Room 212
Oklahoma City, Oklahoma 73105

Dear Governor Stitt:

In reference Title 70 O.S. §2120 (2019) please accept the enclosed as our official report detailing our course of action to implement/comply with the provisions of this law.

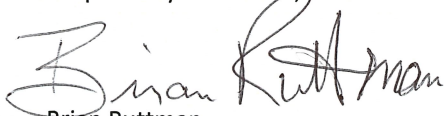

Moore Norman Technology Center respects and values student activism. The technology center takes pride in our students' interactions with social and political issues, viewing it as a desirable, if not essential, component of civic engagement and adopted a Freedom of Expression Policy at the December 2019 meeting of our Board of Education.

In response to the requirements of SB 361. The following actions have been taken to establish compliance:

- Freedom of Expression policy was adopted by the Moore Norman Technology Board on December 19, 2019, in compliance with the new law.
- Freedom of Expression policy has been included in the Moore Norman Technology Center Student Handbooks as of January 2020.
- Conduct student orientation and staff in-service regarding free expression on campus and the district's Freedom of Expression Policy.
- Freedom of Expression Policy and this report/letter posted on the technology center's website.
- During 2024, Moore Norman Technology Center has not had any barriers or incidents of disruption of free expression occurring on its campuses. There have been no attempts to block or prohibit speakers, nor any investigations into students or student organizations for their speech.

Should you require further information please contact me.

Respectfully submitted,

Brian Ruttman
Superintendent/CEO
