Section: Narratives - Program Description**INTRODUCTION**

Under the Elementary and Secondary School Emergency Relief II Fund (ESSER II), authorized by the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act, the Pennsylvania Department of Education (PDE) awards grants to School Districts and Charter Schools to address the impact that Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have, on elementary and secondary schools across the state.

Please note: ESSER II funds **cannot** be used for: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the LEAs, or 2) expenditures related to state or local teacher or faculty unions or associations. ESSER II funds generally will not be used for bonuses, merit pay, or similar expenditures, unless related to disruptions or closures resulting from COVID-19.

***ESSER II funds are not Title I funds and as such, are not subject to Title I rules.**

Please explain how the LEA will determine its most important educational needs as a result of COVID-19. (3000 characters max)

District identified needs through data analysis of student achievement data, process data, demographic data and perception (survey) data. Both academic levels and social and emotional needs are assessed.

Please explain the LEA(s) proposed timeline for providing services and assistance to students and staff. (3000 characters max)

Timeline from March 2020 - June 2024 Summer 2020 to present - Intensive professional development on blended learning, virtual learning, and addressing the social and emotional needs of students and staff January 2021 - June 2021 - Shift from virtual learning to a combination of in-person and virtual options (converged learning for grades 5-12 and Virtual Academy option for K-4) - Based on survey data - Summer 2021 - Summer Intervention and Enrichment Programs for K-12 August 2021 - ongoing - Shift to full in-person instruction

Please explain the extent to which the LEA intends to use ESSER II funds to promote remote learning. (3000 characters max)

In order to adequately staff our virtual academy during the 2020-2021 school year, long-term substitutes were hired to fill classroom needs as well as maintain low class sizes to aide in the mitigation of COVID 19 spread. In addition, the district needed to purchase supplies for converge learning. While teachers taught in-person to small groups of students, virtual students in grades 5-12 live-streamed into the classroom. Professional development was funded to provide ongoing intensive training in the use of SMART Displays. technology apps to promote student engagement, and infrastructure to support remote learning in the event of need to shift to virtual learning due to COVID 19.

Please describe how the LEA intends to assess and address student learning gaps resulting

from the disruption in educational services. (3000 characters max)

The district is using the following assessment measures to determine learning gaps for students: NWEA MAP ELA (Reading/Language) and math assessment, PBIS Universal Screener (SAEBRS), Curriculum Diagnostic Assessment, DIBELS, Running Records, etc. Interventions and effective instructional strategies to address these needs are provided through the MTSS model with RTII addressing academics and PBIS addressing behavior. Students are likely to have some gaps in their knowledge and skills as a result of the pandemic and disruptions in direct instruction. Data from the past two years is inconsistent so the District will need to interpolate incomplete student data.

Please describe the LEA(s) proposed procedures for evaluating local COVID-19 impacts in relation to education programming and delivery. (3000 characters max)

Areas of emphasis should include:

- Documenting learning loss associated with extended school closure;
- Outlining the development of local continuity of education plans over the course of emergency response efforts; and
- Detailing supports for vulnerable student populations and families.

The district is using the following assessment measures to determine learning gaps associated with extended school closure (March 2020 to January 2021) for students: NWEA MAP ELA (Reading/Language) and math assessment, PBIS Universal Screener (SAEBRS), Curriculum Diagnostic Assessment, Standardized Assessments (where available) Students are likely to have some gaps in their knowledge and skills as a result of the pandemic and . Second, data from the past two years is like a checkerboard so we need to interpolate incomplete student data.

Please describe the LEA core set of strategies that will be used to guide local investment of ESSER II funding, associated with short-range (i.e., remainder of the 2020-21 school year) and long-range (2021-22 and 2022-2023 school years) timelines. (3000 characters max)

These strategies may entail the establishment, scale-up, refinement, or evaluation of remote learning, as well as strategies for school-based teaching and learning responsive to conditions related to the pandemic. LEAs will be asked to outline how limited, ESSER II funding may support these initiatives and how these funds might interact with other federal funding, including enhanced Title IV flexibility, to ensure strategic and sustainable use of funds.

Strategies to guide ESSER II funding: 1. Administrative departments meet weekly to identify strengths and needs as a result of COVID 19 and the impact of disrupted learning and remote learning. 2. Focus areas are considered such as appropriate and effective school-based teaching and learning in light of COVID 19 as well as analysis of the current programming. 3. Monthly committee meetings are held comprised of the District's stakeholders; administrators, teachers, staff members, parents, community members, and students. These meetings focus on 6 goal areas such as 1) Disproportionality for gifted, special education, English learners, and identified demographic groups of students. Issues of funding and allocations of this funding are discussed during these meetings for both short-term needs (after-school program and

programming at all levels and long-term needs (summer programs).

Please describe specific plans, measures, and longer-term evaluative strategies concerning student learning gaps - as well as opportunity to learn factors - stemming from COVID-19. (3000 characters max)

Plans for action steps and evaluation of plan progress will be evaluated yearly. These plans include 1) Future Ready Comprehensive Plan (to be submitted November 30, 2021), 2) UMASD Diversity, Equity, and Inclusion Plan (completed March 2021 and to be updated March 2022)
