Keystone Health Plan East Provider Directory

**This directory lists participating providers in
Delaware, Maryland, New Jersey, and Pennsylvania**

About this provider directory

This directory is intended for Independence Blue Cross (IBX) members with Keystone Health Plan East HMO plans, including Keystone Health Plan East Point-of-Service (POS) and Keystone Health Plan East Direct Point-of-Service (DPOS) plans.

When you are enrolled in these plans, covered services are provided through the Keystone health care provider network. Keystone participating physicians, hospitals, and/or other health care providers may be added or removed at any time. Keystone cannot guarantee the continued participation of any one physician, hospital, or other health care provider in the network.

It is important that you verify your provider's network participation before receiving services.

The full Keystone Health Plan East HMO provider directory is being provided in printed form at your request. This directory is current as of 07/01/2024. The next version of this directory will be available on 08/01/2024. More up-to-date and complete information on participating providers is available at **ibx.com/providerfinder**, or by calling Customer Service using the number on the back of your member ID card. Note that certain providers may not be included in the full directory provided. To obtain a printed version of a customized provider search tailored to your specific provider needs, geographic location, and benefit plan please contact Customer Service at the number on the back of your member ID card.

Important information for Keystone HMO members

Use this directory to select a primary care physician (PCP) and to gather information about specialty providers. Your PCP will refer you to these providers for advanced or specialized care.

Important information for Keystone POS members

Use this directory to select a PCP and to gather information about specialty providers. Your program allows you to work with your PCP to coordinate specialist care (referred care) and receive the highest level of benefits, or to seek specialist care directly (self-referred care) and pay more out-of-pocket.

Important information for Keystone DPOS members

You should use this directory to select a PCP who provides routine and preventive care services. Your PCP is responsible for coordinating certain services. Your program allows you to seek care directly from most providers without a referral and still receive the highest level of benefits.

Important information for Keystone HMO Proactive members

Keystone HMO Proactive, our lower-cost tiered provider network product, is available to individuals and small groups. Keystone HMO Proactive has benefit designs with different member cost-sharing by tier and offers members lower out-of-pocket costs (e.g., co-payment) for most services when they select or are referred to a provider in the Tier 1 Preferred benefit tier. If you have an HMO Proactive plan, visit **ibx.com/providerfinder** to find a provider's tier placement.

Some providers and facilities in the Keystone Health Plan East network are identified by one or more of the following designations.

Patient-Centered Medical Home (PCMH)

Practices with a PCMH designation are organized with a physician who leads a team of care managers and health educators to help make sure patients, particularly those with chronic illnesses, receive key tests, take medication as directed, and have access to tools and resources to stay well. The PCMH is intended to provide more personalized, coordinated, effective, and efficient care.

PCMH recognition is by the National Committee for Quality Assurance (NCQA). More information on the program is available at **ncqa.org**. PCMH practices are identified in this directory with an asterisk next to their office address.

Blue Distinction® Recognition

Blue Cross Blue Shield companies recognize select doctors, hospitals and other health care facilities as Blue Distinction® for the safe, effective care they provide to their patients. Each must meet a specific set of rigorous standards to receive the Blue Distinction designation.

Blue Distinction Specialty Care recognizes health care facilities for their expertise in delivering specialty care for 11 conditions. Blue Distinction Centers are recognized for demonstrating quality care, treatment expertise and better overall patient results. Blue Distinction Centers+ are health care facilities recognized for their demonstrated delivery of more affordable care in addition to quality care, treatment expertise and better overall patient results. More information on the Blue Cross and Blue Shield Association Blue Distinction program is available at **bcbs.com**. To find a Blue Distinction or Total Care doctor, hospital, or other health care facility, visit **ibx.com/providerfinder**.

Total Care Recognition

Total Care providers are health care providers recognized for their commitment in coordinating total patient care - emphasizing prevention and wellness and helping patients better manage chronic conditions to achieve improved health outcomes. More information on the Blue Cross and Blue Shield Association Total Care program is available at **bcbs.com**. To find a Total Care doctor, visit **ibx.com/providerfinder**.

Preventive Plus Colonoscopy Benefit

You may be enrolled in a benefit which designates certain providers as "Preventive Plus." Members enrolled in the Preventive Plus benefit will have \$0 cost if they use a non-hospital based Preventive Plus provider for their preventive colonoscopy screening. Participating Preventive Plus providers can be found at **ibx.com/providerfinder** and will be designated with a "P+" designation, or by calling Customer Service using the number on the back of your member ID card.
