**MODEL POLICY CLIENTS
SUMMARY OF CHANGES TO MODEL POLICIES
SEPTEMBER 2024 UPDATE**

EXCERPTS related to Mandated Revisions

Re: Policy 3100

Budget Procedures and Line Item Transfers (15v14)

Under prior law, a town board of finance, board of selectmen, or other appropriating authority for a school district was authorized to deposit unexpended education funds into a nonlapsing account, provided that certain conditions were met. Public Act 24-45 now authorizes a local board of education, rather than the town, to make deposits of such unexpended education funds into a nonlapsing account, provided the same conditions are met. Prior law also authorized regional boards of education to create a reserve fund for capital and nonrecurring expenditures. Public Act 24-45 now permits regional boards of education to create a reserve fund for educational expenditures more generally, rather than capital and nonrecurring expenditures. We have revised the policy to reflect these changes.

Re: Policy 4152.6

Family and Medical Leave (14v13)

We have revised this policy in light of Section 18 of Public Act No. 24-41, which requires, effective October 1, 2024, that boards of education provide benefits equal to those provided by the federal FMLA to noncertified employees (not just paraeducators in an educational setting, as under current law) who have been employed by the board for at least twelve months and worked at least 950 (rather than 1,250) hours for such board in the previous twelve months. We have also made edits to clarify that an employee's available accrued sick leave will run concurrently with unpaid FMLA leave and other minor technical edits.

EXCERPTS related to Recommended Revisions

Re: Policy 5111

Admission to the Public Schools at or Before Age 5 (3v2)

We have revised this policy to clarify that parents or guardians seeking admission to the public schools for children who will not turn five by September 1 must submit the written request to the principal of the school in which the child would be enrolled based on District residency requirements and attendance area requirements.

Mandated Revision**Board Budget Procedures and Line Item Transfers**

In accordance with Connecticut General Statutes, the Bethany Board of Education (Board) shall prepare an itemized estimate of its budget each year for submission to the Bethany Board of Finance (Fiscal Authority) for review and appropriation.

The Board shall review any recommendations and suggestions made by the Fiscal Authority as to how it may consolidate non-educational services and realize financial efficiencies. If the Board rejects such suggestions and recommendations it shall provide the Fiscal Authority a written explanation of the reason for the rejection.

Following the annual appropriation, the Board shall meet and revise the itemized estimate, if necessary, and adopt a final appropriated budget for the year. Line items in the budget may be allocated more specifically by the Superintendent or designee in the development, administration, and monitoring of the budget.

The Superintendent and/or designee shall be responsible for administering and monitoring the budget through the course of the fiscal year. The Superintendent or designee shall maintain a system of appropriate expenditures and encumbrance accounting that is organized to conform with the requirements for State and Federal Accounting Reports. A monthly budget report shall be prepared in the same format as the annual budget showing for each budgetary category line item the appropriated budget amount, expenditure to date (to include encumbered and expended amounts), projected expenditures, difference between the projected expenditures, and the appropriation, and general comments indicating the reasons for the difference.

Such budget report shall be presented to the Board at the next regularly scheduled meeting.

Based on expenditures and budget projections, with such budget reports, the Superintendent shall recommend to the Board transfers from one of the broad budgetary categories in the itemized estimate to another as needed.

The Superintendent is authorized to make such transfers as necessary if the urgent need for transfer prevents the Board from meeting in a timely fashion to consider the transfer, provided that such transfers by the Superintendent shall not exceed five percent (5%) of the annual budget. Transfers between the broad budgetary categories in the itemized estimate made in such instances shall be announced at the next regularly scheduled meeting of the Board and a written explanation of such transfer shall be provided to the Board of Selectmen and transfers subsequently ratified by the Board at any such meeting shall not be counted in the limitation on the authority of the Superintendent to make transfers.

The Board shall not expend more than the amount of the appropriation and the amount of money received from other sources ~~for school~~, including any unexpended funds that have been set aside in a nonlapsing account as authorized by law and described below, for educational purposes. If any occasion arises whereby additional funds are needed by the Board, the Chairperson of the Board shall notify the Fiscal Authority and submit a request for such necessary additional funds. No additional funds shall be expended until such supplemental appropriation is granted and no supplemental expenditures shall be made in excess of those so authorized.

Unexpended Funds

Notwithstanding any provision of the general statutes, municipal charter, home rule ordinance, or other ordinance, the Board may deposit into a nonlapsing account any unexpended funds from the prior fiscal year from the budgeted appropriation, in an amount not to exceed two per cent of the total budgeted appropriation for such prior fiscal year. Each expenditure from the account must be authorized by the Board and shall be made only for educational purposes, in accordance with state law.

The Board shall, on a quarterly basis, post the Board's current and projected expenditures and revenues on the District's website. In addition, the Board will submit a copy of such current and projected expenditures and revenues to the Town's legislative body, or in a municipality in which the legislative body is a town meeting, to the Board of Selectmen.

Recommended Revision**School Volunteers, Student Interns, and Other Non-Employees**

The Bethany Board of Education (Board) recognizes that volunteers can make many valuable contributions to the school. Volunteers can enhance collaboration between the school and community, broaden the school's educational environment, and ultimately enrich students' school experience. The Board further acknowledges that it may, from time to time, be asked to provide learning experiences for student interns within the school environments. In recognition of the benefit of having volunteers, interns, and other such non-employees providing services within the schools, the Board supports the involvement of these individuals in accordance with suitable regulations and safeguards to be developed by the Superintendent.

Volunteers, interns, and other such non-employees working within the schools (volunteers) must work under the supervision of the Bethany Public School District (District) staff. Volunteers are held to the same standards of conduct as school staff and must observe all Board policies, including applicable policies on the confidentiality of student information.

Volunteers may be required to submit to state and federal criminal record checks and a record check of the Department of Children and Families (DCF) Child Abuse and Neglect Registry. No person who is required to register as a sex offender under state or federal law, or whose name is currently listed on the DCF registry, may volunteer in the District.

All volunteers must comply with all school health and safety protocols in place at the time, including but not limited to any health screening protocols.

Persons interested in volunteering their services should contact the school principal.

[The Board directs the Superintendent to establish and maintain administrative regulations for this policy.](#)

A resident student is a student whose parent or person having control of the student resides in the Town of Bethany or who meets state requirements for school accommodations. Each such child shall have and shall be so advised by the appropriate school authorities, an equal opportunity to participate in the Bethany Public School District's (District) programs and activities without discrimination on account of race, color, sex, religion, national origin, sexual orientation, gender identity or expression, marital status, genetic information or membership in any other protected class. Students who are classified as homeless under federal law, and therefore do not have a fixed residence, will be admitted pursuant to federal law and Board of Education Policy or Administrative Regulation.

Each child entering the District school for the first time must present documentation, including but not limited to, a long-form raised seal birth certificate, proof of a recent physical examination and required immunizations as indicated by state law, proof of domicile, military orders, or court documents, as applicable.

Ages of Attendance

The District school shall provide education for all persons five (5) years of age and older, having attained age five (5) on or before the first day of September of any school year. For children who will not reach the age of five on or before the first day of September of the school year, the child's parent or guardian may submit a written request to the principal of the school [in which the child would be enrolled based on District residency and attendance area requirements](#) seeking early admission to the District. Upon receipt of such written request, the principal and an appropriate certified staff member shall assess such child to determine whether admitting the child is developmentally appropriate. For decisions relating to early admission to the District, the decision of the principal and appropriate certified staff shall be final. Additionally, according to Connecticut General Statutes, special education will be provided for children who have attained the age of three (3) and who have been identified as being in need of special education and whose educational potential will be irreparably diminished without special education. The parent or person having control of a child five (5) years of age shall have the option of not sending the child to school until the child is six (6) years of age. The parent or person having control of a child six (6) years of age shall have the option of not sending the child to school until the child is seven (7) years of age.

The parent or person shall exercise such option by personally appearing at the District office and signing an option form. The District shall provide the parent or person with information on the educational opportunities available in the District.

Placement

A child who applies for initial admission to the school by transfer from a non-public school or from a school outside the District will be placed at the grade they would have reached elsewhere pending observation and evaluation by classroom teachers, other school staff, and the principal. After such observations and evaluations have been completed, the principal will determine the final grade placement of the child. The principal's decision is final with no appeals.

Nothing in this policy shall serve as barriers to immediate enrollment of students, designated as homeless or foster children as required by the Every Student Succeeds Act (ESSA) and the McKinney-Vento Act as amended by ESSA. The District shall work with a child welfare agency, the school last attended, or other relevant agencies to obtain the necessary documentation.

Recommended Revision**Suicide Prevention**

The Bethany Board of Education (Board) recognizes that suicide is a complex issue and that, ~~while the school may recognize a potentially suicidal youth, it cannot make a clinical assessment of risk and provide in-depth counseling. Instead, the Board directs the school staff to refer students who may be at risk of attempting suicide to an appropriate service for professional assessment, counseling, and treatment services outside of the school.~~ schools are not mental health treatment centers. The Bethany Public School District (the "District") cannot be expected to thoroughly evaluate and eliminate suicidal risk. Nevertheless, school personnel may become aware of specific factual circumstances in which a student has communicated a suicidal intent or other specific circumstances in which a student is perceived by school staff to be at risk for suicide. In such cases, the Board is committed to respond in a supportive manner, both aggressively and immediately, to a student who has attempted, has threatened, or who communicates that they are considering attempting suicide.

~~The Board recognizes the need for youth suicide prevention procedures and will establish programs to identify risk factors for youth suicide, procedures to intervene with such youth, referral services, and training for teachers, other school professionals, and students to provide assistance in these programs.~~

Any Bethany Public School District (District) employee who ~~may have knowledge of a suicide threat, attempt, or ideation must take the proper steps to immediately report this information to the school administration or designee, who will, in turn, notify the appropriate school intervention team, the student's family and appropriate resources outside and within the District.~~ has knowledge that a student has made a suicidal threat or attempt or exhibited suicidal ideation must immediately report this information to the building principal or designee, who will, in turn, notify the appropriate school intervention team with administrative assistance, if necessary, will contact the student's family and appropriate resources within and outside the school system, as permitted by law. The Board further directs the school staff to refer students who come to their attention as being at risk of attempting suicide for professional assessment and treatment services outside of the school. Information concerning a student's suicide attempt, threat or risk will be shared with others only as permitted by state and federal law.

~~Information concerning a student's suicide attempt, threat, or risk will be shared with others to the degree necessary to protect that student and others.~~

In recognition of the need for youth suicide prevention procedures, the Board directs the Superintendent or designee to adopt and maintain administrative regulations addressing youth suicide prevention.

Training will be provided for teachers, other school staff, and students regarding the prevention of and response to youth suicide.

No Change Recommended**Goal Setting and Long Range Planning**

The Bethany Public School District (District) will develop a partnership with staff, parents/guardians, and community members to identify and revise goals consistent with the goals adopted by the State Board of Education and to successfully prepare students to function effectively in a rapidly changing world and for the future, they choose to pursue.

The Bethany Board of Education (Board) believes that the success of our school system depends on the District and community working together toward a common vision for the system. To that end, the Board recognizes the importance of long-range planning and establishing five (5) year District goals. These goals should serve as the basis for developing annual District goals and administrative objectives.

The Board, in conjunction with the Superintendent, administrators, staff, parents/guardians, and community, shall develop a Strategic Plan and a set of five (5) year goals for the District.

These goals shall be reviewed and revised annually in conjunction with the setting of annual District goals.

News Media Relationships

Schools are public institutions serving the educational needs of the community. Therefore, it is important that information be disseminated concerning programs, activities, and significant school events. The Bethany Board of Education recognizes the important role the media serves in reporting information about the Bethany Public School District's (District) programs, services, and activities. Therefore, the District will make reasonable efforts to provide media access to students.

To ensure that publicity is coordinated with a common effort and purpose, the following shall be followed with news media:

1. Media representatives shall be required to report to the administration for prior approval before accessing students involved in instructional programs and activities not attended by the general public.
2. School administrators are authorized to grant permission and set parameters for media access to students in the school.
3. The media may interview and photograph students involved in instructional programs and school activities including athletic events if authorized by the administration provided that their presence will not be unduly disruptive.
4. If in the judgment of the administration, the presence of any photographer, broadcaster, or news journalist causes such disruption that orderly conduct of the activity becomes unfeasible, access by these individuals may be limited to the extent necessary to remove disruption.
5. News media personnel who intend to photograph, broadcast, or record for broadcast student activities shall provide appropriate identification to the school administrator, if requested, prior to access.
6. Only news media personnel employed by a media company including but not limited to, a newspaper, radio, or television broadcasting company, or personnel of a recognized student news medium assigned to cover the activity shall be permitted to photograph, broadcast, or record for broadcast, such activity.
7. Media representatives wishing to photograph or identify particular students must obtain parental or guardian approval as well as school administrator permission.
8. In the case of photographs, videotapes, and/or articles referring to students involved in school events parental or guardian permission must be provided on an annual basis.
9. Parents/Guardians who do not want their student interviewed, photographed, or videotaped by the media shall inform the school administration accordingly. Parents/guardians who do not want their student interviewed, photographed, or videotaped by the media should direct their child accordingly.

No Change Recommended**Distribution of Materials**

Printed materials may be distributed to parents/guardians as a means of mass communications. At the same time, this procedure can prove objectionable to parents/guardians and the Bethany Public School District (District), if overdone.

To provide the most effective use of this technique without exploitation of staff or students, the Superintendent or designee may approve such distribution providing:

1. The materials relate to the school, community, local recreational or civic activities.
2. The materials do not promote any religious belief or activity, private gain, or political position.
3. The materials do not promote any political party or candidate.

All requests from non-school related groups or individuals to distribute materials, with the exception of requests from school-connected organizations or Board-appointed committees, will be referred to the Superintendent or designee to determine whether the requests comply with overall school purposes and policy.

The Principal will have oversight of materials for distribution by students requested by school-related organizations such as the Parent Teacher Organization.

Budget/Referendum Materials

Information concerning a budget or referendum, specifying only the time, date, location, and question or proposal may be disseminated. This information may not contain statements or be written in a manner which may advocate a position on the budget or on a referendum question.

Advertising in the Schools

No advertising of materials used for commercial purposes shall be permitted in the school or on the grounds of the District without prior approval of the Superintendent. Advertising in student publications, including but not limited to school newsletters, planners, notebooks, or book bags, shall be regulated by rules and regulations determined by the Superintendent. Ads concerning drug paraphernalia and any controlled substance are prohibited in any school-sponsored publication.

The Superintendent or designee shall interpret this policy strictly. In case of differences regarding the decision, the decision of the Superintendent will be final in order that the best interests of the students will be served.

Dissemination of Religious Materials

Materials that have a religious content may be made available to students during non-instructional time. The District shall impose content-neutral, time, place, and manner restrictions on the dissemination of religious materials to ensure that students are aware that the materials are not being endorsed or sponsored by the District.

School-Community Organizations

The Bethany Board of Education (Board) encourages the creation of parent organizations such as Parent-Teacher Organization (PTO) units and student, teachers, and parent councils as an appropriate means of achieving effective and maximum parental involvement with the Bethany Public School District.

The Board encourages the Superintendent, other administrators, teachers, and other staff members to work closely with the officers of parent organizations for the benefit of students.

Among the many services which such associations can offer, the Board especially endorses support for parent/citizen volunteer programs in the school.
