Vision/Mission Statement

Norwood Creek cultivates an innovative community of learners who engage creatively with passion and purpose to achieve academic and personal success. We believe that all children can learn in a supportive environment and that the teacher's role is to facilitate learning. We believe that learning should be joyful and that questions are as important as answers. We believe in preparing students to learn in the ever-changing 21st century. We believe in the necessity of involving students in decision-making and shared responsibility for making the classroom a good place to be and to learn. We believe that the school must be a safe haven where the dignity of every person is respected. We believe that students need to learn to give to others and to their community, and that parents and the larger community must be involved in educating our children. These beliefs form the basis of the school's goals, of which we have three:

To engage all students in powerful, meaningful 21st century learning experiences and a rich thinking curriculum and to build upon the skills defined in our district Profile of the Learner.

To develop every child's social, ethical, emotional, physical, and intellectual abilities to the students' full potential.

To involve parents in their children's education.

Behavioral Interventions for Special Education Students

A special education student's behavior shall be subject to the disciplinary measures applicable to all students for such infractions unless it is a serious behavior problem as defined below.

More serious behavioral problems shall be addressed through the systematic use of behavioral and emergency interventions as provided below.

Definitions

Serious behavioral problems are behaviors which are self-injurious, assaultive or cause property damage, and other severe behavior problems that are pervasive and maladaptive for which instructional/behavioral approaches specified in the student's individualized education program (IEP) are found to be ineffective.

Behavioral intervention is a systematic implementation of procedures that result in lasting positive changes in the individual's behavior. "Behavioral intervention" means the design, implementation and evaluation of individual or group instructional and environmental modifications, including programs of behavioral instruction, to produce significant improvements in human behavior through skill acquisition and the reduction of problematic behavior. Behavioral interventions are designed to provide the individual greater access to a variety of community settings, social contacts and public events and ensure the individual's right to placement in the least restrictive environment, pursuant to the student's IEP. The use of behavioral interventions shall not cause pain or trauma, shall respect the individual's human dignity and personal privacy, and shall assure his/her physical freedom, social interaction and individual choice.

Behavior intervention plan is a written document which is developed when the student exhibits a serious behavior problem that significantly interferes with the implementation of the student's IEP.

Behavioral intervention case manager is a designated certificated school district/county staff member or other qualified personnel contracted by the district or county office, and trained in behavior analysis with emphasis on positive behavioral interventions.

Behavioral emergency is the demonstration of a serious behavior problem which has not previously been observed and for which a behavioral intervention plan has not been developed, or for which a previously designed behavioral intervention is not effective.

Functional Analysis Assessment

When a special education student's serious behavioral problem significantly interferes with implementing the goals and objectives of his/her IEP, the student's IEP team shall determine whether the instructional/behavioral approaches specified in the student's IEP have proven ineffective. If the IEP team finds that these approaches have been ineffective, a functional analysis assessment shall be conducted.

Before a functional analysis assessment begins, parents/guardians shall be notified and consent obtained pursuant to Education Code 56321. No such assessment shall preclude a parent/guardian from requesting a functional analysis assessment on the basis of language and speech disorders or specific learning disabilities.

The functional analysis assessment shall be conducted by, or be under the supervision of, a person with documented training in behavior analysis with an emphasis on positive behavioral interventions. This staff shall:

1. Observe the targeted inappropriate behavior, its frequency, duration and intensity
2. Observe events immediately preceding the behavior
3. Observe the consequences of the behavior to determine the purpose it serves for the student
4. Analyze the environment in which the behavior most frequently occurs
5. Analyze records for medical and health factors which may influence behavior
6. Review the history of the behavior, including the effectiveness of interventions used in the past

The parent/guardian shall receive a complete written report of the assessment. The report shall include:

1. A description of the nature and severity of the targeted behavior(s) in objective and measurable terms
2. A description of the targeted behavior that includes baseline data and an analysis of the antecedents and consequences that maintain the behavior and a functional analysis of the behavior across all appropriate settings in which it occurs
3. A description of the rate of alternative behaviors, their antecedents and consequences
4. A proposed behavioral intervention plan for consideration by the IEP team.

Behavioral Intervention Plan

Within 10 business days after removing a student for more than 10 school days in a school year or commencing a removal that constitutes a change in placement, the district shall implement a behavioral intervention plan in accordance with 34 CFR 300.530, Board policy and administrative regulation.

Based on the functional assessment, the IEP team shall meet to determine whether a behavioral intervention plan is needed. If such a plan is needed, the IEP team shall be expanded to include a behavioral intervention case manager, qualified staff knowledgeable of the student's health needs, and others with expertise as deemed necessary by the parent/guardian, district or Special Education Local Plan Area (SELPA). This team shall develop a written behavioral intervention plan which includes:

1. A summary of relevant and determinative information gathered from the functional analysis assessment
2. An objective and measurable description of the targeted maladaptive behavior(s) and replacement positive behavior(s)
3. The student's goals and objectives specific to the behavioral intervention plan
4. A detailed description of interventions to be used and the circumstances for their use
5. Specific schedules for recording the frequency of intervention use and the frequency of the targeted and replacement behaviors, including specific criteria for discontinuing an intervention for lack of effectiveness or replacing it with a specified and identified alternative
6. Criteria by which the procedure will be faded or phased-out, or less intense/restrictive intervention schedules or techniques that will be used
7. Those behavioral interventions which will be used in the home, residential facility, work site or other noneducational settings
8. Specific dates when the IEP team will periodically review the efficacy of the program
9. The frequency of the consultation to be provided by the behavioral intervention case manager to the staff and parents/guardians who are responsible for implementing the plan

Based on the results of the functional analysis assessment, interventions specified in the plan may include:

1. Altering the identified antecedent event to prevent the occurrence of the behavior
2. Teaching the student alternative behaviors that produce the same consequences as the inappropriate behavior
3. Teaching the student adaptive behaviors which ameliorate negative conditions that promote the display of inappropriate behaviors

4. Manipulating the consequences for the display of inappropriate behaviors and alternative, acceptable behaviors, so that the alternative behaviors more effectively produce desired outcomes

Acceptable responses to targeted behavior may include, but are not limited to, one or more of the following:

1. The behavior is ignored, but not the student.
2. The student is verbally or verbally and physically redirected to an activity.
3. The student is provided with feedback.
4. The message of the behavior is acknowledged.
5. A brief physical prompt is provided to interrupt or prevent aggression, self-abuse or property destruction.

The behavioral intervention plan shall become a part of the student's IEP and shall be sufficiently detailed so as to direct the plan's implementation.

A copy of the behavioral intervention plan shall be provided to the person or agency responsible for implementation in noneducational settings.

At intervals scheduled by the IEP team, the behavioral intervention case manager, parent/guardian and others as appropriate shall evaluate the effectiveness of the behavioral intervention plan in accordance with law. This review may be conducted in meetings, by telephone conference, or by other means, as agreed upon by the IEP team.

If the IEP team determines that changes in the behavioral intervention plan are necessary, the teacher and behavioral intervention case manager shall conduct additional functional analysis assessments and, based on the outcomes, propose changes to the plan.

The parent/guardian and the behavioral intervention case manager or qualified designee may make minor modifications without an IEP team meeting. The parent/guardian shall be notified of the need for modification and shall be able to review the existing program evaluation data prior to implementing the modification. Parents/guardians shall be informed of their right to question any modification to the plan through the IEP procedures.

The IEP team also may include in the plan contingency schedules for altering specified procedures, their frequency or their duration, without reconvening the IEP team.

Emergency Interventions

Emergency interventions not specified in a student's behavioral intervention plan shall be used only when necessary to control unpredictable, spontaneous behavior which poses clear and present danger of serious physical harm to the student or others and which cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. Emergency interventions shall not be used as a substitute for systematic behavioral intervention plans.

Only emergency interventions approved by the SELPA may be used. No emergency intervention shall be used for longer than is necessary to contain the behavior. Upon prolonged use of an emergency intervention, staff shall seek assistance of the principal or law enforcement agency, as applicable to the situation.

Parents/guardians shall be notified within one school day whenever emergency intervention is used or serious property damage occurs. A behavior emergency report shall immediately be completed, kept in the student's file, and forwarded to the Superintendent or designee for review. This report shall include:

1. The name and age of the student
2. The setting and location of the incident
3. The name of the staff or other persons involved
4. A description of the incident and the emergency intervention used
5. A statement of whether the student is currently engaged in a systematic behavioral intervention plan
6. Details of any injuries sustained by students or others, including staff, as a result of the incident

If the behavior emergency report is for a student who does not have a behavioral intervention plan, the Superintendent or designee shall, within two days, schedule an IEP team meeting to review the emergency report, determine the necessity for a functional analysis assessment, and determine the necessity for an interim behavioral intervention plan. The IEP team shall document the reasons for not conducting an assessment and/or not developing an interim plan.

If the behavior emergency report is for a student who has a behavioral intervention plan, any incident involving a previously unseen serious behavior problem or where a previously designed intervention is not effective shall be referred to the IEP team. The IEP team shall review the incident and determine whether the student's plan needs to be modified.

Prohibited Interventions

The district prohibits any use of the following:

1. Any intervention designed or likely to cause physical pain
2. Releasing noxious, toxic or otherwise unpleasant sprays, mists or substances near the student's face
3. Any intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort or access to the bathroom
4. Any intervention that subjects the student to verbal abuse, ridicule, humiliation or excessive emotional trauma
5. Use of any material or objects which simultaneously immobilize all hands and feet, except that prone containment or similar techniques may be used by trained staff as a limited emergency intervention
6. Locked seclusion, unless in a facility otherwise licensed or permitted by law to use a locked room
7. Any intervention that precludes adequate supervision of the student
8. Any intervention that deprives the student of one or more of his/her senses
9. Force exceeding what is reasonable and necessary under the circumstances

This curriculum shall explain students' right to live free of abuse, inform them of available support resources, and teach them how to obtain help and disclose incidents of abuse. The curriculum also shall include training in self-protection techniques.

Discipline

The Governing Board desires to provide a safe, supportive, and positive school environment conducive to student learning and to prepare students for responsible citizenship by fostering self-discipline and personal responsibility. Staff and students shall be informed of the dangers to expect in an earthquake and procedures to be followed. Students shall be instructed to remain silent and follow directions given by staff in such an emergency. Staff and students also shall be taught safety precautions to take if they are in the open or on the way to or from school when an earthquake occurs.

Earthquake emergency procedures shall designate primary and alternative locations outside of buildings, which may include areas off campus if necessary, where individuals on a school site will assemble following evacuation. In designating such areas, the Superintendent or designee shall consider potential post-earthquake hazards outside school buildings including, but not limited to, power lines, trees, covered walkways, chain link fences that may be an electric shock hazard, and areas near buildings that may have debris.

Earthquake emergency procedures also shall outline primary and alternative evacuation routes that avoid areas with potential hazards to the extent possible. The needs of students with disabilities shall be considered when planning evacuation routes.

The Superintendent or designee shall identify at least one individual within each building to determine if an evacuation is necessary, the best evacuation location, and the best route to that location when an earthquake occurs.

The Superintendent or designee shall identify potential earthquake hazards in classrooms and other district facilities, including, but not limited to, areas where the main gas supply or electric current enters the building, suspended ceilings, pendant light fixtures, large windows, stairwells, science laboratories, storage areas for hazardous materials, shop areas, and unsecured furniture and equipment. To the extent possible, dangers presented by such potential hazards shall be minimized by securing equipment and furnishings and removing heavy objects from high shelves.

Earthquake While Indoors at School

When an earthquake occurs, the following actions shall be taken inside buildings and classrooms:

1. Staff shall have students perform the drop procedure. Students should stay in the drop position until the emergency is over or until further instructions are given.
2. In laboratories, burners should be extinguished, if possible, before taking cover.
3. As soon as possible, staff shall move students away from windows, shelves, and heavy objects or furniture that may fall.
4. After the earthquake, the principal or designee shall determine whether planned evacuation routes and assembly locations are safe and shall communicate with teachers and other staff.
5. When directed by the principal or designee to evacuate, or if classrooms or other facilities present dangerous hazards that require immediate evacuation, staff shall account for all students under their supervision and shall evacuate the building in an orderly manner.

Earthquake While Outdoors on School Grounds

When an earthquake occurs, the following actions shall be taken by staff or other persons in authority who are outdoors on school grounds:

1. Staff shall direct students to walk away from buildings, trees, overhead power lines, power poles, or exposed wires.
2. Staff shall have students perform the drop procedure.
3. Staff shall have students stay in the open until the earthquake is over or until further directions are given.

Earthquake While on the Bus

If students are on the school bus when an earthquake occurs, the bus driver shall take proper precautions to ensure student safety, which may include pulling over to the side of the road or driving to a location away from outside hazards, if possible. Following the earthquake, the driver shall contact the Superintendent or designee for instructions before proceeding on the route or, if such contact is not possible, drive to an evacuation or assembly location.

Subsequent Emergency Procedures

After an earthquake episode has subsided, the following actions shall be taken:

1. Staff shall extinguish small fires if safe.
2. Staff shall provide first aid to any injured students, take roll, and report missing students to the principal or designee.
3. Staff and students shall refrain from lighting any stoves or burners or operating any electrical switches until the area is declared safe.
4. All buildings shall be inspected for water and gas leaks, electrical breakages, and large cracks or earth slippage affecting buildings.
5. The principal or designee shall post staff at safe distances from all building entrances and instruct staff and students to remain outside the buildings until they are declared safe.
6. The principal or designee shall request assistance as needed from the county or city civil defense office, fire and police departments, city and county building inspectors, and utility companies and shall confer with them regarding the advisability of closing the school.
7. The principal or designee shall contact the Superintendent or designee and request further instructions after assessing the earthquake damage.

School-Level Complaint Process/Grievance Procedure

Complaints of sexual harassment, or any behavior prohibited by the district's Nondiscrimination/Harassment policy - BP 5145.3, shall be handled in accordance with the following procedure:

1. **Notice and Receipt of Complaint:** Any student who believes he/she has been subjected to sexual harassment or who has witnessed sexual harassment may file a complaint with any school employee. Within 24 hours of receiving a complaint, the school employee shall report it to the district Coordinator for Nondiscrimination/Principal. In addition, any school employee who observes any incident of sexual harassment involving a student shall, within 24 hours, report this observation to the Coordinator/Principal, whether or not the victim files a complaint.

In any case of sexual harassment involving the Coordinator/Principal to whom the complaint would ordinarily be made, the employee who receives the student's report or who observes the incident shall instead report to the Superintendent or designee.

2. **Initiation of Investigation:** The Coordinator/Principal shall initiate an impartial investigation of an allegation of sexual harassment within five school days of receiving notice of the harassing behavior, regardless of whether a formal complaint has been filed. The district shall be considered to have "notice" of the need for an investigation upon receipt of information from a student who believes he/she has been subjected to harassment, the student's parent/guardian, an employee who received a complaint from a student, or any employee or student who witnessed the behavior.

If the Coordinator/Principal receives an anonymous complaint or media report about alleged sexual harassment, he/she shall determine whether it is reasonable to pursue an investigation considering the specificity and reliability of the information, the seriousness of the alleged incident, and whether any individuals can be identified who were subjected to the alleged harassment.

3. **Initial Interview with Student:** When a student or parent/guardian has complained or provided information about sexual harassment, the Coordinator/Principal shall describe the district's grievance procedure and discuss what actions are being sought by the student in response to the complaint. The student who is complaining shall have an opportunity to describe the incident, identify witnesses who may have relevant information, provide other evidence of the harassment, and put his/her complaint in writing. If the student requests confidentiality, he/she shall be informed that such a request may limit the district's ability to investigate.
4. **Investigation Process:** The Coordinator/Principal shall keep the complaint and allegation confidential, except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964)

The Coordinator/Principal shall interview individuals who are relevant to the investigation, including, but not limited to, the student who is complaining, the person accused of harassment, anyone who witnessed the reported harassment, and anyone mentioned as having relevant information. The Coordinator/Principal may take other steps such as reviewing any records, notes, or statements related to the harassment or visiting the location where the harassment is alleged to have taken place.

When necessary to carry out his/her investigation or to protect student safety, the Coordinator/Principal also may discuss the complaint with the Superintendent or designee, the parent/guardian of the student who complained, the parent/guardian of the alleged harasser if the alleged harasser is a student, a teacher or staff member whose knowledge of the students involved may help in determining who is telling the truth, law enforcement and/or child protective services, and district legal counsel or the district's risk manager.

5. **Interim Measures:** The Coordinator/Principal shall determine whether interim measures are necessary during and pending the results of the investigation, such as placing students in separate classes or transferring a student to a class taught by a different teacher.
6. **Optional Mediation:** In cases of student-on-student harassment, when the student who complained and the alleged harasser so agree, the Coordinator/Principal may arrange for them to resolve the complaint informally with the help of a counselor, teacher, administrator, or trained mediator. The student who complained shall never be asked to work out the problem directly with the accused person unless such help is provided and both parties agree, and he/she shall be advised of the right to end the informal process at any time.
7. **Factors in Reaching a Determination:** In reaching a decision about the complaint, the Coordinator/Principal may take into account:
 - a. Statements made by the persons identified above
 - b. The details and consistency of each person's account
 - c. Evidence of how the complaining student reacted to the incident
 - d. Evidence of any past instances of harassment by the alleged harasser
 - e. Evidence of any past harassment complaints that were found to be untrue

To judge the severity of the harassment, the Coordinator/Principal may take into consideration:

- a. How the misconduct affected one or more students' education
- b. The type, frequency, and duration of the misconduct
- c. The identity, age, and sex of the harasser and the student who complained, and the relationship between them

- d. The number of persons engaged in the harassing conduct and at whom the harassment was directed
- e. The size of the school, location of the incidents, and context in which they occurred
- f. Other incidents at the school involving different students

8. **Written Report on Findings and Follow-Up:** No more than 30 days after receiving the complaint, the Coordinator/Principal shall conclude the investigation and prepare a written report of his/her findings. This timeline may be extended for good cause. If an extension is needed, the Coordinator/Principal shall notify the student who complained and explain the reasons for the extension.

The report shall include the decision and the reasons for the decision and shall summarize the steps taken during the investigation. If it is determined that harassment occurred, the report shall also include any corrective actions that have or will be taken to address the harassment and prevent any retaliation or further harassment. This report shall be presented to the student who complained, the person accused, the parents/guardians of the student who complained and the student who was accused, and the Superintendent or designee.

In addition, the Coordinator/Principal shall ensure that the harassed student and his/her parent/guardian are informed of the procedures for reporting any subsequent problems. The Coordinator/Principal shall make follow-up inquiries to see if there have been any new incidents or retaliation and shall keep a record of this information.

Enforcement of District Policy

The Superintendent or designee shall take appropriate actions to reinforce the district's sexual harassment policy. As needed, these actions may include any of the following:

1. Removing vulgar or offending graffiti
2. Providing training to students, staff, and parents/guardians about how to recognize harassment and how to respond
3. Disseminating and/or summarizing the district's policy and regulation regarding sexual harassment
4. Consistent with the laws regarding the confidentiality of student and personnel records, communicating the school's response to parents/guardians and the community
5. Taking appropriate disciplinary action

In addition, disciplinary measures may be taken against any person who is found to have made a complaint of sexual harassment which he/she knew was not true.

Notifications

A copy of the district's sexual harassment policy and regulation shall:

1. Be included in the notifications that are sent to parents/guardians at the beginning of each school year (Education Code 48980; 5CCR 4917)
2. Be displayed in a prominent location in the main administrative building or other area where notices of district rules, regulations, procedures, and standards of conduct are posted, including school web sites (Education Code 231.5)

Suspension and Expulsion/due Process

The Governing Board desires to provide district students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. The Board shall develop rules and regulations setting the standards of behavior expected of district students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion.

To correct the behavior of any student who is subject to discipline, the Superintendent or designee shall, to the extent allowed by law, first use alternative disciplinary strategies specified in AR 5144.1 - Discipline. (Education Code 48900.5)

Alternatives to suspension or expulsion also shall be used with students who are truant, tardy, or otherwise absent from assigned school activities.

Except for single acts of a grave nature or offenses for which suspension or expulsion is required by law, suspension or expulsion shall be used only when other means of correction have failed to bring about proper conduct or the student's presence causes a continuing danger to himself/herself or others.

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be those specified in law and administrative regulation.

District staff shall enforce the rules concerning suspension and expulsion of students fairly, consistently, and in accordance with the district's nondiscrimination policies.

Removal from Class by a Teacher and Parental Attendance

(Education Code 48900.1)

Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the teacher and the student and his/her parents/guardians and to improve the student's behavior.

Any teacher requiring parental attendance pursuant to this policy shall apply the policy uniformly to all students within the classroom. (Education Code 48900.1)

When a teacher requires parental attendance, the principal shall send a written notice to the parent/guardian stating that his/her attendance is required pursuant to law. (Education Code 48900.1)

At the meeting with the student's parent/guardian, the principal or designee shall explain the district's and school's discipline policies, including the disciplinary strategies that may be used to achieve proper student conduct.

When a parent/guardian does not respond to the request to attend school, the principal or designee shall contact him/her by telephone, mail, or other method that maintains the confidentiality of the student's records.

District regulations and school-site rules for student discipline shall include procedures for implementing parental attendance requirements. Parents/guardians shall be notified of this policy prior to its implementation. (Education Code 48900.1)

Except where a supervised suspension is permitted by law for a student's first offense, supervised suspension shall be imposed only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

21. Caused, attempted to cause, threatened to cause, or participated in an act of hate violence as defined in Education Code 233. (Education Code 48900.3)

Hate violence means any act punishable under Penal Code 422.6, 422.7, or 422.75. Such acts include injuring or intimidating a victim, interfering with the exercise of a victim's civil rights, or damaging a victim's property because of the victim's race, ethnicity, religion, nationality, disability, gender, gender identity, gender expression, or sexual orientation; a perception of the presence of any of those characteristics in the victim; or the victim's association with a person or group with one or more of those actual or perceived characteristics. (Education Code 233; Penal Code 422.55)

22. Intentionally engaged in harassment, threats, or intimidation against district personnel or students that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of school personnel or students by creating an intimidating or hostile educational environment. (Education Code 48900.4)

A student may be suspended or expelled for any of the acts listed above if the act is related to school activity or school attendance occurring at any district school or within any other school district, at any time, including, but not limited to, the following: (Education Code 48900)

1. While on school grounds
2. While going to or coming from school
3. During the lunch period, whether on or off the school campus
4. During, going to, or coming from a school-sponsored activity

Removal from Class by a Teacher and Parental Attendance A teacher may suspend any student from his/her class for the remainder of the day and the following day for any act listed in "Grounds for Suspension and Expulsion" above. (Education Code 48910)

When removing a student from his/her class, the teacher shall immediately report this action to the principal or designee and send the student to the principal or designee for appropriate action. If that action requires the continuing presence of the student at school, he/she shall be appropriately supervised during the class periods from which he/she has been removed. (Education Code 48910)

As soon as possible, the teacher shall ask the student's parent/guardian to attend a parent teacher conference regarding the removal. A counselor or psychologist may attend the conference if it is practicable, and a school administrator shall attend if either the parent/guardian or teacher so requests. (Education Code 48910)

A student removed from class shall not be returned to class during the period of removal without the approval of the teacher of the class and the principal (Education Code 48910)

A student removed from class shall not be placed in another regular class during the period of removal. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was removed. (Education Code 48910)

The teacher of any class from which a student is removed may require the student to complete any assignments and tests missed during the removal (Education Code 48913)

Pursuant to Board policy, a teacher may require the parent/guardian of a student whom the teacher has removed to attend a portion of a school day in his/her child's classroom. When a teacher makes this request, the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is requested pursuant to law. (Education Code 48900.1)

The notice shall specify that the attendance may be on either the date the student is scheduled to return to class or within one week thereafter.

This notice shall also:

1. Inform the parent/guardian when his/her presence is expected and by what means he/she may arrange an alternate date
2. State that if the parent/guardian does not have a means of transportation to school, he/she may ride the school bus with the student
3. Ask the parent/guardian to meet with the principal after the visit and before leaving school, as required by Education Code 48900.1

Suspension by Superintendent, Principal, or Designee

The Superintendent, principal, or designee may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above. A student may be suspended only when the Superintendent or principal has determined that other means of correction have failed to bring about proper conduct in the student. (Education Code 48900.5)

However, the Superintendent, principal, or designee may impose a suspension upon a first offense if he/she determines that the student violated items #1-5 listed in "Grounds for Suspension and Expulsion" above or if the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48900.5)

In addition, the Superintendent, principal, or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915)

1. Possessing, as verified by a district employee, selling, or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence
2. Brandishing a knife as defined in Education Code 48915(g)
3. Unlawfully selling a controlled substance listed in Health and Safety Code 1105311058

The Superintendent, principal, or designee may suspend a student from school for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

A student may be suspended from school for not more than 20 school days in any school year unless, for purposes of adjustment, the student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48911, 48912)

The district may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which the student may be suspended in any school year. (Education Code 48903)

Suspensions shall be initiated according to the following procedures:

1. **Informal Conference:** Suspension shall be preceded by an informal conference conducted by the Superintendent, principal, or designee with the student and, whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action, presented with the evidence against him/her, and given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911)

This conference may be omitted if the Superintendent, principal, or designee determines that an emergency situation exists involving a clear and present danger to the lives, safety, or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of the conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such a case, the conference shall be held as soon as the student is physically able to return to school. (Education Code 48911)

2. **Administrative Actions:** All requests for student suspension are to be processed by the principal or designee. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee. (Education Code 48911)
3. **Notice to Parents/Guardians:** At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8)

In addition, the notice may state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.

4. **Parent/Guardian Conference:** Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the cause(s) and duration of the suspension, the school policy involved, and any other pertinent matter. (Education Code 48914)

Although the parent/guardian is required to respond without delay to a request for a Conference about his/her child's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. The student may not be denied readmission solely because the parent/guardian failed to attend the conference. (Education Code 48911)

5. **Extension of Suspension:** If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911)

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

If the student involved is a foster youth, the Superintendent or designee shall notify the district liaison for foster youth of the need to invite the student's attorney and a representative of the appropriate county child welfare agency to attend the meeting. (Education Code 48853.5, 48911, 48918.1)

In addition to suspending a student, the Superintendent, principal, or designee may provide services or require the student to participate in an alternative disciplinary program designed to correct his/her behavior and keep him/her in school.

Suspension by the Board

The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal, or Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in "Grounds for Suspension and Expulsion" occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold closed sessions if a public hearing would lead to disclosure of information violating a student's right to privacy under Education Code 4907349079. (Education Code 35146, 48912)

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by registered or certified mail or personal service. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Code 35146, 48912)

Supervised Suspension Classroom

Students for whom an expulsion action has not been initiated and who pose no imminent danger or threat to the school, students, or staff may be assigned to a supervised suspension classroom in a separate classroom, building, or site for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The supervised suspension classroom shall be staffed in accordance with law.
2. The student shall have access to appropriate counseling services.
3. The supervised suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.
4. Each student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher(s) shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to a supervised suspension classroom, the principal or designee shall notify the student's parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification shall be made in writing. . (Education Code 48911.1)

Authority to Expel

A student may be expelled only by the Board. (Education Code 48918(j))

The Board shall expel, as required by law, any student found to have committed any offense listed below under "Mandatory Recommendation and Mandatory Expulsion." (Education Code 48915)

For all other grounds listed above under "Grounds for Suspension and Expulsion," the Board shall order a student expelled upon the recommendation of the Superintendent, principal, or designee, only if the Board makes a finding of either or both of the following: (Education Code 48915(b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

Mandatory Recommendation for Expulsion

Unless the Superintendent, principal, or designee determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct, he/she shall recommend a student's expulsion for any of the following acts: (Education Code 48915(a))

1. Causing serious physical injury to another person, except in self-defense
2. Possession of any knife as defined in Education Code 48915(g), explosive, or other dangerous object of no reasonable use to the student
3. Unlawful possession of any controlled substance as listed in Health and Safety Code 11053-11058, except for (a) the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis, or (b) the student's possession of over-the-counter medication for his/her use or other medication prescribed for him/her by a physician
4. Robbery or extortion
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee

In determining whether or not to recommend the expulsion of a student, the Superintendent, principal, or designee shall act as quickly as possible to ensure that the student does not lose instructional time. (Education Code 48915)

Mandatory Recommendation and Mandatory Expulsion

The Superintendent, principal, or designee shall recommend that the Board expel any student found at school or at a school activity to be: (Education Code 48915(c))

1. Possessing, as verified by a district employee, selling, or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the firearm from a certificated school employee, with the principal or designee's concurrence

However, possession of an imitation firearm, as defined in Education Code 48900(m), shall not be regarded as an offense requiring a mandatory recommendation of expulsion and mandatory expulsion.

3. Unlawfully selling a controlled substance listed in Health and Safety Code 1105311058

5. Possessing an explosive as defined in 18 USC 921

Upon finding that the student committed any of the above acts, the Board shall expel the student. (Education Code 48915)

Student's Right to Expulsion Hearing

Any student recommended for expulsion shall be entitled to a hearing to determine whether he/she should be expelled. The hearing shall be held within 30 school days after the Superintendent, principal, or designee determines that the student has committed one of the acts listed under "Grounds for Suspension and Expulsion." (Education Code 48918(a))

The student is entitled to at least one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the regular school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to a summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days, as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

After a determination that one of the grounds listed above under "Grounds for Suspension and Expulsion" has occurred, the Superintendent, principal, or designee shall offer the student and his/her parent/guardian the option to waive a hearing and stipulate to the expulsion. The stipulation agreement shall be in writing and shall be signed by the student and his/her parent/guardian.

Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental, or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Education Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing
2. Have up to two adult support persons of his/her choosing present at the hearing at the time he/she testifies
3. Have a closed hearing during the time he/she testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

Written Notice of the Expulsion Hearing

Written notice of the expulsion hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918(b))

2. A statement of the specific facts, charges, and offense upon which the proposed expulsion is based.

6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

Additional Notice of Expulsion Hearing for Foster Youth

At least 10 days prior to a hearing to determine if a student who is a foster youth as defined under Education Code 48853.5 should be expelled for an offense not requiring a mandatory recommendation for expulsion, the Superintendent or designee shall notify the student's attorney and a representative of an appropriate county child welfare agency. If the hearing is pursuant to an offense requiring a mandatory expulsion recommendation, the Superintendent or designee may provide the same notification. The notice shall be provided by the most costeffective method possible, including by email or a telephone call. (Education Code 48918.1)

Conduct of Expulsion Hearing

1. **Closed Session:** Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such a request is made, the meeting shall be public unless another student's privacy rights would be violated. (Education Code 48918(c))

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine whether or not the student should be expelled. If the Board admits any other person to this closed session, the

parent/guardian, the student, and the counsel of the student also shall be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including, but not limited to, videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. **Record of Hearing:** A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made. (Education Code 48918(g))
3. **Subpoenas:** Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with the Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20. (Education Code 48918(i))

Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(i))

4. **Presentation of Evidence:** Technical rules of evidence shall not apply to the expulsion hearing, but relevant evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel shall be supported by substantial evidence that the student committed any of the acts pursuant to Education Code 48900 and listed in "Grounds for Suspension and Expulsion" above. (Education Code 48918(h))

Findings of fact shall be based solely on the evidence at the hearing. While no finding shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918(f))

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. - **Testimony by Complaining Witnesses:** The following procedures shall be observed when hearings involve allegations of sexual assault or sexual battery by a student: (Education Code 48918, 48918.5)
 - a. Any complaining witness shall be given five days' notice before being called to testify.
 - b. Any complaining witness shall be entitled to have up to two adult support persons, including, but not limited to, a parent/guardian or legal counsel; present during his/her testimony.
 - c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
 - d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.

- e. If one or both support persons are also witnesses, the hearing shall be conducted in accordance with Penal Code 868.5.
 - f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.
 - g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.
 - (1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.
 - (2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.
 - (3) The person conducting the hearing may:
 - (a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness
 - (b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours
 - (c) Permit one of the support persons to accompany the complaining witness to the witness stand
6. Decision: The Board's decision as to whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures applicable to a hearing conducted by the Board as specified above in "Conduct of Expulsion Hearing," including the requirement to issue its decision within 40 school days of the student's removal from school, unless the student requests that the decision be postponed. (Education Code 48918(a) and (d))

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the expulsion proceeding shall be terminated and the student shall be immediately reinstated. The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with district staff, including the student's teachers, and with the student's parent/guardian. The decision to not recommend expulsion shall be final. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion for a period of one year. (Education Code 48917, 48918)

Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel shall be taken by the Board at a public meeting. (Education Code 489180))

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering an expulsion, the Board shall set a date When the student shall be reviewed for readmission to a school within the district. For a student expelled for any act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case by- case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. If an expulsion is ordered during summer session or the intersession period of a year-round program, the Board shall set a date when the student shall be reviewed for readmission not later than the last day of the semester following the summer session or intersession period in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review, as well as assessment at the time of review, for readmission
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, or other rehabilitative programs

With parent/guardian consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed above under "Grounds for Suspension and Expulsion" (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian (Education Code 48916)
3. Notice of the right to appeal the expulsion to the County Board of Education (Education Code 48918)
4. Notice of the alternative educational placement to be provided to the student during the time of expulsion (Education Code 48918)
5. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1 (Education Code 48918)

Decision Not to Enforce Expulsion Order

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion order, the Board shall take into account the following criteria:

1. The student's pattern of behavior
2. The seriousness of the misconduct
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program

The suspension of the enforcement of an expulsion shall be governed by the following:

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class, or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program. (Education Code 48917)
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status. (Education Code 48917)
3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion" above or violates any of the district's rules and regulations governing student conduct. (Education Code 48917)
4. When the suspension of enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order. (Education Code 48917)
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings. (Education Code 48917)
6. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall inform the parent/guardian of the right to appeal the expulsion to the County Board, the alternative educational placement to be provided to the student during the period of expulsion, and the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of his/her status with the expelling district, pursuant to Education Code 48915.1(b). (Education Code 489180))
7. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board. (Education Code 48917)

Right to Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision with the County Board. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion order is suspended and the student is placed on probation. (Education Code 48919)

The student shall submit a written request for a copy of the written transcripts and supporting documents from the district simultaneously with the filing of the notice of appeal with the County Board. The district shall provide the student with these documents within 10 school days following the student's written request. (Education Code 48919)

Notification to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance. In addition, law enforcement authorities shall be notified regarding any acts by students regarding the possession, sale, or furnishment of firearms, explosives, or other dangerous weapons in violation of Education Code 48915(c)(1) or (5) or Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering, or sale of controlled substances, alcohol, or intoxicants of any kind. (Education Code 48902)

Post-Expulsion Placements

The Board shall refer expelled students to a program of study that is: (Education Code 48915,48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems
2. Not provided at a comprehensive middle, junior, or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site
3. Not housed at the school site attended by the student at the time of suspension

When the placement described above is not available and when the County Superintendent so certifies, students expelled for acts described in items #6-13 and #20-22 under "Grounds for Suspension and Expulsion" above may be referred to a program of study that is provided at another comprehensive middle, junior, or senior high school or at an elementary school. (Education Code 48915)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

Readmission After Expulsion

Readmission procedures shall be as follows:

1. On the date set by the Board when it ordered the expulsion, the district shall consider readmission of the student. (Education Code 48916)
2. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.
3. The Superintendent or designee shall transmit to the Board his/her recommendation regarding readmission. The Board shall consider this recommendation in closed session if information would be disclosed in violation of Education Code 4907349079. If a written request for open session is received from the parent/guardian or adult student, it shall be honored.
4. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered mail, of the Board's decision regarding readmission.
5. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
6. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school. (Education Code 48916)
7. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

Maintenance of Records

The district shall maintain a record of each suspension and expulsion, including its specific cause(s). (Education Code 48900.8)

Expulsion records of any student shall be maintained in the student's mandatory interim record, and sent to any school in which the student subsequently enrolls upon written request by that school. (Education Code 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

Outcome Data

The Superintendent or designee shall maintain the following data: (Education Code 48900.8, 48916.1)

1. The number of students recommended for expulsion
2. The specific grounds for each recommended expulsion
3. Whether the student was subsequently expelled
4. Whether the expulsion order was suspended
5. The type of referral made after the expulsion
6. The disposition of the student after the end of the expulsion period

In addition, the Superintendent or designee shall disaggregate student data collected based on race, color, nationality, religion, disability, and other categories protected from discrimination under the law.

Suspension and Expulsion/due Process (Students With Disabilities)

A student identified as an individual with a disability pursuant to the Individuals with Disabilities Education Act (IDEA), 20 USC 1400-1482, is subject to the same grounds and procedures for suspension and expulsion which apply to students without disabilities, except as otherwise specified in this administrative regulation.

Suspension

The Superintendent or designee may suspend a student with a disability for up to 10 consecutive school days for a single incident of misconduct, and for up to 20 school days in a school year, as long as the suspension(s) does not constitute a change in placement pursuant to 34 CFR 300.536.

The principal or designee shall monitor the number of days, including portions of days, in which a student with a valid individualized education program (IEP) has been suspended during the school year.

The Superintendent or designee shall determine, on a case-by-case basis, whether a pattern of removals of a student from his/her current educational placement for disciplinary reasons constitutes a change of placement. A change of placement shall be deemed to have occurred under either of the following circumstances:

1. The removal is for more than 10 consecutive school days.
2. The student has been subjected to a series of removals that constitute a pattern because of all of the following:
 - a. The series of removals total more than 10 school days in a school year.
 - b. The student's behavior is substantially similar to his/her behavior in previous incidents that resulted in the series of removals.
 - c. Additional factors, such as the length of each removal, the total amount of time the student has been removed, and the proximity of the removals to one another, indicate a change of placement.

If a student's removal is determined to be a change of placement as specified in items #1-2 above, or the student is suspended for more than 10 school days in the same school year, the student's IEP team shall determine the appropriate educational services. Such services shall be designed to enable the student to continue to participate in the general education curriculum in another setting, to progress toward meeting the goals set out in his/her IEP, and to address the student's behavior violation so that it does not recur.

If the IEP of a student with a disability requires the district to provide the student with transportation, the district shall provide the student with an alternative form of transportation at no cost to him/her or to his/her parent/guardian when he/she is to be excluded from school bus transportation.

Interim Alternative Educational Placement Due to Dangerous Behavior

The district may unilaterally place a student with a disability in an appropriate interim alternative educational setting for up to 45 school days, without regard to whether the behavior is a manifestation of the student's disability, when the student commits one of the following acts while at school, going to or from school, or at a school-related function:

1. Carries or possesses a weapon, as defined in 18 USC 930
2. Knowingly possesses or uses illegal drugs
3. Sells or solicits the sale of a controlled substance as identified in 21 USC 812(c), Schedules I-V
4. Inflicts serious bodily injury upon another person as defined in 18 USC 1365

The student's interim alternative educational setting shall be determined by his/her IEP team.

On the date the decision to take disciplinary action is made, the student's parent/guardian shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504.

A student who has been removed from his/her current placement because of dangerous behavior shall receive services, although in another setting, to the extent necessary to allow him/her to participate in the general education curriculum and to progress toward meeting the goals set out in his/her IEP. As appropriate, the student shall also receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20 USC 1314(k)(1)(D); 34 CFR 300.530)

Manifestation Determination

The following procedural safeguards shall apply when a student with a disability is suspended for more than 10 consecutive school days, when a series of removals of a student constitutes a pattern, or when a change of placement of a student is contemplated due to a violation of the district's code of conduct:

1. **Notice:** On the date the decision to take disciplinary action is made, the student's parent/guardian shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504.
2. **Manifestation Determination Review:** Immediately if possible, but in no case later than 10 school days after the date the decision to take disciplinary action is made, a manifestation determination review shall be made of the relationship between the student's disability and the behavior subject to the disciplinary action.

At the manifestation determination review, the district, the student's parent/guardian, and relevant members of the IEP team (as determined by the district and parent/guardian) shall review all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information provided by the parents/guardians, to determine whether the conduct in question was either of the following:

- a. Caused by or had a direct and substantial relationship to the student's disability
- b. A direct result of the district's failure to implement the student's IEP, in which case the district shall take immediate steps to remedy those deficiencies

If the manifestation review team determines that either of the above conditions applies, the student's conduct shall then be determined to be a manifestation of his/her disability.

3. **Determination that Behavior is a Manifestation of the Student's Disability:** When the student's conduct has been determined to be a manifestation of his/her disability, the IEP team shall conduct a functional behavioral assessment, unless one had been conducted before the occurrence of the behavior that resulted in the change of placement, and shall implement a behavioral intervention plan for the student. If a behavioral intervention plan has already been developed, the IEP team shall review the behavioral intervention plan and modify it as necessary to address the behavior.

The student shall be returned to the placement from which he/she was removed, unless the parent/guardian and Superintendent or designee agree to a change of placement as part of the modification of the behavioral intervention plan.

4. **Determination that Behavior is Not a Manifestation of the Student's Disability:** When it has been determined that the student's conduct was not a manifestation of his/her disability, the student may be disciplined in accordance with the procedures for students without disabilities. However, the student's IEP team shall determine services necessary to enable him/her to participate in the general education curriculum in another setting and to allow him/her to progress toward meeting the goals set out in his/her IEP.

As appropriate, the student also shall receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur.

Due Process Appeals

If the parent/guardian disagrees with any district decision regarding placement under 34 CFR 300.530 (suspension and removal for dangerous circumstances) or 34 CFR 300.531 (interim alternative placement), or the manifestation determination under 34 CFR 300.530(e), he/she may appeal the decision by requesting a hearing. The district may request a hearing if the district believes that maintaining the student's current placement is substantially likely to result in injury to the student or others. In order to request a due process hearing, the requesting party shall file a complaint pursuant to 34 CFR 300.507 and 300.508(a) and (b).

Whenever a hearing is requested as specified above, the parent/guardian or the district shall have an opportunity for an expedited due process hearing consistent with requirements specified in 34 CFR 300.507, 300.508 (a)-(c), and 300.510-300.514.

If the student's parent/guardian or the district has initiated a due process hearing under 34 CFR 300.532 as detailed above, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the 45-day time period, whichever occurs first, unless the parent/guardian and district agree otherwise.

Readmission

Readmission procedures for students with disabilities shall be the same as those adopted for students without disabilities. Upon readmission of a student with disabilities, an IEP team meeting shall be convened to review and, as necessary, modify the student's IEP.

Decision Not to Enforce Expulsion Order

The Board of Trustee's criteria for suspending the enforcement of an expulsion order shall be applied to students with disabilities in the same manner as they are applied to all other students.

Notification to Law Enforcement Authorities

Law enforcement notification requirements involving students with disabilities shall be the same as those specified for all students in AR 5144.1 - Suspension and Expulsion/Due Process.

When giving any required notification concerning a student with disabilities to any law enforcement official, the principal or designee shall require the law enforcement official to certify in writing that he/she will not disclose the student's information or records to any other person without the prior written consent of the student's parent/guardian.

Report to County Superintendent of Schools

The Superintendent or designee shall report to the County Superintendent of Schools when any special education student has been expelled or suspended for more than 10 school days. The report shall include the student's name, last known address, and the reason for the action.

Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been determined to be eligible for special education and related services and who has violated the district's code of student conduct may nevertheless assert any of the protections under IDEA, if the district had knowledge of the student's disability.

Knowledge means that, before the occurrence of the behavior that precipitated the disciplinary action, one of the following occurred:

1. The parent/guardian, in writing, has expressed concern to district supervisory or administrative personnel, or to a teacher of the student, that the student is in need of special education or related services.
2. The parent/guardian has requested an evaluation of the student for special education pursuant to 20 USC 1414(a)(1)(B) or 34 CFR 300.300-300.311.
3. The teacher of the student or other district personnel has expressed specific concerns directly to the district's director of special education or other supervisory district personnel about a pattern of behavior demonstrated by the student.

However, the district shall not be deemed to have knowledge of a student's disability if the student's parent/guardian has not allowed him/her to be evaluated for special education services or has refused services or, after evaluating the student pursuant to 34 CFR 300.300-300.311, the district determined that he/she was not an individual with a disability.

When the district is deemed to not have knowledge of a student's disability, the student shall be disciplined in accordance with procedures established for students without disabilities who engage in comparable behavior.

If a request is made for an evaluation of a student during the time period in which the student is subject to disciplinary measures pursuant to 34 CFR 300.530, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities.

EVERGREEN SCHOOL DISTRICT

San Jose, California

Uniform Complaint Procedures

The Governing Board recognizes that the district has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs. The district shall investigate and seek to resolve any complaints

alleging failure to comply with such laws and/or alleging unlawful discrimination, harassment, intimidation, or bullying in accordance with the uniform complaint procedures:

The district shall use the uniform complaint procedures to resolve any complaint alleging unlawful discrimination, harassment, intimidation, or bullying in district programs and activities based on actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified in Education Code 200 or 220, Penal Code 422.55, or Government Code 11135, or based on association with a person or group with one or more of these actual or perceived characteristics.

Uniform complaint procedures shall also be used to address any complaint alleging the district's failure to comply with the prohibition against requiring students to pay fees, deposits, or other charges for participation in educational activities, the requirements for the development and adoption of a school safety plan, and state and/or federal laws in adult education programs, consolidated categorical aid programs, migrant education, career technical and technical education and training programs, child care and development programs, child nutrition programs, and special education programs.

The Board prohibits any form of retaliation against any complainant in the complaint process. Participation in the complaint process shall not in any way affect the status, grades, or work assignments of the complainant.

The Board encourages the early, informal resolution of complaints at the site level whenever possible.

The Board recognizes that a neutral mediator can often suggest a compromise that is agreeable to all parties in a dispute. In accordance with the uniform complaint procedures, whenever all parties to a complaint agree to try resolving the problem through mediation, the Superintendent or designee shall initiate that process. The Superintendent or designee shall ensure that the results are consistent with state and federal laws and regulations.

In investigating complaints, the confidentiality of the parties involved and the integrity of the process shall be protected. As appropriate for any complaint alleging discrimination, harassment, intimidation, or bullying, the Superintendent or designee may keep the identity of a complainant confidential to the extent that the investigation of the complaint is not obstructed.

The district's Williams uniform complaint procedures, AR 1312.4, shall be used to investigate and resolve any complaint related to the following:

1. Sufficiency of textbooks or instructional materials
2. Emergency or urgent facilities conditions that pose a threat to the health or safety of students or staff
3. Teacher vacancies and misassignments

The district's uniform complaint procedures policy and administrative regulation shall be posted in all district schools and offices, including staff lounges and student government meeting rooms. If 15 percent or more of students enrolled in a particular district school speak a single primary language other than English, the district's policy, regulation, forms, and notices concerning uniform complaint procedures shall be translated into that language. (Education Code 234.1, 48985)

Compliance Officers

The following compliance officer(s) shall receive and investigate complaints and shall ensure district compliance with law:

Director, Educational Services
3188 Quimby Rd
San Jose, CA 95148
408-270-6800

The Superintendent or designee shall ensure that employees designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. Designated employees may have access to legal counsel as determined by the Superintendent or designee.

Notifications

The Superintendent or designee shall annually provide written notification of the district's uniform complaint procedures to students, employees, parents/guardians, the district advisory committee, school advisory committees, appropriate private school officials or representatives, and other interested parties. (5 CCR 4622)

The notice shall:

1. Identify the person(s), position(s), or unit(s) responsible for receiving complaints

2. Advise the complainant of any civil law remedies that may be available to him/her under state or federal discrimination laws, if applicable
3. Advise the complainant of the appeal process, including, if applicable, the complainant's right to take a complaint directly to the California Department of Education (CDE) or to pursue remedies before civil courts or other public agencies
4. Include statements that:
 - a. The district has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs.
 - b. The complaint review shall be completed within 60 calendar days from the date of receipt of the complaint unless the complainant agrees in writing to an extension of the timeline.
 - c. A complaint alleging unlawful discrimination, harassment, intimidation, or bullying must be filed not later than six months from the date it occurred, or six months from the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation, or bullying.
 - d. The complainant has a right to appeal the district's decision to the CDE by filing a written appeal within 15 days of receiving the district's decision.
 - e. The appeal to the CDE must include a copy of the complaint filed with the district and a copy of the district's decision.
 - f. Copies of the district's uniform complaint procedures are available free of charge.

Procedures

The following procedures shall be used to address all complaints which allege that the district has violated federal or state laws or regulations governing educational programs or has committed unlawful discrimination.

All complaints shall be investigated and resolved within 60 days of the district's receipt of the complaint. Compliance officers shall maintain a record of each complaint and subsequent related actions, including all information required for compliance with 5 CCR 4631 and 4633.

All parties involved in allegations shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

Step 1: Filing of Complaint

Any individual, public agency, or organization may file a written complaint of the district's alleged noncompliance with federal or state laws or regulations governing educational programs. (5 CCR 4630)

A complaint concerning unlawful discrimination, harassment, intimidation, or bullying may be filed only by a person who alleges that he/she personally suffered unlawful discrimination, harassment, intimidation, or bullying or by a person who believes that an individual or any specific class of individuals has been subjected to it. The complaint shall be initiated no later than six months from the date when the alleged discrimination, harassment, intimidation, or bullying occurred, or six months from the date when the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation, or bullying. However, upon written request by the complainant, the Superintendent or designee may extend the filing period for up to 90 calendar days. (5 CCR 4630)

A complaint alleging noncompliance with the law regarding the prohibition against requiring students to pay student fees, deposits, and charges maybe filed anonymously if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance. (Education Code 49013)

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and a date stamp.

If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, district staff shall assist him/her in the filing of the complaint. (5 CCR 4600)

Step 2: Mediation

Within three days of receiving the complaint, the compliance officer may informally discuss with all the parties the possibility of using mediation. If the parties agree to mediation, the compliance officer shall make all arrangements for this process.

Before initiating the mediation of a complaint alleging discrimination, harassment, intimidation, or bullying, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with his/her investigation of the complaint.

The use of mediation shall not extend the district's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time. (5 CCR 4631)

Step 3: Investigation of Complaint

Within 10 days of receiving the complaint, the compliance officer shall provide the complainant and/or his/her representative an opportunity to present the complaint and any evidence, or information leading to evidence, to support the allegations in the complaint. The compliance officer also shall collect all documents and interview all witnesses with information pertinent to the complaint.

A complainant's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or engagement in any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation. (5 CCR 4631)

In accordance with law, the district shall provide the investigator with access to records and other information related to the allegation in the complaint and shall not in any way obstruct the investigation. Failure or refusal of the district to cooperate in the investigation may result in a finding based on evidence collected that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR 4631)

Step 4: Response

Unless extended by written agreement with the complainant, the compliance officer shall prepare and send to the complainant a written report of the district's investigation and decision, as described in Step #5 below, within 60 days of the district's receipt of the complaint. (5 CCR 4631)

Step 5: Final Written Decision

The district's decision shall be in writing and sent to the complainant. (5 CCR 4631)

The district's decision shall be written in English and, when required by Education Code 48985, in the complainant's primary language.

For all complaints, the decision shall include: (5 CCR 4631)

1. The findings of fact based on the evidence gathered
2. The conclusion(s) of law
3. Disposition of the complaint
4. Rationale for such disposition
5. Corrective actions, if any are warranted
6. Notice of the complainant's right to appeal the district's decision within 15 days to the CDE and procedures to be followed for initiating such an appeal

Civil Law Remedies

A complainant may pursue available civil law remedies outside of the district's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders.

For complaints alleging discrimination, harassment, intimidation, and bullying based on state law, a complainant shall wait until 60 calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies, provided the district has appropriately and in a timely manner apprised the complainant of his/her right to file a complaint in accordance with 5 CCR 4622. Opioid Prevention and Life-Saving Response Procedures

The Board of Trustees believes that regular school attendance is critical to student learning and that students who need to take medication prescribed or ordered for them by their authorized health care providers should have an opportunity to participate in the educational program.

Any medication prescribed for a student with a disability who is qualified to receive services under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973 shall be administered in accordance with the student's individualized education program or Section 504 services plan as applicable.

For the administration of medication to other students during school or school- related activities, the Superintendent or designee shall develop protocols which shall include options for allowing a parent/guardian to administer medication to his/her child at school, designate other individuals to do so on his/her behalf, and, with the child's authorized health care provider's approval, request the district's permission for his/her child to self-administer a medication or self-monitor and/or self-test for a medical condition. Such processes shall be implemented in a manner that preserves campus security, minimizes instructional interruptions, and promotes student safety and privacy.

In addition, the Superintendent or designee shall collaborate with city and county emergency responders, including local public health administrators, to design procedures or measures for addressing an emergency such as a public disaster or epidemic.

Administration of Medication by School Personnel

Any medication prescribed by an authorized health care provider, including, but not limited to, emergency antiseizure medication for a student who suffers epileptic seizures, auto-injectable epinephrine, insulin, or glucagon, may be administered by the school nurse or other designated school personnel only when the Superintendent or designee has received written statements from both the student's parent/guardian and authorized health care provider. (Education Code 49414.7, 49423; 5 CCR 600)

When medically unlicensed school personnel are authorized by law to administer any medication to students, such as emergency antiseizure medication, auto- injectable epinephrine, insulin, or glucagon, the Superintendent or designee shall ensure that school personnel designated to administer any medication receive appropriate training and, as necessary, retraining from qualified medical personnel before any medication is administered. At a minimum, the training shall cover how and when such medication should be administered, the recognition of symptoms and treatment, emergency follow-up procedures, and the proper documentation and storage of medication. The Board of Trustees recognizes that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The Board is fully committed to maximizing school safety and to creating a positive learning environment that includes strategies for violence prevention and high expectations for student conduct, responsible behavior, and respect for others.

The school site council at each district school shall develop a comprehensive school safety plan relevant to the needs and resources of that particular school. New school campuses shall develop a safety plan within one year of initiating operations.

The school safety plan shall take into account the school's staffing, available resources, and building design, as well as other factors unique to the site.

Each school shall forward its comprehensive safety plan to the Board for approval.

The comprehensive safety plan(s) shall be reviewed and updated by March 1 of each year.

The Board shall review the comprehensive safety plan(s) in order to ensure compliance with state law, Board policy, and administrative regulation and shall approve the plan(s) at a regularly scheduled meeting.

By October 15 of each year, the Superintendent or designee shall notify the California Department of Education of any schools that have not complied with the requirements of Education Code 32281.

Tactical Response Plan

Notwithstanding the process described above, any portion of a comprehensive safety plan that includes tactical responses to criminal incidents that may result in death or serious bodily injury at the school site, including steps to be taken to safeguard students and staff, secure the affected school premises, and apprehend the criminal perpetrator(s), shall be developed by district administrators in accordance with Education Code 32281. In developing such strategies, district administrators shall consult with law enforcement officials and with a representative of an employee bargaining unit, if he/she chooses to participate.

When reviewing the tactical response plan, the Board may meet in closed session to confer with law enforcement officials, provided that any vote to approve the tactical response plan is announced in open session following the closed session.

Public Access to Safety Plan(s)

The Superintendent or designee shall ensure that an updated file of all safety-related plans and materials is readily available for inspection by the public.

However, those portions of the comprehensive safety plan that include tactical responses to criminal incidents shall not be publicly disclosed.

CAMPUS EMERGENCY ASSIGNMENT SHEET

This will help you ensure that you have coverage for all critical positions during a school emergency. Ensure that each position is assigned as early as possible in the school year and that all positions are assigned, even if you think that it will not be necessary to fill the positions during an actual emergency. To guard against the absence of key personnel when an emergency threatens, it is strongly recommended that backup personnel also be assigned and that key personnel are cross-trained in critical job requirements.

Emergency Procedures

SAFE PLACE:

All Evergreen Schools, including Norwood Creek, have been designated as a "Safe Place". Project Safe Place is a network of public locations where youth in crisis can seek immediate help or safety. For students attending Norwood Creek, we will continue to follow district procedures and policies. Please discuss with the Principal. If a youth not attending Norwood Creek seeks assistance, employees may contact Bill Wilson center and a staff person is dispatched to arrive within 15 minutes of receiving the call. Site employees need not question the youth about the problem. The Bill Wilson Center may be reached at 408-243-0222. Clearly state "This is a Safe Place Call" and follow instructions given.

In the event of a disaster, the Santa Clara County Office of Emergency Services will be responsible for providing medical and health assistance and supplies to Norwood Creek School. All school employees are designated "disaster service workers" by law and must remain at the school until released by the principal or designee. In the event that the principal is unavailable Laura Jarvis has been designated to serve as incident

commander.

PRACTICE:

During the first week of school, and periodically thereafter, teachers will practice emergency procedures with their class. An emergency map and a student roster must be posted on the wall next to the outside door of the classroom free from obstruction. A classroom fanny pack containing emergency supplies must be easily accessible. Below are the procedures we follow in the event of an emergency at our school. The following pages also contain a flow chart outlining procedures to be followed in an emergency. Fire drills will be held monthly (refer to master calendar) and earthquake drills will be held twice a year (to be scheduled).

FIRE:

An evacuation map must be posted in all rooms. Follow the evacuation route if it is safe to do so; if not safe, select an alternate route. Take the class list and emergency fanny pack when exiting the building. Close the door; do not lock it. Students move quickly and silently in an orderly manner to the designated area on the map. Upon arrival, teachers take roll and report missing or injured children to the principal. Remain in place until "all clear" signal.

Fire Drill Procedures (Close Classroom Door/ Turn off Lights!)

1. When the alarm sounds, all students and staff immediately evacuate the classroom in a single file line.
2. Teacher is the last to evacuate and takes with him/her the class list for attendance and first-aid fanny pack. The classroom door is closed.
3. Each class should follow the route on the evacuation map and line up as indicated. Once at the evacuation site, teachers take attendance and account for missing students. If students are at recess, in the cafeteria, or with a specialist when the fire alarm sounds, they should follow the instructions of the supervising adults. Supervising adults will take students outside to the student's designated number line.
4. When the "all clear" signal is given, the students return to class in single file, quiet lines.

Earthquake Drill Procedures (Leave Classroom Door Open/Turn off Lights!)

1. Upon hearing the signal or feeling shaking, students and adults duck and cover. Drop to knees, clasp both hands behind the neck, and bury face in arms, close eyes and cover eyes with forearms
2. Teachers take roll while in duck and cover position. Complete the Blue attendance form.
3. An assigned Emergency Response Team member will come to your classroom and will act as a source of communication. The neighboring classroom to the ERT member will take the ERT member's class to the assigned evacuation area.
4. The Emergency Response Team member assists with injuries. No one is to leave the classroom until instructed to do so by the Emergency Response Team member.
5. When instructed to leave the classroom, send students in groups of 4-5 outside the classroom door and have them line up. When all students are evacuated, the teacher will take the class to the assigned area, leaving the classroom door open. Students should not walk down to the blacktop without their classroom teacher. Teacher takes attendance. Earthquake Procedures packet and first aid kit to evacuation area.
6. Once at the evacuation site, teachers take attendance and account for missing students. Complete the Pink attendance form.
7. Wait for further instructions or "all clear" (30 second bell) signal before returning to buildings.

Release of Students: When a parent or parent designee comes to pick-up a child, the parent or designated adult will sign the pink disaster card. If the person picking up the child is not on the card, he/she will be directed to see the secretary at the Command Center.

EMERGENCY RESPONSE TEAM

The Emergency Response Team is made up of designated teachers and staff members. The ERT members are under the direction of the principal and are assigned special duties in the event of an emergency or crisis at school.

ERT Members will first take roll in their classrooms and then turn supervision over to neighboring teacher. ERT member will survey room assignments and area for damage/injury and then report the status of their assignments to the Command Center by walkie-talkie. ERT members will receive further assignments upon clearing and evacuation of their assigned areas. Major duties of the ERT are as follows:

- Assess assigned building damage.
- Assess individual staff and student injuries and contact Incident Commander for assistance.
- Check safety of evacuation routes. Facilitate the safe evacuation of staff and students from the buildings.
- Evacuate assigned classrooms. Students will be evacuated 5 students at a time away from the building in a single file line. Once the entire classroom is evacuated the classroom teacher will lead the classroom to evacuation area.
- Check with teachers regarding injuries and missing children.
- Ensure safety of building to re-enter.
- Communicate with the incident commander on 2-way radio.
- Liaison between principal, staff, district, community agencies, etc.

Other Emergencies Campus Lockdown / Evacuation Procedures

Emergency Situations:

- Shelter in Place: Shelter in place, children inside, locked doors. (example: dangerous situation around campus, toxic spill)
- Evacuation: Immediate evacuation (example: bomb threat)
- RUN, HIDE, and DEFEND: Active threat on campus (example: active shooter on campus)

Shelter in Place INFORMATION

Code Blue is a low-level lockdown that has been called because there is a situation/threat in the neighborhood that requires everyone to get inside. Staff and students can continue on their day-to- day activities indoors.

In a Shelter in Place situation...

- All students and staff should go inside immediately Close and lock ALL entrances into the classroom or building where staff and students are located
- Administrators will keep staff and students updated as the information becomes available
- If the situation/threat escalates or heads towards the school, a lockdown may be activated

Evacuation INFORMATION

If an evacuation is called...

- Everyone needs to get outside immediately
- Exit in a safe and timely manner
- Leave ALL backpacks, bags and large purses in the classroom (bring first aid fanny pack if safe to do so) • Go to the pre-designated safe/staging areas. Wait for further directions
- Administrators will keep staff and students updated as the information becomes available •

Everyone must stay outside until the "all clear" is sounded (30 second bell) by an administrator

RUN, HIDE, and DEFEND INFORMATION

Emergencies that might include an armed intruder or an intruder within the campus will activate the RUN, HIDE, and DEFEND response procedure. In the event of an armed intruder or intruder from within, our training

calls for us to adopt a "survivor mentality." This means that, if at all possible, you and your students should evacuate the campus and report to one of our evacuation sites. The sites are: East Valley Church, Quimby Oak Middle School, and the Golden Hills Center.

RUN, HIDE, DEFEND

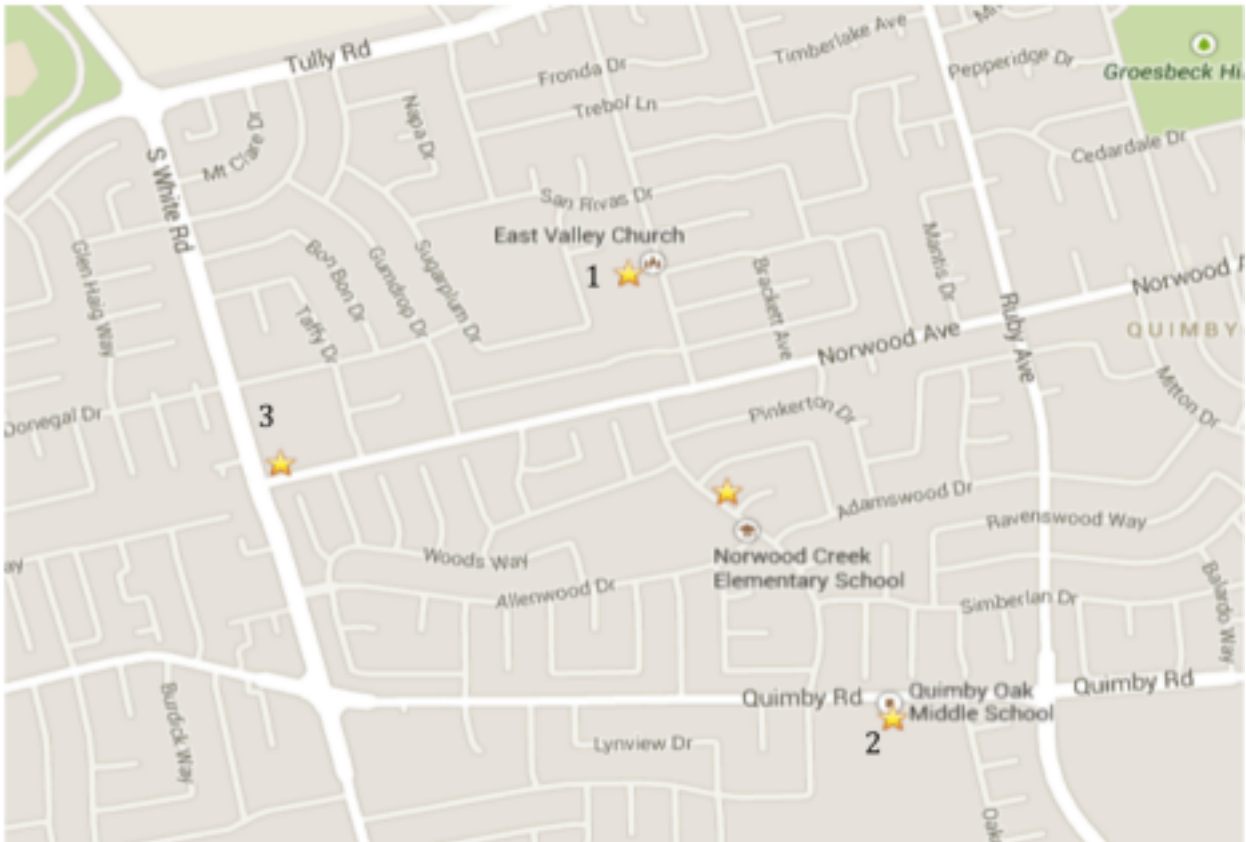

In the event of an active shooter(s) emergency at Norwood Creek we will adhere to the procedures of RUN, HIDE, and DEFEND. The tactical decision made by each staff person to activate this procedure will differ, depending on the circumstances of the emergency. Any staff member may call a RUN, HIDE, and DEFEND procedure with the following statement: "Go to NC Red." The "all clear" code is "go to NC Green."

RUN:

- Decide if you can, escape campus safely
- If it is safe, RUN as fast as you can away from the direction of the gunshot.
- DO NOT stop running until you are far away from the area of danger.
- Leave your belongings behind.
- Help other escape if possible.
- Prevent individuals from entering the area, but not at the risk of your own safety.
- Do not attempt to move wounded people
- Evacuate to a safe location and contact the police department. HIDE: If unable to evacuate, teachers and students should hunker down in the classroom, out of the fatal funnel. In a Lockdown situation...
- All students should go inside (unless unsafe)
- No talking, students are silent
- Doors should be locked, assuming it is safe to do so
- Exterior doors barricaded
- Interior barricade not in line with doors built for shelter
- All lights turned off, students remain silent behind interior barricade Effective barricades....
- Are made using desks, bookshelves, chairs, backpacks and any materials that would prevent someone from entering for at least 60 seconds.
- Do not have holes in which the intruder can see through (use backpacks and jackets to fill them)
- Are outside of the fatal funnel (the area in which an intruder has direct vision and which you could be in the way of ricocheting bullets)
- Prepare yourself mentally and physically for the possibility of engaging the shooter Communication....
- If there is a serious injury inside your classroom, place red card in your window to signal a classroom emergency. Remember the code to signal that your room is clear and safe. Police will enter with force if the code is not properly indicated.
- Do NOT use cell phones. It is important to keep communication channels available for the police.
- Communication with the office or others should be via e-mail only.
- If you have no imminent emergencies, a green card should be placed in your window. DEFEND: As a last resort to protect your life or the life of others act to defend yourself.
- Act as aggressively as possible.
- Improvise weapons.

- Yell and make loud noises to disorient the shooter.
- If possible, grab the shooter's limbs and head, take them to the ground and hold them there. After the threat has been neutralized:
- Do not evacuate until told to do so by principal or police authority.
- Students in 3-6th grade should evacuate with hands behind their heads. Students in K-2 may link arms. Students or staff should not bring out any sweatshirts, jackets or backpacks. Only the teacher should carry out the emergency first aid fanny pack.

Norwood Creek School Student and Parent Handbook

Norwood Creek cultivates and innovates a community of learners who engage creatively with passion and purpose to achieve academic and personal success. We believe all children can learn in a supportive environment and that the teacher's role is to facilitate learning. We believe that learning should be joyful and that questions are as important as answers. We believe in preparing students to learn in the ever-changing 21st century. We believe in the necessity of involving students in decision-making and shared responsibility for making the classroom a good place to be and to learn. We believe that the school must be a safe haven where the dignity of every person is respected. We believe that students need to learn to give to others and to their community, and that parents and the larger community must educate our children. These beliefs form from the basis of the school's goals, of which we have three:

- To engage all students in powerful, meaningful 21st century learning experiences and a rich thinking curriculum.
- To develop every child's social, ethical, emotional, physical, and intellectual potential.
- To involve parents in their children's education.

I have read the Norwood Creek Student and Parent Handbook and
have reviewed the information with my child.

ATTENDANCE

Students are expected to be in school except in cases of emergency, illness, or school approved absences. When your child is absent please follow the procedure below.

1. Parents should call the school by 9 AM (Absence line: 408 270-6727) on the first day and all days the student is absent or send a note to the office. All unverified absences will result in an unexcused absence.
2. A doctor's statement is required for an extended illness of three (3) days or more.
3. If your child cannot go out for recess, he/she must bring a signed note stating the reason for being excused. Frequent or extended absences from recess or P.E. may require a doctor's statement.
4. If your student is out for 2 or more days parents may request homework. It is most important that students rest at home and get well.
5. After 10 consecutive days of unexcused absences a student is subject to being dropped.

VISITORS

Parents and adult members of the community are always welcome to visit our school. Prior notice is required to visit a classroom. Please come to the office and sign in and get a visitor sticker.

HEALTH SERVICES AND POLICIES

A trained health clerk is on duty during the day for emergencies. By law, the school staff is allowed to render first aid only. You or your emergency designee, will be notified whenever a significant accident or illness occurs. Immediate arrangements must be made to take the child home. It is vital that we have accurate, current information through your parent portal account. Children may take necessary PRESCRIBED medication at school under the supervision of the health clerk or secretary. Parents must have the doctor fill out the proper form and leave any medication (in the original container with the complete instructions) and form in the health office. The school cannot administer aspirin or other medication that can be purchased over the counter. NON-PRESCRIBED MEDICATION IS NOT

ALLOWED AT SCHOOL FOR STUDENT SAFETY REASONS. Students may not bring prescribed or over-the-counter medication to school without authorization.

SCHOOL ARRIVAL, DISMISSAL, AND SUPERVISION

The safety of all who attend Norwood Creek is of great concern to parents and staff. Therefore, we ask your personal cooperation and commitment.

Supervision for students begins at 8:30 a.m. Children MAY NOT arrive at school before 8:30 a.m. Supervision of children ends at 3:15 p.m. on regular days and at 1:30 p.m. on Thursdays. Children MAY NOT be on campus after that time unless they are with their parent, under the direct supervision of a teacher, or involved in a school-approved activity. Should a student arrive after school begins at 8:45 a.m., they should report to the office for a late pass. Research has revealed that students who are late or miss school regularly find it difficult to succeed. Please try to ensure that your child is on time.

The parking lot curb lane may be used as a drop-off/pick-up area. Out of respect for others, please circle around again if your child has not yet arrived for pick-up. Pull all the way forward in the pick-up lane. All pedestrians must use the crosswalk. Please do not double park in the parking lot or on the street. In addition to being a safety hazard for students, emergency vehicles and visitors must be able to flow through our parking lot at all times. Fewer cars driving through the parking lot creates a safer situation for our students and staff.

At the end of the school day, students must go directly home or to their child care provider. Only children accompanied by an adult, under the direct supervision of the teacher, or in an approved school activity may remain on campus. Students may not return until after 5:00 p.m. unless under the direct supervision of a parent or in an approved school activity.

POSITIVE BEHAVIORIAL INTERVENTIONS AND SUPPORT (PBIS)

PBIS is a schoolwide system that works to promote positive behaviors and redirect negative behaviors through teaching. Along with our high academic and behavioral expectations, we are a Positive Behavior Intervention Support (PBIS) school. Positive Behavioral Interventions and Supports (PBIS) is an [evidence-based three-tiered framework](#) to improve and integrate the data, systems, and practices affecting student outcomes every day. PBIS creates schools where all students succeed. Rules for conduct are fair and reasonable; students are taught how to make wise choices about their behavior; students are taught conflict resolution skills; and adults model and reinforce appropriate behavior. The result is a school that is safe, fosters learning, encourages appropriate behavior, and builds self-esteem. Discipline is administered with sensitivity to the dignity of the child.

Within a safe and nurturing environment, staff use consistent goals and simple language/terms, while understanding where each student is in the learning process. Besides our focus on kindness our three main Norwood Creek rules are to

be safe, be respectful, and be responsible. We are continuing our implementation of PBIS focused on the following outcomes:

1. Increase instructional time and systematic supports
2. Reduce use of exclusionary & punitive (ineffective) strategies
3. Explicitly teach and acknowledge expected behavior
4. Provide consistent, instructional strategies for behavioral errors

School and classroom rules are based on these general principles of behavior:

- Be respectful-Treat others the way you want to be treated
- Be responsible - Being dependable, keeping promises and honoring our commitments; don't make excuses for their actions or blame others when things go wrong
- Be Safe - Free from hurt, injury, danger, or risk
- Be Kind - The quality of being friendly, generous, and considerate; doing nice things without expecting nice things in return

DESIGNED AND PRINTED COURTESY OF SHOOB PHOTOGRAPHY

Students will:

1. Show courtesy and respect to others: Racial slurs, inappropriate touching, sexual harassment, name calling, verbal bullying, physical bullying, vulgar language or vulgar gestures are not appropriate nor allowed.
2. Solve problems through discussion rather than force.
3. Respect school property and the property of others.
4. Any item that distracts from the learning environment should be left at home. This includes but is not limited to toys, radios, skateboards, toy guns, toy knives, poppers, yo-yos, electronic games, sports equipment, wheelies, trading cards, etc.

5. Report injuries or problems to a teacher, supervisor or the office immediately.
6. Bring only the money needed for school. Do not bring extra money to school.
7. Contribute to a safe, healthy environment: Guns, knives, explosives, matches and dangerous objects are not permitted. Smoking or the possession of tobacco is not permitted. (See section "Expulsion Laws").

CAFETERIA

All students are required to be in the cafeteria/patio during their scheduled lunch period, observe all cafeteria rules, and remain in their seats until excused by supervisors. Students are expected to leave their lunch tables clean and orderly. **Food and beverages are not permitted outside the cafeteria at any time.** On rainy days, students eat in the cafeteria then have recess in their classrooms.

PLAYGROUND/PLAY STRUCTURE PROCEDURES

Children may use playground equipment during school hours only when supervised. Equipment areas are closed when wet, dangerous, or when there is not adequate supervision. Students are to wait outside of the play area until permission to use is given. Students are responsible for proper and safe use of the playground equipment. Students may not run, play tag or chase each other in the playground area. Likewise unsafe play such as standing on bars, climbing up the slide, and jumping from equipment and swings is not allowed.

BLACKTOP AND GRASS AREA PROCEDURES

Recess is a time for fun and relaxation. However, all students are reminded to be courteous, respectful and safe. The following rules have been established to ensure student safety.

- Follow yard supervisors directions promptly and with courtesy.
- Pushing, fighting (including play-fighting), chasing, name calling, or threatening, are not allowed.
- Play safe. No playing or running between buildings, or in bathrooms. Students must stay on the playground side of the yellow lines. Students should not climb on fences, trees, or picnic tables. Tackling, throwing rocks, pinecones or sticks, and taking equipment from others is not allowed.
- Throwing, catching, and kickball games are permitted only on the grass or in a defined court, i.e., handball court, basketball court, volleyball court, and race lines.
- Kicking a ball is allowed only on grass. Soccer balls and kickballs are the only balls that may be kicked. Sports equipment from home may not be used at recess or lunch. Hard balls are not allowed at any time. Students may not play football at recess time.
- Food is only allowed in the designated area at morning recess. No food is allowed on the grass, game courts, or playground.
- Students cannot bring play equipment from home to use at recess.

CONSEQUENCES FOR INAPPROPRIATE BEHAVIOR

Norwood Creek Elementary School's discipline plan is designed to assist students in making responsible choices concerning appropriate behavior. It is our fundamental belief that students are responsible for their own behavior. Adults, parents, and educators, are responsible for providing children with guidance and practice in choosing appropriate behavior. The effectiveness of the discipline policy is dependent upon the active commitment of all adults, administrators, staff, and parents.

Students who violate the school rules are subject to disciplinary action. In most cases the following procedure is followed by teachers/supervisors:

1. Teacher/supervisor cautions and/or redirects the child as privately as possible.
2. Teacher/supervisor and child discuss the inappropriate behavior and agree upon alternate, appropriate behavior to use in the future.
3. Teacher assigns an appropriate consequence as needed. This will be documented on a Citation form. A copy will be sent home for signature, one copy is for the teacher, and one copy is for the principal.
4. For serious rule violations or repeated rule violations a teacher/supervisor will issue a citation for principal review. The student will meet with the principal, an appropriate consequence will be issued, and the principal will contact the parent.

DRESS GUIDELINES

Good taste and good grooming are part of learning for children. It is recognized that the school shares with parents a responsibility for teaching young people the appropriateness of dress. It is our belief that clothing contributes to attitudes and behavior; therefore, we expect students to come to school dressed for learning. No article of clothing should carry slogans that are in "poor taste". This would include wording that is suggestive, violent, or vulgar in nature or that which reflects drugs or alcohol. All shirts and dresses must have sleeves. Gang-related clothing or modes of dress are not

permitted. No attire may be worn that does or is perceived to create a hostile learning environment. Students should wear shoes that are appropriate for physical education. Open toe, sandals, flip flops are inappropriate shoes to wear at school.

FOOD ON CAMPUS

Student nutrition and health contribute to an academically successful child. As such, the Evergreen School District Child Nutrition Services operates under the regulations and guidance of the [National School Lunch Program](#). It is a federal and state assisted program that provides nutritious and well-balanced meals at low or no cost to children each school day. Each meal is planned based on the meal pattern set forth by the USDA. A five-star meal. There are five required components which make each star of our meal: fruits, vegetables, grains, milk and meat/meat alternate. A student must select a minimum of three different components or stars, including a ½ cup of fruit or vegetable for optimal nutrition and best value.

up

Lunch Time Reminders for home lunches

- Please bring the packed lunch to the front office for your child if they did not bring their lunch with them.
- Please provide your child with a healthy lunch
- No soda allowed, water and juice only
- Parents are only allowed to bring food items for their children and not classmates or friends. For example, if you bring a celebration lunch for your child this special lunch can only be enjoyed by your student and not shared with others. This also includes food items that are brought in to share with the class to help celebrate a birthday.

Birthday Celebration Guidelines

- Child Nutrition Services (CNS) certainly understands the importance of recognizing children's achievements and birthdays. However, we also recognize the important role schools play in teaching important life skills like developing healthy eating habits. In accordance with the District Wellness policy, BP-5030, and the [Evergreen Nutrition and Food Guidelines](#), we ask that parents celebrate special events with non-food rewards such as stickers, pencils, note-pads and other small trinkets. Please [contact the CNS office](#) or speak with your child's school office for more information.
- No cupcakes, ice cream or candy are allowed.
- Looking for an alternative to cupcakes for a birthday celebration? Consider joining our Birthday Book Club! A \$15 donation allows us to purchase a special book that will be placed in our school library in your child's honor. If interested, come into the front office and fill out a Birthday Book Club form. These are just a few of the many ways to celebrate your student's birthday with their classmates.

CELL PHONES/SOCIAL MEDIA

Phones need to be secured in backpacks and turned off during the school day. Students may come to the office to use the phone if they need to place a call. Students may use their phones outside the classroom after school is dismissed. The school is not responsible for phones that are stolen, lost, or damaged. If a student has a phone out during the day it will be confiscated and brought to the office and must be picked up by an adult. No student or parent should post photos or videos of other students online without the permission of the photographed/videotaped student's parent.

EMERGENCY PROCEDURES

While major disasters are rare, it is important that we are prepared. Each year students and teachers prepare and discuss procedures for fire, earthquake, and code red. Below are some things that parents can do to assist in disaster preparedness.

- ✓ If your child needs regular medication at school (health office only), assure there is always a 3-4 day supply maintained at all times.
- ✓ Discuss with your children the emergency training they have received at school, give your support by stressing its importance, and encourage them to cooperate with school staff members, both in practice drills and in the event of a real emergency.
- ✓ Formulate your own home emergency plans and teach your children what they should do as part of it. Instruct them as to whom they should go for adult supervision if you are not available and as to what they should do if an emergency occurs when they are walking to or from school.
- ✓ It is natural for parents to want to be reunited with their children immediately. The first priority of school and emergency staff, on the other hand, will be to secure the area, protect the children and tend to the injured. For a response effort to be successful, it is vital that parents not interfere. Your patience and cooperation during such a crisis can save children's lives.
 - Please keep your cars away from the school so that emergency vehicles can have immediate and clear access to the school.

- ☐ Please don't call your children on their cell phones so that emergency personnel can have open phone lines to communicate.
 - ☐ Please keep clear of the school until reunification procedures begin.
 - ☐ Please allow evacuations to proceed without interference. You will be instructed as to the location of the reunification center.
 - ☐ Please follow the reunification procedures.
 - ☐ Communication will be sent out via Parent Square.
- ✓ No student will be dismissed from school unless a parent or individual designated by a parent on the emergency card comes for him/her. PLEASE KEEP YOUR CHILD'S Parent Portal account up to date. Please visit powerschool.eesd.org to update emergency contacts on-line.

EXPULSION LAWS

Expulsion from the Evergreen School District removes a child in grades K - 8 from enrolling in any Evergreen School for the period of expulsion. New laws that became effective January 1, 1996, require a recommendation for expulsion for possessing a firearm (including pellet or BB guns), brandishing a knife at another person, and selling drugs. Additionally, the Board of Trustees may expel for possession of drugs or drug paraphernalia, damage to property, theft, tobacco, disruption/defiance of authority, imitation firearm possession, sexual harassment, hate violence, and possession of dangerous objects. Also, please note that if these violations occur when a student is walking to or from school, the student may be referred for expulsion. Parents should seriously review with their child at all ages the consequences of what they carry in their pockets, bags, or backpacks to and from school. Evergreen School District endorses a Zero Tolerance policy for any action of a student that endangers others.

SCHOOLWIDE PROGRAMS THAT SUPPORT POSITIVE BEHAVIOR

Safe and Caring Schools

The Safe & Caring Schools program incorporates social/emotional learning into daily academic instruction. Activities develop competencies in self-awareness, social awareness, relationship skills, and responsible decision-making. The Safe and Caring Schools program promotes activities that decrease negative behaviors including bullying, harassment, and violence. The program promotes an environment where everyone can build strong character and experience academic success. This year we continue to use quality literature to help illustrate each character skill and build developmental assets in our students. Students, staff, and parent volunteers explore how characters in various books illustrate the highlighted character skill and brainstorm ways in which they can do the same.

Student Council and Project Cornerstone

Developmental assets are positive relationships, opportunities, values and skills that young people need to grow up caring and responsible. Norwood Creek School is committed to helping our children in developing these assets. Through our partnership with Project Cornerstone, students have the opportunity to participate in a variety of class and school wide service projects. In addition to our commitment to students, we are making a commitment of the families of our community. We would like our community to become knowledgeable about developmental assets and ways to build them in our youth. Workshops and opportunities for parents to participate in the program will be made available.

Student of the Week/Month

To recognize each student's unique strengths and accomplishments, teachers select a different student each week/month to be Student of the week/month in their classrooms. Students are honored in their classrooms in a variety of ways.

Honor Roll

Students in grades 4 through 6 can earn an academic honor roll. For Gold honor roll students must earn all A's and no N's or U's in behavior. For Silver honor roll students must earn A's and B's and no N's or U's in behavior. For Bronze honor roll students must earn an A for each C to make a B average, no D's or N's or U's in behavior.

Super Citizen

The Super Citizen award is given at the end of each trimester to students in grades 1-6 who have demonstrated outstanding citizenship and study habits as indicated on their report cards. Super Citizens are members of the Norwood Creek Honor Society that also includes Gold and Silver Honor Roll recipients. Super Citizens are honored each trimester in a ceremony and receive a special certificate for their accomplishment.

Special Incentives

In addition to the incentives listed above, students can earn certificates, privileges, or rewards for achievement in a special area of behavior determined by the teacher or principal. Awards for Gold, Silver, Bronze, Principal's Honor Roll, and Reading At Home are awarded each trimester. Students can also earn Woody kindness slips for being respectful, responsible, safe, caring and kind around school. In addition to the above school wide incentives for positive behavior, each classroom has a plan for encouraging and rewarding appropriate behavior. Students who earn Gold, Silver, or Bronze Honor Roll for both trimester 1 and 2 and are eligible for the honor at trimester 3 progress report will earn a special privilege.
