

# Application Form: Science Laboratory Assistant

Thank you for your interest in working as a Science Lab Assistant. We are currently taking applications for next year. Complete this application and submit it to Mrs. Smith (Room 807, Upper C Hallway) or via email at [martha.smith@boone.kyschools.us](mailto:martha.smith@boone.kyschools.us) no later than **Friday, February 14<sup>th</sup>, 2025.**

- You must be at least a senior next year (or have successfully passed an AP Science course) to apply.
- You must have good attendance
- You must have a clean behavior record
- You must be in good academic standing.

Name: \_\_\_\_\_

Grade you will be in next year: \_\_\_\_\_

Current GPA: \_\_\_\_\_

Number of days missed/absent this year: \_\_\_\_\_

Science courses taken (include instructor name):

1. Please describe, in as much detail as possible, your experience in working with people in a professional manner.

2. Please describe, in as much detail as possible, your experience in working in a lab in a responsible manner.
3. Working as a laboratory assistant requires you to respect confidentiality at all times. Briefly describe what that means to you and give an example of when you have respected confidentiality.
4. Working as a laboratory assistant requires you to think independently, take initiative and solve problems. Describe what that means to you and give an example of how you have implemented these skills in school or your personal life.
5. Working as a laboratory assistant requires you to act maturely and not engage in communication with surrounding students unless so directed by a teacher. Briefly describe how you would handle a situation where you were a lab assistant in a classroom where a friend of yours was a student.
6. What three words would you use to describe yourself as a student?
