SECTION II - ATTENDANCE INFORMATION

ELEMENTARY SCHOOLS TIME SCHEDULES: AVONA, WILLIAMS TOWNSHIP, and WILSON BOROUGH ELEMENTARY SCHOOLS

- Students should not arrive before 8:40 AM, which is when they will be permitted to enter the buildings. Students arriving early will be requested to stand in an orderly fashion in an assigned area outside of the building.
- Grades K through 4 - 8:55 AM to 3:15 PM.
- All students are expected to leave for home at dismissal unless they are requested to stay by a teacher/administrator.

ARRIVING LATE / LEAVING EARLY

If your child will be arriving late or leaving early for any reason, please notify the classroom teacher or the school office in advance. Also, if your child is arriving late and would like to order a school lunch, please notify the school of your child's lunch selection prior to 9:20 AM. All school lunches must be ordered by 9:20 AM.

Children leaving early must be picked up at our school office by a parent or guardian. Please contact the office and send a written note if someone other than the parent is picking up the child.

FIELD TRIPS

During the course of the school year students may have the opportunities to attend school-sponsored field trips that will enhance their educational experience at the elementary level. All students will be required to have a signed parent permission slip. Students must meet academic and behavioral guidelines in order to attend.

Parents of students who take prescribed medication during the school day must make arrangements with the nurse prior to the field trip. Students are required to adhere to district policies, school discipline codes, and school rules while on the trip.

An alternate program will be provided at school for any students who are excluded from or choose not to go on the trip.

REPORTING ABSENCES and REQUESTING HOMEWORK

Parents are required to call the appropriate school office each day that their child is absent from school. This contact serves as a safety measure and notifies the school that your child is not expected to attend.

If homework is being requested for an absent child, please leave this request with the secretary at the opening of the school day. A teacher will need the full day to prepare your child's homework which may be picked up in the office after dismissal.

REQUEST FOR EXCUSED ABSENCE FROM SCHOOL

Families planning an educational experience during the school year are required to complete a **Request for Excused Absence from School** form in advance of the trip. Parents also agree to

assume responsibility for the child's school work during the period of absence. As per the form absences are limited to five (5) school days. Request for Excused Absence from School forms can be obtained from the school secretary and are maintained on file in the school office. Forms are also available online on the district's website, www.wilsonareasd.org.

SECTION III - HOME AND SCHOOL SERVICES

ANNOUNCEMENTS AND NOTICES

Any organization wishing to send announcements home with the children must first have approval from an elementary principal.

Elementary age children have a hard time remembering dates, times, places, costs for events and registrations from oral announcements. Therefore, we are asking that all announcements or flyers be composed by the organization, printed, and counted out in packs of 30 to be delivered to the school secretary at least one day prior to expected distribution. All announcements should have a contact person and telephone number. Should emergency cancellations be required, please phone the school secretary who will make the necessary announcements.

BIRTHDAYS

In adherence with the Wilson Area School District Student Wellness Policy #246 and state regulations, as well as concerns over student food allergies, we cannot permit food items to be sent to school in honor of a child's birthday or other special event. The Wilson Area School District Student Wellness Policy is contained within the Parent/Student Handbook on page 31 for your review.

We understand that birthdays are special days in the lives of our students and their families, and we look forward to sharing birthday excitement with your child. In lieu of a food treat, one suggestion to honor your child's special day would be the donation of a favorite book to the classroom library of your child. The book could be read to the class by the student or the teacher and then placed in the classroom collection for all of the students to read. Honoring your child's birthday in this way leaves a lasting gift that students throughout the years will be able to enjoy. Please note there is no obligation to recognize your child's birthday with a class gift of any kind.

Birthday or party invitations will not be given out in school unless the entire class is invited. A list of student names may be obtained by contacting the school secretary. Home addresses, email addresses and phone numbers cannot be given due to confidentiality.

HOME SCHOOL COMMUNICATION

Parents are encouraged to keep in close contact with the school concerning the progress of their children. If questions arise throughout the year, parents should feel free to call the office or send a written correspondence to staff. We will be glad to help in any way possible.

INSURANCE

Accident insurance is available to all students. Insurance application forms are available on the district website under school forms. Accident insurance is not required. Parents may contact the office if they need additional information.

NEED FOR PARENT COOPERATION

Each school year there are many activities and events that require teacher time. In order to maximize the time our teachers spend with students, we ask for your help in the following ways:

1. Make sure your child arrives at school on time.
2. Make sure your child attends school every day, unless he or she is ill.
Note: *Missing school because of bad weather, visiting others, or waking up late are not legal excuses.*
3. If your child has been absent, be sure that he or she returns to school with an excuse stating the reason for the absence.
4. Please treat all home injuries (cuts, scrapes, splinters, etc.) before your child comes to school.
5. Check that your child has all necessary supplies for the day (lunch money, lunch, books, homework, papers, etc.). *Note: A book bag helps youngsters to stay organized.*
6. Your child is to ride only on his or her regularly assigned bus.
7. Upon entering the school building, all visitors must register in the school office. This is to eliminate untimely interruptions and to insure the safety of all students and staff.
8. Please stand clear of hallways and bus loading zones during dismissal time. Also, please wait until after dismissal to visit teachers, as they are supervising children.
9. Please do not park in the bus or van loading zones.
10. Do not double park when dropping off or picking up children.
11. For the safety of the children, please do not call your child from your car or from between parked cars. Please help them to cross at street corners only.
12. Parents delivering items to the school are requested to leave them in the school office, so that classes aren't disrupted.
13. Please do not permit your child to wear headphones, skateboards or scooters to school. These can be hazardous for children when crossing streets or waiting for the bus.
14. Students should not wear flip-flops, sandals or slippery shoes. *Note: Sneakers are recommended for gym classes.*
15. If involved in a custody case, please provide the school with a copy of the custody order.
16. The procedure to discuss or report concerns, problems or complaints is to:
 - A. Contact your child's teacher. If the problem is not resolved then:
 - B. Contact the Principal
 - C. Contact the Superintendent

SECTION IV - STUDENT SERVICES

Annual Child Find Notice Special Education Services

The WASD ensures that all students transitioning from early intervention programs to kindergarten or first grade programs within the District are transitioned without disruption of services. Parents of children entering school age programs are notified of the District's Transition activities, which occur before kindergarten registration each year. The District secures permissions to evaluate, conducts an evaluation, and develops an Individualized Family Service Plan (IFSP)/Individualized Education Program (IEP) in accordance with the timelines required by state mandates. The Pennsylvania Department of Public Welfare is responsible for providing services to infants and toddlers, defined as children from birth through three years of age. For more information, contact: Alliance for Infants 2801 Custer Avenue Pittsburgh, PA 15227 412-885-6000 The Pennsylvania Department of Education is responsible for providing services to preschool children from ages three through five. Potential signs of developmental delay are not limited to, but may include:

Services for School-Age Students with Disabilities

WASD provides a free, appropriate, public education to eligible students. To qualify as an eligible student, the child must be of school age, in need of specially-designed instruction, and meet eligibility criteria for one or more of the following physical or mental disabilities, as set forth in Pennsylvania State Regulations: Autism, Deaf-Blindness, Deafness, Emotional Disturbance, Hearing Impairment, Intellectual Disability, Multiple Disabilities, Orthopedic Impairment, Other Health Impairment,

Specific Learning Disability, Speech or Language Impairment, Traumatic Brain Injury, or Visual Impairment including Blindness. Information regarding the appropriate developmental milestone descriptors for infants and toddlers may be found at the Center for Disease Control (CDC) website at cdc.gov. For additional information regarding the signs of developmental delays or 5 other disabilities, please contact the Director of Student Services or the School Psychologist assigned to your child's building.

The District engages in identification procedures to ensure that eligible students receive an appropriate educational program consisting of special education and related services, individualized to meet student needs. At no cost to the parents, these services are provided in compliance with state and federal laws and are reasonably calculated to yield meaningful educational benefit and student progress. To identify students who may be eligible for special education, various screening activities are conducted on an on-going basis. These screening activities include: review of group-based data (cumulative records, enrollment records, health records, report cards, ability, and achievement test scores); hearing, vision, physical, and speech/language screening; and review by a Child Study Team. When screening results suggest that the student may be eligible for special education services, the District seeks parental consent to conduct a multidisciplinary evaluation. Parents who suspect that their child is eligible for special education services may request a multidisciplinary evaluation at any time through a written request to the Building Principal or Director of Student Services. Services designed to meet the needs of eligible students include the annual development of an Individualized Education Program (IEP), bi-annual or tri-annual multidisciplinary re-evaluation, and a full continuum of services, which include Itinerant, Supplemental, or Full-Time Levels of Intervention. The extent of special education services and the location for the delivery of such services are determined by the IEP team and are based on the student's identified needs and abilities, chronological age, and the level of intensity of the specified intervention. The District also provides related services, such as transportation, speech and language therapy, physical therapy, and occupational therapy, required for the student to benefit from the special education program. Parents may obtain additional information regarding special education services and programs and parental due process rights by contacting the child's Building Principal or the Director of Student Services at 484-373-6000.

GIFTED TESTING

The Wilson Area School District offers enrichment classes for gifted students. A request for gifted testing may be made by teachers following review of test results, or by parents.

An initial gifted screening of students referred for enrichment classes may be conducted by the gifted teacher or guidance counselor using the Kaufman Brief Intelligence Test. Depending upon the results of initial screening, further evaluation may be scheduled with the district's school psychologist to determine the need for gifted services.

Multi-Tiered System of Supports (MTSS)

Multi-Tiered System of Supports (MTSS) in Pennsylvania refers to the use of a standards-aligned, comprehensive school improvement and/or multi-tiered system of support for implementing PA's Standards Aligned System (SAS). Response to Multi-Tiered System of Supports (MTSS) rests on using a continuum of student performance data to continuously inform, monitor and improve student access and response to high-quality core and supplemental instruction/intervention. Through a multi-tiered system of support, implementers have a road map for facilitating systems change within the context of data-based decision-making and instructional matching. The intent of MTSS is to improve learning as efficiently, effectively and equitably as possible for ALL students, including students with disabilities. Response to Instruction and Intervention is an "Every Ed" standards-aligned initiative.

In the Wilson Area School District, we have been evolving the district's Child Study Team process to better meet the state's requirements. If you are interested in learning more about MTSS and what it provides for your child, please contact your building principal or MTSS Coordinator.

SECTION V - EMERGENCY INFORMATION

EMERGENCY INFORMATION

Parents/guardians are required to submit emergency contact information for their student. This information is to be entered via the Skyward student system. Parents/guardians will be required to update this information annually prior to the start of the school year. Several contact people should be listed in case parents cannot be reached. Arrangements should be made to pick up sick children as quickly as possible. Parents must promptly report any change of information to the school nurse or secretary.

FIRE DRILLS

Fire drills are held periodically throughout the school year. Teachers review fire safety procedures and practice fire drills during the first few days of school. When the alarm is sounded, students move quickly and quietly to their designated exit. Children remain at a safe distance from the school building until the signal to return is given, at which time they are expected to re-enter the school building in a quiet fashion.

EMERGENCY DRILLS

Emergency drills are designed to prepare for the appropriate student response in the case of incidents that threaten the safety and welfare of the children and staff inside the building. Emergency drills are held periodically throughout the school year. Teachers review safety procedures which ensure that all students and staff follow necessary protocol.

SECTION VII – STUDENT CONDUCT AND RESPONSIBILITY

CHROMEBOOK STATEMENT

Students are responsible for the appropriate use of the Chromebook both at school and at home. All commercial, illegal, unethical, and inappropriate use of the Chromebooks is expressly prohibited. Students are expected to arrive at school every day with the Chromebook battery fully charged and with the power adapter. Students must report issues with their Chromebooks as soon as possible. Similar to textbooks, damage to the Chromebook is the responsibility of the student. Information on the use of Chromebooks in a 1:1 environment can be found on the District website.

DAMAGES TO SCHOOL PROPERTY AND CAFETERIA CHARGES

Students will be held responsible for damages to Chromebooks, books borrowed from the school library, books loaned to them, and to school property. In addition, students will be responsible for making payment for any charged school meals. Fines will be assessed for such items and payment will be expected within a reasonable amount of time.

HALLWAY CONDUCT AND SAFETY

When walking through the halls, children should move directly and quietly to their assigned areas or classrooms. Children should observe safe conduct when passing in the halls by walking on the right, carefully opening doors, and using single file passage on the stairs.

ITEMS THAT SHOULD NOT BE BROUGHT TO SCHOOL

Students are reminded that they should not bring items to school that are not essential to instruction such as toys, electronic games, trading cards, etc. should be left at home (please refer

to Policy #237). Anything that could be construed as a weapon should be left home (please refer to Policy #239). Cell phone use is governed according to Policy #237.

STUDENT DRESS

Students at the elementary schools take pride in their appearance. In addition to being neat and clean, we expect them to dress appropriately at all times. It is suggested that children dress with weather in mind. Layered clothing allows children to adjust due to changing temperatures both in the classroom and outdoors. Sneakers are recommended on days when they have physical education or are scheduled for outside recess activity. Shoes need to be secure to foot for safety. Following are helpful guidelines:

Head Gear	Hats, bandannas and kerchiefs' are not to be worn.

Students are encouraged to use the district's report form, available from the building principal, or to put the complaint in writing; however, oral complaints shall be accepted

and documented. The person accepting the complaint shall handle the report objectively, neutrally and professionally, setting aside personal biases that might favor or disfavor the student filing the complaint or those accused of a violation of this policy.

The Board directs that verbal and written complaints of bullying shall be investigated promptly, and appropriate corrective or preventive action be taken when allegations are substantiated. The Board directs that any complaint of bullying brought pursuant to this policy shall also be reviewed for conduct which may not be proven to be bullying under this policy but merits review and possible action under other Board policies.

Title IX Sexual Harassment and Other Discrimination

Every report of alleged bullying that can be interpreted at the outset to fall within the provisions of policies addressing potential violations of laws against discrimination shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of a bullying investigation, potential issues of discrimination are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged discrimination as well as the incidents of alleged bullying.[2][3]

Confidentiality

Confidentiality of all parties, witnesses, the allegations, the filing of a complaint and the investigation shall be handled in accordance with applicable law, regulations, this policy and the district's legal and investigative obligations.

Wilson Area School District

DRUGS/ALCOHOL/MOOD-ALTERING CHEMICAL SUBSTANCES POLICY

The School Board recognizes that the abuse of drugs, alcohol, and mood-altering substances, particularly among young people, is a major issue confronting our society. The Board further recognizes that the misuse of drugs and alcohol is a serious problem with legal, physical and social implications affecting the whole school community. As such, the Board believes a coordinated curriculum that provides a wealth of information at various grade levels is the most appropriate way to prevent student misuse of drugs, alcohol, or other mind-altering chemical substances. It is the intent of the Wilson Area School District to initiate intervention procedures when behavioral indicators suggest drugs, alcohol, other mood-altering substances, look-alike substances, or potentially health endangering substances may affect a student's learning and school success.

For the purpose of this policy, controlled substance shall mean all controlled substances prohibited by law, any steroid or other substance intended to enhance physical or athletic performance, any violable solvent or inhalant, such as but not limited to glue and aerosol products, all look-alike drugs, all alcoholic beverages, and any prescription or patient drugs that are administered not following the procedures outlined in Policy #5146, Student Use of Medication. The Board adopts the position that possession, use, sale, distribution or involvement with any controlled substance in the Wilson Area School District shall not be tolerated. In addition, the Board prohibits students from being under the influence of any controlled substance or alcohol during school hours, on school property, and at any school sponsored event.

School District personnel when responding to student use of drugs, mood altering or alcohol related substances shall implement the following guidelines and procedures.

1. **Student Seeking Help**
 - a. A student may approach any professional staff member to seek help. The staff member shall encourage the student to see the guidance counselor, school nurse or building principal.
 - b. Confidentiality of the student shall be maintained in accordance with the law.
 - c. Counselors, nurses or building principals shall offer drug and alcohol counseling as appropriate.
 - d. A student seeking help shall be encouraged to inform his or her parents before referral to an appropriate agency. Parental notification or consent prior to agency referral is not a prerequisite, but is strongly recommended.
2. **Suspicion of Drug and/or Alcohol Involvement**
 - a. Cases involving suspected drug or alcohol use or abuse shall be referred to the school nurse. The school nurse will treat all such cases as routine illnesses unless it is ascertained that there is a problem of drug or alcohol use or abuse.

- b. The nurse will then notify the principal regarding the condition of the student. The principal will consult with the nurse and take appropriate action within the guidelines, established in this policy and the policy on Students' Rights and Responsibilities.

3. **Possession, Use, Sale, Distribution or Involvement**

- a. The possession, use, or involvement with drugs and/or alcohol in school, on school property, at school-sponsored activities, and while under the authority of school officials shall be considered grounds for suspension and/or expulsion from school.
- b. The sale or distribution of drugs and/or alcohol in school, on school property, at school-sponsored activities, while under the authority of school officials, or repeated violation of section 3a of this Policy, will be considered grounds for expulsion from school.
- c. Parents or guardians shall be promptly informed of actions taken by school officials in all incidents.
- d. The school shall notify and cooperate with state/local law enforcement or regulatory agencies when appropriate.
- e. Counseling assistance by appropriate agencies will be strongly recommended.

4. **Drug Dog Use**

- a. Building principals are authorized to use the services offered by the local police departments when it is deemed necessary, including the use of drug dogs.
- b. The principal or assistant in charge of the school can make a request for the drug-sniffing dog through the local police department.
- c. The police department can request that the dog be used. The prior approval of the building principal will be required, but the visits of and use of the dog shall be unannounced to students.
- d. The drug sniffing dog and the handler of this dog will be protected at all times from any type of verbal or physical abuse while performing their duties on Wilson Area School District property. Any type of violation of this, minor or serious, will be handled by the school administrators in a very severe manner.
- e. In no way will this program infringe upon anyone's human rights or be used to enhance the arrest record of the police department.

Incidents of possession, use and sale of controlled substances, including alcohol, by any person on school property shall be reported annually to the Office of Safe Schools on the required form.

1. Anabolic Steroids

The Board prohibits the use of anabolic steroids by students involved in school related athletics, except for a valid medical purpose. Bodybuilding and muscle enhancement of athletic ability are not valid medical purposes. For the purpose of this policy, Human Growth Hormone (HGH) may only be taken by a student when prescribed by a licensed physician for growth stimulation due to underdevelopment.

Students shall be made aware of the dangers of steroids use, that anabolic steroids are classified as controlled substances, and that their use, unauthorized possession, acquisition, or distribution could subject students to suspension, expulsion and/or criminal prosecution.

The following minimum penalties are prescribed for any student athlete found in violation of the prohibited use of anabolic steroids.

1. For a first violation, suspension from school athletics for the remainder of the season.
2. For a second violation, suspension from school athletics for the remainder of the season and for the following season.
3. For a third violation, permanent suspension from school athletics.

2. Inform the complainant that s/he may be accompanied by a parent/guardian during all steps of the complaint procedure.
3. Notify the complainant and the accused of the progress at appropriate stages of the procedure.
4. Refer the complainant to the Compliance Officer if the building principal is the subject of the complaint.

Guidelines **Complaint Procedure – Student/Third Party**

Step 1 – Reporting

A student or third party who believes s/he has been subject to conduct that constitutes a violation of this policy is encouraged to immediately report the incident to the building principal or a district employee.

A school employee who suspects or is notified that a student has been subject to conduct that constitutes a violation of this policy shall immediately report the incident to the building principal.

If the building principal is the subject of a complaint, the student or third party shall report the incident directly to the Compliance Officer.

The complainant is encouraged to use the report form available from the building principal, but oral complaints shall be acceptable.

Step 2 – Investigation

Upon receiving a complaint of discrimination, the building principal shall immediately notify the Compliance Officer. The Compliance Officer shall authorize the building principal to investigate the complaint, unless the building principal is the subject of the complaint or is unable to conduct the investigation.

The investigation may consist of individual interviews with the complainant, the accused, and others with knowledge relative to the incident. The investigator may also evaluate any other information and materials relevant to the investigation.

The obligation to conduct this investigation shall not be negated by the fact that a criminal investigation of the incident is pending or has been concluded.

Step 3 – Investigative Report

The building principal shall prepare a written report within fifteen (15) days, unless additional time to complete the investigation is required. The report shall include a summary of the investigation, a determination of whether the complaint has been substantiated as factual and whether it is a violation of this policy, and a recommended disposition of the complaint.

Copies of the report shall be provided to the complainant, the accused, and the Compliance Officer.

Step 4 – District Action

If the investigation results in a finding that the complaint is factual and constitutes a violation of this policy, the district shall take prompt, corrective action to ensure that such conduct ceases and will not recur.

Disciplinary actions shall be consistent with Board Policies and district procedures, applicable collective bargaining agreements, and state and federal laws.

If it is concluded that an employee has knowingly made a false complaint under this policy, such employee shall be subject to disciplinary action, including termination.

Appeal Procedure

1. If the complainant is not satisfied with a finding of no violation of the policy or with corrective action recommended in the investigative report, s/he may submit a written appeal to the Compliance Officer within fifteen (15) days.
2. The Compliance Officer shall review the investigation and the investigative report and may also conduct a reasonable investigation.
3. The Compliance Officer shall prepare a written response to the appeal within fifteen (15) days. Copies of the response shall be provided to the complainant, the accused and the building principal who conducted the initial investigation.

Title: Admission of Students

Code 201

Status Active

Adopted June 20, 2022

Authority

The Board shall establish age requirements for the admission of students to first grade and to kindergarten that are consistent with state law and regulations.[\[1\]\[2\]\[3\]](#)

Guidelines

First Grade

Children who are entering first grade, with no previous kindergarten experience, should be six (6) years of age on or before September 1.[\[4\]\[5\]\[6\]](#)

In the event a student has attended kindergarten in a public school in Pennsylvania or a public school in another state, and moved into the district, the student will not be required to repeat kindergarten even though the student does not meet the age requirement.

The Board establishes children who are entering kindergarten should be five (5) years of age on or before September 1.[\[7\]](#)

A student moving into the district from a public school in Pennsylvania or a public school in another state, during the school year, will be considered for kindergarten placement based on previous experience and compatibility with the program offered by the district.

In cases where the parent/guardian of a September-birthday child feel the child is ready for school, the parent/guardian may request district-administered academic achievement testing. The parent/guardian will, in writing to the Superintendent or Director of Student Services, request testing and the reasons they believe their child is ready for early entrance into school. The written request shall be made no later than June 1 of the year in which enrollment is being sought. This testing will determine whether or not the child demonstrates at least one (1) standard deviation above the mean on academic achievement testing, showing advancement in both the areas of reading and math, the district standard for admission below the minimum age requirement. A district-certified school psychologist will administer the test and report

on his/her findings; the Director of Student Services and/or Superintendent will review the report and render a final decision.[\[8\]](#)

The parent/guardian must pay a non-refundable amount of \$250 in advance of testing for this service. The district will not consider any independent evaluation done outside the district. The results of the tests administered by the district are final; there is no appeal.

The fee for testing is subject to periodic increases to reflect more closely the actual cost for the district. The testing fees will be waived if the parent/guardian can show their household income is within the limits of the Federal Eligibility Income Guidelines as outlined on the free/reduced lunch application. The access to academic achievement testing is provided only for children with September birthdays.

Delegation of Responsibility

The Superintendent or designee shall require that the parent/guardian of each student who registers for entrance to school shall submit proof of age, residency, and required immunizations.[\[9\]](#)[\[10\]](#)

Title: Suspension and Expulsion

Code 233

Status Active

Adopted June 20, 2022

Purpose

The Board recognizes that exclusion from the educational program of the schools, whether by suspension or expulsion, is the most severe sanction that can be imposed on a student and one that cannot be imposed without due process. The Board shall define and publish the types of offenses that would lead to exclusion from school. Exclusions affecting students with disabilities shall be governed by applicable state and federal law and regulations. [\[1\]](#)[\[2\]](#)[\[3\]](#)[\[4\]](#)[\[5\]](#)

Authority

The Board may, after a proper hearing, suspend or expel a student for such time as it deems necessary, or may permanently expel a student. [\[1\]](#)[\[6\]](#)[\[7\]](#)

Guidelines

Exclusion From School - Suspension

The principal or person in charge of the school may suspend any student for disobedience or misconduct for a period of one (1) to ten (10) consecutive school days and shall immediately notify the parent/guardian and the Superintendent in writing when the student is suspended. [\[1\]](#)[\[7\]](#)

No student may be suspended without notice of the reasons for which s/he is suspended and an opportunity to be heard on his/her own behalf before the school official who holds the authority to reinstate the student. Prior notice is not required where it is clear that the health, safety or welfare of the school population is threatened. Suspensions may not be made to run consecutively beyond the ten-school day period. [\[1\]](#)

When a suspension exceeds three (3) school days, the student and parent/guardian shall be given the opportunity for an informal hearing with the designated school official. Such hearing shall take place as soon as possible after the suspension, and the district shall offer to hold it within the first five (5) days of the suspension. [\[1\]](#)[\[6\]](#)

Informal hearings under this provision shall be conducted by the building principal or designee.

Purpose of Informal Hearing

The purpose of the informal hearing is to permit the student to explain the circumstances surrounding the event leading to the suspension, to show why the student should not be suspended, and to discuss ways to avoid future offenses.[6]

Due Process Requirements for Informal Hearing

1. The student and parent/guardian shall be given written notice of the reasons for the suspension.[6]
2. The student and parent/guardian shall receive sufficient notice of the time and place of the informal hearing.
3. The student may question any witnesses present at the informal hearing.
4. The student may speak and produce witnesses who may speak at the informal hearing.
5. The district shall offer to hold the informal hearing within five (5) days of the suspension.

Exclusion From Class - In-School Suspension

No student may receive an in-school suspension without notice of the reasons for which s/he is suspended and an opportunity to be heard prior to the time the suspension becomes effective. The parent/guardian shall be informed of the suspension action taken by the school.[2]

Should the in-school suspension exceed ten (10) consecutive school days, the student and parent/guardian shall be offered an informal hearing with the building principal. Such hearing shall take place prior to the eleventh day of the in-school suspension. The procedure shall be the same as the procedure for informal hearings held in connection with out-of-school suspensions.[2][6]

The district shall provide for the student's education during the period of in-school suspension.[2]

Expulsion

Expulsion is exclusion from school by the Board for a period exceeding ten (10) consecutive school days. The Board may permanently expel from the district rolls any student whose misconduct or disobedience warrants this sanction. No student shall be expelled without an opportunity for a formal hearing before a duly authorized committee of the Board, and upon action taken by the Board after the hearing.[1][6][7]

Expulsion Hearings

A formal hearing shall be required in all expulsion actions.[\[1\]](#)[\[6\]](#)[\[7\]](#)[\[8\]](#)

The formal hearing shall observe the due process requirements of:[\[6\]](#)

1. Notification of the charges in writing by certified mail to the student's parent/guardian.
2. At least three (3) days' notice of the time and place of the hearing, which shall include a copy of this policy, hearing procedures, and notice of the right to representation by legal counsel. A student may request the rescheduling of the hearing when s/he demonstrates good cause for an extension.
3. The hearing shall be private unless the student or parent/guardian requests a public hearing.
4. Representation by counsel at the parent's/guardian's expense and parent/guardian may attend the hearing.
5. Disclosure of the names of witnesses against the student and copies of their written statements or affidavits.
6. The right to request that witnesses against the student appear in person and answer questions or be cross-examined.
7. The right to testify and present witnesses on the student's behalf.
8. A written or audio record shall be kept of the hearing and a copy made available to the student at the student's expense, or at no charge if the student is indigent.
9. The hearing shall be held within fifteen (15) school days of the notice of charges, unless a delay is mutually agreed to by both parties or is delayed by:
 - a. The need for laboratory reports from law enforcement agencies.
 - b. Evaluations or other court or administrative proceedings are pending due to a student's invoking his/her rights under the Individuals with Disabilities Education Act (IDEA).
 - c. Delay is necessary due to the condition or best interests of the victim in cases of juvenile or criminal court involving sexual assault or serious bodily injury.
10. Notice of a right to appeal the results of the hearing shall be provided to the student with the expulsion decision.

Adjudication

A written adjudication shall be issued after the Board has acted to expel a student. The adjudication may include additional conditions or sanctions.[9]

Attendance/School Work During Suspension and Prior to Expulsion

Students serving an out-of-school suspension must make up missed exams and work, and shall be permitted to complete assignments pursuant to established guidelines.[1][10]

Students who are facing an expulsion hearing must be placed in their normal classes if the formal hearing is not held within the ten-school day suspension.

If it is not possible to hold the formal hearing within the first ten (10) school days, the school district may exclude such a student from class for up to five (5) additional – fifteen (15) total – school days if, after an informal hearing, it is determined that the student's presence in his/her normal class would constitute a threat to the health, safety or welfare of others.

Any further exclusion prior to a formal hearing may be only by mutual agreement. Such students shall be given alternative education, which may include home study.

Attendance/School Work After Expulsion

Students who are under seventeen (17) years of age are still subject to compulsory school attendance even though expelled and shall be provided an education. Beginning with the academic year 2020-2021, compulsory school age shall mean no later than age six (6) until age eighteen (18); at that time, students under eighteen (18) years of age shall be subject to compulsory school attendance, and even though expelled, shall be provided an education.[1][10][11]

The parent/guardian has the initial responsibility of providing the required education and shall, within thirty (30) days, submit written evidence to the school that the required education is being provided or that they are unable to do so. If the parent/guardian is unable to provide for the required education, the school district shall, within ten (10) days of receipt of the parent's/guardian's notification, make provision for the student's education.

The Board may provide an educational program to the student immediately upon expulsion and may waive the 30-day period, at its discretion.

Students With Disabilities

A student with a disability shall be provided educational services as required by state and federal laws and regulations and Board policies.[12][13]

Delegation of Responsibility

The Superintendent or designee shall develop administrative regulations to implement this policy which include:
