

## CCR Overview, 9th to 12th Grades

- College and Career Readiness, CCR, in the high school starts at the beginning of 9th grade. Building the attitude and skills to be lifelong learners is at the heart of all classes. Exploring potential careers can be found in many parts of the school day, but it is most formally addressed in our guidance curriculum and CCR events in each of the four years of high school. Here's an overview of what students in each grade will do:

### Freshmen:

- Introduction to Naviance, including personal interest inventories
- CCR Day activities in October
- Visit to the tech school

### Sophomores:

- Taking the PSAT (Practice SAT) on CCR Day in October
- Guidance lessons on how to prepare for the PSAT and how to interpret the PSAT scores
- Introduction to their CollegeBoard accounts

### Juniors:

- Taking the PSAT (Practice SAT) on CCR Day in October. This is also the National Merit Scholarship Qualifying Test for Juniors.
- Lessons on how to prepare for the PSAT and how to interpret the PSAT scores.
- Junior conference will focus on college and career planning
- 

### Seniors:

- Opportunities for dual enrollment and work study credit
- College visitation or job shadowing on CCR Day in October
- 

All students and families are encouraged to attend the CCR events scheduled throughout the year. Check out the schedule for this year's events.
