Today's meeting was an introduction to the School Community Council. Members introduced themselves. We discussed the recommended timeline. Kaiann was assigned to review the required website information. Laylah Semanoff was elected chair (by the parents) and Kaitlyn Call was elected co-chair (by the parents).

We briefly discussed data regarding last year's Trustlands Plan. This will be presented formally at our next meeting. We also discussed a school policy of no treats for birthday due to student health concerns at our school. A UDOT grant is available for Safe Schools Routes. We will look into this regarding possible sideways being built along 100 North to create a continuous safe path to our school.

Laylah Semanoff motioned to end the meeting.
