ALL ACADEMIC TEAM

The **OAL ALL ACADEMIC TEAM** is a prestigious recognition program celebrating the remarkable achievements of student-athletes who excel both on the field and in the classroom. This honor is reserved for those who have demonstrated outstanding dedication to their academics by achieving a GPA of 3.5 or higher, showcasing their ability to balance the demands of rigorous coursework with their athletic commitments.

Being part of the All Academic Team represents more than just academic success—it reflects discipline, perseverance, and a commitment to excellence in all areas of life. These student-athletes serve as role models within their schools and the broader community, embodying the values of hard work, determination, and integrity.

Through this program, the Oakland Athletic League (OAL) not only highlights the critical importance of education but also underscores the idea that success in sports and academics go hand in hand. By honoring these exceptional individuals, the OAL seeks to inspire all students to pursue greatness both inside and outside the classroom. The All Academic Team stands as a testament to the limitless potential of student-athletes who strive for excellence in everything they do.
