## About Our District

The Blind Brook-Rye UFSD is a small suburban district located 30 miles from NYC in the Village of Rye Brook. Our district is the cornerstone of the community and prides itself on the ability to deliver a world-class education in a small school setting.

Blind Brook offers a rigorous curriculum with supports for diverse learning styles and a wide range of impactful co-curricular opportunities. Small class sizes that allow for more individualized attention and an overall focus on developing advantageous skills early on are at the heart of our effort. At Blind Brook we teach to the whole child; making sure that students grow intellectually, socially and emotionally. We strive to create an academic environment that affirms each student's identity and offers a window into the perspectives of others. Our students excel in a wide variety of areas, from the sciences to the arts to athletics. Blind Brook offers an environment in which all students can thrive in one of the highest achieving public school districts in New York State.
