related purchases.

WORTHINGTON CITY SCHOOL DISTRICT NON-MAJOR GOVERNMENTAL FUNDS

Student Managed Activities – A fund provided to account for those student activity programs which have student participation in the activity and have students involved in the management of the program. This fund typically includes those student activities which consist of a student body, student president, student treasurer, and faculty advisor.

District Managed Student Activities – A fund provided to account for those student activity programs which have student participation in the activity, but do not have student management of the programs. This fund would usually include athletic programs but also could include the band, cheerleaders, flag corps, and other similar types of activities.

Auxiliary Services – A fund used to account for monies which provide services and materials to pupils attending non-public schools within the school district. For generally accepted accounting principles, this fund is accounted for as a special revenue fund.

Data Communications Support – A fund provided to account for monies appropriated from the State of Ohio for Ohio Educational Computer Network Connections.

Other State Grants - A fund provided to account for various monies received from state agencies which are not classified elsewhere. A separate special cost center must be used for each grant and be approved by the Auditor of State.

Elementary and Secondary School Emergency Relief – A fund provided to account for monies received to be used for expenses directly related to the COVID-19 pandemic as well as other activities that are necessary to maintain the operation of continuity of services.

Special Education Part B IDEA Grants - A fund provided to account for monies received to assist states in the identification of handicapped children, development of procedural safeguards, implementation of least restrictive alternative service patterns, and provision of full educational opportunities to handicapped children at the preschool, elementary, and secondary levels.

Title III Immigrant/LEP Grants – A fund provided to account for the Foreign Language Grant program at the elementary schools, which is funded with U.S. Department of Education grant monies.

Title I Grants – A fund which accounts for federal funds used to meet the special needs of educationally deprived children.

Title IV-A Student Support and Academic Enrichment Grants – A fund which accounts for federal funds used to improve students' academic achievement by increasing the capacity of access to well-rounded education, improve school conditions, and improve the use of technology.

Special Education Preschool Grants – A fund provided to address the improvement and expansion of services for handicapped children ages three (3) through five (5) years.

**WORTHINGTON CITY SCHOOL DISTRICT
NON-MAJOR GOVERNMENTAL FUNDS**

Title IIA Grants Supporting Effective Instruction – A fund used to account for federal funds for improving teacher effectiveness and quality of instruction.

Other Miscellaneous Federal Grants – A fund used to account for various monies received through state agencies from the federal government or directly from the federal government which are not classified elsewhere. A separate special cost center must be used for each grant and be approved by the Auditor of State.

WORTHINGTON CITY SCHOOL DISTRICT INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units on a cost-reimbursement basis.

Intra-District Services – A fund provided to account for operations that provide goods or services to other governmental units on a cost-reimbursement basis. For budgetary purposes, the Kindergarten Plus Program has been included in the amounts. However, the Kindergarten Plus Program has been included in the General Fund for GAAP purposes.

Workers Compensation Self Insurance – A fund provided to account for money received from other funds as payment for providing workers compensation insurance. Payments are made to a third party administrator for claims payments, claims administration, and stop-loss coverage.

Medical Self Insurance – A fund provided to account for money received from other funds as payment for providing medical insurance. Payments are made to a third party administrator for claims payments, claims administration, and stop-loss coverage.

- (1) Ohio Bond Law sets a general limit of 9% for overall debt and 1/10 of 1% for unvoted debt. There are exceptions to that limit, which the District qualified for under ORC 133.06(I) during FY23 & 24.
- (2) Certificates of Participation, Energy Conservation Notes, deep discount accretion and unamortized premium/gain are excluded from Debt Margin Calculation in accordance with Ohio Revised Code 133.04
