As a mathematics teacher at Schaumburg High School for almost 20 years, I have always been able to identify students that were educated at St. Peter Lutheran School. Not only are these students academically prepared, but equally important, they are hard working, focused, and respectful!

KERRIE N.

Best decision we made was to give our child a strong academic foundation at St. Peter. With teachers' support and extra programs that encourage her to reach further, the stars are the limit!
