THE HISTORY OF SOUTH ST. PAUL PUBLIC SCHOOLS

WE ARE SPECIAL SCHOOL DISTRICT 6

South St. Paul Public Schools (SSPPS) has been a vital part of the community since its founding in 1853 as the Kaposia School District. Initially serving the children of local residents, missionaries, and Kaposia Village Native American chiefs, the district grew rapidly alongside the city, which was once home to the world's largest stockyards. Officially designated as South St. Paul Special District No. 6 in 1890, SSPPS experienced its peak in the 1970s, serving over 6,000 students across six elementary schools, a high school, and a junior high school. Following the closure of the stockyards in 1986, enrollment declined, leading to the consolidation of school buildings.

Today, SSPPS serves approximately 2,900 students in the City of South St. Paul. The district schools include:

Kaposia Education Center
(Grades PreK-5)

Lincoln Center Elementary
(Grades PreK-5)

South St. Paul Secondary
(Grades 6-12)

SSP Community Learning Center
(Grades 10-12 *alternative program*)

Additionally, SSPPS offers early childhood programs (birth–5), Adult Basic Education, and a robust Community Education program at Central Square. The district office and Early Childhood Family Education programs are housed in a separate facility.

SSP High School continues its tradition of excellence, offering more than 40 athletic and extracurricular programs to help students thrive inside and outside of school. In 1986, South St. Paul Public Schools was authorized to offer the International Baccalaureate (IB) Diploma Program (DP) for students in grades 11-12. In 2009, it became Minnesota's first K-12 IB World Schools District, adding the IB Primary Years Program (PYP) for grades K-5 and the Middle Years Program (MYP) for grades 6-10, fostering active learning, well-rounded development, and community engagement. As student needs changed and became more diverse, SSPPS sunset its PYP and MYP Programs in 2024 to better align with the district's Pathway to Packer Promise and strategic priorities. This decision allowed for greater flexibility in curriculum design, equitable access to high-quality instruction, and the reallocation of resources to have a broader impact on student success. The transition reflects the district's commitment to personalized learning, academic excellence, and whole-child development. The district retained the DP to continue providing rigorous academic challenges for grades 11-12.

The success of SSPPS is driven by the unwavering support of its community. Organizations like the SSP Educational Foundation, SSP Open Foundation, and the SSP Lions Club provide resources, scholarships, and program funding, enriching the educational experience for all students.

Looking ahead, SSPPS is actively shaping its future through the development of its 2025–2030 Strategic Plan, guided by stakeholder input. Through initiatives like the Desired Daily Experience and Packer Pathways, SSPPS remains committed to academic excellence, equity, and whole-child development.

The South St. Paul Open Foundation started in 1974 as a fundraising group supporting athletics at South St. Paul High School. Today the focus has expanded to support all co-curricular activities and their parent-run booster clubs in South St. Paul Schools.

BECOMING A SCHOOL BOARD MEMBER

South St. Paul Public Schools governed by seven Board members, elected at-large, representing all citizens within the boundaries.

BECOMING A BOARD MEMBER

South St. Paul School Board members are elected officials, with elections held in November of even-numbered years. To ensure continuity and avoid all seven seats being up for election at once, the positions are staggered. Every two years, four seats are up for election one year, and the remaining three are available in the following election cycle. This alternating process ensures that the board maintains a balance of experienced and newly elected members.

ELIGIBILITY REQUIREMENTS *Source: Minnesota School Boards Association (MSBA)*

To run for a school Board seat, you must be:

- At least 21 years old;
- Eligible voter
- A District resident for at least 30 days prior to election/appointment;
- Not convicted of a felony;

TERM OF OFFICE

Board members are elected to four-year terms commencing on January 1 of the year following the November election and ending on December 31 four years later. A member who has been appointed to fill the unfinished term of a member will need to run for election depending on when he/she was appointed. There is no limit on the number of consecutive terms a member can serve.

ELIGIBILITY REQUIREMENTS *Source: SSP Public Schools Policy Manual #214*

A vacancy on the Board shall occur when a member dies, resigns, or ceases to be a resident of Special School District No. 6. If a member of the School Board Members is unable to serve on the Board and attend its meetings for ninety (90) days or more because of illness or prolonged absence from the District, the Board may, at any regular or special meeting thereof, declare a vacancy to exist. All vacancies will be filled according to school board policy #214 and Minnesota Statute.

If a seat becomes vacant mid-term, the replacement member will serve a term of office which is the shorter of the following: “until the completion of the unexpired term, or until the first day of January immediately following the next regular School Board Members election taking place more than ninety days after a person is selected by the Board.”

The term of a member elected during a special election shall not exceed the term of the member they are replacing. Nor can the term of a School Board member be lengthened by the member’s resignation and subsequent selection by the Board.

Minnesota Statute states that once the board approves an appointment, the appointed board member cannot be seated until 30-days after the appointment.

STANDARDS FOR SCHOOL BOARD LEADERSHIP

Source: MSBA, 2017 and TeamWorks International

School boards are most effective when members focus on the big picture: making policy, setting goals and engaging stakeholders, all with the ultimate goal of improving student achievement. When boards focus on administrative issues, school districts suffer. Divided boards lead to a divided community.

SSPPS Board members vote according to district interests as they interpret, while listening to, and seeking to understand the diverse individual and group interests on any issue or situation.

The SSPPS Board strives for excellence in governance, operates in partnership with the Superintendent who strives for excellence in management, and both partner for excellence in consultation with staff, students, families, and the public.

SSPPS may use terminology and structure as defined in policy and plan that differs slightly from sourced materials in the Handbook.

STANDARD 1: CONDUCT AND ETHICS

The school board, as a whole, provides leadership to the community on behalf of the school district by conducting its business in a fair, respectful, legal, and responsible manner.

An effective, high-performing school board strives to meet the following benchmarks:

- A. Recognize the school board team consists of school board members and the superintendent and evaluates its performance at least annually.
- B. Take full responsibility for its activity and behavior at and away from the school board table.
- C. Encourage its members to express their individual opinions, respect others' opinions, and vote according to their convictions.
- D. Speak with one voice after reaching a decision.
- E. Spend time on board governance work rather than staff work — focuses on the ends not the means.
- F. Provide for orientation and ongoing training for all school board members.
- G. Follow established policies, including the chain-of-command, by directing people with concerns to the appropriate staff.
- H. Set an example of respectful and civil leadership.

STANDARD 2: VISION

The school board, with community input, envisions the educational future of the community and then formulates the goals, defines the outcomes, and sets the course for the school district.

An effective, high-performing school board strives to meet the following benchmarks:

- A. Use clear, focused, attainable, and measurable goals and outcomes to support gains in student achievement.
- B. Develop a strategic plan, which includes well-crafted school district belief statements, mission statement, vision statement, goals, and objectives that enable the school board to evaluate school district performance.
- C. Regularly monitor the strategic plan to evaluate progress toward goal achievement and school district success.
- D. Ensure that the school district belief statements, mission statement, vision statement, goals, and objectives are reflected in school board policies, mirrored in the budget planning and implementation efforts, and is supported district-wide.
- E. Communicate the strategic plan and the progress to the community.

STANDARD 3: STRUCTURE

The school board, to achieve its vision, establishes organizational and physical structures for student and staff success.

An effective, high-performing school board strives to meet the following benchmarks:

- A. Create organizational and physical structures based on equity in which all students and staff have the resources and supports to maximize achievement.
- B. Advocate and provide for learning through rigorous curriculum, effective technology, and a safe and secure environment.
- C. Select and employ one person — the superintendent — as the school district’s chief executive officer to lead and manage the school district.
- D. Hold the superintendent accountable for school district performance and compliance with written school board policy.
- E. Delegate the authority to the superintendent to recommend and evaluate all school district staff within the standards established through written school board policies.
- F. Accept ultimate responsibility for the care, management, fiscal oversight, and control of the district while understanding that the day-to-day operations will be conducted by the staff.

STANDARD 4: ACCOUNTABILITY

The school board is accountable to the community for constantly monitoring the conditions affecting the school district as a whole.

An effective, high-performing school board strives to meet the following benchmarks:

- A. Recognize the duty to itself and the community to determine whether the authority delegated to the superintendent is being used as intended.
- B. Evaluate the superintendent’s performance at least annually.
- C. Use student achievement data and other indicators when available as the basis for assessing progress toward school district goals and compliance with school board policies and state and federal laws.
- D. Recognize the distinction between “monitoring data” (data used by the school board to address accountability) and “management data” (data used by the staff for operations).

STANDARD 5: ADVOCACY AND COMMUNICATION

The school board advances its vision at the local, regional, state, and national levels.

An effective, high-performing school board strives to meet the following benchmarks:

- A. Focus on community-wide concerns and values that best support equity and student achievement rather than being influenced by special interests.
- B. Develop communication strategies to build trust between the school board and the superintendent, staff, students, and community.
- C. Utilize a public relations strategy that supports the flow of information in/out of the district.
- D. Engage and build relationships with both public and private stakeholders.
- E. Advocate on local, state, and national levels.

In general, Board members are expected to follow a code of ethics that will guide their decision-making as it relates to South St. Paul Public Schools.

The District's [Code of Ethics Policy #209](#) states the following expectations, functions, and legal obligations for board members.

Source: *South St. Paul Public Schools Policy Manual #212 and Minnesota School Boards Association (MSBA) School Board Workshop Series*

In recognition of the need for continuing in-service training and development for its members, school board policy #212 encourages the members of the school board to participate in professional development activities designed for them so that they may perform their responsibilities. The Minnesota School Boards Association (MSBA) provides a workshop series that consists of the following four components:

Phase I: Learning to Lead – School Board Basics

Phase II: Leadership Foundations – School Finance and Management

Phase III: Building a High-Performance School Board Team

Phase IV: Representing your Community through Policy and Engagement

In addition, the superintendent will provide various opportunities throughout each calendar year for governance and management training.

SPECIAL MEETING

A meeting is labeled a “special meeting” if it is called after the meetings for the year have been established and approved at the Organizational Meeting in January.

For a special meeting, the school board will post written notice of the date, time, place, and purpose of the meeting. The school board’s actions at the special meeting are limited to those topics included in the notice. The notice will also be delivered, by standard or electronic mail, to each person who has filed a written request for notice of special meetings. The notice will be posted and mailed or delivered at least three days before the date of the meeting.

EMERGENCY MEETING

An emergency meeting is a special meeting called because of circumstances that, in the judgment of the school board, require immediate consideration. If matters not directly related to the emergency are discussed or acted upon, the minutes of the meeting must include a specific description of those matters.

CLOSED SESSION

Minnesota Statutes govern what constitutes a closed session. They are: Labor negotiations strategy, Bureau of Mediation Services, preliminary consideration of charges, performance evaluations, attorney-client meeting, dismissal hearing, coaches’ opportunity to respond to non-renewal, discuss certain non-public data, purchase and sale of property, and security matters.

For specific examples of each of these areas, see school board policy #205 Open/Closed Meetings.

SCHOOL BOARD COMMITTEES

Source: SSP Public Schools Policy Manual #213

There are numerous committees on which board members serve. Some of which are internal – operating solely within the confines of South St. Paul Public Schools and the South St. Paul School Board, and others which are governed by outside entities. It is important to note that all committees convened by the Board are subject to the Open Meetings Act of Minnesota, meaning they are open to the public to attend.

It is the responsibility of the Board Chair to assign members to serve on committees as well as a liaison to the various organizations and partnerships affiliated with the school district. This is generally done at the annual Organization Meeting in January, with some consultation with individual members to ensure that there is a correlation between member interest and abilities and the committees on which they are being asked to serve.

There are three main committees.

FINANCE, FACILITIES, AND LONG-RANGE PLANNING COMMITTEE

This committee meets with the superintendent and finance director to discuss key finance items and budget planning as well as discuss various building and grounds items and/or planning projects for the District.

POLICY COMMITTEE

As stated previously, one of the primary responsibilities of a school board is to set policy. These policies dictate how a school district will operate and ensure the district operates within legal boundaries. The Board Policy Committee reviews policies and recommends them to the full board for review, discussion, and approval. This committee meets monthly to review policies that arise either from legislative changes (due to changes in state or federal statutes), or from administrative changes (arising from district staff or board members). Once reviewed and approved by the Policy Committee, the policies are turned over to the Board who presents them to the community for “First Reading” by placing them on the regular business meeting agenda.

First Readings serve as an introduction of the policy, or changes to the policy, to district staff and the community. It is a way of providing notice that the Board is seeking to implement these rules and regulations. The public is afforded two school board meetings to review the proposed policy and to provide feedback.

At the third meeting the policy is listed on the agenda, the Board will take a vote on the new/revised policy. Successful passage makes the policy effective immediately, unless otherwise noted. The Policy Manual is maintained on the District’s website at www.sspps.org under the Our District and then School Board tabs.

SUPERINTENDENT/EXECUTIVE

The Board is required to evaluate the superintendent as a direct report of the Board. This committee organizes and prepares the superintendent evaluation and other executive business.

SCHOOL BOARD

LIAISONS/PARTNERSHIPS

Board members serve as liaisons to various organizations and partnerships affiliated with the school district. As stated above, it is the responsibility of the president to assign members both to serve on committees, and to serve as a liaison to the various organizations and partnerships affiliated with the school district. This is generally done at the annual Organization Meeting in January, with some consultation with individual members to ensure that there is a correlation between member interest and abilities and the committees on which they are being asked to serve.

ASSOCIATION OF METROPOLITAN SCHOOL DISTRICTS (AMSD)

South St. Paul Public Schools, along with 40 other K-12 school districts, is a member of the AMSD organization. The mission of AMSD is to advocate for metropolitan school districts and advance legislation that supports student achievement. AMSD is a strong voice for public education both at the Legislature and in the media, with a proactive agenda and a commitment to action. AMSD's primary task is to lobby at the state level for the needs of metropolitan school districts. However, AMSD's Board believes that its lobbying efforts are most effective when the organization plays a role in shaping the broader public debate on K-12 issues and advocates for policies that benefit the State as a whole.

COMMUNITY EDUCATION ADVISORY COMMITTEE

The combined Community Education Advisory Council for the West St. Paul-Mendota Heights-Eagan, South St. Paul and Inver Grove Heights and School Districts supports and promotes the philosophy and concept of Community Education. Members represent citizens and community members, school district employees and municipal representatives who advise the Community Education department staff in the planning, implementation and evaluation of departmental activities and programs. The Advisory Council enjoys the support of each District's Board and ensures that the department remains in touch with the people and the community it serves.
