The Board of Education (Board) will inform, at the middle and high school level, students and parents/guardians of the availability of (1) vocational, technical and technological education and training at technical high schools, and (2) agricultural sciences and technology education at regional agricultural science and technology education centers.

The Board shall also provide full access for the recruitment of students by technical high schools, regional agricultural science and technology education centers, inter-district magnet schools, charter schools and inter-district student attendance programs, provided such recruitment is not for the purpose of interscholastic athletic competition. The Board shall also post information about these school options on its website.

Directory information or class lists of student names and/or addresses shall not be distributed without the consent of the parent or legal guardian of the student or by the student who has attained majority status.

Military recruiters or institutions of higher learning shall have access to secondary school students' names, addresses, and telephone listings unless the parent/guardian of such student submits a written request that such information not be released without their prior written consent. A student, eighteen years of age or older, rather than his/her parent/guardian, may request in writing that such information not be released without his/her prior written permission. The Board of Education shall notify parents/guardians and students of the option to make such request and shall comply with any request received.

*ESSA requires the release of the student's name, address and telephone listing unless, after giving appropriate notice to parents/guardians and students 18 years of age or older, of their right to opt-out and to require, after such opt-out, written permission to release the information.*

The school administrator may make the determination of when the recruitment meetings are to take place and reserves the right to deny such meeting where the holding of such meeting will materially and substantially interfere with the proper and orderly operation of the school.

Any person or organization denied the rights accorded under this policy shall have the right to request a review of the decision by the Board of Education by filing a written request with the Superintendent of Schools.
