- Education law provides for a minimum of 180 student school days. This calendar allows for four (4) snow days. In the event where additional snow days are needed, it may be necessary to conduct school on Monday, April 14th, Tuesday, April 15th, Wednesday, April 16th, Thursday, April 17th. (Days will be added in that order.) However, without compromising the safety of students or staff, we will make every effort to maintain the full week for spring recess.
