From TODAY

We need to start planning next year's Trustland funds

Focused on the same type of goals, do we want to look at new goals??

Funding– chromebooks, a little bit at a time- provide more for 1st & 2nd

Parent sales: like black Friday (once they age out of our system)

Numbers for next year? School capacity? (question from Kaitlyn)

Double-wide portable for 2 classes

Legislation? Full-day kindergarten– very interesting, the whole state will have to build classrooms- or sixth grade will move back to middle schools

Young families in the new homes north of the school

Will our meetings move up the time? Unsure, check emails.
