

January 2025

4th Grade

Reading

We finished our green technology unit. We will start learning about the National Parks in the United States. Maybe your child can help plan a trip to a Nation Park using their very own free National Park pass. Look for our invitation to our presentation soon.

Math

We will be finishing up our unit on adding and subtracting large numbers at the beginning of the month. Then we will transition to geometry, the study of shapes and lines, area and perimeter. The unit is very important to the students knowledge as they progress through middle school. Being at school everyday will continue to be super important.

Writing

We will be working on a informational essay about a National Park! Be on the lookout for an invitation to see students present on them in eary February!

Science/ Social Studies

Our Energy Science Kits have arrived. We will be learning all about electricity and doing some fun experiments.

Important Information/Dates

Donations wanted: Classroom **healthy** snacks: goldfish, Mott's fruit snacks, or pretzels

* Mr. Hyland will be on medical leave until January 16, 2025.

No school

Monday 1/20 Martin Luther King Day
