

Merced City School District

To ensure every student excels academically, builds character, and is a productive member of our community.

SCHOOL COUNSELING PROGRAM

The school counseling program at Merced City School District offers individual and small group counseling to all students. School counselors work with students in the areas of academic, career, social and emotional development. Students may be referred by school staff or by their parent/guardian for these services.

If you would like your child to receive these services to assist in his/her school success, fill out the form below to provide consent and return it to the school. The school counselor will keep information confidential within the legal and ethical guidelines of a professional school counselor. A permission slip is required for every school year. Counseling services will occur during your child's school day. Please contact the school counselor if you have any questions or concerns. Thank you.
